Appendix A – Promotional Material

East of the Red RecPlex

The City is updating the 2018 Feasibility Study for the proposed East of the Red RecPlex, an approximately 90,000 square foot multi-use recreation centre.

Take the online survey or join us at the following virtual open house to learn more about the proposed facility and to provide feedback. Feedback will support the update by ensuring the proposed facility and amenities continues to align with residents' needs.

Virtual Open House

Date: November 8, 2021
Time: 6 p.m. to 7:30 p.m.

Format: Presentation followed by discussion

Visit winnipeg.ca/eastofthered to register. Those without internet access are asked to call 204-956-0396 to register.

For inquiries or for those that require alternative formats or interpretation in order to participate, please contact city-engage@winnipeg.ca or 204-956-0396.

Proposed East of the Red Rec Plex

The City of Winnipeg (City) is planning an approximately 90,000 square foot recreation centre that will be a “one-stop shop” multi-use centre where families and individuals can spend time pursuing different activities in the same location.

The purpose of this open house is to provide information on the conceptual recreation centre and associated development so that we can obtain community input on the concept and amenities in the development vision.

winnipeg.ca/eastofthered

McGOWAN·RUSSELL

Winnipeg

WELCOME

Thank you for taking the time to participate!

The purpose of this virtual open house is to provide information on the proposed recreation centre and gather feedback on the need, design, and potential amenities. Feedback will support the 2018 Feasibility Study update by ensuring the proposed facility and amenities continues to align with residents' needs.

At this virtual open house you will be presented with:

1. History & Project Background
2. Facility Need
3. Nearby Recreational Facilities & Location
4. Proposed Site Access and Circulation
5. Benefits of the Proposed Facility
6. Context Plan
7. Proposed Site Development
8. Complete List of Proposed Amenities
9. Precedent Images for Proposed Amenities
10. Proposed Multi-Family Residential Housing
11. Next Steps & Thank you

Please take time to fill out a survey. The survey will help us determine what amenities the community feels are the most important to be included in this facility. Additional questions will provide confirmation of the proposed location, funding, and your comments on the project. We value your opinion and would like to receive as much feedback as possible.

Winnipeg

HISTORY & PROJECT BACKGROUND

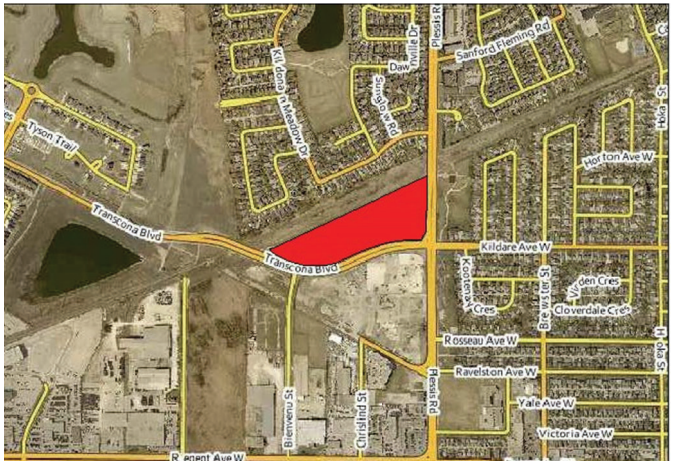

- The *Recreation, Leisure and Library Facilities Policy (RLLF)*, adopted by Council in 2005, and the 2021 *draft Winnipeg Recreation Strategy*, both identify the need for new multi-purpose recreation facilities to met contemporary service needs.

- The property on the north-east corner of Transcona Boulevard and Plessis Road was identified as the ideas location for a co-located library and recreation centre. The Transcona Library was developed on the site in 2019.

- On October 17, 2017, the East Kildonan-Transcona Community Committee passed a motion to approve funds to commission a feasibility study to investigate building a new recreation complex adjacent to the new Transcona Library. The City subsequently prepared a Feasibility Study for the East of the Red Rec Plex site in Transcona in 2018, which included a business plan and financial model.

- On June 28, 2021, funding in the amount of $75,000.00, from the East Kildonan-Transcona Community Committee Land Dedication Reserve (Transcona Ward allocation) was approved to conduct an update of the East of the Red RecPlex Feasibility Study Final Report (2018). The update includes:

    - Revising the project design and cost estimates
    - Exploring funding options for the new recreation facility including potential housing development as a financing tool
    - Gathering feedback from the community on the need, design and potential amenities for the new recreation facility.

FACILITY NEED

The draft *Winnipeg Recreation Strategy* indicates that more than 60 percent of the City's recreation infrastructure is over 50 years old. Designed and constructed to the standards of the time, these facilities are now outdated with significant functional and physical limitations. They are also reaching the end of their useful life and require substantial investment to renew and replace failing components. Rather than investing into functionally obsolete facilities that are nearing the end of their lifecycle, the *Recreation Strategy* suggests that replacing these facilities is often a better option.

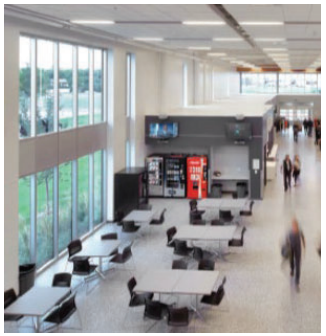

New recreation facilities will also be physically accessible and offer programs and amenities that support lifelong participation for all ages. Since there is currently no City-owned or operated facilities in north-east Winnipeg that have integrated pool and recreational facilities similar to the one being proposed, the *Strategy* identifies the East of the Red Rec Plex as a facility that would provide the regional service.

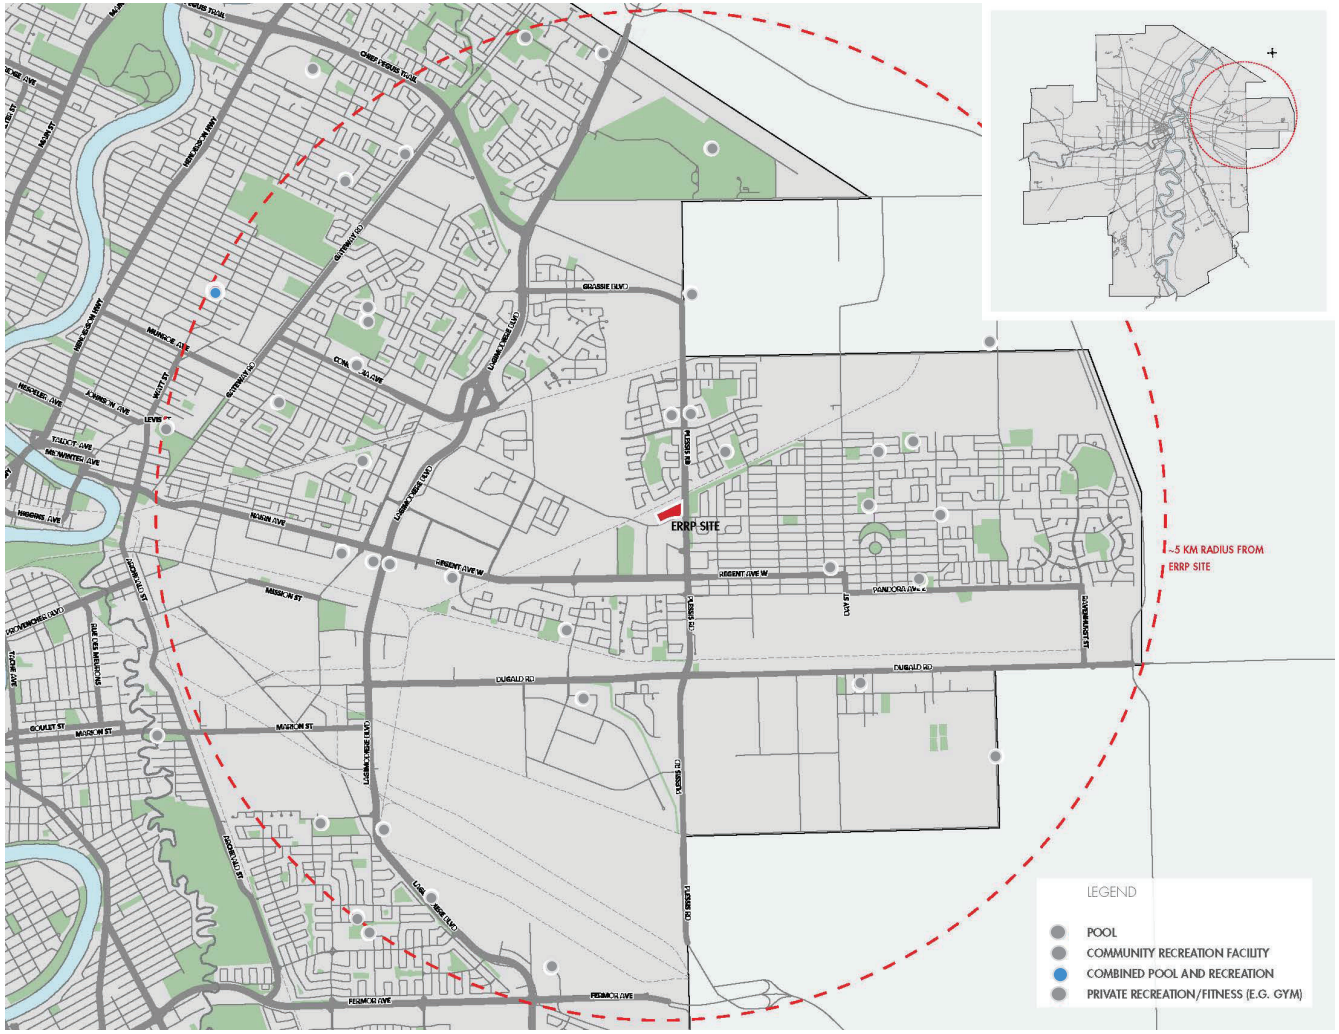

winnipeg.ca/eastofthered

McGOWAN·RUSSELL

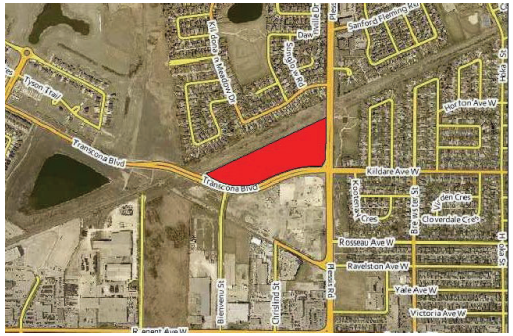

Winnipeg

NEARBY RECREATION FACILITIES

There are 38 community recreational facilities in north-east Winnipeg, of which 5 are standalone pools, 14 are community centres and arenas, and 19 are private recreation/fitness facilities like gyms and martial arts studios.

Only the private Elmwood Kildonan YMCA has an integrated pool and recreational amenities.

Proposed location of the East of the Red RecPlex

Winnipeg

SITE ACCESS AND CIRCULATION

Transit & Motor Vehicle

- Nearby transit routes include 42, 46, 78, 48 and 92 on Plessis Road and Transcona Boulevard.
- Vehicle access to the site is via Transcona Boulevard and Plessis Road.

Vehicle corridors and bus routes near the proposed site

Pedestrian & Cyclist

- Nearby walking and cycling options include the Transcona Trail multi-use path along the north edge of the site, and sidewalks on Plessis Road and Transcona Boulevard.
- Plessis Road also has cycling infrastructure, as does Regent Avenue to the south.

Pedestrian and cycling options near the proposed site

This site is easily accessed by residents within the proposed 4-6 km service area indicated in the *Recreation Strategy.*

BENEFITS OF A NEW FACILITY

The benefits include:

1. Offers A Wide Variety Of Programming
    - Supports intergenerational use and provide options for entire families.
    - Offers the capacity to accommodate increased demand as Winnipeg grows, as well as meet universal design and accessibility standards.
    - Includes larger indoor pools with lap tanks and leisure pools, walking tracks, fitness areas, and multiple court/gymnasium spaces.

2. Fill a Service Gap
    - Aligns with the draft Winnipeg Recreation Strategy, which indicates that the City should develop five or six regional recreation complexes in the next 25 years.
    - Provides service regionally and fills a current service gap.

3. Collaboration
    - Potential for facility models that provide more mixed and shared use spaces to be supported by capital cost-sharing with other entities.
    - Could include collaboration with developers and other City services to co-locate a broader ranges of services.

4. Address the City's Climate Change Goals
    - Built to much higher energy standards than facilities built fifty years ago.
    - Design could include approaches and features that reduce the carbon footprint and energy consumption over the life of the facility.
    - Could provide spaces that can serve as warming or cooling centre for community access during extreme weather events.

CONTEXT PLAN

According to the draft *Winnipeg Recreation Strategy, co-locating libraries with regional recreation complexes offers* many benefits and will be prioritized.

COMPLETE LIST OF PROPOSED AMENITIES

The proposed 90,000 square foot recreation centre is a "one-stop shop" multi-use centre where families and individuals can spend time pursuing different activities in the same location.

Aquatic Centre

1 - Leisure / Wave Pool with Accessible Beach or Ramped Entry 37m x 15m
2 - Hot Pool with Ramp
3 - Lap Pool 25m - 8 Lane Deck Area
4 - Waterslide Tower and Run-out
5 - Steam Room / Sauna / On-Deck Shower
6 - Pool Storage
7 - Lifeguarding Office / First Aid
8 - Party Room
20 - Pool Viewing Area

Change Rooms / Washrooms

9 - Family Change Room
10 - Men's Locker Room
11 - Women's Locker Room
21 - Staff Facilities
23 - Women's WCs, Showers, Vanities
23 - Men's WCs, Showers, Vanities
- Universal Change Cubicles
- Full-Height Locker Columns and Aisle
- Accessible Washrooms
- Vanity Stations
- Stroller / Wheelchair Area

Multi-purpose/Gymnasium/Track

14 - Medium multi-purpose room
15 - Multi-Purpose / Group Fitness Storage
17 – Gymnasium(s)
18 - Gymnasium Storage
19 - Community Kitchen

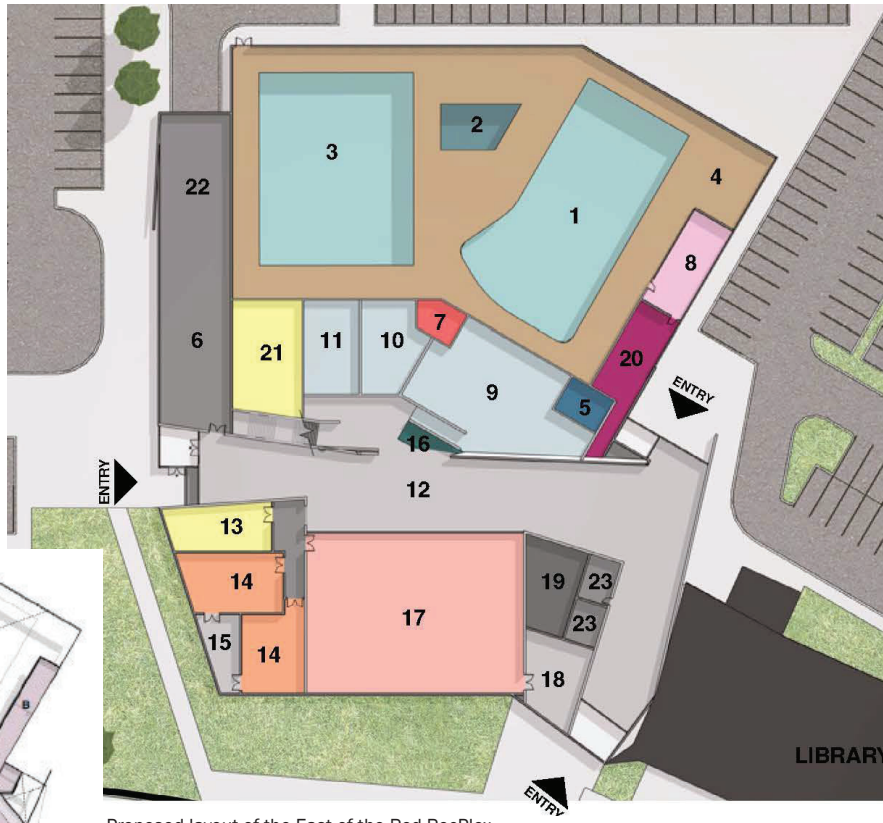

Other Facilities

12 - Concourse
16 – Reception
- Convenience HC-Accessible Washrooms
- Office

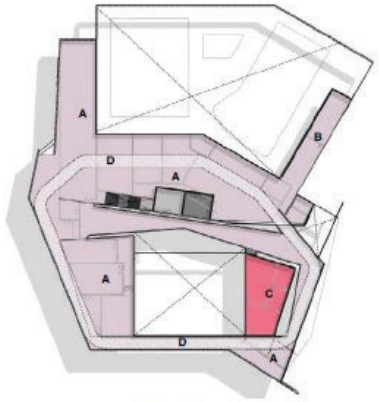

Level Two

A - Fitness Space
- Stretching / Balls and Circulation
- Cardio Machines and Circulation
- Strength Machines and Circulation
- Fitness Free Weights / Open Area and Circulation

B - Viewing Studio
C - Yoga Studio
D - Indoor Jogging / Walking Track

PROPOSED MULTI-FAMILY RESIDENTIAL HOUSING

The City is exploring adding multi-family housing such as rental and seniors housing, on this site to help pay for a portion of construction costs of the proposed East of the Red Rec Plex. This could potentially include selling adjacent land for a housing development to help finance the project. There is a significant demand for rental properties suited for seniors and for larger families.

