Appendix A – Promotional materials

East of the Red RecPlex

The City of Winnipeg is designing a new recreation centre called the East of the Red RecPlex. The planned recreation and aquatic centre will provide a wide variety of programs, activities, and amenities. We want to hear what you think about the proposed design for the building and site.

Attend an open house

	Open house #1	**Open house #2**
Date:	Tuesday, February 18, 2025	Wednesday, February 19, 2025
Time:	5:30 p.m. to 7:30 p.m.	2:30 p.m. to 4:30 p.m.
Location:	Transcona Library Meeting room 1 Transcona Blvd.	Transcona Library Meeting room 1 Transcona Blvd.
Format:	Drop-in (come-and-go)	Drop-in (come-and-go)

Q2 Do you have any comments about getting to and from the East of the Red RecPlex? (Optional)

Answered: 444 Skipped: 1,265

#	RESPONSES	DATE
1	Transit stops need to be at an intersection with traffic lights or inside the complex site's parking area	3/3/2025 9:39 PM
2	Just to make sure that the traffic from the strip mall & apartments to the South is able to turn west onto Transcona Boulevard, even when many people are exiting the Rec Plex onto Transcona Blvd.	3/3/2025 9:34 AM
3	Child care should have more of a loop for drop off	3/3/2025 7:50 AM
4	Centrally located in Transcona. Easy acess	3/3/2025 6:47 AM
5	This will be adding more cars and backing up traffic down Plessis than it already is. Traffic will be halted by those trying to enter the lot.	3/3/2025 2:03 AM
6	will you be able to access the facility from both directions on Transcona Blvd.? Current library access/exit from the west requires a u turn on blvd. Pedestrian access from apts. in the commons without having to go all the way to Plessis?	3/2/2025 10:26 PM
7	Could a turning arrow be added to the plessis and Transcona Blvd intersection to assist with turning north and south.	3/2/2025 3:25 PM
8	I love the street access, I walk when I can and it looks wonderful for those like me!	3/2/2025 1:47 PM
9	Can't wait to be a customer!	3/2/2025 1:42 PM
10	I worry of how busy this new facility will be and how much traffic will flow through both entrances/exits—will there be lights put on Transcona Blvd?	3/2/2025 1:26 PM
11	Just make sure the parking lot has speed bumps and pedestrian crossing areas parking lots like grant shopping centre are a death trap! And constantly put pedestrians in danger.	3/2/2025 12:48 PM
12	What would a possible future rapid transit station in the area look like?	3/2/2025 9:48 AM
13	Just really looking forward to seeing this happen!	2/28/2025 11:17 AM
14	Has vehicle traffic flow been considered for entering and exiting parking lots onto roads?	2/28/2025 9:54 AM
15	The transit stop must not block the flow of traffic on both Plessis or Transcona blvd	2/25/2025 9:58 AM
16	make sure there are tunning lights on Plessis and Transcona Blvd.	2/25/2025 9:49 AM
17	I think library parking might suffer	2/25/2025 9:42 AM
18	I would like to see many handicapped parking spaces for people who need them.	2/25/2025 9:42 AM
19	Much better than the previous open house. Like having the facility at the front of the property for both access walking and from buses	2/25/2025 9:37 AM
20	crossing plessis by foot will feel busy/exposed	2/25/2025 9:17 AM
21	The Entrance to the Library will be a fair distance from designated library parking. Are they planning to change the main entrance to the library	2/24/2025 10:41 AM
22	The current entrance to the parking lot at the Transcona Library is difficult to access when coming up Transcona Blvd from the west. It would be nice if there was an opening at the meridian there, or some sort of turn-around solution.	2/23/2025 5:00 PM
23	It's impossible to tell from this diagram if drivers will be able to access the ERRP from eastbound Transcona Blvd, or can turn right (eastbound) from the ERRP. This is currently not	2/22/2025 6:44 PM

	possible. If this continues to be the case, it will make it difficult for drivers to head east to Kildare, and even harder to head north on Plessis.	
24	Difficult if coming east on Transcona blvd	2/21/2025 3:11 PM
25	No, traffic flow is good. And trasit	2/21/2025 10:53 AM
26	Another pool is so very needed in the east area of Winnipeg. Thank you!	2/21/2025 10:09 AM
27	A little bay for childcare drop off. If people are using the Transcona Blvd. entrance there will be a bottle neck during pick up and drop off.	2/21/2025 7:14 AM
28	This all looks very well thought through. My question would be how will traffic flows on Plessis and Transcona Blvd be regulated to support safety and efficiency... the divided blvd is hard to cross right now, to walk from the shopping centre to the library. I bike for groceries and to the library and need to go east to round the tall central blvd divider -- I don't want to add congestion but there's a safety gap now because people will work around the barriers on foot and bike rather than go out of the way to where the paths are built in/intended. I do appreciate how car traffic is not prioritized over other modes of transportation here... could the bus stops in the immediate area also be built up as more permanent / less prone to destruction structures? That would also increase multimodal access, safety, comfort, and encourage transit use in yet another way. ALSO, will there be a transit kiosk like there is downtown? I often need to go to So. Osborne or Millennium to 'fix' issues with my peggo that I can't resolve online. Just a thought... what if leisure passes were sold (reloaded) the same way at the same kiosk? That would reduce check-in delays at the reception desk and also serve as a solid information exchange point.	2/20/2025 5:06 PM
29	Adequate parking space for both library and Aquatic centre	2/20/2025 11:43 AM
30	Wider parking spaces like costco. Transit will restrict traffic unless the boulevard is widened in the loading and offloading areas that is designated as a bus stop	2/20/2025 11:38 AM
31	need lights/ crosswalk for visually impaired. Safety concerns about walking to the facility - sidewalk's have to always be cleared	2/20/2025 11:34 AM
32	need to have an entrance when heading east on Transcona Blvd.	2/20/2025 11:29 AM
33	very good idea	2/20/2025 11:24 AM
34	very central	2/20/2025 11:20 AM
35	i heard a number of comments re: parking- outside at additional cost, why is multi-level parking not considered? it seems to apply through the whole city?	2/20/2025 11:19 AM
36	easy access for driving, cycling and walking	2/20/2025 11:04 AM
37	access from the street is a good idea	2/20/2025 10:45 AM
38	it i convenient because i can walk	2/20/2025 10:36 AM
39	traffic flow back to old transcona csn be pain, because of having to make a u turn on tanscona road like to see that addressed	2/20/2025 10:06 AM
40	Probably would make sense to have a bus direct from Kp mall, running on a loop	2/20/2025 9:58 AM
41	Will there be a pedestrian cross-walk on Transcona Blvd?	2/20/2025 9:29 AM
42	No	2/20/2025 9:17 AM
43	seems kind of dangerous to have to wander through the parking lot from the trail	2/20/2025 9:09 AM
44	I hate Transcona	2/20/2025 8:56 AM
45	It's in a convenient location that will connect Transcona, Kildonan neighbourhoods and even those slightly outside the city	2/20/2025 8:51 AM
46	It appears to only have one entrance and exit onto plessis which is a very busy street. It would be nice to have a second entrance and exit onto Transcona bv. (Unless I missed seeing a second one).	2/19/2025 10:45 PM
47	Currently there is no good way to get to the library when driving down Transcona Blvd towards Plessis. Will this be addressed so access is from both directions?	2/19/2025 7:48 PM