Example of potential on-site housing to help finance the proposed project

winnipeg.ca/eastofthered

McGOWAN·RUSSELL

Winnipeg

NEXT STEPS & TIMELINE

- The project cost is estimated at $82.2 million and is considered a Class 5 estimate with an accuracy of -50% to +100%.
- The project is subject to Council approval and funding.
- Project funding will be considered within the City's annual budget process and is subject to availability of City funding, as well as partnership funding from other levels of government.

* Subject to Council approval and funding.

Thank you for attending!

Please remember to visit the project webpage and take the survey. The survey will collect additional feedback on the need, design, and potential amenities. Feedback will support the 2018 Feasibility Study Update by ensuring the proposed facility and amenities continues to align with residents' needs.

Appendix C – Virtual Open House Q & A

East of the Red RecPlex Virtual Open House Questions and Answers

November 8th 2021 6:00pm - 7:30pm

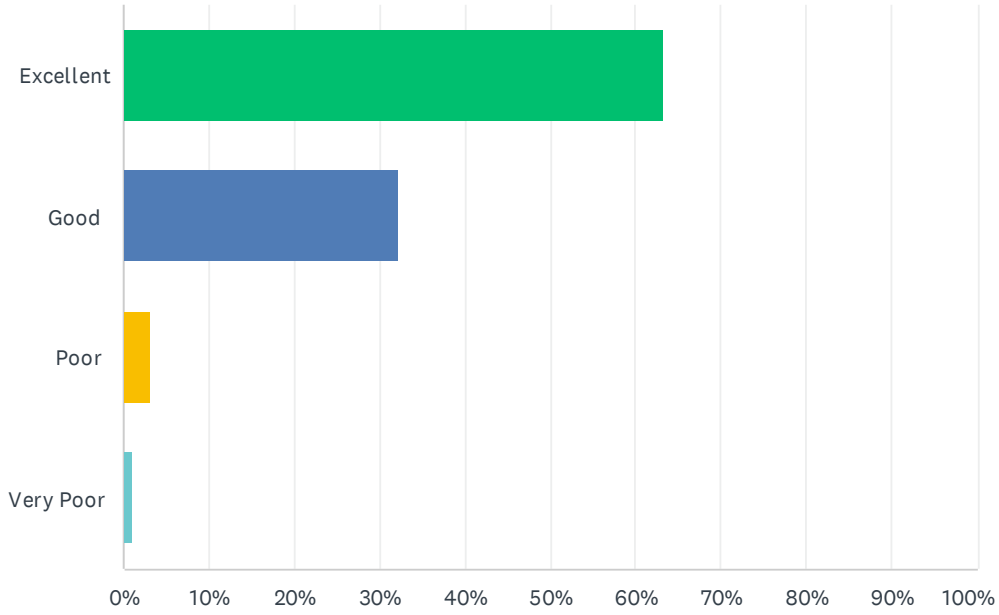

#	Category	Questions	Answered Y/N
	HOUSING		
		There has been substantial residential development in the area including rental units. Is there really a need for further residential development on this site?	y
		There was a recent media announcement of potential veterans affordable housing in this same plot of land. Is that what is identified on the very west end of this plan and potential multifamily housing,	y
		Any playgrounds near the multi-family housing? Also trees and greenspace.	y
		How can families from Kildonan Meadows get to the ERRP site?	y
	CIRCULATION		
		Can traffic easily come and go in any direction from the parking lots?	y
		What study has been done regarding traffic capabilities in the surrounding area especially with the added possibility of additional housing. Also will there be ample parking at the facility?	y
		How many lanes on the walking track?	y
	PARKING		
		What study has been done regarding traffic capabilities in the surrounding area especially with the added possibility of additional housing. Also will there be ample parking at the facility?	y
		Why was the library parking put west of the library and now shows being north of the library?	y
		If you move the library parking, how will this impact visiting the library?	y
	LOCATION		
		Have all issues related to Transportation, Water & Sewer, Emergency Access and other planning issues been resolved. Are the lands owned by the City? Any additional lands required?	y
	AMENITIES		
		Is there going to be a weight training area?	y
		What is the capacity of the pool and lap swim area? Thank you.	
		What are the plans wrt childcare facilities?	y
		Good to see two of the pools will be accessible. What about the steam room/sauna?	y
		Hello. I am a musician and am wondering if there is any talks of including a “jam space” for people to use. I understand this isn’t technically considered recreation but Transcona is known for its music scene. I think it would be really forward thinking to include a few spaces for people to play music together. Also, it doesn’t take up much space at the facility.	y
		Electric car charging station planned?	y
		How large is the planned gym area? how many badminton courts are planned?	y
		I think a steam room is something that would be great for the area. Only 1 private facility in all of east Winnipeg has a steam room.	
		Are Pickleball courts a possibility?	y
		A child care option in this facility would be beneficial to the community because of its location and proximity to young families. Any chance that the child care option will be explored?	y
		How many lanes on the walking track?	y
		Amazing! This is much needed. Will there be a running/walking track	y
	COST		
		Any idea of what membership prices will be?	y
		If it does run a 100% over run how will these costs be covered?	y
		How much has been spent on the project already?	y
	GREEN SPACE		
		Is there consideration of outdoor recreation area on site	y
		Has there been an environmental study on the property because of the history of the property use and the close proximity of the railway?	y
		Why are there no trees in the plan?	y
	OTHER		
		What is the timing of development, sorry, if I missed that.	y

		How will this impact on the surrounding Community Centres? Valley Gardens, Oxford Heights, Park City for example?	y
		Please help me unserstand what you mean by a minus %?	y
		How did private development suddenly get shoehorned into this rec centre plan? It was not part of the original plan that was approved.	y
		Will the project be phased in its construction?	y
		Why do you need to attach these two building?	y
	GENERAL COMMENTS		
		I think this is exciting for community centres, and for the community. It would compliment what they offer.	
		I'm in favour of this complex for the community.	
		I would think there is outdoor recreation at various community centres in the catchment area.	
		It takes me about 10 minutes to walk to the library from the middle of Kildonan meadows.	
		Am so excited about this! Yes, we need this!	
		Sounds amazing!	
		I live at Kildare and Plessis and this is a very welcoming addition!	
		Susan/Jackie/KenGreat job,	
		Thank you this is awesome.	

Appendix D – Survey Results

Q1 What is your overall impression of the proposed East of the Red RecPlex?

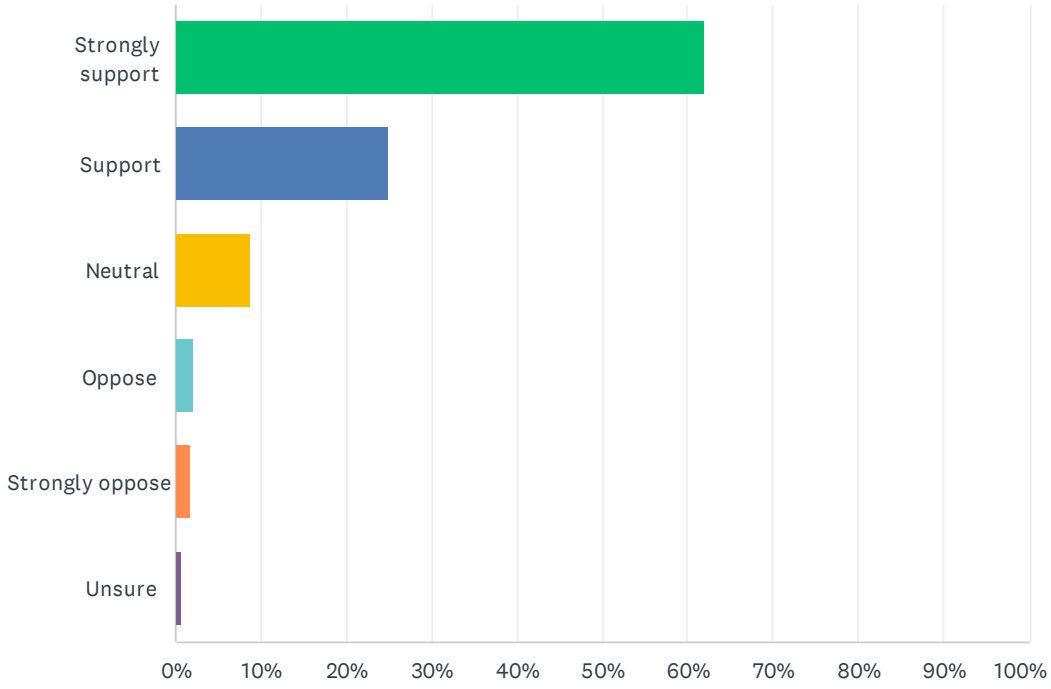

Answered: 1,462 Skipped: 0

ANSWER CHOICES	RESPONSES	
Excellent	63.41%	927
Good	32.22%	471
Poor	3.21%	47
Very Poor	1.16%	17
TOTAL		1,462

Q2 The East of the Red RecPlex project site is located at the corner of Transcona Boulevard and Plessis Road, next to the Transcona Library. Do you support co-locating a recreation facility with a library?

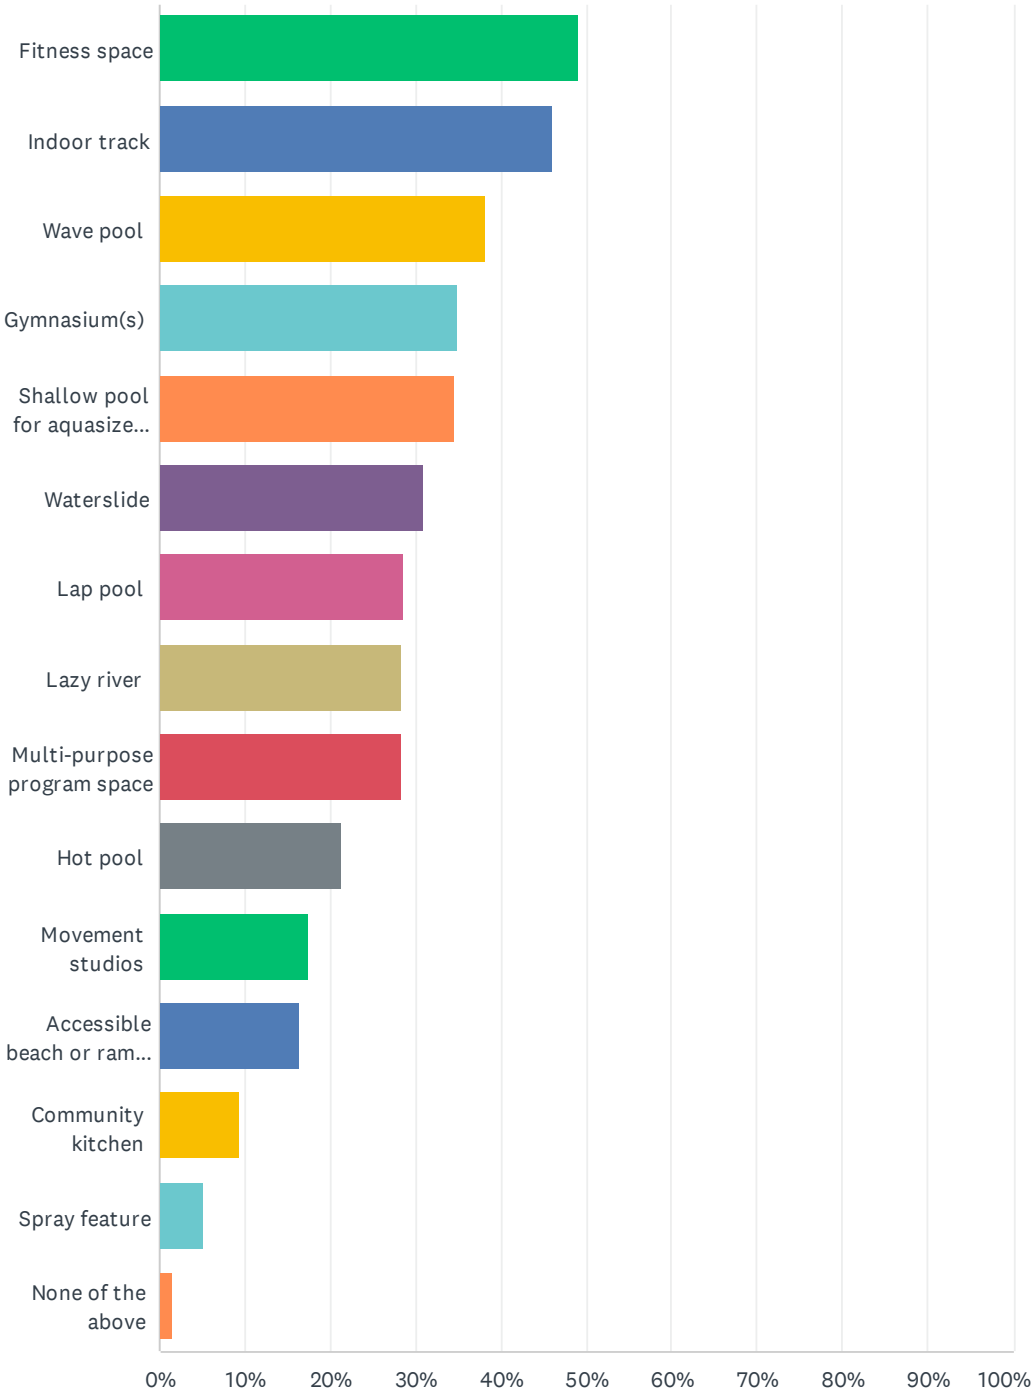

Answered: 1,462 Skipped: 0

ANSWER CHOICES	RESPONSES	
Strongly support	62.04%	907
Support	24.97%	365
Neutral	8.69%	127
Oppose	2.12%	31

Q5 Please list any amenities that you think are missing:

Answered: 408 Skipped: 1,054

#	RESPONSES	DATE
1	Outdoor gathering spaces for group bookings	11/15/2021 11:37 PM
2	Badminton and basketball courts	11/15/2021 10:27 PM
3	Hockey rink	11/15/2021 10:02 PM
4	Rock climbing, game room(pool tables, ping pong etc.)archery, variety of martial arts, (kendo,fencing, tai chi, boxing etc.) Fun room: foam pit (jousting trampolines)	11/15/2021 9:30 PM
5	Steam room	11/15/2021 9:09 PM
6	Senior focused activities	11/15/2021 9:02 PM
7	A space for ninja and parkour, this is an increasingly popular activity and we currently have to go all the way to scurfield for this.	11/15/2021 8:48 PM
8	Yoga space	11/15/2021 8:43 PM
9	All recreational features listed above should be accessible to include all to have the ability to attend this facility no mature what there ability/disability is. This facility should be inclusive to all people.	11/15/2021 8:25 PM
10	There are lots of non-ambulatory people living in this community and the accessibility is amazing and overdue	11/15/2021 7:45 PM
11	Child care, outdoor ice rink, a small playground, comfy area where you can sit and do your work, possibly a little Coffee/Tea shop	11/15/2021 7:36 PM
12	Child care space for parents/caregivers	11/15/2021 7:33 PM
13	It looks pretty comprehensive	11/15/2021 7:31 PM
14	Curling rink	11/15/2021 7:23 PM
15	Temporary Childcare for members exercising, heated therapeautic pool with ramp access, medical fitness facilities for a abilities.	11/15/2021 6:58 PM
16	Outdoor exercise and play areas hard to select only top four when more are necessary	11/15/2021 6:32 PM
17	Sauna, steam room, indoor rock climbing wall, climbing ropes, indoor skate park	11/15/2021 6:23 PM
18	Out door spaces? Courts?	11/15/2021 6:12 PM
19	Hot yoga option Sauna	11/15/2021 6:12 PM
20	A snack bar	11/15/2021 6:06 PM
21	Indoor turf playing field	11/15/2021 6:02 PM
22	a hot tub	11/15/2021 5:52 PM
23	Daycare/stay and play area for moms with small children	11/15/2021 5:52 PM
24	Ice rink	11/15/2021 5:52 PM
25	Please ensure accessibility for people with disabilities. I'm very confident this will be considered In the plans as Winnipeg has been taking this into consideration with new builds.	11/15/2021 5:51 PM
26	Attached outdoor running track	11/15/2021 5:47 PM
27	Indoor sauna	11/15/2021 5:44 PM
28	No	11/15/2021 5:41 PM