48	I’m wondering if the entrance doors to the library are going to move to the other side of the building	2/19/2025 6:41 PM
49	Can there be a car entrance to the rec Plex from Transcona Boulevard? Both east and westbound	2/19/2025 5:34 PM
50	Access points to the facilities may become too congested, having more might be better. Also, a separate emergency vehicle access point might be a good idea, as well.	2/19/2025 2:49 PM
51	Please integrate with public transportation and bike paths.	2/19/2025 1:54 PM
52	Would prefer a place to turn in when driving down Transcona boulevard from Peguis street towards Plessis (can’t currently turn into the library on Transcona boulevard)	2/19/2025 10:46 AM
53	Worried about traffic backing up on Plessis.	2/19/2025 6:55 AM
54	Can the city also develop a pedestrian overpass crossing Plessis and Transcona Blvd.	2/18/2025 9:09 PM
55	Train May cause back logs to get info off Plessis, and the access to get in when heading eastbound on transcona blvd May need a turning lane or expect lots of U-turns at the lights of east bound transcona blvd and Plessis	2/18/2025 7:03 PM
56	Stupid name.	2/18/2025 4:32 PM
57	Is there only one entrance to the parking lot from plessis? If so, it will be a pain to get in and out of	2/17/2025 7:35 PM
58	You should add an arcade room,gaming room and maybe a lil store for food, do u know what will be cool? Maybe a whole movie theather to .i have one question, why not use the land to the left of the building	2/17/2025 4:14 PM
59	It would be nice to see access from both sides of Transcona Boulevard. That is a traffic flaw for accessing the library and the shopping complex.	2/17/2025 10:26 AM
60	Perfect spot	2/16/2025 11:41 PM
61	More buses should be available especially on weekends or after school hours since this is when people come to the library and pool.	2/16/2025 8:48 PM
62	What happened to the tiny home for veterans??	2/16/2025 4:05 PM
63	Looks like no road access from Transcona Blvd. Don't like that.	2/16/2025 2:46 PM
64	We like very much this proposal	2/16/2025 11:42 AM
65	Right now there is no way to turn left out of the library without having to go up to the next street. There needs to be proper ingress and egress out of the Transcona Blvd side	2/16/2025 9:26 AM
66	Right in that middle of Transcona Blvd a pedestrian safe cross is already missing, when project is done it would be vital. Please include one safe crossing in there.	2/15/2025 9:06 PM
67	I'm not sure what the new transit plan will look like for bus operating times but right now it's terrible/non existent for parts of the East end of Transcona. Specifically the 48, 89, and 90 don't have evening run time or weekends, excluding a short period on Sundays. As someone who works during the week and depends on the bus for transportation this is something that I would like to be improved. I would like to be able to access this facility during the week in the evenings and over the weekend.	2/15/2025 12:02 PM
68	Let’s do this!	2/15/2025 11:34 AM
69	No	2/15/2025 11:19 AM
70	Not at this time.	2/15/2025 9:42 AM
71	That area is so congested already that I’m sure it will be a nightmare for all rhe traffic in that area. Why not build it for a few communities to share it…lots of land at Harbourview, then it’s central for Transcona, North & East Kildonan and Elmwoid!	2/14/2025 7:47 PM
72	Will this impact the traffic on Plessis? How will getting in an out of the parking and drop off area be with the amount of traffic already on Plessis? Will there be a spot for pedestrians to	2/14/2025 4:26 PM

	cross at besides at the traffic lights? Is there enough parking for our quickly growing community?	
73	Looking forward to it	2/14/2025 11:19 AM
74	No	2/14/2025 6:57 AM
75	This is a great distance away for people in North Kildonan, & would NOT be an acceptable replacement for current facilities in the North Kildonan area (such as the Peguis Fitness Centre.	2/13/2025 10:24 PM
76	Can’t wait!	2/13/2025 7:03 PM
77	Why don't we think bigger and get some pickleball courts and other amenities	2/13/2025 6:39 PM
78	Fantastic. We need a safe and accessible community multiplex in our area. Being able to have multi use facilities will go a long way making the committee safer and allow everyone fun activities all year round. Hope this come soon. Thanks	2/13/2025 5:43 PM
79	So happy Transcona Will have a space to go and enjoy so many activities with our community. We needed this!!	2/13/2025 2:41 PM
80	Will there be a left turn lane traveling north on Plessis Rd?	2/13/2025 2:14 PM
81	With Kirby’s sit service which sucks all the time money would be better spent fixing that . And binding a bug water park. We have enough gyms	2/13/2025 1:32 PM
82	I’m thinking this will be a very popular place to go. Concerned that it may need a larger parking area for the rec centre.	2/13/2025 12:20 PM
83	As someone who will be coming from the east part of Transcona it will be difficult to access the parking lot due to the placement of the entrance on Plessis. It's difficult to see based on the picture if there will be an entrance off Transcona Blvd. It's also a shame that the library will be quite a long walk from the parking area unless they will be redesigning the entrance to it as the current entrance on Transcona Blvd is quite far from the parking spots which also includes the pick up boxes.	2/12/2025 8:42 PM
84	Why not have parking below/underground the rec plex. We need to optimize our city space better. Surface parking lots are not the best use of valuable space.	2/12/2025 8:32 PM
85	None	2/12/2025 7:20 PM
86	No comments about to and from. Just as long as there is parking, if it will cost, not too much for everyone can enjoy the RecPlex. Lots of free time to swim. I feel that too many indoor pools have not a lot of hours to free swim.	2/12/2025 7:10 PM
87	Gym access to play field hockey, please	2/12/2025 7:00 PM
88	MAKE A FIELD HOCKEY GROUND!	2/12/2025 6:57 PM
89	Hard to determine where the entrance is off transcona blvd. Might be nice to have two entrances to avoid cars having to go through the child care if it’s not absolutely necessary.	2/12/2025 5:49 PM
90	Plessis road already has heavy traffic. This will definitely add to it! Glad I don't live in that area!	2/12/2025 5:45 PM
91	I live in area will walk	2/12/2025 5:34 PM
92	Can't wait	2/12/2025 5:24 PM
93	I think it looks great! Awesome to have this built in transcona/north east area of the city!!!! This will cause those lights and intersection to be really busy but nothing more than kennaston/ikea area.	2/12/2025 5:17 PM
94	Can’t wait until it’s built	2/12/2025 4:30 PM
95	Just build it already! 😀	2/12/2025 3:32 PM
96	I don’t think there is enough parking, provide underground parking as well	2/12/2025 1:48 PM
97	No	2/12/2025 1:47 PM

98	May be easier to exit plessis side. Too much traffic on Transcona Blvd. Need yields	2/12/2025 1:20 PM
99	A pedestrian crosswalk will be needed on Transcona Blvd near the bus stops - for bus users and people walking between the shopping centre across the street and the recplex/library. This is already a need - pedestrians currently cross from the No Frills parking lot entrance to the library parking lot and this is uncontrolled/inaccessible for someone who can't step over the barrier between road lanes.	2/12/2025 12:59 PM
100	It is a great location that is easily accessible	2/12/2025 11:31 AM
101	Please add some Electric Vehicle Chargers	2/12/2025 11:00 AM
102	Transcona deserves this RecPlex, there’s nothing in Transcona for families to enjoy and take their growing families to play & learn in. This should of been built years ago along with the new Library.	2/12/2025 10:30 AM
103	Need more handicap parking spots than usual City Facilities, there is always a shortage.	2/12/2025 9:36 AM
104	A pedestrian crosswalk will be needed to get from the No Frills parking lot entrance to the RecPlex greenery/path area or the Transcona Blvd bus stop. Pedestrians currently cross the street at uncontrolled spots (travelling from the No Frills shopping area to the Library), and this foot traffic is dangerous and will increase once the RecPlex is built.	2/12/2025 9:21 AM
105	-seems to be limited access from the street into the parking areas -seems pedestrians must walk through areas of moving vehicles in parking/drop-off	2/12/2025 8:30 AM
106	The pool and daycare should be closer to the big parking lot. The road access should be off transcona blvd not plessis . That’s dangerous	2/11/2025 9:26 PM
107	Explored a rasied crossing for the trail's connection to the rec plex and reduce traffic light cycle length and/or build a Pedestrian Corridor crossing right in front of the complex for easier transit access eastbound.	2/11/2025 7:49 PM
108	You need convenient parking for seniors and lots of handicap spots	2/11/2025 4:54 PM
109	There should be a designated staff parking area for clerks, lifeguards, childcare professionals etc with powered plug in spots	2/11/2025 4:51 PM
110	Would have been better if the transit corridor was still planded as part of this.	2/11/2025 4:39 PM
111	I guess I just wonder where overflow parking would be if the parking lot is full? There isn’t really street parking near there.	2/11/2025 4:19 PM
112	Bike parking	2/11/2025 4:16 PM
113	No comments	2/11/2025 3:10 PM
114	Its about time this end of the city gets a RecPlex, can’t wait for it to open	2/11/2025 2:23 PM
115	It is walking distance from my home. I live in Transcona by Redonda and Pandora and with the great walking trails I can get there in about 30 minutes and I am over 60 years old. I look forward to having this wonderful addition to the area.	2/11/2025 2:10 PM
116	getting to northbound Plessis does not look convenient, unable to do without making a u-turn. Also not all cyclists are coming from the bike path, Plessis and Kildonan Green is not a cyclist friendly intersection	2/11/2025 2:07 PM
117	Please please PLEASE have a bike valet, secured bike parking, and/or a place to lock your bike under the watch of security! It would be amazing to bike over here but I wouldn't want to risk my bike being stolen. Having better bike parking is a huge way to make sure people will actually take active transit!	2/11/2025 1:11 PM
118	Great location	2/11/2025 12:27 PM
119	Why would you put the parking so close to Transcona Trail? That's just ignorant.	2/11/2025 10:20 AM
120	Needs more water slides	2/10/2025 11:16 PM
121	You're making it a very congested area even more congested with vehicular traffic that will be even worse. People will be doing U-turns and lining up to get into the one entrance to the facility. Also, with more demand of centralized services, there better be much more parking spaces than is being presented here. Currently, at the library, there is not enough parking when	2/10/2025 11:08 PM