29	A dedicated space for music!	11/15/2021 5:27 PM
30	everything looks good no suggestions	11/15/2021 4:57 PM
31	NA	11/15/2021 4:47 PM
32	None	11/15/2021 4:42 PM
33	Can’t think of any	11/15/2021 4:21 PM
34	Water slide needs to bigger and multiple slides.. community kitchens usually have high rental prices.. especially need programs for families and seniors that are more affordable . Would love to see senior groups space and youth spaces	11/15/2021 4:11 PM
35	The proposed plans provide a wide variety of options and co-locating with the library is an excellent idea. The set up of the floorplan, however, seems chaotic and less than optimal sizing for the activities to be run in the space. Also, please consider the following amenities: - Universal/Family Changeroom - Arena/Iceplex	11/15/2021 3:11 PM
36	The lap pool should meet requirements for aquatic sport competition.	11/15/2021 3:04 PM
37	Small meeting rooms, Scout groups, interest groups etc. Also a crafting space for Leather Craft, Drawing, other hand crafts, a classroom/lab for maker work like 3D printing, raspberry Pi, programming classes etc.	11/15/2021 2:04 PM
38	Kids (5-14) obstacle course set up!	11/15/2021 1:56 PM
39	hockey rinks	11/15/2021 1:38 PM
40	Fitness center. An indoor field would be great on this side of town. For lacrosse and indoor soccer. Can also be used as training for multiple sports.	11/15/2021 1:30 PM
41	None	11/15/2021 1:26 PM
42	Swimming areas for kids with disabilities	11/15/2021 12:59 PM
43	No	11/15/2021 12:44 PM
44	Toddler soft play area.	11/15/2021 12:35 PM
45	Family washrooms	11/15/2021 11:47 AM
46	No mention of anything for seniors	11/15/2021 11:47 AM
47	Daycare	11/15/2021 11:37 AM
48	Deep water pool	11/15/2021 11:23 AM
49	None that I can think of!	11/15/2021 11:14 AM
50	none	11/15/2021 10:35 AM
51	What's wrong with upgrading the existing facilities in the area? That intersection doesnt need the extra burden, between costco and the existing developments it's too busy.	11/15/2021 10:22 AM
52	A cafe on site	11/15/2021 10:14 AM
53	Green space and cultural learning space... could be combined with green space	11/15/2021 9:50 AM
54	It needs more green space which is very important to how welcome people will feel going to the RecPlex and remaining there. It needs an outdoor meeting space with a statue or piece of art where people can arrange to meet before or after an event. A covered outdoor meeting place would be good for families who will be attending more than one event during a visit. Transcona needs an outdoor meeting place with a roof. It could be used for art programs, day camps etc. It needs a reading garden with benches and picnic table behind the library. The library should be displayed with pride to remind people how it is a very important part of our community, integrated with the complex, not overshadowed by the rest of the complex. Winter skating trail at the northern edge of the property.	11/15/2021 9:50 AM
55	Dry Sauna	11/15/2021 9:28 AM
56	Deep water aquasize.	11/15/2021 8:57 AM

57	I strongly support all proposed amenities. I believe Transcona is very long overdue for a recreational facility of this kind	11/15/2021 8:49 AM
58	Deep water aqua size for therapeutic cardio. Also sone kind of stationary rowing class thing would be unique. Non weight-bearing physical fitness will help those with chronic pain and obesity.	11/15/2021 8:43 AM
59	none	11/15/2021 8:34 AM
60	None	11/15/2021 8:14 AM
61	need a large deep end / dive tank. There are so many deep water sports that are competing for deep water space at other pools (especially Pan Am) and there is just not enough space available for programs to run.	11/15/2021 8:09 AM
62	This all looks good, but those with special needs for example in swimming lessons there is always 2 spots available only. At transcona pool.Would like to see how this would work out in this new facility.	11/15/2021 7:28 AM
63	Full sized pool for lessons	11/15/2021 6:35 AM
64	Snack bar/juice bar or cafeteria type space with sitting area	11/15/2021 6:26 AM
65	Childcare center for parents who wish to workout who may not have other support.	11/15/2021 6:10 AM
66	Family/gender neutral change rooms	11/15/2021 6:04 AM
67	Deeper pool for deep water aquacize classes or Deep water zumba classes	11/15/2021 12:10 AM
68	Indoor skateboarding park, indoor skating rink, indoor mountain bike park.	11/14/2021 11:53 PM
69	Indoor soccer field with quality turf	11/14/2021 11:52 PM
70	Indoor soccer field	11/14/2021 10:56 PM
71	Shops	11/14/2021 10:49 PM
72	Ice rink	11/14/2021 10:03 PM
73	Another ice rink and indoor soccer complex.	11/14/2021 10:00 PM
74	As a parent of a special needs child, the ramps are important, FAMILY CHANGEROOMS are important, family bathrooms, the changerooms and bathrooms need to be big enough to fit the needs of many families look at seven oaks pool, their family room is always busy	11/14/2021 9:27 PM
75	supervised kids playground or supervised childcare, to leave the children there while the parents are exercising	11/14/2021 9:10 PM
76	Juice bar/ snack counter	11/14/2021 9:03 PM
77	Daycare for parents who want to workout. Organized exercise classes	11/14/2021 8:52 PM
78	Hockey rink	11/14/2021 8:14 PM
79	Dancing, crafts	11/14/2021 7:59 PM
80	Great idea so badly needed	11/14/2021 7:48 PM
81	indoor sports section ie: soccer, basketball court etc	11/14/2021 7:42 PM
82	Another gym area for indoor soccer/baseball training.	11/14/2021 7:35 PM
83	You should include dedicated space for a non profit child care centre. It would meet a community need and the rent would be a revenue generator for the facility. Be sure the gym includes courts for pickleball. Its a growing sport, popular with retirees, and there is a shortage of places to play (days, evenings, weekends) in the north east area. East Elmwood has 3 courts and that’s it for the north east area. Players pay a drop in or registration fee so also a revenue generator.	11/14/2021 7:14 PM
84	None	11/14/2021 7:00 PM
85	Canteen. Basketball and volleyball.	11/14/2021 6:40 PM

86	Hoping new facility is completely wheelchair accessible, showers too! Looks good so far	11/14/2021 6:37 PM
87	Wood working and related diy building programs.	11/14/2021 6:27 PM
88	Cafe Exercise classes Diving classes Multipurpose room	11/14/2021 6:27 PM
89	Steam room. Lockers. Childcare.	11/14/2021 5:53 PM
90	Deep water pool. For deep water run classes!	11/14/2021 5:20 PM
91	Specific courts for various sports such as squash and tennis.	11/14/2021 4:58 PM
92	Outdoor sports fields	11/14/2021 4:44 PM
93	besides fitness machines there should be free weights and benches, tools like bosu balls, ropes, kettlebells, sleigh, etc	11/14/2021 4:40 PM
94	Hockey rink	11/14/2021 4:25 PM
95	Indoor soccer and/or turf facility.	11/14/2021 4:14 PM
96	Tennis court or soccer field	11/14/2021 3:44 PM
97	Outdoor play structure, bike and skate park	11/14/2021 2:50 PM
98	Family/disability friendly washrooms/changerooms Sensory/quiet space	11/14/2021 2:49 PM
99	Outdoor workout space	11/14/2021 2:31 PM
100	Better entrance and exit sites.	11/14/2021 2:26 PM
101	Hot yoga studio	11/14/2021 2:24 PM
102	Hockey rinks	11/14/2021 2:18 PM
103	Arena	11/14/2021 2:16 PM
104	Separate Mens/Ladies sauna facilities for after working out.	11/14/2021 2:16 PM
105	Designed to include an area for an indoor hockey/soccer rink with stands. This would be privately fundraised.	11/14/2021 2:12 PM
106	Heated pool and should be in Riverbend, nothing in that area currently, need something for the growing development	11/14/2021 1:45 PM
107	None. This is greatly needed in our community. Please consider accessibility for all aspects of the multiplex	11/14/2021 1:09 PM
108	yoga and spin studio, steam/sauna in change rooms, climbing wall.	11/14/2021 1:02 PM
109	Skating rink	11/14/2021 12:41 PM
110	Racquet sport courts	11/14/2021 12:36 PM
111	Aquasize pool shouldn't be shallow. Aquasize classes should be done in a shoulder deep pool to achieve maximum benefit. A warm water pool like at the Wellness Centre is ideal, just deeper everywhere.	11/14/2021 12:23 PM
112	Sauna, Steam room, diving platform	11/14/2021 11:53 AM
113	Should also have a rink.	11/14/2021 11:46 AM
114	Please have affordable bday packages and change areas with lots of space including change tables (and change tables in the men's washroom too!)	11/14/2021 11:28 AM
115	Senior centre	11/14/2021 11:26 AM
116	Perhaps child minding services for those who want to exercise but have young kids	11/14/2021 11:09 AM
117	Ice/Hockey arena, there are not enough rinks avaialble.	11/14/2021 11:06 AM
118	This should be a outdoor complex. With this pandemic as a business owner I would hold off	11/14/2021 10:31 AM
119	Family change areas	11/14/2021 10:30 AM

120	None	11/14/2021 10:19 AM
121	Sauna	11/14/2021 10:14 AM
122	Sauna , smaller meeting areas, ,meditation room or earthing or grounding room with greenery,stones..paths,labyrinth seating,etc.. for people who cannot get out in nature ... proven to decreases stress and cortisol levels. They have one in royal Columbia hospital.... Very small area needed. Out door play areas to include equipment for elderly and physically challenged. gazebos , skate park, Dog park double fenced Secure area inside for bikes?	11/14/2021 10:12 AM
123	Indoor rink/ soccer Cafeteria etc. This one in Spruce Grove,Alberta is amazing! Been there. Take their lead ***redacted***	11/14/2021 10:10 AM
124	Public transport is lacking in this area, needs links to walking and cycling	11/14/2021 10:04 AM
125	Tim Hortons or Orange Julius like they have in Edmonton for their recreation complex at The Meadows Community Recreation Centre.	11/14/2021 9:37 AM
126	Physiotherapy services/water therapy	11/14/2021 9:32 AM
127	Play structures for little kids	11/14/2021 9:10 AM
128	Accessible change rooms	11/14/2021 8:56 AM
129	Outdoor rec space.	11/14/2021 8:35 AM
130	Rock Climbing Wall, Yoga Studio	11/14/2021 8:25 AM
131	Diving facility	11/14/2021 8:04 AM
132	Parent room. For breast/ chest feeding. Mother's who prefer private spaces to nurse should not have to use a washroom. A small space with change station and comfortable chairs.	11/14/2021 7:53 AM
133	Indoor play structure for kids	11/14/2021 7:45 AM
134	The more slides the better.	11/14/2021 7:42 AM
135	I would like a lap section that is easy access like bonivitals lap section-I cant use the ladders and dont want to be sitting on the lift in and out of the water,,,	11/14/2021 7:16 AM
136	Sauna	11/14/2021 5:53 AM
137	Steam room/Sauna	11/14/2021 12:50 AM
138	Indoor soccer complex	11/14/2021 12:32 AM
139	Running track, secure indoor bike storage	11/13/2021 11:47 PM
140	Secure bicycle storage space, a running track lane, short child minding space	11/13/2021 11:17 PM
141	Rink(s) with room for spectators.	11/13/2021 10:33 PM
142	Indoor soccer	11/13/2021 9:36 PM
143	indoor tennis or pickle ball courts.	11/13/2021 9:08 PM
144	Wait room	11/13/2021 5:25 PM
145	everything is good	11/13/2021 4:36 PM
146	We desperately need indoor aquatics more than just pools like a wave pool lazy rivers we also need more exercise options like weight room areas for group exercise ie spin cycle very excited about this!	11/13/2021 4:16 PM
147	Recreation facilities close to the site. Buhler Recreation Park was not mentioned-as close to the proposed site.	11/13/2021 3:49 PM
148	Indoor soccer/	11/13/2021 3:19 PM
149	Steam room.	11/13/2021 2:15 PM
150	Hockey rinks	11/13/2021 1:47 PM
151	Food of some sort, drinks and snacks	11/13/2021 1:21 PM

152	Tennis courts	11/13/2021 1:10 PM
153	Needs more spaces to support leisure programs, too many leisure programs take Transconians out of transcona.	11/13/2021 12:11 PM
154	Hockey Arena	11/13/2021 11:58 AM
155	steam, climbing wall	11/13/2021 11:53 AM
156	A facility like PanAm and Riverview in our end of WPG would be so beneficial for adult health. Sports therapists and rehab would be great. And please ensure there's lots of parking.	11/13/2021 11:50 AM
157	A community place for women or mothers to.meet and have coffee together with their kids that they don't have to pay.	11/13/2021 11:37 AM
158	Soccer and/ or other sport areas Pool tables/ ping pong tables	11/13/2021 11:27 AM
159	More parking space.	11/13/2021 11:26 AM
160	Coffee shop, place to sit and socialize	11/13/2021 11:13 AM
161	Parki	11/13/2021 11:11 AM
162	Maybe an indoor tennis/pickle ball area	11/13/2021 10:57 AM
163	N/A	11/13/2021 10:53 AM
164	No	11/13/2021 10:35 AM
165	Indoor sports field for baseball and soccer training	11/13/2021 10:19 AM
166	Kid zone or similar for kids to play on structures etc	11/13/2021 10:16 AM
167	On-site cafe/coffee shop and hot yoga studio-like the Altea Active location.	11/13/2021 10:08 AM
168	Indoor soccer pitch	11/13/2021 9:55 AM
169	School	11/13/2021 9:50 AM
170	None	11/13/2021 9:42 AM
171	Cannot think of any	11/13/2021 9:27 AM
172	Music or arts room	11/13/2021 9:24 AM
173	Indoor baseball training center - there is very little space for indoor baseball training in the city. Community rinks/centres and school gyms for the most part don't allow baseball training in their facilities.	11/13/2021 9:15 AM
174	Faculty should be fully wheelchair accessible and have designated senior programming / times. I am not a senior, but the population is aging and many boomers are in in need of safe places to swim and do activities. The Transcona centennial pool is not easy to navigate in a wheel chair.	11/13/2021 8:59 AM
175	Larger change rooms	11/13/2021 8:56 AM
176	Indoor tennis or squash courts. Child care. Kid hang out area- pool table or fooseball.	11/13/2021 8:55 AM
177	I would prefer that it be more of a place for Transcona adults to use for fitness. I think turning it into a water park is just going to bring a bunch of random people from other parts of Winnipeg and tourists and I think that will ruin it for the Transcona community. We don’t have a place like the Y in the area so it would be nice to have that type of a pool that won’t be overrun by screaming children…and I love children. I think it’s important to have a big enough parking lot for all of this, so please make sure to make that a priority. I also think it would be a great idea to run programs such as physiotherapy and different forms of therapy for people such as stroke patients etc. Pam is on the other side of the city for most of us and that’s where a lot of people go for that type of stuff	11/13/2021 8:47 AM
178	Looks like you have it covered. Great concept	11/13/2021 8:31 AM
179	Indoor soccer field	11/13/2021 8:27 AM
180	N/A	11/13/2021 8:25 AM

181	This would be very nice to have in our community. I definitely could see using this facility regularly.	11/13/2021 8:24 AM
182	200 metre track, proper size gym to host events sucha folkorama and pool	11/13/2021 8:17 AM
183	Some sort of on site medical assistance	11/13/2021 8:13 AM
184	Indoor soccer field	11/13/2021 7:22 AM
185	Change rooms	11/13/2021 6:39 AM
186	Bar	11/13/2021 6:37 AM
187	Wellness facility. Sauna. Cafe with healthy choices.	11/13/2021 12:13 AM
188	Lots of water accessibility for disabled	11/13/2021 12:09 AM
189	would like this to be more like the wellness reh-fit centre. also a cafe with fresh smoothies, healthy food and coffee.	11/12/2021 11:51 PM
190	None, well thought out plan.	11/12/2021 11:34 PM
191	Rock climbing wall.	11/12/2021 11:24 PM
192	A basketball court or multi-use gym where courts could be converted for volleyball, and badminton would be great and an outdoor tennis court with a basketball court would complete the needs for the community.	11/12/2021 11:17 PM
193	Indoor tennis court, soccer field	11/12/2021 11:09 PM
194	I could see parking and traffic being an issue. They already need turning lights in all directions so its a nightmare most days. I see a road behind will be built but I think they'll still have an issue on transcona Blvd	11/12/2021 11:05 PM
195	A way for seniors and walking challenged or wheelchair bound people to get into the library. It also looks like a long drive through parking lots to get near the library.	11/12/2021 3:22 PM
196	Outdoor or indoor tennis courts	11/12/2021 3:22 PM
197	in light of covid and the probability of a lengthy recover a community kitchen should not be considered. It would benefit local fundraisers but some churches where we used their facilities before are no longer offering use of their kitchens	11/12/2021 12:03 PM
198	Wellness and health focus/programs. Hoping for more facilities similar to Wellness Centre or Re-Fit Centre in other areas of Winnipeg.	11/12/2021 11:36 AM
199	rock climbing	11/12/2021 9:58 AM
200	ice rink	11/12/2021 9:56 AM
201	Rock climbing wall	11/12/2021 9:55 AM
202	Medical care for seniors, and a food program	11/12/2021 9:53 AM
203	Is there anything specifically for seniors?	11/12/2021 9:50 AM
204	Coffee or snack shop	11/12/2021 9:43 AM
205	Coffee Shop	11/12/2021 9:42 AM
206	Only if the lap pool is at least 8 feet deep for the entire length no shallow end should be in it as the shallow pool for aquasize and kid swim would have that. The lap pool should be for athletics as the Pan Am is always booked up	11/12/2021 9:14 AM
207	Make sure aqua size area is deep enough so class doesn’t have to squish into small area. Shoulders need to be underwater.	11/12/2021 9:11 AM
208	It would be nice to have more aquatic amenities that are more family-friendly in general. So many of the pools are set up more for lessons and laps than for family fun time in the water. I have older kids and I have not gone swimming in a pool for years. Water slides and wave pools that appeal to all ages would be novel and unique in a publicly funded facility.	11/11/2021 2:20 PM
209	possibly more options for those who are disabled. any type of gym that is able to	11/9/2021 3:14 PM

	accommodate multiple sports would be a great fit	
210	im not sure	11/9/2021 2:42 PM
211	leave the environment alone	11/9/2021 10:12 AM
212	A canteen or coffee shop area for parents while kids arena classes would be great. Respol Sport Centre in Calgary has a small restaurant that seems to do very good business. Perhaps thinking about the track in ways that the Winnipeg Track clubs could use it. The only facility they can use right now is the U of M.	11/9/2021 8:56 AM
213	Private Rehab or physical therapy spaces	11/9/2021 4:39 AM
214	Ice rinks	11/9/2021 12:14 AM
215	Community garden/ outside greenspace	11/8/2021 10:21 PM
216	Outdoor areas with fitness equipment, winter skating trail, and picnic tables. Outdoor classroom/meeting room with roof. Outdoor play structures.	11/8/2021 9:34 PM
217	Wood working shop Seniors group areas	11/8/2021 7:02 PM
218	I believe rinks got organized hockey, ringette, broom ball and the like as well as recreational skating opportunities would a great addition to the RecPlex.	11/8/2021 6:52 PM
219	meeting room space for community to meet such as small organizations	11/8/2021 6:50 PM
220	Pickleball courts...and perhaps an outdoor component incorporating natural elements	11/8/2021 6:43 PM
221	Outdoor recreation space on the site such as basketball or tennis courts in the summer and rinks in the winter.	11/8/2021 6:28 PM
222	Flow-rider / Climbing Walls / double-gymnasium / racquet courts These Four amenities along with the 14 amenities pictured above.	11/8/2021 2:40 PM
223	An indoor turf field that is ideally regulation football(soccer) sized. If not part of this facility then perhaps the redevelopment of the existing Roland Michner/Transcona Swimming pool site to accomodate this type of facility. Schools and community clubs in the area can certainly benefit from a facility such as this.	11/8/2021 12:39 PM
224	We need more soccer pitches in this end of the city.	11/8/2021 10:29 AM
225	Pickleball	11/8/2021 10:24 AM
226	I would rather see an outdoor garden area rather than another housing development. Winnipeg needs more green spaces and breathing room. The area is looking very congested with parking taking precedence.	11/8/2021 9:21 AM
227	Outdoor facilities like basketball or tennis courts in the summer, outdoor rinks in the winter	11/8/2021 8:15 AM
228	accommodation for pickleball	11/8/2021 8:07 AM
229	A coffee shop	11/8/2021 8:04 AM
230	Designated pickleball courts, outdoor tennis, and basketball courts	11/8/2021 7:27 AM
231	Playground, Rock climbing feature	11/8/2021 5:26 AM
232	Music has always had a strong presence in Transcona. There are a lot of aspiring musician/ bands that don’t have a place to play. I think a real forward thinking amenity would be a “jam space” for bands could book to practice. A lot of young people live in apartments and don’t have anywhere to play music as a group. This would be something I would get behind. All you need is some sound proofing and a drum set (reason for the drum set is b/c it is difficult to load and unload). Wouldn’t take up much room at then facility. In summary, a “jam space” for bands would be a great addition to the facility. I would even volunteer to run it.	11/7/2021 7:40 PM
233	Used to be a member of the Wellness Center and enjoyed the sauna that was in the change room and the hot tub in there as well. Used the fitness machines almost exclusively prior to a sauna. The fitness space depicted here seems very small compared to the Wellness Center. It would be better if the fitness machines were arranged around the track and around the gymnasium, again like the Wellness Center.	11/7/2021 9:44 AM

234	Indoor soccer or indoor ice rink	11/6/2021 4:05 PM
235	Pickleball courts and rock climbing wall greatly needed.	11/6/2021 12:58 PM
236	Pickle ball!	11/6/2021 11:38 AM
237	medical assessment area.	11/6/2021 11:06 AM
238	A rock climbing wall might be a nice addition.	11/6/2021 10:30 AM
239	Pickleball courts?	11/6/2021 10:08 AM
240	Ice rinks... they are badly need for the city. The current city rinks are obsolete.	11/6/2021 9:17 AM
241	Pickleball courts	11/6/2021 8:58 AM
242	Pickleball Courts	11/6/2021 8:47 AM
243	Classrooms for arts and crafts classes or any other classes for adults such as ESL or computer classes for seniors. Two gymnasiums would allow more activities such as pickleball for seniors and gym time for kids.	11/6/2021 8:42 AM
244	Pickleball courts would be great as there is a large group of people playing at Oxford community Center as of now.	11/6/2021 8:40 AM
245	Designated pickleball courts: fastest growing sport in North America. Great fitness/social activity for seniors .... and all ages	11/6/2021 8:24 AM
246	This area needs something like this so badly I can’t think of anything missing.	11/6/2021 6:05 AM
247	Pickleball, badminton courts	11/6/2021 1:02 AM
248	Court space. ie; Pickleball	11/6/2021 12:28 AM
249	Above we are only able to select 4 but an accessible beach entry would be very inclusive and a hot pool would be great for colder months.	11/5/2021 10:19 PM
250	Accessible changing areas including change table for adults with mobility	11/5/2021 10:01 PM
251	A hot tub and sauna in the change rooms similar to what is available at the Wellness Center.	11/5/2021 2:06 PM
252	Seniors fitness programs for limited movement	11/5/2021 11:56 AM
253	N/A	11/5/2021 9:01 AM
254	Seniors area	11/5/2021 7:44 AM
255	Rink	11/5/2021 6:51 AM
256	Hot yoga studio	11/4/2021 10:33 PM
257	skateboard facility for our youth, trampoline facility, climbing wall, amusement rides- think BIG!! We are indoors for about 9 months of the year-provide a space that will attract people from all over the province. This is Winnipeg's chance to do it right! And personally, I would encourage the decor/theme to be non-racial, non race, no intentional statements-just neutral asthecially. Avoid social issues-I think we have all had a difficult time especially these last two years, we are all important, don't highlight one population over another-leave politics out of it!	11/4/2021 8:11 PM
258	Full Aquatic Park.	11/4/2021 7:38 PM
259	Deep pool	11/4/2021 5:03 PM
260	Enough wide proper parking. Like Costco spots. We never have enough parking.	11/4/2021 5:03 PM
261	Add a 2 rink arena to this project. Lots of other housing available in the area	11/4/2021 4:56 PM
262	Hockey rinks! Most of the rinks in River East are very old and run down. Finding ice time is very hard. We need another rink facility.	11/4/2021 4:46 PM
263	N/A	11/4/2021 4:38 PM
264	Hockey rink	11/4/2021 4:36 PM
265	Squash courts	11/4/2021 4:32 PM

266	Steam room	11/4/2021 4:19 PM
267	Arena	11/4/2021 3:03 PM
268	Pleasure rink like the one that was closed in Southdale	11/4/2021 2:17 PM
269	none that i can think of	11/4/2021 2:12 PM
270	Steam or sauna. Accessibility in the pool should just be mandatory not a separate option and spray pad and shallow pools are not necessary	11/4/2021 2:09 PM
271	ARENA	11/4/2021 1:20 PM
272	Climbing wall, outdoor play structure, free skating rink, vegetable garden, ping pong, shuffleboard, pool table, seniors activities	11/4/2021 12:56 PM
273	This whole project is just far too elaborate.	11/4/2021 12:46 PM
274	Sauna	11/4/2021 12:27 PM
275	indoor soccer complex	11/4/2021 12:20 PM
276	I was hoping for a rapid transit bus stop there. I think it might be a bit more useful than a swimming pool. Unless there is a possibility of both. Maybe a gym instead of a pool. I would put rapid transit at the top priority	11/4/2021 12:07 PM
277	Squash courts, outdoor tennis courts, rock climbing, bowling	11/4/2021 11:12 AM
278	Nothing, I think this is great!	11/4/2021 10:38 AM
279	I would never attend this facility due to the location. This is only convenient for people who live in Transcona.	11/4/2021 10:36 AM
280	Most warm pools are too shallow for exercise class. We take arthritis class at BoniVital and it’s not deep enough for people to get shoulders underwater while squatting. Please make it deep enough for 3 rows of people.	11/3/2021 6:49 PM
281	Canteen - people will always want to purchase food when spending hours there; and can be a source of revenue. Green space- the area behind the library is a beautiful, peaceful area. It adds a wonderful sense of calm to the library. Seeing the prairie grasses sway in the wind is one of my favourite parts of the library. Turning that into a parking lot would be absolutely heartbreaking.	11/3/2021 1:27 PM
282	Steam room	11/3/2021 11:00 AM
283	Games room, social common area for gathering, meeting place to grab a coffee, soup or sandwich before or after visit to library or activity. Lockers for cyclists and patrons to store valuables while on the outside connecting trails. Garden areas. Small theatre like space.	11/3/2021 10:37 AM
284	Indoor skate park	11/2/2021 9:51 PM
285	Open free weight area and squat cages for power lifting. Not just machines in fitness area. Art studios.	11/2/2021 7:00 PM
286	This needs to be more of a wellness center for adults. Maybe classes and health speakers and a lunch counter.	11/2/2021 5:56 PM
287	Diving	11/2/2021 11:45 AM
288	Play area/play structure	11/2/2021 9:39 AM
289	Sounds just great	11/1/2021 7:09 PM
290	I just want to make sure there is an adequate space for fitness.	11/1/2021 7:07 PM
291	None	11/1/2021 6:59 PM
292	If you are closing the current transcona pool, I believe we strongly need a community indoor pool shallow end and deep end.	11/1/2021 6:11 PM
293	The walking track is a very positive option for seniors needing safe place to walk.	11/1/2021 9:08 AM
294	Ample parking	10/31/2021 12:30 PM

295	Group classes similar to what Wellness Institute offers.	10/31/2021 6:55 AM
296	A combination lap pool with a shallow area to have aquasizes and kids swim lessons	10/30/2021 10:12 AM
297	Maybe a smaller indoor skating rink	10/30/2021 10:05 AM
298	Wall climbing area	10/30/2021 7:17 AM
299	I am so very excited to support this endeavour!! I just retired, if you need a board member I am available to assist ***redacted***	10/30/2021 5:47 AM
300	indoor pool	10/29/2021 7:40 PM
301	None. I was going to say a community kitchen for healthy snacks and a seating area for families to eat bought or brought food. But it looks like that's included. Well done. This is exciting.	10/29/2021 10:39 AM
302	Will the lap pool be deep? A movable floor like they have at the YMCA would be a great feature and enable more variety in the use of the pool (not just for laps but could be used for aquafit - deep or shallow; scuba diving courses, kayak classes, etc.)	10/28/2021 3:56 PM
303	None	10/28/2021 11:43 AM
304	Instead of multiple gymnasiums, would love to see something like a trampoline park room or parkour/gymnastics course space	10/28/2021 11:32 AM
305	Ice arena	10/28/2021 10:48 AM
306	Day care programming in multi purpose space.	10/28/2021 6:01 AM
307	Parking at near the entry to the library on Transcona Blvd. It's not accessible if people have to come from the back of the building to the front just to enter it. Surely there's a better location. Maybe further down the road where the "senior's complex" is planned. Leaving the parking for the library near the entrance to the library.	10/28/2021 2:01 AM
308	Restaurant or Eatery in the premises. Massage services.	10/28/2021 1:08 AM
309	I miss the idea of the YMCA, as I'm a member and can afford those fees so I hope this is comparable. But I'm happy the area at least gets this sort of opportunity	10/27/2021 10:34 PM
310	Perhaps racket sports courts.	10/27/2021 9:02 PM
311	Childcare	10/27/2021 8:17 PM
312	Wall climbing	10/27/2021 7:57 PM
313	Indoor climbing structures for kids	10/27/2021 3:45 PM
314	A dedicated arts, culture and creativity space	10/27/2021 2:30 PM
315	Hockey rink	10/27/2021 12:59 PM
316	Hot yoga or infrared studio.	10/27/2021 12:01 PM
317	We have a water slide park that was to be part of the redevelopment of kinsmen pool and Roland Michener. Tons of money has already been spent on proposed drawings for the site.	10/27/2021 11:38 AM
318	Outdoor track	10/27/2021 11:28 AM
319	Climbing wall	10/27/2021 10:00 AM
320	Climbing wall	10/27/2021 8:45 AM
321	Will there be table and chairs and a coffee/refreshment station?	10/27/2021 8:38 AM
322	Seniors Resource Centre	10/27/2021 8:15 AM
323	coffee/refreshment shop or vending machine for same (or is it intended not to allow for this in this facility?) and some table/chairs in the lobby area	10/27/2021 8:12 AM
324	Programs for seniors seeing that a senior housing apt will be close by.	10/27/2021 8:00 AM
325	I want to pick more than 4! 😊. Yes! Transcona needs this!	10/27/2021 6:29 AM