	there is an event, which means people are parking at the No Frills parking and crossing the road with no safe crossing.	
122	Will they open up the other side of the street so coming up transcona blvd so you dont have to make a u-turn	2/10/2025 11:02 PM
123	No	2/10/2025 10:58 PM
124	Getting into the recreation from eastbound Transcona Boulevard will difficult with the current set up. That is already a dangerous curve in the road for east/west traffic on Ttanscona Boulevard with the busy strip mall across the street. Aligning the entrance/exit with Bienvenue street as a north/south traffic light controlled intersection would allow safer access to the site. Also the building should be re- oriented with the daycare since it's side of the parking lot is going to be the main entrance/exit from Transcona Boulevard and there will be lots of traffic. Better to move it closer to the library.	2/10/2025 8:34 PM
125	is there easy access for people with disabilities? especially in the winter?	2/10/2025 7:42 PM
126	Please build it!!!!!!!!	2/10/2025 2:48 PM
127	I think that access to the trail would be safer if the parking lot wasn't in the middle. Why not move the parking to the back?	2/10/2025 12:29 PM
128	The options to turn left out of either exit aren’t clear (you already can’t turn left when exiting the Transcona Library) - otherwise it looks great	2/10/2025 11:28 AM
129	The city is broke, spend money on the water plant	2/10/2025 11:22 AM
130	just ensuring there is safe pedestrian crossing to get across the street to avoid j-walking on transcona boulevard for pedestrian safety.	2/10/2025 10:51 AM
131	Is there access from Transcona Blvd?	2/10/2025 12:04 AM
132	Why in Transcona?? There isn't anything out in the west and they already have the Aquatic Park	2/9/2025 6:27 PM
133	I think it’s fantastic!	2/9/2025 5:43 PM
134	Perhaps offering a shuttle service from local senior homes/centres so that they would have more opportunities to spend time at the recplex.	2/9/2025 3:13 PM
135	Strongly agree to have red recplex, transcona has nothing like this in the area and is much needed. I don't agree with bike access from the trail into the parking lot as I can see reckless young bikers riding into the parking lot fast and not watching the surrounding vehicles which can cause future accidents. I agree with bikers having access but maybe leading into areas not directly into the middle of parking lots.	2/9/2025 12:53 PM
136	I think getting this pool in our area would be great since we were supposed to have this years ago and we missed out on having a Y in our area. I think this would benefit Transcona residence immensely.	2/9/2025 11:01 AM
137	As someone with mobility issues, travel is always challenging especially in winter. Benches and places to sit are a necessary part of remaining independent, even for short distances of walking.	2/9/2025 9:42 AM
138	Can't tell where the entrances will be off the street. Doesn't look like any from Transcona boulevard. So I'm assuming there's only one from plessis road. I hope there's not just one entrance and exit.	2/9/2025 9:11 AM
139	How come most of the waterparks are in the east side of the city?	2/9/2025 8:43 AM
140	Library-only parking should be enforced - sometimes people park in library parking when going to rec centre and those going to the library have trouble finding parking	2/8/2025 10:24 PM
141	I would add another entrance or exit closer to library on Plessis Street. Make north entrance only and south exit by library exit only so flow in and out of parking and drop off pick up by daycare easier or add a loop in the corner by centre so parents can exit easily on Transcona boulevard	2/8/2025 8:47 PM
142	None	2/8/2025 8:36 PM

143	A huge problem with the library is that you have to pull a u wee a completely this forces you out of transcona. That's something that should be taken into consideration as well as buses. That run that way, are not convenient since the library moved, I do not go there that often due to those things which I think will be a similar case for the waterpark and recplex. And the library doors are in the front, making the parking completely inconvenient. Especially with how plowing is handled, likely inaccessible as well.	2/8/2025 8:12 PM
144	This is such a great idea for our community I cannot wait until everything is finished.. ❤️	2/8/2025 4:54 PM
145	It would be an excellent addition to the easy part of the city which has limited indoor sporting opportunities such as this	2/8/2025 4:50 PM
146	Terrible location. Should be on the other side of Dugald Road. Transcona is already over populated. Plus building new school on Peguis Street, the area will become more crowded. There's lots of room on Grassie Blvd too. Not everything has to be in the same location.	2/8/2025 3:34 PM
147	No	2/8/2025 2:02 PM
148	NA	2/8/2025 12:40 PM
149	Please make it happen!!!!	2/8/2025 12:09 PM
150	Can more details be provided on how the entrance to the library will be accessed?	2/8/2025 10:55 AM
151	Not sure that only two entryway and exists will be sufficient to move traffic in and out efficiently.	2/8/2025 10:27 AM
152	getting to the east bound bus stop on transcona blvd looks very inconvenient because there is no safe way across the street without having to do a big detour. also the bus stop from nourthbound plessis is not shown, so who knows how inconvenient that will be. also, the recplex is not on a high frequency bus route (pink route) which means this will be a two-bus trip for many riders. there is also seemingly too much parking - let's be honest here	2/8/2025 9:24 AM
153	Difficult for me to discern from the drawing, however I wonder if the proposed distance from the centre itself to the transit stops would be a challenge for some seniors or those with mobility concerns who do not use handi transit or other transportation which would drop off in the drop off areas.	2/8/2025 8:29 AM
154	Can we do better than outdoor bike racks? One of the largest deterrents to cycling places is fear of bikes being stolen. If there was a safe place to park your bike ideally indoors, there would be a lot more people biking to the rec center.	2/8/2025 7:34 AM
155	What happened to the VETRANS HOUSING UNITS THAT WERE INTENDED FOR THIS SPOT???????? THERE ALREADY IS AN INDOOR POOL A FEW BLOCKS DOWN	2/8/2025 5:10 AM
156	No	2/8/2025 12:02 AM
157	There needs to be a turning lane or intersection across Transcona Blvd or plessis. Heading east on Transcona Blvd and needing to pull a u turn at Plessis lights is dangerous.	2/7/2025 10:53 PM
158	More parking	2/7/2025 10:52 PM
159	will there be any congestion of people and transit at Plessis lights? Is there a transit lane that is not blocking flow of plessis.	2/7/2025 8:08 PM
160	No	2/7/2025 7:13 PM
161	More water slides!!	2/7/2025 6:12 PM
162	Please bring this to transcona!! We need something like this here!	2/7/2025 5:23 PM
163	Please ensure walking entrances from all directions.	2/7/2025 5:21 PM
164	have parking for the recplex to the left of the building and shift the whole building closer to the library so it making entering the recplex easy for people to get to the pool side especially for swimming lessons/ winter when its cold for the kids.	2/7/2025 4:21 PM
165	More slides .	2/7/2025 4:19 PM
166	Turning lights at plessis and transcona blvd/kildare if they are not already there	2/7/2025 3:54 PM
167	Please proceed asap!	2/7/2025 3:05 PM