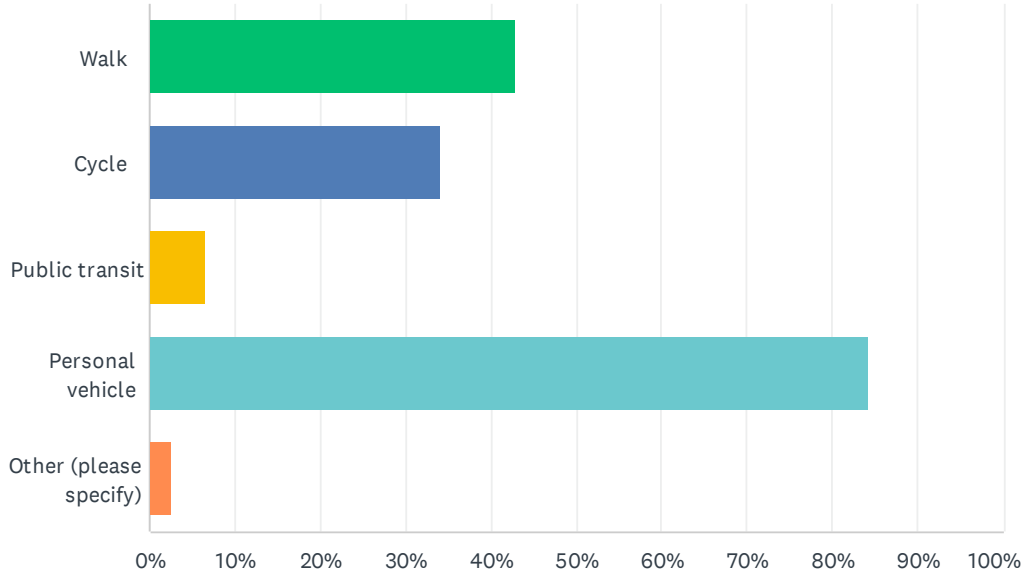

326	Yoga class rooms	10/27/2021 5:09 AM
327	A twin rink should also be built as well. There is a shortage of ice and with the area getting bigger the issue will get bigger.	10/26/2021 11:21 PM
328	Sauna	10/26/2021 10:41 PM
329	Ice rink. I've rinks if they are run properly can make money for the community club that runs it. A good example is Seven Oaks Arena.	10/26/2021 10:18 PM
330	Physiotherapy and athletic therapy service	10/26/2021 10:14 PM
331	Steam room	10/26/2021 10:05 PM
332	Sauna	10/26/2021 9:54 PM
333	Deep water aqua fit	10/26/2021 9:54 PM
334	Gymnastics area, hockey rink, climbing wall, virtual golf, daycare facility	10/26/2021 9:32 PM
335	A facility larger than the wellness institute would be great especially something that spans generations which I feel the wellness lacks. I would like things for my teen/preteen to be able to do and also activities for myself as I get older.	10/26/2021 9:29 PM
336	We need multiple gymnasium courts!!! Kids playing basketball in transcona are currently practicing in Oxford community centre with no built in nets. And isn't big enough to be considered a full court. We need a facility similar to Dakota community Center. There is a pool on Concordia and gyms all across regent. But NO facility for basketball any where near this side of of the city. There is also no indoor turf for indoor flag/football or soccer accessible to transcona residents. Leila has two rec plex building across from each other. Again my point is there is nothing accessible for our youths to get them participating in organized indoor sports any where near this part of the city. An indoor kitchen is of no use to my family with five kids in it. A multipurpose room can be any of the existing community centres or east end arena, so also unnecessary. There are dance studios and fitness centres readily accessible. Why not focus on what we don't have, which are indoor basketball courts and soccer/football turfs!!	10/26/2021 9:21 PM
337	indoor skate rink	10/26/2021 9:18 PM
338	Love the proposed list	10/26/2021 9:06 PM
339	Gymnastics room	10/26/2021 9:03 PM
340	Pool	10/26/2021 8:53 PM
341	Indoor soccer and rugby field.	10/26/2021 8:44 PM
342	Arena - ice rink	10/26/2021 8:44 PM
343	Diving pool	10/26/2021 8:42 PM
344	Indoor Skatepark or skate friendly spots for skateboarders For the Skate spots take Emily Carr University Vancouver as an example. An indoor skatepark would be amazing, considering the fact that skaters can't skate for almost half the year because of the winter.	10/26/2021 8:35 PM
345	1) A few outdoor skateboard-friendly obstacles on the exterior of the property (Reference Emily Carr University) . Skateboarding brings a natural urban security and encourages community and exploration. 2) a city operated indoor skateboard park	10/26/2021 8:22 PM
346	Nothing missing - all great ideas	10/26/2021 8:18 PM
347	Squash and racketball courts. There are none on this side of the city and the nearest one is downtown and it's for men only! This should be an accessible sport	10/26/2021 8:10 PM
348	Tennis/racquet ball rooms/courts	10/26/2021 8:08 PM
349	Racquet courts	10/26/2021 8:06 PM
350	A seniors section	10/26/2021 7:52 PM
351	I would have liked to select more than 4 amenities listed above. I think they all would be important to serve the community.	10/26/2021 7:50 PM

352	Indoor Play structure area (like hide seek kind) - basket ball room - squash tennis room - ping pong tables	10/26/2021 7:48 PM
353	An outdoor nature playground, A cost efficient gym	10/26/2021 7:45 PM
354	nil	10/26/2021 7:13 PM
355	Not amenities but plan programming for groups in the community (senior programs, kids clubs, etc)	10/26/2021 6:54 PM
356	Rock climbing wall	10/26/2021 6:53 PM
357	Climbing wall indoor. Skateboard area indoor Court area such as pickle ball Squash or Raquetball Table Tennis Billiards Bouncing Nets Virtual Reality Room with Occulus	10/26/2021 6:49 PM
358	We need indoor water park for the growing community with families in the area.	10/26/2021 6:48 PM
359	Meditation room!	10/26/2021 6:46 PM
360	Outdoor recreational space. Beach volleyball, outdoor basketball courts. Multiple of each. And multiple gymnasium space. (More than one court). We need more amenities for individuals to have places to go to work on individual skills for sports.	10/26/2021 6:43 PM
361	Outdoor play area also	10/26/2021 6:43 PM
362	Pickle ball court	10/26/2021 6:41 PM
363	Climbing wall	10/26/2021 6:40 PM
364	Perhaps a games area- ping pong etc.	10/26/2021 6:38 PM
365	Indoor play structure	10/26/2021 6:37 PM
366	Rock wall climbing	10/26/2021 6:27 PM
367	None.	10/26/2021 6:26 PM
368	looking at the information, it seems like the showers are not in the locker rooms, why? I'd want a shower near my locker, not so far to go to change/secure items	10/26/2021 6:25 PM
369	Unsure	10/26/2021 6:20 PM
370	Skatepark or ice rink	10/26/2021 6:16 PM
371	Rock climbing or ninja course like Altea Active - something to excite families and kids to be active	10/26/2021 6:15 PM
372	A deep end of the lap pool (4m) for dive training and SCUBA training.	10/26/2021 6:03 PM
373	Kids indoor play area that can be rented out for birthday parties	10/26/2021 5:53 PM
374	Bowling and gaming will be great	10/26/2021 5:48 PM
375	A rock wall in one of the spaces would be amazing	10/26/2021 5:38 PM
376	Would love to see a workshop studio for woodworking and carving projects - especially for seniors who no longer have garages but love to do projects.	10/26/2021 5:36 PM
377	Daycare	10/26/2021 5:33 PM
378	Daycare for attendees and day camps	10/26/2021 5:24 PM
379	squash courts	10/26/2021 5:23 PM
380	Would love to have as many amenities under one roof as possible to encourage many different people to use it. It should have reasonable fees to attract everybody	10/26/2021 5:15 PM
381	No need for more housing on that corner	10/26/2021 5:12 PM
382	Child care space	10/26/2021 5:09 PM
383	More parking.	10/26/2021 5:03 PM
384	It is difficult to choose 4 things above when many are connected to the idea of a pool.	10/26/2021 5:00 PM

	Transcona indoor pool is in need of repair or replacement.	
385	Ice rink	10/26/2021 4:47 PM
386	Small theatre for rental. Bday parties, business meetings, Theatrical plays.	10/26/2021 4:44 PM
387	Daycare	10/26/2021 4:37 PM
388	A rock climbing feature. It is a great activity for children and very space-economical	10/26/2021 4:35 PM
389	Court sports ie squash or racket all if cost isn't prohibitive.	10/26/2021 4:35 PM
390	Outdoor fitness facility of some sort	10/26/2021 4:30 PM
391	None	10/26/2021 4:27 PM
392	Am 60yrs old so programming for seniors and with disabilities.	10/26/2021 4:25 PM
393	Women's only section of the workout gym	10/26/2021 4:21 PM
394	Rentable space for practitioners such as physio therapy, massage, and sports medicine could provide revenue and have a one stop shop for augmenting services, although it appears Park City Commons may have beat you to it. Consider how it is done at the wellness. Maybe a medical doctor's office? It seems to be one thing lacking in the "complete village" concept. Also rentable cafe space for healthy drinks and snacks would be nice.	10/26/2021 4:16 PM
395	Rock Climbing Wall	10/26/2021 4:08 PM
396	indoor rollerskating rink, indoor skateboard park, beach, curling rink, 6 floor viewing tower, outdoor picnic/shade/playground area, mini golf, outdoor public fitness area, bike pump/repair station on bike path, crosswalk to No Frills, bike path on Plessis and Kildare not on roadway, ceramic studio, music room to borrow instruments through library,	10/26/2021 4:07 PM
397	Steam room	10/26/2021 3:54 PM
398	N/a	10/26/2021 3:53 PM
399	I believe it should be a 3 or 4 sheet ice-plex with a gymnasium, senior activity centre and running/walking track. Could then close River East, Terry Sawchuk and replace Roland Michener.	10/26/2021 3:32 PM
400	Indoor soccer complex for soccer leagues	10/26/2021 3:31 PM
401	A sauna would be a fantastic addition if you are gonna have a fitness spot and a pool. The only other place that has a sauna is Concordia pool. Would be great to have one!!!	10/26/2021 3:25 PM
402	instructors for stroke recovery adults to loose weight	10/26/2021 3:23 PM
403	Ice rink	10/26/2021 3:22 PM
404	Any of the listed, I have not selected would be great. Also, a drop in centre for youth (12+) just to hang out	10/26/2021 3:11 PM
405	Coffee shop or lunch restaurant	10/26/2021 3:11 PM
406	An indoor skating rink for public skating	10/26/2021 3:10 PM
407	Childcare program	10/26/2021 2:24 PM
408	Skating Rink	10/26/2021 9:53 AM

Q6 How would you travel to the facility? (Check all that apply)

Answered: 1,390 Skipped: 72

35	All good	10/26/2021 3:04 PM

Q7 To help cover costs of a contemporary multi-use facility, the City is contemplating charging higher user fees. The City would continue to offer its fee subsidy program for low-income households. Do you support the City charging slightly higher user fees for a facility such as the one being proposed?

#	RESPONSES	DATE
1	Housing project should be affordable coop housing, we need so much more of this	11/15/2021 11:38 PM
2	I only agree with the housing part if its sole purpose is for Veterans. Veterans need housing!!!!!	11/15/2021 10:30 PM
3	There is so much growth and development of housing in that area (between Transcona and EK) and I worry about adding more residences will overload resources in the area.	11/15/2021 10:13 PM
4	Housing in the area seems to have quadrupled, but amenities have not kept up.	11/15/2021 10:11 PM
5	Pls dont put housing on the property or at least huge tall buildings. We have enough housing going up around there.	11/15/2021 9:42 PM
6	Rather than housing have land available for expansion or a skate park, outdoor community garden or other public space for recreation or leisure.	11/15/2021 9:35 PM
7	Is there going to be parking for this complex,if you sell land to developers?	11/15/2021 9:03 PM
8	I marked neutral as the traffic congestion in this area is high. Right now, you cannot turn left into the library if you are traveling east on Transcona Way. I would hope a turning lane would be added to accommodate this.	11/15/2021 8:45 PM
9	The traffic is a nightmare! You want to add more houses! Are you serious!	11/15/2021 8:36 PM
10	Should be affordable to all even middle class are struggling	11/15/2021 8:27 PM
11	Times are tough as it is, make it reasonable by adding family packages for usage of the facility	11/15/2021 7:39 PM
12	Don’t jack up the costs for faculty usage. This is classism at its finest. How is this fair? Who is dictating this nonsense? Do you think that even though some are in a higher income bracket that they can afford higher fees? We can just go to planet fitness or find space to work out elsewhere. Nice try, sell the land to offset the costs. Don’t try pull wool over our eyes and make it seem like you’re looking for public input/opinion and then do the exact opposite. And why am I only hearing about this now? I. Hilt my house in 2014 and never once was there an opportunity for us to be a part of this ‘community’ initiative. I don’t support this at all.	11/15/2021 7:38 PM
13	Please keep the pricing accessible for everyone	11/15/2021 7:32 PM
14	I am in favour of this recplex and hope to see this facility up and running for my family to enjoy for years to come.	11/15/2021 6:58 PM
15	Would be ideal for park and ride , including secure bike area	11/15/2021 6:36 PM
16	Land should be used for future recreational development Perhaps developing an area for senior day care/ child daycare would bring in additional revenue vs more housing.	11/15/2021 6:35 PM
17	Please complete this project. This will improve peoples physical and mental health.	11/15/2021 6:25 PM
18	Great to see new spaces! Please let this be a reality and not just a dream!	11/15/2021 6:13 PM
19	User fees need to be similar to those of YMCA in order to attract as many people as possible. If the fees are too high the use will be minimal as people cannot afford high rates.	11/15/2021 6:13 PM
20	I would love to see this location with a lap pool to offer swimming lessons.	11/15/2021 6:08 PM
21	How will traffic be controlled. Could get quite congested in an already extremely busy area. Will there be enough area for parking.	11/15/2021 5:56 PM
22	How soon can it be ready.	11/15/2021 5:48 PM

23	I believe using the space would be better used as a parking lot, not housing	11/15/2021 5:46 PM
24	make all areas accessible as possible	11/15/2021 5:45 PM
25	Music programming, education and performance opportunities will greatly enhance this space.	11/15/2021 5:29 PM
26	In the adjacent land build tiny homes for the homeless to help get them off the streets. You save money and create more taxes	11/15/2021 5:23 PM
27	I would really like it if the city put money back into funding smaller community centres that are walkable.	11/15/2021 4:47 PM
28	Unless the selling of property is for low income housing i am against this	11/15/2021 4:13 PM
29	Before going further with design, look at more focus groups or research on each space within the proposed facility. The pool design needs more work, as an initial design is presented in the virtual open house, but the questions on this survey talk about adding other items which there appears to be no space to add in.	11/15/2021 3:15 PM
30	Why is this facility being considered in this area when you have already done significant upgrades to Transcona Pool. Is there not some way to continue the the upgrades to Transcona Pool instead.	11/15/2021 3:07 PM
31	Don’t support selling it for housing complex if it’s low income housing.	11/15/2021 2:31 PM
32	We have so much housing already with the condos, housing and side-by-sides so not keen on adding more at all to what is already going into development in Transcona. Also the roadways are not sufficient and the need for schools is larger, but a facility like this would be very beneficial to the areas absolutely.	11/15/2021 1:59 PM
33	this complex is desperately needed in the Transcona area. The east end of the city has been long neglected when it comes to community sites and programming.	11/15/2021 1:44 PM
34	My family is not low income but I work two jobs to get by and if the charges are higher only people on subsidies and people with a lot of money can use the facilities	11/15/2021 1:30 PM
35	Although I agree with the concept, I feel that I would like to see single residences or townhouses. NO MORE APARTMENTS	11/15/2021 1:21 PM
36	This centre should be mainly for people located in transcona The new splash park was build and is always full with people from other parts of the city	11/15/2021 1:00 PM
37	Use it to better the road infrastructure around the city instead	11/15/2021 12:44 PM
38	green space next to it seems to also be a good idea...	11/15/2021 12:23 PM
39	I would still like to see Green Space that has been there for years !	11/15/2021 11:16 AM
40	Needs to be affordable for middle income family with lots of kids	11/15/2021 10:59 AM
41	I think you should make this rec center a place for family can go with that being said I don't think you should raise the price you need to make it affordable for family to attend a family of 4 can't afford 50 dollars to go to the pool also I think every area has there own rec center so you should make it so that the people on the area get priority	11/15/2021 10:36 AM
42	Quit waisting money on amenities that exist elsewhere. This will just increase traffic in the area and ultimately increase the cost of living in the area, especially for the people who have no use for it in the first place.	11/15/2021 10:29 AM
43	I disagree with having housing on the east and south sides of the property. We need to have adequate space for the RecPlex and Library current and future needs. I feel neutral about having housing on the far west side of the property. The swimming pool needs an adult size changing table to service disabled people of all ages and sizes. This large community hub would benefit from art that helps people find their way and find each other. Transcona needs more meeting rooms for community groups so the ones here will be important. The world feels like a scary place so creating a safe community hub is essential. Greenspace, outdoor lighting, windows, and open sight lines indoors and out are important.	11/15/2021 10:09 AM
44	I would also support increased taxes to help cover the cost of this facility. I believe all the amenities listed should be included in this facility.	11/15/2021 9:58 AM