168	I strongly agree with the development of the Rec Centre	2/7/2025 2:59 PM
169	Wanted to know when will this get ready??	2/7/2025 2:37 PM
170	Lots of close parking	2/7/2025 2:21 PM
171	Get it done sooner rather than wait another 5 years.	2/7/2025 2:16 PM
172	The library parking would be fine as long as there is an entrance to the library from the parking lot, rather than having to walk around the building to the current entrance.	2/7/2025 1:59 PM
173	Really approve of this idea. A great opportunity for this beautiful side of the city.	2/7/2025 12:38 PM
174	This will be an amazing addition to our growing community	2/7/2025 12:03 PM
175	you probably need to add traffic lights - lots of car gonna enter/exit during peak hours.	2/7/2025 11:54 AM
176	No	2/7/2025 11:30 AM
177	Will the RecPlex entry have a visible view of the outside to get to the Transport for handicaps? An area to seat & wait and be visible to the driver?	2/7/2025 10:46 AM
178	It doesn't look like there is enough parking for the recplex	2/7/2025 10:27 AM
179	I think its a great spot! Loads of busses running up and down kildare and also convenient spot next to the grocery/shopping area with busses.	2/7/2025 10:08 AM
180	The current set up for the parking lot for the Transcona Library is not convenient. It is nice to see this plan remedies the issues. Specifically that you can only turn one direction in to and out of the parking lot as it currently is designed.	2/7/2025 9:56 AM
181	This has been needed for a long time, it’s sad that Selkirk and Portage La Prairie have one, but we don’t have one in Winnipeg. So I’m definitely in support of this project.	2/7/2025 8:43 AM
182	so 1 vehicle entrance/exit from the entire complex onto Plessis going south and 1 to go west on Tcona blvd. This would be a traffic nightmare during busy rush hour.	2/7/2025 7:54 AM
183	There should be more parking because the pool recreation visitors will for sure try to park in the library parking area. The library visitors need guaranteed space without worry of others taking that parking space.	2/7/2025 7:51 AM
184	It’s the perfect place for the RecPlex	2/7/2025 7:43 AM
185	Great design and great addition to the community	2/7/2025 7:33 AM
186	Wonderful addition to the community!	2/7/2025 7:19 AM
187	This isn’t about getting to and from… but We take a class at the library (mommy and me) and there is NEVER any parking. A lot of times we’re forced to not go to the class or park by No Frills.. depends on how cold it is. If there are multiple groups happening at the same time along with just a regular flow of people, I don’t think there is enough parking.. and then the parking will over flow into the child care section.	2/7/2025 7:18 AM
188	No	2/7/2025 5:45 AM
189	Will probably be super busy at back up traffic due to lines to get into the parking lot	2/6/2025 11:18 PM
190	Why not make a sports and pool rec plex have nothing in this end of the city similar to the u of w rec plex and the one by u of m	2/6/2025 9:39 PM
191	From what I can see, there is only 2 ways in and out for both the library and the rec centre. That is not enough. You are going to have major traffic backlogs. One of those entrances will be used by daycare people and now we really got a traffic flow issue. Not to mention very unsafe for daycare kids with cars driving right through the area dir daycare drop off. Just very bad traffic flow planning.	2/6/2025 9:11 PM
192	Please build this. Transcona needs it.	2/6/2025 8:58 PM
193	I think there should be another entrance for coming off Transcona Blvd so there isn’t a ton of u turns on Plessis. But maybe I just didn’t see it	2/6/2025 8:09 PM
194	Make more accessible for wheelchairs, keep in mind gendered washrooms.	2/6/2025 8:04 PM

195	Na	2/6/2025 7:58 PM
196	I would want to make sure there is s safe crosswalk light system for the transit stop across Transcona Blvd	2/6/2025 7:25 PM
197	Traffic will be increased on plessis- difficult to turn left into or out of parking lot without a traffic light	2/6/2025 7:05 PM
198	MORE WATERSLIDES! We need a West Edmonton Mall type water park. Our winters are so long... give us something to do! And, attract tourists!	2/6/2025 6:46 PM
199	No	2/6/2025 5:29 PM
200	None	2/6/2025 5:23 PM
201	Name sucks, confusing and just not good.	2/6/2025 5:07 PM
202	Not really	2/6/2025 5:02 PM
203	Will users arriving eastbound on Transcona Blvd have an entry point, i.e., left turn lane?	2/6/2025 4:05 PM
204	more free parking spots should be considered	2/6/2025 3:29 PM
205	Kids crossing at the entrance will cause traffic	2/6/2025 1:57 PM
206	It shouldn't be in Transcona it should be more central like downtown or closer to polo park.	2/6/2025 1:51 PM
207	To ensure that there is enough parking space	2/6/2025 1:42 PM
208	Would of liked to seen this in the south end of the city versus transcona	2/6/2025 12:59 PM
209	The point of entry and parking on the north side looks great	2/6/2025 12:59 PM
210	Overall, parking, and drop off is convenient for entry into the building but the reception area is not centrally located.	2/6/2025 12:29 PM
211	Please consider that various sports in this province are suffering from lack of venues…..for instance Competitive cheerleading is on the raise but is suffering because of a lack of venues to showcase the sport- many teams have to travel to other provinces just to compete! Please consider all sports and not just the standard ones #cheermanitoba	2/6/2025 12:25 PM
212	Anywhere but transcona	2/6/2025 11:39 AM
213	Going to need a parkade	2/6/2025 10:56 AM
214	Look how massive that parking lot is, it’s the size of the new Rec center itself practically. Is that really necessary? Isn’t this city supposed to be encouraging more biking and walking? Why would you ever use active transportation when it’s so easy to drive. Not to mention access to the Transcona Trail is through the parking lot. Guaranteed that the raised crossing areas won’t be raised enough and it will encourage drivers to speed in the parking lot, making everyone outside of a car uncomfortable to walk in the area. The parking should be placed in the rear of the the rec center, with the building closest to the trail and the road. This is so pedestrians and cyclists can feel more comfortable accessing the building, without having to cross an unsafe parking lot.	2/6/2025 10:28 AM
215	Please include stadium style seating, space for 1000+ spectators should be considered to host evens such as cheer/dance competitions, theater and music performances	2/6/2025 10:24 AM
216	Please ensure the lights at that intersection are coinciding with the flow of traffic as there is only 1 entrance off plessis and 1 entrance odd Transcona Blvd. If this is going to be busy this light will get back up hard... especially if there is a train.	2/6/2025 10:12 AM
217	Curious where the entrance to the library will be.	2/6/2025 9:56 AM
218	Are there enough handi-cap parking spaces? How close are they to the entrances?	2/6/2025 9:56 AM
219	No	2/6/2025 9:52 AM
220	Consider sports like cheer, dance, gymnastics	2/6/2025 8:53 AM
221	How will parking for library vs recplex be differentiated? It's likely library parking will be taken by recplex users	2/6/2025 8:28 AM

222	Not really in my area.	2/6/2025 6:26 AM
223	I am anticipating this place to be very busy. It’s not very clear on the picture as it’s more zoomed in. But I’m hoping there is a way to enter/exit from Transcona Blvd for both roadways traveling eastbound and westbound.	2/6/2025 6:13 AM
224	Love the connection to the active path! A bus loop or station adjacent to the centre might have been a more conventional design to avoid traffic disruptions on a very busy transcona trail.	2/6/2025 6:08 AM
225	Please make ALL 3 crosswalks connecting to the Transcona Trail raised pedestrian/cycle path so cars are forced to go slow at the crosswalks increasing safety for pedestrians & cyclists. It would also be great (though I know this is a big ask...) if the Plessis & Transcona Blvd intersection (as well as the Transcona/Chrislind intersection) can bring some better pedestrian-friendly / traffic calming measures. Right now, that intersection is intimidating at best (& downright frightening for most) to cross. Crossing 2 slip lanes, 2 desolate islands & 4 lanes of traffic is not fun. Almost certainly, there would be negligible difference to traffic by removing the slip lanes. And adding curb extensions/bump outs (with greenery) would immensely help for the families coming from Kildare where much of the pedestrian/cycling traffic is expected to come from.	2/6/2025 1:15 AM
226	Its time for Transcona to have this facilities.	2/5/2025 11:24 PM
227	The site plan looks a little compact for adequate access and parking.	2/5/2025 11:24 PM
228	Safe bike lock up space?	2/5/2025 11:20 PM
229	Yall need more waterslides!? Like a minimum of 5 different types	2/5/2025 11:01 PM
230	For the library that is parking in the back but have to walk around to front to get in? I don't think that is a good idea.	2/5/2025 10:09 PM
231	It's hard to tell from this image, but please make sure the driveway on the west side of the building lines up with the opening in the boulevard so that folks traveling east on Transcona Blvd can turn left into the driveway.	2/5/2025 9:45 PM
232	One entrance/exit is going to really create a bottle neck	2/5/2025 9:40 PM
233	Increase the size of the pool and fitness areas. The demand for these things is very high in this area and will lead to overcrowding to	2/5/2025 8:56 PM
234	This would be amazing for the community	2/5/2025 8:49 PM
235	Another exit/entrance close to the the transit stop on plessis road, so people dropping off arent forced to circle through the parking lot when they go in and exit, instead giving an easy exit to the parents dropping kids off without interfering with other parking. Kind of like a walmart, they have an entrance thats close to the front of the store allowing easy drop off or leaving, while also having entrances towards the back of the parking lot	2/5/2025 8:47 PM
236	Not enough parking spaces! When the library gets busy and the pool is open will it be enough spots? Unfortunately unknown because the end result is that the city wants us to use the transit bus more often. The 2030 Agenda. Not worth it as to go to the pool and leave the center into to minus cold temperatures to freeze. Is there a bus that will just service the Transcona route areas to help get people to the library and pool more often? How about the hot tub and the sauna like The Maples Pool ? Is there a coffee shop that's gonna be attached to the site to help keep people to stay longer then leave the premises?	2/5/2025 6:50 PM
237	This is pointless build a school which is actually needed	2/5/2025 6:44 PM
238	Will it only be accessible through Plessis via car rather than transcona blvd	2/5/2025 6:37 PM
239	.	2/5/2025 6:36 PM
240	Driving from the east along Trans Blvd, I first drive past the Centre, then I need to turn left onto Pless and again left into parking lot: Two left turns on busy roads: dangerous.	2/5/2025 5:56 PM
241	Honestly it depends on the transit options based on the new Winnipeg Transit routes proposed for 2025 - despite the many transit route stops in front of the rec Plex, it is not clear which routes will stop here and how accessible the rec Plex will be via bus	2/5/2025 5:29 PM
242	Its a must cause we are traveling to steinbach for this and a family of 5 with children of special needs who seek water this is a must i hope this will open up jobs for lessons also cause now	2/5/2025 5:27 PM

	where traveling to kimberly ymca and its a bit of trek form us this would be much closer	
243	It’s hard to say without having a reference point to the location	2/5/2025 5:06 PM
244	The old pool needs to remain open for use by seniors and lessons for children. Also the mitchener either needs to be torn down or refine for use as the East end tink is only 1/3 new. Use it for sponge hockey, pickle ball etc. also the location could have been right where the ball field is or make a much better soccer complex there . Basically we need places for our children and families can go to get fit and stay active. Canadians are obese and need option for exercise .	2/5/2025 4:22 PM
245	Possible addition of a Crosswalk on Transcona boulevard. There will be more needed pedestrians safe access crossing from Park City common. Has access also been considered for buses and in drop off areas, with potentially access lifts.	2/5/2025 4:12 PM
246	The city will only make a traffic problem on Plessis and Transcona Blvd even worse with this complex. The residents in the area are already risking their lives crossing Transcona Blvd to get to the Transcona Trail, Library or to No Frills. Shouldn't the city build rapid transit line in the area before building of the Rec Plex? If not, be prepared for lots of pedestrian accidents and car accidents in the area.	2/5/2025 4:07 PM
247	I’m just wondering how access to the library will work as the current enterance faces Transcona Blvd, but the proposed parking is at the other side of the building. The library is still fairly new, I would hate for it to have to undergo unnecessary renovations.	2/5/2025 4:03 PM
248	Ensuring accessibility features for the disabled, hard-of-hearing, blind, etc.	2/5/2025 3:24 PM
249	What bus n how frequent	2/5/2025 3:19 PM
250	There should be lots of water slides, and a wave or lazy river lots of hot tubs Parking should be convenient Parking should be free You should have a gym in there with walking truck You should build a hotel attached to the building	2/5/2025 3:18 PM
251	Perfect	2/5/2025 3:09 PM
252	Yes, add more waterslides. Fun mountain is closed and there are no water parks unless you go to Grand Beach which is inconvenient and inaccessible to many. More than two slides. I like the lazy river idea. There should also be a hot tub that is half inside and half outside like in Grand Forks. Also if the lazy river went outside around the building that would make more room inside for water slides!!!! Thanks	2/5/2025 2:57 PM
253	I appreciate that there is access to and from Transcona Blvd and Plessis	2/5/2025 2:50 PM
254	There is no entry point to get to the library travelling east on Transcona Blvd	2/5/2025 2:46 PM
255	Unsure how new transit master plan will impact accessibility but hope it's a consideration	2/5/2025 2:45 PM
256	I hope there is enough parking space for each parking stall so that it is not cramped. I also hope that the drop off spots will be clear of anything for winter. Also enough cubbies that will fit both winter jackets and recreational clothes or other gear we may have. Also i have we can have rooms for parties	2/5/2025 2:25 PM
257	Doesnt look like enough parking. Entrance into the parking lot west bound looks like a challenge.	2/5/2025 2:15 PM
258	Where is the rapid transit corridor going to be constructed? Will this be convenient for the complex?	2/5/2025 1:57 PM
259	It's in Transcona it might as well be in Falcon Lake it's so far away.	2/5/2025 1:43 PM
260	There needs to be more of "water park", more slides, wave pool, and large area to accommodate the needs of the city. It needs to have some thing for everyone. At this stage it's looking drab and cold	2/5/2025 1:26 PM
261	You mentioned a cafe. Will there be outdoor seating available for customers?	2/5/2025 1:21 PM
262	We need a big descent gym with lots of weights in transcona	2/5/2025 1:12 PM
263	There are currently several Winnipeg transit routes that stop in the area	2/5/2025 1:09 PM
264	This will be amazing for our community	2/5/2025 12:54 PM

265	Needs to have safe and convenient crosswalk if using transit stops on the other side of the road. Childcare “drop off” is not really a drop off. If people are stopping in the middle of the lane, it will cause backups. Need a lay-by lane or loop.	2/5/2025 12:37 PM
266	Doesn’t appear to have access on Transcona Blvd. from the west, and any access it does have would have to go through the childcare parking lot.	2/5/2025 12:30 PM
267	This is much needed in our community. We have so little leisure centres accessible in this area.	2/5/2025 12:29 PM
268	Why was this location chosen?	2/5/2025 12:14 PM
269	Proper access off Plessis is important	2/5/2025 12:09 PM
270	It's hard to tell if you can only access the parking lot when traveling south	2/5/2025 11:37 AM
271	No	2/5/2025 11:34 AM
272	Excellent plan for this area.	2/5/2025 11:26 AM
273	It would be great if there was as through line from the parking to the other side of the building at the narrowest point, so that people on foot can get from transit into the building near the library without having to veer left and then back track or go around the building. Making it as easy as possible for people with limited mobility who don't drive to get where they need to go would be great.	2/5/2025 11:22 AM
274	The parking lot will likely need to be larger to accommodate the amount of people utilizing the recreation centre	2/5/2025 11:10 AM
275	What about the promised aquatic facility in St Boniface	2/5/2025 11:04 AM
276	Hate that it’s in transcona considering they already have the outdoor one on that side of the city	2/5/2025 11:03 AM
277	There needs to be ample turn offs when going eastbound on transcona blvd to get into facility without having to make a u-turn.	2/5/2025 10:56 AM
278	Improve accessibility, by creating new routes	2/5/2025 10:55 AM
279	I LOVE THIS	2/5/2025 10:51 AM
280	Accessibility for physically disabled individuals such as myself and friends.	2/5/2025 10:32 AM
281	not access points to parking lot from Plessis or Transcona Blvd	2/5/2025 10:30 AM
282	no	2/5/2025 10:26 AM
283	no	2/5/2025 10:18 AM
284	It's about time! We should make it bigger and better than Steinback indoor pool and Minnesota(mall of America)	2/5/2025 10:14 AM
285	Drop-off area alongside transcode blvd would also be good	2/5/2025 10:12 AM
286	LOOKS GOOD, SEND IT!	2/5/2025 10:09 AM
287	No	2/5/2025 10:06 AM
288	Just build it !!!	2/5/2025 10:05 AM
289	Doesn't appear to be any access to the parking lot driving north on Plessis, or driving east on Transcona Blvd...	2/5/2025 10:04 AM
290	Maintain what you have before making expensive plans to build new faciilties. There is no excuse for building a monster like this while also shuttering far less expensive facilities like Happyland.	2/5/2025 10:00 AM
291	Looking forward to using this facility.	2/5/2025 9:56 AM
292	No	2/5/2025 9:55 AM
293	This is an excellent idea and long over due	2/5/2025 9:35 AM