45	Would it be for low income housing to help combat our homelessness issues in the city?	11/15/2021 9:52 AM
46	This seems like the perfect site for additional multi-family and senior housing. I do think that a portion of the housing needs to be income geared, far too many of the apartments in the area are becoming out of reach for people.	11/15/2021 9:31 AM
47	If user fees are kept reasonable you will get more people to the facility.	11/15/2021 9:18 AM
48	We don't need duplicated gym equipment there are gyms all over. We need wholistic wellness features that promote nutrition, mental wellness, low barrier to entry, therapeutics, aqua therapy - a modern and progressive facility will future-proof it and meet the needs of the community. Adjacent to the library I would hope complimentary activities exist such as outdoor reading and exploratory walks. Ideas like book clubs anchored in cooking then using a community kitchen, or history books matched with a historical walking tour, or botanicals and a community garden harvest.	11/15/2021 8:48 AM
49	Sadly there is so much housing go up. And not enough schools. Many people enjoy the nature of the path with in the city due to not being able to get out the city like birds hill. I realize that you need money to fund the project but i feel keeping nature is more valuable. I moved here 17 years ago from a small town in northern manitoba, the reason why i liked and settled in transcona is because of the small town feel the nature to escape too and having amenities down the strip. The roads are so congested already in the area and regent. Thanks for listening	11/15/2021 8:09 AM
50	Don't waste more taxpayer money! Clean the ***redacted*** roads of snow properly in winter and fix them in the warmer months	11/15/2021 8:07 AM
51	will ther be enough parking if the land is sold?	11/15/2021 7:54 AM
52	Progressive & welcomed. Finally nice for North East area of the city!	11/15/2021 6:28 AM
53	I would love this in the area !	11/15/2021 6:25 AM
54	Transcona has been waiting for a facility like this for so long. Please make it a reality and keep it accessible for lower income families.	11/15/2021 6:11 AM
55	Absolutely support the Veterans Housing	11/14/2021 11:53 PM
56	If land is sold to cover costs, why would higher user fees also be necessary?	11/14/2021 9:57 PM
57	What happened with placing in the YMCA as discussed before? Why all of a sudden something different that charges more money?	11/14/2021 9:56 PM
58	Winnipeg needs this, I hope it is supported. Other major cities all have such amenities. Money needs to be spent on something other than roads.	11/14/2021 9:47 PM
59	is there enough parking allocated to this thing? If there is housing around, the parking will get worse, and so will the traffic flow. those are my main concerns	11/14/2021 9:30 PM
60	the area is already highly populated and surrounded by multilevel buildings. More parking for the RecPlex visitors is necessary to avoid parking conflicts and traffic jams	11/14/2021 9:14 PM
61	Not at all	11/14/2021 7:00 PM
62	Low incomers should not be turned away, assuming the additional user fees will cover these costs.	11/14/2021 6:46 PM
63	Support local small business, & save as much as possible on construction. Winnipeg citizens always wanting to save money. Show them the city can do this	11/14/2021 6:39 PM
64	Winnipeg desperately needs this especially north end of city. Excellent idea.	11/14/2021 6:29 PM
65	Fitness is critical to mental health, and must be accessible to all	11/14/2021 6:17 PM
66	Co op housing	11/14/2021 5:55 PM
67	I would love this but my family makes too much for government subsidies but can not afford a high membership price tag either. Common in Transcona to my knowledge.	11/14/2021 5:54 PM
68	This would be a dream come true	11/14/2021 5:34 PM
69	Fees should cover use for various sections only. for example we would not use the pool but would use fitness area, track, fit classes. If fees were for select areas, it could be more	11/14/2021 4:45 PM

	affordable.	
70	Need more hockey complexes	11/14/2021 4:27 PM
71	Pricing should remain comparible to YMCA or fitness centers such as GoodLife or Shapes.	11/14/2021 4:16 PM
72	What is the planning for parking and driveway accessibility?	11/14/2021 2:34 PM
73	More housing equals more vehicles and traffic. The area is already very overwhelmed with more traffic than the infrastructure supports. More improvements to the current infrastructure is needed to accommodate more housing/traffic	11/14/2021 2:31 PM
74	There is already a lot of traffic in that area and now you want to add more housing and more cars and still not proper parking as further down Transcona boulevard where it is not 2 lanes but one parking lane and a driving lane. It will become more a dangerous for walkers and bikers and kids in that area.	11/14/2021 2:28 PM
75	Is not needed in this area…should be built in Sage Creek area….there is nothing like this located there .....but there is lots of gyms/pools etc in transcona area	11/14/2021 2:21 PM
76	Why sell the adjacent land when you can use it for multilevel parkade or even future development? Be proactive instead of selling the farm all the time.	11/14/2021 2:17 PM
77	Only sell to those that would attach to the rec building. Seniors and low income would be preferable for housing.	11/14/2021 2:14 PM
78	We spend too much money on fancy facilities in subburbs	11/14/2021 2:12 PM
79	The area is already getting crowded.	11/14/2021 2:08 PM
80	Location, needed more north main of city near perimeter where development is growing rapidly!	11/14/2021 1:47 PM
81	I would like all of the features, but I know that's too expensive.	11/14/2021 1:13 PM
82	Keep the land for expansion such as a future hockey rink	11/14/2021 12:37 PM
83	The more reasonable the user fees, the more likely it'll be used my the masses.	11/14/2021 12:25 PM
84	Have a family rate or yearly pass. I have twins and 1 older child abs paying a higher fee per person will limit us being able to use the facility.	11/14/2021 11:29 AM
85	Addition space should go to Veteran housing	11/14/2021 11:28 AM
86	I believe this area should be kept vacant as new proposal for additional rec activity should be considered. For future development ie… basket ball courts, green space for picnicking , trees art and sculpture benches Outdoor labyrinth, outdoor washroom accessibility, Toboggan Hill Trees ,gardens Outdoor play area to include Zipline …our grandchildren loved the one in Ajax … very safe with bucket seat for the little ones who can not hang on,,,, large saucer swings, touch areas, movement apparatus, balance beams, exercise area with equipment for elderly ,physiacally challenged individuals can enjoy and feel safe doing. What about an indoor park to use during inclement weather?? ... just asking Stationary shelters from the sun with cement picnic round benches, friends meeting areas, Outdoor area for concert, dance,movies?etc.. Please consider a double gated dog park or path off of the Transcona trail….so so many people use this are to walk their dogs. Please google Ajax Ontario's Audley recreation Centre or ARC. They have a library attached as well. Very nice use of space and continuing to expand…. Lighting along Transcona trail imperative.especially if vehicular traffic crosses it in several places. Let's keep everyone as safe as possible. Please re consider your paragraph to read Design WILL include approaches and features that reduce the carbon footprint…. Include stone caged sculptures like that in Audley Rec Centre in Ontario. They are awesome picture taking areas, bring smiles to all ages and are very creative. Excited to see this finally coming to us. I hope to live long enough to get to use it!! Lol Also the parking seems a bit off. .? Perhaps need for another entrance off Plessis. Or attachment of the Rec centre on the opposite end of library??im no architect but access is imperative. So are safe exits. We already have a huge amount of housing being put up in the Transcona commons area, I understand the need for revenues however placement might be better on the far west end of the property..all together. …. Thank you for allowing us to have some input into this very needed and potentially beautiful facility. We must leave room for green space and future development needs. It's going to be awesome	11/14/2021 11:02 AM
87	I agree the city will likely need to charge higher fees - I just hope they aren't so high that it'll be	11/14/2021 10:44 AM

	unattainable for seniors who aren't considered low income, but do have to stick to already tight budgets.	
88	Retain adjacent land for future facility expansion, other public use.	11/14/2021 10:36 AM
89	Raise the prices!! Not the answer! Stop the development and create green safe spaces!	11/14/2021 10:33 AM
90	Parking will be large concern for a centre like this. Ample parking should be ensured.	11/14/2021 10:31 AM
91	None	11/14/2021 10:20 AM
92	Programming would need to be plentiful and logical with lots of options	11/14/2021 9:45 AM
93	Let's get this project going East Winnipeg is booming with growth!	11/14/2021 9:38 AM
94	Agree to housing but not another "luxury condo" ***redacted***. Need more affordable housing.	11/14/2021 9:37 AM
95	Have been waiting years Transcona area to have something like this.	11/14/2021 9:34 AM
96	So long as it is not meant to shut down local community centres.	11/14/2021 9:28 AM
97	We need this facility.	11/14/2021 9:11 AM
98	Don't need the complex	11/14/2021 9:00 AM
99	This is a great idea but it needs to be affordable . With costs of housing etc, many families not just low income may struggle to afford this amenity. Also how have you addressed the increase traffic in an already busting community.	11/14/2021 8:44 AM
100	Nope	11/14/2021 8:13 AM
101	What's the point of paying taxes for facilities that I can't use. Stand up for Canadian rights and allow all to participate regardless of vaccination status.	11/14/2021 8:06 AM
102	Location sucks, something more in North K	11/14/2021 8:05 AM
103	The housing should be low income	11/14/2021 7:59 AM
104	Consider Equity. City facilities should be affordable for ALL families If you have to charge more. Don't build this until you don't have to.	11/14/2021 7:57 AM
105	I buy 10-30 swim visits--just wondering how this will work if the new location charges more especially if we are still reserving spots, now due to covid	11/14/2021 7:18 AM
106	Parking must be addresses no matter the format	11/14/2021 6:19 AM
107	It should be same the same price for everyone. Many working families often don't get subsidies and miss out. Miss out because of money and time spent working to try and pay for life. Please do not call it east of the red. We are no where near the red. Associate the name with the community of Transcona. Even keep Transcona in the name. Concern about housing that may be near to a community centre. I would not put any kind of rehab or homeless residence nearby. Align library hours for those going there. Eg. library closed Wednesday and Sunday, open it. Please provide water bottle refill stations and a canteen.	11/14/2021 6:12 AM
108	Good idea. Use the land to pay for the site, please don't gauge the public with fees.	11/14/2021 12:52 AM
109	North east Winnipeg needs more facilities like this. We need safe place for kids to grow up	11/14/2021 12:34 AM
110	Would the pool area change rooms also be used for the gymnasium? Will there be separate change rooms for the upstairs fitness area? Will there be safe access from the transcona trail? The area where the track meets the movement area is a tight blind corner and a high traffic area and could be a problem that could result in injury. Will the parking lot accommodate large machinery for snow removal and clearing? A garden space outside with a program would be useful for community learning.	11/14/2021 12:11 AM
111	There is not enough parking space if a housing development is on the property. There are no adjacent streets to park on for overflow parking. The kitchen may be better located next to a multipurpose room to accommodate programing and/or general use. The pool area design may be noisy and a safety issue if the splash pad feature is added. The plan provided seems to have sharp corners on the jogging path, with high traffic blind spot that may pose a safety issue. Is there a viewing area for the gymnasium? Viewing area would be nice for court play.	11/13/2021 11:28 PM

112	We do not need low rental housing as it bring crime and violence to the area	11/13/2021 8:35 PM
113	It would be wonderful if it could be located near the north perimeter (on the south side), between Henderson Highway and Lagimodiere as this area has very limited options within the neighbourhood.	11/13/2021 8:11 PM
114	Just Get 'er Done!…Please and Thank you	11/13/2021 7:56 PM
115	I am gobsmacked that this is being proposed when the Concordia wellness center project was shut down. It had a great business plan and fundraising was well underway. The location would have been great also.	11/13/2021 6:45 PM
116	no	11/13/2021 4:38 PM
117	The city sold land in Transcona area to meet agreed upon tri partite funding for Buhler Recreation Park. Once was enough. Find the funds through other avenues. Sam Jatz was mayor at tat time	11/13/2021 3:55 PM
118	Should be outdoor space as well	11/13/2021 3:21 PM
119	The adjacent land should be used for outdoor rec space.	11/13/2021 12:50 PM
120	Please make the facility 24hrs. Please make monthly fee options, and a choice of different fees for different areas (ie if i don't want to access the fitness centre but want to use the indoor track).	11/13/2021 11:57 AM
121	sell lands and take the taxes from these lands? Where is the $60 million to build coming from	11/13/2021 11:54 AM
122	Too much high density housing in the general area, would be nice to keep green space. However, how else would this project be funded. Sigh	11/13/2021 11:52 AM
123	I want the city to provide transit bus to ply transcona blvd route as soon as possible as alot of people need this transit in this area not only Plessis road or Pegius Road. Alot of people live on Transcona blvd and their inside and there is no provision of bussing, people walk long distances which is not okay in all weather as seen like yesterday massive snow fall.	11/13/2021 11:42 AM
124	There needs to be more affordable recreation activities and housing. The apartments, condos and homes in that area are way to expensive for most people especially seniors and families.	11/13/2021 11:30 AM
125	I'm very much looking forward to having a recreational centre close to my house!	11/13/2021 11:27 AM
126	I would like to know the cost and what it will do for our taxes. We have just refurbished the transcona rink on Pandora and the swimming pool on Kildare, why do we need another complex. I think it will be a total waste of money. We have many private gyms in the area. With all the money spent in the pandemic I don't think this is an appropriate investment at this time	11/13/2021 11:18 AM
127	Covered walkways. Solar power.	11/13/2021 11:16 AM
128	To help fund the cost of the Recplex, yes, sell the adjacent land for housing…. But make it AFFORDABLE stand alone houses. No more apartments, high rises, condos or side by side living. This area is growing and we need more affordable single family homes.	11/13/2021 10:41 AM
129	Considering a housing development beside the complex, what will the impact be on sufficient parking.	11/13/2021 10:21 AM
130	I would really like to see this go through with all of the amenities proposed.	11/13/2021 10:09 AM
131	Would absolutely love love love a swimming pool in my neighbourhood!!!!!!	11/13/2021 10:04 AM
132	Traffic is of concern as there is already so much traffic	11/13/2021 9:00 AM
133	The area is very congested as is. If additional housing were built in the area, the Rex Plex would be a traffic disaster and not worth going to.	11/13/2021 9:00 AM
134	I truly wish they would put a new complex in the kingsman centennial pool area as it is central to transcona and has just been upgraded with a major outdoor pool.	11/13/2021 9:00 AM
135	This end of the city desperately needs something like this. There should be a discount given based on those who live in the area or priority access to booking swimming lessons or activities.	11/13/2021 8:56 AM

136	Please make it affordable for middle income families	11/13/2021 8:51 AM
137	Depends on the type of housing development	11/13/2021 8:51 AM
138	I think if they are going to charge a fee it should be based on which parts of this facility that you plan to use. I don't think you should pay a fee for everything because the only thing that I might use is the pool as that is something that we don't have in our area. I don't have to want to pay for the water park and the gymnasium and other things like that if I don't plan to use them. I mostly would use the pool for fitness because that something that we don't have. I think the water park area would be overrun by children and will be nuts so I don't want to have to pay for those. Certain parts of the facility could be a daily charge and other parts could be more of a monthly charge or week by week	11/13/2021 8:50 AM
139	A secure area to lock up bikes would be great. Extended hours would be great as well	11/13/2021 8:32 AM
140	Incorporate a rapid transit station into the site.	11/13/2021 8:30 AM
141	The area is already overcrowded. More housing will lead to traffic congestion and lack of parking.	11/13/2021 8:30 AM
142	Fantastic idea and much needed in the area	11/13/2021 8:28 AM
143	Please make sure the wave pool is really big, every time something is built in Winnipeg it is never big enough to accommodate the surrounding population, which in turn there is a lot of land there but looks like only half is going to be used for the facility cause of the condos you want to build. Also don't charge an arm and a leg to use the facility, and maybe build one of those surfing features with rushing water. Please take the time to look at other water park facilities before you build this one. Make sure you do this right so the public doesn't say…. I wish they would have done this instead or made this bigger!	11/13/2021 8:28 AM
144	Get it done!	11/13/2021 8:27 AM
145	Build it right and don't cheap out to save money now and you will need to spend later. How about having a sport medical clinic inside it so you don't need to travel to Pam am for those treatment.	11/13/2021 8:19 AM
146	Traffic already congested in the area. But new facility to encourage exercise/activity is needed in the area	11/13/2021 8:18 AM
147	Higher user fees only for those from outside the community	11/13/2021 8:16 AM
148	No	11/13/2021 6:46 AM
149	Pick A better name. Transcona RecPlex or something.	11/13/2021 6:42 AM
150	Will the apartments be occupied to maximum as it seems there are so many going up in the area.	11/13/2021 1:43 AM
151	I dislike how much parking is being planned for on both sides of the Transcona Trail. This will negatively affect the feel of the trail. No one wants to essentially walk through a parking lot. Everything else about the facility and plan are great though!	11/13/2021 12:38 AM
152	Are there programs available? Basketball, soccer, swimming lessons, etc?	11/13/2021 12:25 AM
153	Already very populated and traffic is an ongoing concern. Also access to parking seems lacking in design. Bike paths would be excellent.	11/13/2021 12:16 AM
154	Too many apartments and condos there already.	11/13/2021 12:10 AM
155	It depends on how extensive the housing would be. Traffic and population density is already a concern in this area. It would be nice if we incorporated green space area in this project..	11/12/2021 11:53 PM
156	No questions	11/12/2021 11:35 PM
157	Adding additional housing on that lot will leave little room for future expansion of the facility and parking, in addition could add congestion to the street that already has a lot of congestion.	11/12/2021 11:19 PM
158	Transcona and surrounding area need something like this.	11/12/2021 11:13 PM
159	We do not need any new housing developments in Transcona. More than enough have been added over the years to the point it is starting to ruin the feel of the area. We add more housing yet have schools that are over capacity and a huge increase in traffic	11/12/2021 10:39 PM