294	Would be driving so shouldn't be an issue	2/5/2025 9:32 AM
295	If this is the only indoor waterpark, you are going to need more parking spots. Winnipeg has been waiting and wanting an indoor place to go to for years. I know we will be theere with our kids! Very exciting.	2/5/2025 9:29 AM
296	driving past the child care centre to access the parking lot for complex or library could be an issue at drop off or pick up times for the kids. Will the play area for the kids be fenced off and secure as the access from the trail is right there ?	2/5/2025 9:26 AM
297	Sounds wonderful!!	2/5/2025 9:16 AM
298	Do the transit stops align the changes coming to transit system Summer of 2025?	2/5/2025 9:08 AM
299	It looks like access to the rec. ctr. is being spun off from library access.	2/5/2025 9:06 AM
300	Transcona Blvd should have redesigned to handle the expected higher traffic levels.	2/5/2025 9:00 AM
301	Impact to traffic flow from Transit stops at peak times.	2/5/2025 8:59 AM
302	No	2/5/2025 8:56 AM
303	Although I do know where the library is, I don't often get out that way. I think if this was built, I would visit it.	2/5/2025 8:52 AM
304	As long as there are entrance AND exits to both streets, not like it us now for the library, being only able to exit in one direction	2/5/2025 8:51 AM
305	I am able to drive at this time.	2/5/2025 8:50 AM
306	It’s only convenient to people who drive so not exactly available for lower income families. A shuttle bus from a more central point would be helpful.	2/5/2025 8:39 AM
307	How is this "safe" access to/from the Transcona Trail if people have to wander through the parking lot to reach the building? The city should also be encouraging more transit and active transportation use by restricting the available parking. The childcare drop-off seems badly placed if its in the middle of the main access to the rest of the parking lot. I anticipate a lot of traffic backups there.	2/5/2025 8:39 AM
308	No	2/5/2025 8:33 AM
309	Need to have lots of accessible parking	2/5/2025 8:30 AM
310	Does not look like sufficient drop-off space for the Rec-plex. Can picture it getting backed up quickly.	2/5/2025 8:25 AM
311	This will only appeal to people who live in the Transcona area. The idea and design of a facility like this is fantastic but should be located centrally in the city for all to enjoy.	2/5/2025 8:21 AM
312	It should have a sauna. You no decent pools in the southend of city and Transcona has already built a new one that’s on Wabasha. Even though I prefer Transcona. Have you temporally live on south side and realize that there is very little amenities on this side.	2/5/2025 8:21 AM
313	Not the best Location. Needs to be more central as most people from the other end of the city wouldn’t bother travelling that far.	2/5/2025 8:20 AM
314	Transcona Trail needs an iron clad promise to be fully cleared in winter to ensure that people can use active transport to get there year round. The bike racks MUST be enclosed/secure access with camera monitoring. You should build an accessible skywalk directly opposite the main facility entrance to the other side of the street. You will have people trying to cross who won't go up to the intersection and it will only be a matter of time before this becomes a problem for traffic.	2/5/2025 8:17 AM
315	Great location	2/5/2025 8:15 AM
316	The entrance into the parking lot looks like it will cause issues. That section would become very congested. Another access point from transcona blvd would be necessary to keep traffic flowing.	2/5/2025 8:14 AM
317	As a senior it is probably something I will never access.	2/5/2025 8:12 AM
318	It's too far from most residents, will only serve a small proportion of suburban residents, likely	2/5/2025 8:06 AM

	at the expense of the inner city.	
319	Just would love to see it in a different neighbourhood, more central so more people can use it.	2/5/2025 8:01 AM
320	A salt water pool would be amazing for people with autoimmune diseases and a daycare if needed so barely.	2/5/2025 7:59 AM
321	My only issue with bussing issues on transcona blvd is that we need earlier and later times for bus 89! Not only for the rec plex but for the kids that are in French immersion high school all the way on Redonda! Thank you! Can’t wait for the new Recplex!	2/5/2025 7:58 AM
322	I would like to see additional space for yoga, pilates classes where independent contractors could rent the space to offer classes. Also as a Radisson area neighbour, I would like to ensure that on site security is present along with well illuminated parking lots with monitoring to ensure safety of the neighborhood and people walking to and from the building to vehicles and neighboring areas. A security presence to ensure the site does not become an area for loitering, drug use etc.	2/5/2025 7:56 AM
323	Yes! Why can this not be built in a location more convenient to all. This being tucked into farthest location in Transcona will only serve families close to this area. Families in other areas will be hard pressed to get affordable transportation	2/5/2025 7:56 AM
324	Add a wave pool	2/5/2025 7:48 AM
325	Perhaps a second entrance would be helpful for ease of access for people travelling by car.	2/5/2025 7:46 AM
326	Great location!	2/5/2025 7:45 AM
327	That depends on the new transit routes starting this summer. Plus this is only convenient for Transcona and surrounding areas, good for them.	2/5/2025 7:33 AM
328	More parking space should be considered.	2/5/2025 7:13 AM
329	This is exactly what Transcona and the surrounding areas need. So excited for this! Thanks!	2/5/2025 7:06 AM
330	Is it enough parking? I am living nebouring area, and concern the traffics around this corner	2/5/2025 7:04 AM
331	Vehicle access to and from transcona (via Kildare/Transcona boulevard looks difficult and inconvenient	2/5/2025 6:53 AM
332	It’s really far from the west side of the city!	2/5/2025 6:52 AM
333	There is not enough parking spaces to accommodate this center	2/5/2025 6:49 AM
334	Too much parking for library... Not enough for rec centre	2/5/2025 6:42 AM
335	I believe this would be an important and needed asset to my community in Transcona	2/5/2025 6:41 AM
336	No one asked me about the location....which is stupid. Why not closer to the population that actually has no facilities whatsoever? Typical meritless thinking by people with no merit.	2/5/2025 6:19 AM
337	We have waited many years for something like this! Please begin	2/5/2025 6:11 AM
338	The Transcona entrance might get backed up with people dropping off for child care at peak times	2/5/2025 5:52 AM
339	I think the traffic flow needs to be studied around the area more before such a project like this takes place. There is already issues during rush hour with traffic being backed up at the corner of transcona boulevard and plessis road.	2/5/2025 5:45 AM
340	Will it be serviced by a route that makes transit a viable transport option for people who live in Central Winnipeg?	2/5/2025 2:06 AM
341	I'm a bit concerned about the capacity of the in-and-out traffic at Plesis. Going south on Plesis, we have a railway, flashing lights for the pedestrians/users of the trail, and right after that there's the proposed in-out route. It might affect the traffic on Plesis during rush hours, but I understand that is the only option on Plessis for the in-out traffic.	2/5/2025 12:08 AM
342	With no parking on Transcona Blvd, I think you will have many people pass it/miss the turn offs without an easy place to "u-turn". How about a drop off loop off on Transcona? Or good signage for parking	2/4/2025 10:50 PM

343	It’s location is perfect to get to	2/4/2025 10:32 PM
344	Currently, east bound traffic can not turn into the library nor can you drive out of the library parking lot and head east.	2/4/2025 10:27 PM
345	Hurry up and build this!	2/4/2025 10:26 PM
346	No	2/4/2025 10:22 PM
347	No	2/4/2025 10:19 PM
348	Looks Beautiful, get the kids off the streets that are doing meth.	2/4/2025 9:51 PM
349	I’m excited for this and my kids, the pool is falling apart in Transcona we often drive far to access other pools (7oaks)	2/4/2025 9:51 PM
350	Pedestrians and transit riders will probably need some assistance getting to complex from plessis northbound lanes and transcona blvd east bound lanes.	2/4/2025 9:26 PM
351	Parking lot entrance/exit on Transcona Blvd should be wider. Make it 4 lanes instead of 2, so that everyone can go into respective lanes instead of crowding and treating it like a 4 lane.	2/4/2025 9:18 PM
352	I will walk there	2/4/2025 9:17 PM
353	Would love to see this happen!	2/4/2025 9:17 PM
354	It would be nice to see the new landscape incorporated with Transcona Trail, not just asphalt paths extending off the trail. Its sad to see new developments that draw out harsh property lines due to unfinished landscaping. It would be nice to see a “Landscaping” code be implemented like bigger Canadian cities.	2/4/2025 9:03 PM
355	Please have lots of bike racks for easy access.	2/4/2025 9:02 PM
356	The RecPlex drop off location looks like it could get a little backed up/jammed during busy times with lots of cars trying to drop people off but otherwise looks great.	2/4/2025 9:01 PM
357	Our city really need a new pool. Pan Am pool is ageing, other city pools are constantly under maintenance. Is hard to get pool time for the public or any water sports in the city. Is time we get a new facility like the one proposed. Thank you for considering to to develop this project.	2/4/2025 8:59 PM
358	No but it’s about time	2/4/2025 8:27 PM
359	No it’s a great location for public transportation via car or bus and even for bike users!	2/4/2025 8:20 PM
360	Please add place for inside tennis court and make indoor playground inside,	2/4/2025 8:07 PM
361	The Plessis sidewalk needs to wider to accommodate the inevitable bikes that threaten walkers.	2/4/2025 8:02 PM
362	This is a wonderful idea! Please please please build sooner than later. Would use the facilities so much but don’t want to see it built after my kids grow up! Thank you!!! 🙏	2/4/2025 7:59 PM
363	Both the entrance and exit only allows southbound Plessis access. What about those entering on northbound lanes? With a such a big complex, accommodations should be made for both south and north bound Plessis entrance/exits access	2/4/2025 7:58 PM
364	Please consider traffic flow from plessis to transcona blvd in the design.	2/4/2025 7:51 PM
365	If there are no lights the intersection to turn In Off Plessis May be difficult	2/4/2025 7:49 PM
366	Please do not use this response. It is for testing purpose.	2/4/2025 7:48 PM
367	It is a great location! Very exciting!	2/4/2025 7:39 PM
368	We desperately need this in our community. I would support this plan 100%.	2/4/2025 7:31 PM
369	None	2/4/2025 7:16 PM
370	I would like to see a pool in the south east of the City. There is only 1 pool in this area	2/4/2025 7:06 PM
371	How will parking zones be enforced? On a busy recplex day, the library pkg will be overrun	2/4/2025 7:02 PM
372	No	2/4/2025 6:53 PM

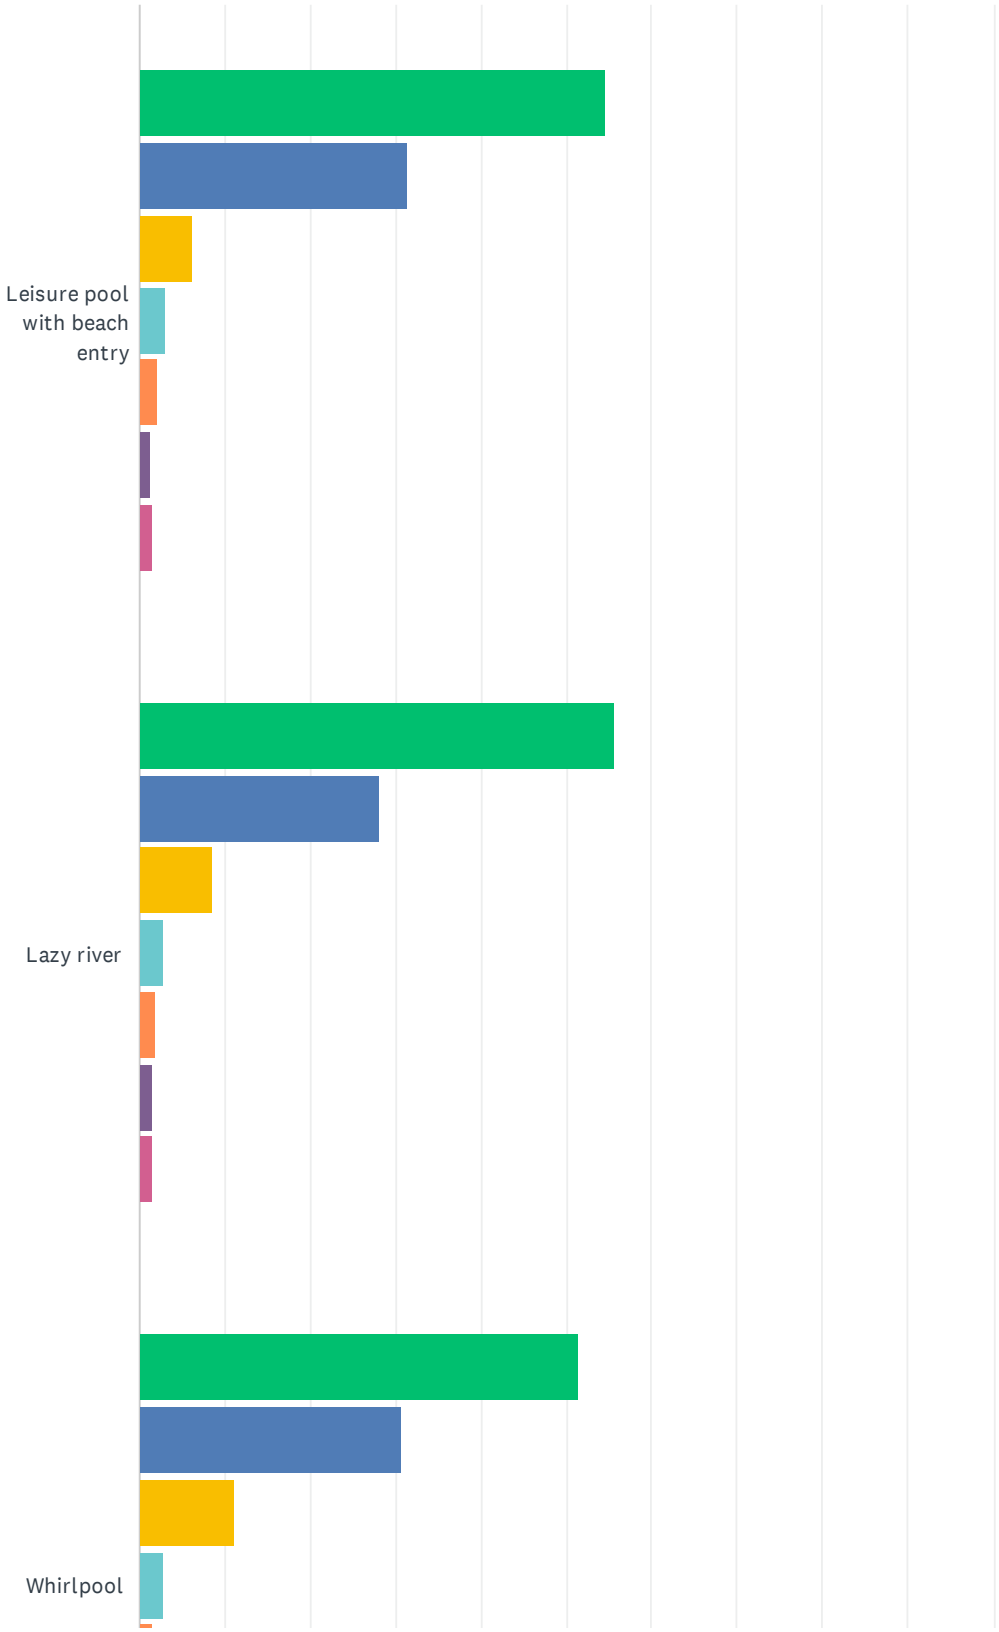

373	Parking lot seems very small for such a large complex.	2/4/2025 6:51 PM
374	Please get this opened sooner rather than later our community really needs this.	2/4/2025 6:47 PM
375	No	2/4/2025 6:41 PM
376	Great idea. Bring it on.	2/4/2025 6:29 PM
377	I really think you should be including a gym in the plan! Unless I missed it in the plan	2/4/2025 6:24 PM
378	hard to access going eastbound on transcona blvd.	2/4/2025 6:24 PM
379	Add more trees and bushes beside the path, it makes it much more walkable if there is seperation from the road and the sidewalk, which makes walking a much better experience.	2/4/2025 6:24 PM
380	Why is another waterside park being built after there is one already in the area	2/4/2025 6:24 PM
381	None this is an amazing idea. As long as you can access from Plessis then transportation shouldn't be an issue	2/4/2025 6:21 PM
382	It would be beneficial to include an option for paddle training in water. To accommodate examples: canoe ,kayak,and paddle boat . Which is in desperate demand	2/4/2025 6:19 PM
383	Should be pickle ball! Basketball for who?? Keep it at the schools.	2/4/2025 6:05 PM
384	I would prefer closer bus stops & more buses going there.	2/4/2025 5:57 PM
385	I like the long access on the west end to allow for parking in the back to break up congestion if parking was on the south side.	2/4/2025 5:55 PM
386	I think it’s a great idea.	2/4/2025 5:43 PM
387	Walking track and gym similar to Cindy klassen !!!	2/4/2025 5:42 PM
388	Excited to have this in East Winnipeg. It will be a welcome addition to Transcona	2/4/2025 5:39 PM
389	Transcona is so overdue for something like this. Please please please make this happen. Something like this helps accepting property tax increase for me personally.	2/4/2025 5:36 PM
390	Love! Down the street from me. Please build this!!	2/4/2025 5:35 PM
391	I just want to ensure there is easy access in and out. Currently it is hard to access the library as you can only enter from one side of the road on Transcona Blvd. If you are coming from the West you need to make a U-Turn at plessis to access it and it’s difficult to make the turn.	2/4/2025 5:33 PM
392	All aboard.	2/4/2025 5:24 PM
393	The childcare centre drop off will be in the way of everyone that has to go park for the rec plex that is coming from Transcona blvd (the back way). The entrance to the front can only be accessed by driving south on Plessis- that doesn’t seem convenient for the large majority of people that will be driving west from Kildare to Transcona blvd. Maybe have another parking lot to the west of the Rec plex with an entrance on the west side for the large majority that will be using the back driving entrance from Transcona blvd. I believe most of Transcona will be using the back entrance to get to the Rec plex.	2/4/2025 5:23 PM
394	The library should not have been built, No one uses libraries with tech waste of money	2/4/2025 5:11 PM
395	No	2/4/2025 4:52 PM
396	It's hard to tell from the map but would people leaving the RecPlex be able to turn north and south on Plessis / east and west on Transcona Blvd? That would be ideal and eliminate the current inconvenient need to do a u-turn on Transcona Blvd.	2/4/2025 4:52 PM
397	Please build this, our children need this place.	2/4/2025 4:12 PM
398	Consider swapping the parking lot and center itself so the parking lot and entrance/exit comes onto/off of Transcona Blvd. There's already an intersection there, you could have a separate entrance and exit for the ability to turn right or left onto Transcona Blvd. People can come from all parts of the city. The current design has the only entrance and exit heading South onto Plessis. One way in and one way out. The current deisgn will create unnecessary traffic back up in the lot and on the street, especially when a train goes by. Super excited about this.	2/4/2025 3:59 PM