160	I like the multi-use facility located adjacent to the library. However, I am a senior and I hope that I will be able to afford the user fees so that I can attend this new RecPlex.	11/12/2021 4:28 PM
161	There will be a big need for parking to accommodate users of the facilities. How many would be needed for the people who live there>	11/12/2021 3:25 PM
162	Cafeteria facilities/small restaurant	11/12/2021 3:23 PM
163	Specific to senior needs need to be considered. Separate entrance fees for seniors without having to meet a family income criteria but just proof of age..	11/12/2021 12:06 PM
164	More focus on facilities for seniors.	11/12/2021 11:53 AM
165	Our family moved to the area partially because of this proposed site. We strongly support it!	11/12/2021 9:59 AM
166	Would this still include a transit loop?	11/12/2021 9:57 AM
167	It is nice to see new development, however your not costing it out to the single person. Cost of living is way up with no increases in wages.	11/12/2021 9:54 AM
168	We live near Monrowe and Gateway so this project doesn't apply directly, but we do drive to Kildonan Place and nearby areas.	11/12/2021 9:50 AM
169	As a retired person i need to watch the budget but I like to keep active. Cost is a factor.	11/12/2021 9:48 AM
170	Brilliant! Its about time Winnipeg.	11/12/2021 9:46 AM
171	Concerned with increasing vehicle traffic in the area.	11/12/2021 9:41 AM
172	I would suggest charging more for people who don't live in the city to help fund the cost of the facility. They don't pay city taxes so they should pay more to use the city facilities. I also love the library beside Pan am pool. Parent of competitve swimmers need somwhere to go when their kids are swimming and parents of little kids can spend the day in that one area.	11/12/2021 9:39 AM
173	The recreation complex and gym are what i look forward to the most.	11/12/2021 9:34 AM
174	I think you should look at adding a school attached to help subsidize as well. If the area needs a school and maybe a private school as well as public this way both are helping with the cost and can use it as part of their curriculum for gym etc.	11/12/2021 9:16 AM
175	Make sure parking lot is big enough for both facilities.	11/12/2021 9:13 AM
176	Instead of wasting money on roadways and boulevards and having them wrecked by trucks or dug up, use the money for the rec center. I see everyday mismanagement of improvements, ie: sodding Peguis St. to have service vehicles drive over them and leave big ruts or paving roads only to have them torn up to put hydro or gas lines in. No forethought at all. How about putting top soil and sods down in front of the library on Transcona Blvd and not water it, only to come back a year later and do it all over again. Come on!!!	11/11/2021 9:41 AM
177	leave the path alone you monsters	11/9/2021 12:21 PM
178	The rec complex and gym are what I look forward to the most	11/9/2021 10:38 AM
179	leave the environment alone	11/9/2021 10:14 AM
180	A 55 + is needed	11/9/2021 9:51 AM
181	The proposed seniors complex is not only needed but is good proximity to the services of the proposed facility and the library and shopping.	11/9/2021 8:57 AM
182	With the Citys current debt due to covid, and with other priority projects, such as louise bridge replacement, peguis trail extension, east rapid transit corrider expansion, do you see this project being completed prior to 2030 or after 2030?	11/9/2021 8:35 AM
183	Allow for ample parking and don’t shortfall the facility or the library as the city and developers love to do. You can’t get the space back once it’s gone.	11/9/2021 4:41 AM
184	My answer to question 8 depends on the type of the proposed housing development. Introduction to new manitoba housing develops in my area has already increased petty crimes substantially. To the point where we have coordinated a neighbourhood watch and to have to	11/8/2021 10:31 PM

	deal with the problems ourselves cos the police don't respond to the calls. If the land is being sold to put in regular homes, then that is fine	
185	Where do the buses park to drop off people for the library and sports complex? Where do the buses park while waiting for the teams to finish their events? Access to the library parking lot looks like a nightmare. If there is a big event at the sports complex there will be a high risk of vehicle accidents while trying to maneuver through the maze to reach the library parking. Handicapped people and seniors need shorter distances to walk from the parking lots and building entrances to the library.	11/8/2021 9:46 PM
186	So many apartments in this area as is. Need more recreational facilities and meeting areas	11/8/2021 7:03 PM
187	Heard of small houses for veterans ....would definitely support this use	11/8/2021 6:44 PM
188	Do not sell any land on the recreation campus site to private developers. Any private development should be restricted to west of the Transcona Boulevard entrance road. Outdoor recreation space (courts, rinks, etc) could be located on the NE corner of the space (north of the library, east of the rec centre) and would provide a better way for people to access the site via the Transcona Trail without having to dodge cars in the parking lots.	11/8/2021 6:30 PM
189	If it is to become more high rise multi family I am against this idea. Density of Transcona is becoming much too high for the outdated road systems we have in east Winnipeg.	11/8/2021 4:21 PM
190	This is long needed for this area!!!	11/8/2021 3:14 PM
191	Question #8 does not make any sense. Didn't the City already completed all the planning and went ahead with the TIF Financing Model and the tax revenue TIF scheduling? Also, is the above mention "adjacent land sell" part of the 32-acres land listed in the TIF or is it in additional to the 32-arces? In closing, as a growing city, we must be brave and build more larger Community services facilities that encourage future growth to our city, where young and old can enjoy together. Thank you, ***redacted***	11/8/2021 2:46 PM
192	Perhaps the city can look at selling off other land assets to fund projects like these and not necessarily land directly adjacent to the facility which would otherwise limit further expansion of the site.	11/8/2021 12:41 PM
193	If housing development brings down user fees, then it's a no-brainer.	11/8/2021 10:25 AM
194	Senior housing could be connected to the RecPlex to be more accessible in the winter months.	11/8/2021 9:51 AM
195	Please consider saving open/unused land instead of filling all of the area with concrete.	11/8/2021 9:23 AM
196	It is disappointing that the city is attempting to swindle residents by sliding in some private residential developments into a recreational campus. This is city land that was originally designed solely for recreation purposes and suddenly the city wants to sell out to developers. If the city is so hard up for funding, then perhaps stop giving tax breaks to already wealthy developers.	11/8/2021 8:18 AM
197	Senior housing	11/8/2021 8:08 AM
198	I would strongly support reduced rates for seniors.	11/7/2021 9:26 PM
199	Schools in this area are already quite full. This needs to be addressed as more housing is developed.	11/7/2021 2:19 PM
200	Rather than housing developments on the adjacent land, I'd like to see outdoor recreation areas developed. For example, I'd like to see more basketball and tennis courts as the existing courts quite often have queues. Perhaps, there is potential for a winter skating rink.	11/7/2021 12:14 PM
201	Homes for Homeless veterans would be a good fit	11/7/2021 11:41 AM
202	There needs to be adequate fitness machines. A sauna and hot tub would be a nice addition.	11/7/2021 9:47 AM
203	I thought the city was considering building tiny homes for veterans or homeless. This would be a good idea.	11/7/2021 8:49 AM
204	Agree to using the land for some development t as long as it is not the little houses for the homeless. I am unsure what the WHRC component would be but hopefully not that.	11/6/2021 6:33 PM
205	Regarding 8 - support the Veteran housing project but not MB housing projects or large scale apartments.	11/6/2021 5:41 PM

206	Is there a planned membership or pay as you use or pay for parking?	11/6/2021 4:06 PM
207	Use hardwood for the gymnasium and not the rubber floor. Seen too many knee injuries as a result of the rubber floors	11/6/2021 3:39 PM
208	Due to covid there are no gymnasiums that are useable in the easy side of the city. We are really lacking on amenities, to help foster an active lifestyle.	11/6/2021 2:50 PM
209	Let's get in done.	11/6/2021 12:59 PM
210	Please establish homes for homeless Veterans.	11/6/2021 12:43 PM
211	Better accessibility to lower income families would be a good idea.	11/6/2021 10:32 AM
212	Being a senior fee should be lower as we are on a fixed income. Also no to housing in the area as there is plenty already.	11/6/2021 9:02 AM
213	Green spaces or parks are important parts of recreation. Don't build too much around the complex - leave some breathing room.	11/6/2021 8:44 AM
214	Seniors discount would be helpful.	11/6/2021 8:42 AM
215	Subsidy or reduced rates for seniors. Monthly passes vs yearly	11/6/2021 8:26 AM
216	Space for senior programming and services	11/6/2021 7:06 AM
217	Not at this time	11/6/2021 6:06 AM
218	This would be amazing for not just our community but also our city as we have seen many people travel into Transcona to use the aquatic centre. Also encourages people to want to live in an area with more amenities. Our family supports this 100% and would be members if it’s something we could afford.	11/5/2021 10:23 PM
219	This has been in planning stage since 2018. Other areas of the city have many new facilities and East of the Red River area has been largely ignored. The area the proposed facility would serve continues to grow rapidly and densely. Its time for the city to invest in this community …. and soon!	11/5/2021 5:34 PM
220	This would be a wonderful addition to the area and accommodates singles, married, families, young and old.	11/5/2021 2:09 PM
221	Too much housing in area already that will lead to more congestion on the streets.	11/5/2021 1:27 PM
222	The City of Winnipeg Recreation Services employees should run the facility and be in charge as they do an excellent job of providing services. We need leisure guide programming done at the facility as well for the community.	11/5/2021 12:12 PM
223	My concern is having a HIGHER user fee may make it unaffordable for middle income families. Possibly host fundraisers to subsidize (fall supper, spring tea,	11/5/2021 9:06 AM
224	development of outdoor space for movement use, around the facility would be desired	11/5/2021 8:42 AM
225	So much building in area	11/5/2021 7:46 AM
226	Winnipeg needs another go to location Other than the forks and the zoo	11/5/2021 6:53 AM
227	We need swim lessons for the kids as there isn’t enough. We also need it affordable for families who would like to go more than just once in a while.	11/5/2021 6:15 AM
228	Sounds lovely, but there are existing facilities that could use some TLC, and I'm not sure we can afford it. ***redacted***	11/4/2021 10:20 PM
229	The number of parking spaces (RecPlex, Library, housing, housing) is staggering. 70% of the entire site is surface parking, which is unacceptable in 2021! The worst is the hundreds of spaces on the north side of the Transcona Trail, which is at best a major inconvenience for trail users (who are also ***recreation*** users) and at worst a safety hazard to cyclists/walkers/skaters/runners.	11/4/2021 9:35 PM
230	Traffic is already a nightmare. Adding even more housing and activity area is just gonna make it worse. Plessis south of transcona blvd can't handle the traffic now, as there are always line-ups. Plessis can't handle more on a 4 lane road	11/4/2021 8:37 PM

231	I think before the city sells the adjacent land, they should be sure that they build a facility large enough to include all the amenitites that the city/province deserve. Focus on what your main objective is-and that is building a first class facility!!	11/4/2021 8:15 PM
232	Ice Rink just for casual skaters/No Hockey. Maybe skating lessons.	11/4/2021 7:42 PM
233	Transcona Blvd is only 2 lanes each way with parking taking up 1 lane in the west. The City should be more mindful of the amount of traffic in the area esp. with the growth of residential, business and city facilities. There is too much traffic pressure on Regent and now Transcona Blvd. City Planners should have realized the growth in the area and had 4 lanes of traffic each way.	11/4/2021 6:41 PM
234	More parking is needed in the area	11/4/2021 5:29 PM
235	Out of town people pay more. City residents would get a fair price. Families of 4 and more better rate and seniors a special monthly rate.	11/4/2021 5:07 PM
236	I don't support higher user fees for a number of reasons: first, it's a barrier to access. The low-income household fee subsidy program is a great idea, and in practice it may work - or it may be another set of steps and barriers for folks who don't have the extra time to jump through those hoops. I'd also like to know if the library will continue to have its own separate entrances!	11/4/2021 5:02 PM
237	Might need to make a bigger parking lot as the library parking lot is very small.	11/4/2021 4:39 PM
238	It would be better to add some extra services like squash courts. There are none available on this side of Winnipeg	11/4/2021 4:35 PM
239	While I agree there is need for this kind of facility, I do not like the location, which is already quite busy with traffic. It also duplicates amenities with the planned Concordia Ave "Wellness Centre" style project. The Concordia Ave site is nearby to this location and it much better accessed by traffic.	11/4/2021 4:32 PM
240	Keep it affordable for all families	11/4/2021 4:13 PM
241	Accessibility for the pool should be mandatory. Spray pads and shallow pools are not necessary there is enough around the area. Hot pool should just be part of it.	11/4/2021 2:23 PM
242	This whole project is far too elaborate. Cut out expensive "decorating". Keep the taxes down !!!!!!!!!!!	11/4/2021 12:47 PM
243	Get rid of the stand alone arenas and rec centres and sell the land to help pay for these new complexes. And an FYI... there should be one of these in all for corners of the city.	11/4/2021 12:46 PM
244	Transcona is growing and we really need a complex such as this. Especially with the age of transcona kinsmen pool it would be good to have an additional pool in the area.	11/4/2021 12:28 PM
245	Would love to see a rapid transit stop there. Or a recreation center of sorts. Personally a pool or lazy river is not for me at all.	11/4/2021 12:09 PM
246	I don't know what the additional space for sale is if it is currently greenspace our mandate is to increase greenspace - if it just industrial, then I would support selling to provide money for the build	11/4/2021 12:02 PM
247	there needs to be no cell towers on or near the Rec Plex or on any of the housing development as there are electro sensitive people and there are known health concerns related to EMF radiation. Also the ventilation needs to take into account virus implications such as co-vid.	11/4/2021 11:51 AM
248	They have continued to build & build, they will be no more green space left anywhere. I think it is terrible.	11/4/2021 11:30 AM
249	No, just make it happen.	11/4/2021 11:12 AM
250	It would be better to keep that land for additional facilities in the future or parking.	11/4/2021 10:54 AM
251	This facility should be built in a more central location in the city so that everyone in the city can use the facility. Transcona is way too far for everyone to enjoy.	11/4/2021 10:41 AM
252	Too much parking, the location doesn't support the neighbouring communities to walk to it. It is a completely car-centric development. It is a hostile proposal, in location and site	11/4/2021 10:40 AM

	development, to pedestrians and cyclists.	
253	I am neutral on the housing development as it would depend on what type of housing	11/4/2021 10:39 AM
254	What about new schools in this area? We have new developments built during last 10-12 yeas, but I don't see new schools or childcares.	11/4/2021 10:38 AM
255	Green spac	11/4/2021 10:28 AM
256	How come #13 and #22 are noted in the diagram but not in the legend?	11/3/2021 9:15 PM
257	The Transcona trail will be driven over. It will need to have a raised grade and given proper signage. I didn't notice Bike racks.	11/3/2021 6:56 PM
258	Please do not remove the natural green space behind the library. This is a beautiful, calming area that can be used for other educational and environmental reasons. It's a main feature (for me) of the library. It adds such a calm and serene presence. Please do not rip it up and put in a parking lot. If it must be used, how about an educational prairie grasses garden (like the forks), or trails for walking with educational information. Also, if this is to serve the community, perhaps one of the areas can be big enough to serve as a social hall, with a separate entrance and a small bar/kitchen area.	11/3/2021 1:41 PM
259	Nice to see City is thinking "out of the box" to try to finance development. I hope there will be a crosswalk across Transcona Blvd from Park City Commons to the RecPlex considering the density of the Park City Commons development and potentially lots of users in the immediate area.	11/3/2021 12:12 PM
260	I heard about the potential for veteran housing build around the property. A great fit in my opinion. Could some Wellness providers be built into the plans	11/3/2021 10:40 AM
261	This area is already very congested with high rise buildings and traffic I dont think adding another building is ok more outdoor green space for recreation would be better.	11/2/2021 9:58 PM
262	Please do not pave the Transcona trail. It's a green space that people love and this concept drawing looks to pave over so much.	11/2/2021 7:02 PM
263	Do not want it to turn into a daycare or hung out.	11/2/2021 5:57 PM
264	N/A	11/1/2021 9:37 PM
265	There is nothing like the dakota rec centre on east side of city	11/1/2021 8:08 PM
266	Traffic is a problem now. Adding more high density housing will not help	11/1/2021 7:22 PM
267	8. As long as enough land is retained to construct a first class facility-or the need for future expansion. The excetional growth in the area since the feasability study of 2018 may require a larger facility.	11/1/2021 7:17 PM
268	Only if it's for the little houses for the homeless vets	11/1/2021 7:10 PM
269	No	11/1/2021 7:00 PM
270	It is very disappointing that there appears to be no allowance for rapid transit integration to the facilities. And by rapid transit - I mean actual rapid transit that has its own dedicated corridors not fake rapid transit that runs on the same streets as regular traffic.	11/1/2021 6:43 PM
271	Offering transcona members a discounted member fee to encourage participation...even for an opening promo.	11/1/2021 6:13 PM
272	The City of Winnipeg doesn't listen or care, why bother with these phoney exercises.	11/1/2021 5:22 PM
273	Keep the price in line so low income seniors can afford to participate in recreation options. Also only one access road is limiting. I suggest a vehicle entrance on Plessis while traveling south by walking trail.	11/1/2021 9:10 AM
274	The area is fairly dense now with Park city Commons and the church on Plessis wants to build a housing complex too. Is there any other way to get funds besides building housing? The only green /park space is along Plessis road, north of Kildare Ave. by the Transcona trail.	10/31/2021 12:35 PM
275	WHRC Housing was listed in this proposed plan, is land being sold to them for housing development or is there already plans for them to build in the area?	10/31/2021 6:17 AM

276	The area is growing and if it managed properly and rates are charged accordingly for the programs people want and need then it should be self-sufficient. It needs to remain clean and maintained and should consider 3 types of bathrooms male female and family to allow parents and children.	10/30/2021 10:20 AM
277	We need more green space in this area,, it disturbs me to see how little pride some have in their homes,, and no low income in this area is appreciated the city needs to re address the inner city for that initiative , thank you	10/30/2021 5:49 AM
278	Frequent and quick public transportation that connects north kildonan and east kildonan to this area. My teens would be bussing to this location which could be up to 60 minutes by bus but 3 minutes by car.	10/29/2021 10:42 AM
279	- overflow parking area - vehicles will cross Transcona Trail (pedestrian safety issue) - allow regional access to facility from Capital Region - revenue opportunity, user fees, and supports a regional perspective - warming space objective links with poverty reduction (not climate change) - should not be comparing with facilities built 50 years ago re: climate change objectives. need more info on how climate change/GHG reduction will be handled and improved. - good proximity to commercial uses - good location in a high density residential area (captive users)	10/28/2021 4:32 PM
280	I feel like there is a lot of housing already in the area. Maybe sell the land for some other use?	10/28/2021 3:58 PM
281	that will be a bussy intersection if more housing comes in right by the library	10/28/2021 3:36 PM
282	Several housing options already in adjacent area	10/28/2021 11:45 AM
283	Would really encourage the center to put in pool facilities as a priority item, considering the age and state and small size of the kilcona pool on Kildare/wabasha	10/28/2021 11:33 AM
284	i THINK SELLING LAND FOR A VETERANS HOUSING COMPLEX IS A GREAT IDEA	10/28/2021 10:53 AM
285	Making it too much money people won't use it. Just because you aren't low income doesn't mean you don't have high expenses therefore low disposable income. Much needed for west side of Transcona	10/28/2021 6:03 AM
286	Don't block off parking access to the front doors of the library!!!!	10/28/2021 2:02 AM
287	Developing farmland will destroy our food security	10/27/2021 11:22 PM
288	Transcona had long been promised a YMCA, so I think the price should reflect that. As a community we need these amenities, but shouldn't have to pay extra for them as many other neighbourhoods would be using them as well. Everything in the city is increasing, both at a municipal and provincial level. We've beyond earned this	10/27/2021 10:38 PM
289	I need to know what type of housing before I can provide feedback. If it is the plan for homeless vets, I would strongly disagree.	10/27/2021 9:07 PM
290	Transcona boulevard is already a very busy route. What infrastructure planning is in place to handle extra traffic? With Amazon, new apartments, new housing, the city is poor at planning for the future.	10/27/2021 8:47 PM
291	The city keeps adding communities on a street that is so busy already. Adding a rec centre on a street where people can't cross (no controlled crossings except on) the road and adding more traffic without controlled lights or roundabouts for residents is asking for accidents.	10/27/2021 8:31 PM
292	Unless other infrastructure plans to update and support the growth of the community (roads, schools, rec centers, healthcare, etc.) stop building more residential spaces in the area.	10/27/2021 8:20 PM
293	Not sure why the housing would affect the rec center. Other areas in the city are able to facilitate something along these lines without the hoops to jump through. The pools in this area have not been updated since they've been built.	10/27/2021 4:51 PM
294	Very excited to welcome the new center to our neighbourhood!	10/27/2021 4:40 PM
295	Would want everyone to be allowed to go- not just the vaccinated	10/27/2021 3:46 PM
296	A lot of the land around both the library and rec plex is earmarked for parking, could a parkade be considered to better utilize the land and provide the same parking capacity? Land freed up by having a parkade could be used for an outdoor rink, soccer field, spray pad or increased sq. ft for rec plex.	10/27/2021 2:48 PM

297	More funding options available on this survey would have been appreciated, rather than just the 2 presented.	10/27/2021 2:36 PM
298	When can construction start ?	10/27/2021 1:01 PM
299	I'm very pleased with the proposed amenities. I am currently interested in a good workout space, equipped with group fitness, hot yoga, a hot pool and a community space to meet my friends snd participate in classes (exercise or otherwise). I feel that Winnipeg needs a large, indoor water recreation area and am pleased in the proposal of all of the water amenities. Our winters are long & cold and the people of Winnipeg deserve access to this type of family fun without having to travel outside of province to access it. A nearby or adjacent hotel and outlet mall would create a complete destination area which would fund the entirety. I am not opposed to selling the adjacent land, but why not create a vacation destination that generates revenue? Lastly, I would like to comment about programming. I would like to see programming that uses our environment. As stated, we have long and cold winters. We should have programming entice people to enjoy it. Let's provide a beautiful indoor space for all to enjoy while also providing know how to enjoy all that our wonderful winter has to offer also. I think it would be especially helpful and fun for immigrants. Snow Fort how-to's, nature walks, native plants and uses, regional birding, night-sky, etc.	10/27/2021 12:27 PM
300	The sports and Rec complex that exist at the Roland Michener site should stay Sports and Rec. That space was set aside years ago for the people that live in the area. The site already contains the only full size hard ball pitch in Transcona which was just redeveloped. A full-size soccer field and a newer outdoor pool with water slides and splash pad.	10/27/2021 11:48 AM
301	There should be more green space around the RecPlex.	10/27/2021 11:28 AM
302	I support the housing development. One thing this area lacks is larger sized apartment or apartment condos. A 55+ life-lease with LARGER sized units and underground parking is needed (good example: Grassie Villa at 1395 Molson). Most of us who look for this in our retirement land up moving out of the Transcona area. There seems to be a stigma around Transcona being a lower level class of home dwellers. There are so many options for more space for seniors outside of this area and in other subdivisions (Sage Creek, Island Lakes etc). Even if there were more bungalow condos for 55+ like the Village Green in Kildonan Meadows (attached bugalows with attached garage). Many seniors prefer condos for attached housing units where there is a shared capital fund for items like shingle replacement etc.	10/27/2021 8:47 AM
303	A hard timeline for the project is required.	10/27/2021 8:17 AM
304	A facility like this would certainly convince us to stay in this area as we are approaching our retirement (within a couple of years)	10/27/2021 8:12 AM
305	all the apartments will be parking their vehicles in the library and recplex parking areas just like all the people in the apartments on Pequis.	10/27/2021 8:11 AM
306	The city would profit in no time. Keep the fees reasonable so that the facility is used. And the library next door should be open on weekends.	10/27/2021 6:31 AM
307	Area not designed for more traffic.	10/27/2021 12:49 AM
308	Transona needs this type of facility. However don't be short sited on the building of this facility. Thought should be given to future expansions. So keeping the land around the proposed facility should not be sold.	10/26/2021 11:28 PM
309	Not sure that it is good idea to locate subsidized housing for low-income people near such place as RecPlex & Library.	10/26/2021 10:47 PM
310	There is too much housing on that site. Leave more green space and less parking, especially along Transcona Trail. No one wants to stroll through a parking lot.	10/26/2021 10:43 PM
311	There is no green space left in that area & I don't believe we need any more housing, if you charge too much seniors on fixed incomes will not be able to afford to use it, & they are the ones who need a walking track in the winter, as it's too slippery to walk most seniors do not fall into the low income, but are just above that, so we probably won't be able to afford to go.	10/26/2021 10:38 PM
312	I am assuming this will be offered, but I would strongly suggest a membership option. Family or individual, also monthly, quarterly, semi annual or annual memberships.	10/26/2021 10:31 PM
313	Recreation facilities are very underrated as far as the contribution to the community. They are	10/26/2021 10:20 PM

	huge in reducing crime and keeping people active.	
314	Ok with slightly higher fees but not too high as we're retired and don't want it to be cost prohibitive. Some concerns with overflow parking crossing the Transcona Trail. Could be a safety issue. Thanks for the opportunity to comment!	10/26/2021 9:45 PM
315	I require additional information to provide you with actual answers... for example what housing complex is being proposed? Also what will happen to other programs and facilities in the area? Will they continue and remain open? Our area just continues to grow so to just replace a facility but not increase services is not going to solve the issues in the area.	10/26/2021 9:35 PM
316	Would prefer if some adjacent land was developed into a park space instead of all being sold for housing development	10/26/2021 9:31 PM
317	Explain the other housing, understood the senior housing, just not the other two.	10/26/2021 9:27 PM
318	Sell the land for commercial use! We have enough housing especially low income. With the city flooding Joseph Teres elementary and sinking money into Reno's of an under utilized wayota school with approximately only 100 kids where would you like children of these proposed housing to attend school? Transcona has its original high schools with absolutely no upgrades!!! Transcona collegiate discourages kids from taking full course loads so they can accommodate the students in the building! Again where are these potentially residents going to go to school???	10/26/2021 9:25 PM
319	So excited for this project to happen!	10/26/2021 9:09 PM
320	Let's get this facility for this expanding area!	10/26/2021 9:03 PM
321	I don't like that the walking path will have traffic crossing over to another parking lot.	10/26/2021 9:00 PM
322	Transcona is in desperate need of a new rec-complex as our current rec buildings are too small and too old to accommodate our ever growing community safely, healthily (i.e. asbestos), accessibly, and comfortably.	10/26/2021 8:47 PM
323	Please add an indoor skatepark or skate spots around the facility.	10/26/2021 8:36 PM
324	This area is already high density and the road infrastructure is not capable of additional residential structures and housing (or condos or apartments)	10/26/2021 8:26 PM
325	The housing in the area would be of higher value if it was medium to high density housing. With rapid transit in the future stringing east wards we need Transcona to become more dense and less car dependant.	10/26/2021 8:23 PM
326	I love the idea of a multi use facilities..with different activities during weekdays weekend evenings etc so the facility is widely used. Ling hours to give everyone a chance to have access.	10/26/2021 8:23 PM
327	This is concerning as someone who lives close by, as Transcona blvd and Pleissis are already incredibly busy and unsafe intersections and Kildare has become increasingly unsure and busy.	10/26/2021 8:10 PM
328	Ask for volunteers to help run front desk, towel service, laundry, wiping equipment, or whatever else may be needed, rather than staff operated. Volunteers could be offered a discounted yearly membership as incentive. This works well at the newest YMCA/hockey complex in Calgary, AB.	10/26/2021 7:55 PM
329	Awesome!!! We need this so bad	10/26/2021 7:53 PM
330	Make sure to have good parking space- maybe to consider underground parking	10/26/2021 7:50 PM
331	There are a ton of recent houses and condos built all around this area. The amenities in the area are over run.	10/26/2021 7:48 PM
332	Fantastic facility. Can't wait for it to be built to join.	10/26/2021 7:46 PM
333	We need some thing like this for the people in this area!	10/26/2021 7:44 PM
334	I have some concerns regarding ingress and egress and overall increased traffic in an area that can already be overly congested at certain times of the day	10/26/2021 7:29 PM
335	As a senior on a fixed income I'm concerned with charging higher user fees. I would be	10/26/2021 7:19 PM

	interested in senior housing if it was affordable	
336	No extra comments	10/26/2021 7:03 PM
337	It would be nice to develop exterior outside areas for athletic use as well egs. tennis courts outside basketball courts 1/2 courts like in olympics horseshoe pits boule area	10/26/2021 6:55 PM
338	This would be a welcome addition to the community.	10/26/2021 6:54 PM
339	Just make the water park	10/26/2021 6:50 PM
340	Increased traffic due to additional housing developments	10/26/2021 6:47 PM
341	I think we need a recreational center that has it all. Including multiple outdoor sport courts. We NEED more outdoor basketball courts.	10/26/2021 6:46 PM
342	Flower garden area Place for yard games	10/26/2021 6:45 PM
343	This area is currently underserved in recreation services.	10/26/2021 6:40 PM
344	No	10/26/2021 6:38 PM
345	When will this be built ?	10/26/2021 6:28 PM
346	I heard of the potential small village for vets. I would like to see this initiative be considered instead of selling for development or at a minimum support a plan for that project	10/26/2021 6:22 PM
347	Possible reduced rates during off hours?	10/26/2021 6:18 PM
348	Travelling to the Wellness centre at Seven Oaks Hospital is often difficult. Something like this facility close to home would be a gift. We would be hoping for senior programs and somewhere safe to walk in the winter. Please don't let this opportunity slip away (e.g. Fitness Centre on Concordia).	10/26/2021 6:18 PM
349	Adding more gaming or maybe cinema and bowling will add so much value to the project and family with different interests have several activities to choose from. Something similar to the Rec Room will be so nice. We really need something like that. This will save us time and distance to go all the way to the south.	10/26/2021 6:01 PM
350	Transcona needs this Center	10/26/2021 5:56 PM
351	Our community has needed this for awhile. Thank you for considering this worthwhile project. Looking forward to using it!	10/26/2021 5:35 PM
352	Transcona needs affordable housing units. So many young people can't afford to move out on their own even with a full time job.	10/26/2021 5:18 PM
353	Lower density houses and not tower buildings would work nice	10/26/2021 5:13 PM
354	Will it be city run? Compensation for those living on Kildonan Meadow who will now have housing units looking directly into their homes? Fees similar to the YMCA?	10/26/2021 5:05 PM
355	What a fantastic idea for this part of the city!	10/26/2021 4:57 PM
356	Not liking the idea of tiny homes for homeless being built basically across the street from where we just moved in to	10/26/2021 4:55 PM
357	There are a lot of people on fixed incomes (seniors) that would be able to use this facility if it wasn't too expensive or there was a low cost membership	10/26/2021 4:54 PM
358	The need for gym space is quite high in this area as we only have the one at park city West cc. People are looking for court time, especially in the winter.	10/26/2021 4:44 PM
359	I support a little higher fee but must recognize where it becomes prohibitive. Important to entice a variety of user groups to use the site, make it accessible to all.	10/26/2021 4:38 PM
360	This is much overdue for our area. It will help rejuvenate Transcona and give its residents something to do, especially during winters and we will no longer need to commute to other parts of the cities to find a place like this for our son.	10/26/2021 4:36 PM
361	There's enough housing in that area now.	10/26/2021 4:33 PM
362	*8 above - suggest a public private partnership and build and city to retain some % of	10/26/2021 4:33 PM

	ownership of the housing development to use revenue to reduce costs and ongoing costs	
363	Have some concerns on the impact to traffic if the city sells adjacent land for a housing development. Would not support high density if the impact to traffic is too great.	10/26/2021 4:30 PM
364	Do other city rec centers charger higher fees to offset cost ?	10/26/2021 4:28 PM
365	Selling land for houses, not condos.	10/26/2021 4:28 PM
366	Would like monthly passes to be considered for the Center	10/26/2021 4:21 PM
367	Housing needs to be affordable. We have enough $1100+ per month units. Need units under that to meet the needs of the community. I'm ok with subsidized, geared to income, etc. As long as they are managed appropriately.	10/26/2021 4:19 PM
368	The rec complex should be built on the Roland Mitchener site in the centre of TRANSCONA, where all can walk or bike to.	10/26/2021 4:10 PM
369	It is about time something like this was put into a rapidly growing area	10/26/2021 3:57 PM
370	The residents of the apartment complexes will just use the free parking of the facility instead of paying for their own spot and there will not be enough parking for users of the recreation complex.	10/26/2021 3:40 PM
371	Should have a coffee shop/ cafe	10/26/2021 3:35 PM
372	What are the City's plans to address the increase in traffic on the surrounding streets with the proposed additional housing.	10/26/2021 3:34 PM
373	I feel that the added vehicle traffic that would be added with a housing development would detract from the rec complex and make it harder to access.	10/26/2021 3:25 PM
374	enough houseing and townhouses and condos in our area..green space is needed the homes have taken everything away from us	10/26/2021 3:25 PM
375	There shouldn’t be a low income subsidy program. Everyone should pay the same.	10/26/2021 3:24 PM
376	This end of the city is in a real need for more amenities, especially since it's been growing so much. I really hope this plan will come through. Many families need this	10/26/2021 3:16 PM
377	Charging higher fees would limit the population to be able to use this facility. Transcona has blue collar people, not rich ones, it would be challenging to pay for services.	10/26/2021 3:12 PM
378	We need more ideas like this for other areas in wpg	10/26/2021 3:12 PM
379	The additional space would be better used for more community facilities in the future or green space	10/26/2021 3:11 PM
380	We don't need anymore housing in the area, put in a childcare facility. Transcona is seriously lacking in that sector.	10/26/2021 2:26 PM