399	How do you get in?	2/4/2025 3:53 PM
400	Can you turn in to the complex from Transcona Blvd. as you travel toward Plessis Road? Can you turn in to the complex from Plessis Road as you travel the intersection of Plessis Road and Transcona Blvd.?	2/4/2025 3:36 PM
401	I would be able to walk which makes the thought of this so amazing	2/4/2025 3:29 PM
402	YES PLEASE	2/4/2025 3:23 PM
403	The Transit stop that is eastbound will be challenging unless a cross walk or safe way to cross is established. Otherwise, people will just run across the road (which they already do and it's scary to watch). Also, please reduce the speed on Plessis to 50 (currently 60) and enhance the cross walk at the Transcona Trail (many accidents involving cyclists and pedestrians).	2/4/2025 3:13 PM
404	There should be more parking provided on the west side of the recreation building, up to where the train tracks cross Transcona Blvd. This is a regional recreation centre and the parking lot already looks too small considering the vast catchment area for visitors.	2/4/2025 2:54 PM
405	I would like to see safer infrastructure implemented for pedestrians and vehicles crossing over Plessis and transcona Blvd. More signage of speed limit on transcona Blvd as many people think it's 60km. Exiting can be difficult already at the transcona library for those who live east of Plessis. We usually have to complete an uturn at the opening of no frills and the apartment buildings. Would like to see a set a lights to help with traffic. May be want to be mindful of the daycare being built to have highly visible cross walks	2/4/2025 2:40 PM
406	Please ensure good and safe disability/wheelchair access,	2/4/2025 2:29 PM
407	No put bring back plessis bus expend route	2/4/2025 2:24 PM
408	There should be more parking for the rec complex and library. Also it’s needs to have the ability for traffic to turn through the exsisting boulevard	2/4/2025 2:24 PM
409	There doesn’t appear to be enough parking	2/4/2025 2:22 PM
410	We need something like this in Transcona	2/4/2025 2:17 PM
411	More transit accommodations would be nice, make it so people have to walk less to get to transit.	2/4/2025 2:13 PM
412	Please build this soonest. My family is super excited to see it built and ready.	2/4/2025 2:07 PM
413	Not being able to turn left onto transcona boulevard like the library	2/4/2025 1:59 PM
414	No	2/4/2025 1:58 PM
415	This would be great for transcona and seniors to get out !	2/4/2025 1:49 PM
416	None. This is great.	2/4/2025 1:47 PM
417	Is the entrance for the library not at the bottom of this picture? It appears the parking lot for the library is not near the current doors	2/4/2025 1:47 PM
418	Yes, please start the build process ASAP. By the time it's completed the current families won't be able to use most of the features.	2/4/2025 1:46 PM
419	It would be nice to have access to the parking lot if you are traveling east on transcona Blvd. Currently you can't turn left into the library parking lot from trasncona Blvd if you are traveling east bound and you have to turn around somewhere in order to access the lot. It's not very convenient at all so hopefully that would be taken into consideration.	2/4/2025 1:44 PM
420	We need a way to turn into it and the library when headed east on Transcona blvd.	2/4/2025 1:42 PM
421	Why the name East of the Red?	2/4/2025 1:41 PM
422	Ensure to enable access for both ways . Not just one way in and out(same direction) As the library is! Make sure there is ample parking and maybe overflow parking as well.	2/4/2025 1:32 PM
423	I'm seeing only one entrance and exit off Plessis. One is not enough. Either the drawing is unclear or another entrance and exit needs to be designed.	2/4/2025 1:31 PM
424	We used to live in River Park South and when the Rec place opened all the library parking was	2/4/2025 1:26 PM

	constantly being used but the people frequenting the rec place. It would be nice to see a more prominent division? Or more parking.	
425	When is the proposed start date to this development going to begin? Need of a childcare and school in this area soon.	2/4/2025 1:22 PM
426	remove the entryway (Plessis) heading north. That's a traffic waiting to happen in the future.	2/4/2025 1:16 PM
427	Definitely not enough parking for everything packed in there. And with no street parking around there, where will people park once full??	2/4/2025 1:14 PM
428	More accessible bus routes. A shuttle doing picks up? Fees will be to much and then no one can use the facilities.	2/4/2025 1:09 PM
429	Transcona is so car centric, I worry about the number of parking spots. While we might wish it weren't this way, it unfortunately is this way for now!	2/4/2025 1:08 PM
430	What does Coinvent mean?	2/4/2025 1:03 PM
431	This is great, but by the time it's completed (if at all) it will be of no use to most current Transcona residents who were told something like this was already in the works up to almost 5 years ago.	2/4/2025 12:58 PM
432	None	2/4/2025 12:54 PM
433	This is soooo needed in Transcona. About frigging time Winnipeg	2/4/2025 12:54 PM
434	How will traffic from NB Plessis or EB Transcona Trail access the parking? Too many U-turns will impact safety. Love this idea, but keep this in mind if medians aren't being opened up. How do you ensure library patrons don't run out of parking because the Rec Plex is having a busy day and is using all the parking spots? Do license plates get registered at a front desk? Thank you. Our city and this neighborhood NEEDS this. But not in 10 years. Asap. ♡	2/4/2025 12:52 PM
435	This parking lot for the library is already hard to enter for those travelling from the west	2/4/2025 12:51 PM
436	Please build this soon, we need a proper rec plex in the east side of the city!	2/4/2025 12:49 PM
437	Adding turning lights from Plessis to Transcona Blvd will be needed for the increase traffic this will bring to that area.	2/4/2025 12:49 PM
438	The road going towards the child care centre from transcona boulevard is going to cause traffic congestion. There is already and entrance/exit across from it that goes to both apartments and to the no frills. Making it both annoying to deal with and potentially dangerous for drivers.	2/4/2025 12:49 PM
439	Library having their own entrance	2/4/2025 12:45 PM
440	Just not clear about how to get into the complex from eastbound Transcona blvd or northbound Plessis. Right now unable to access library from eastbound TCona blvd and do a U-turn at the intersection. If coming northbound Plessis, if you're not turning Left at the lights, all that traffic is streamlined by the childcare side. If you go down further to what is currently the controlled pedestrian crossing, how would a car turn L from Plessis? A u-turn as well just past the train tracks?	2/4/2025 12:44 PM
441	Can't wait	2/4/2025 12:43 PM
442	It would be nice to have this facility in the area	2/4/2025 12:39 PM
443	making it affordable, no private memberships that cost arm & leg	2/4/2025 12:35 PM
444	Location dissuades pedestrian usage. Will there be a cross walk closer to the rec plex side or will pedestrians be forced to walk all the way to Plessis just to make it to the other side of Transcona blvd.	2/4/2025 10:01 AM

Q3 Do you agree or disagree that the proposed aquatic spaces will meet the needs of you and your family?

Answered: 1,601 Skipped: 108

Q5 Do you have any comments about the aquatic amenities? (Optional)

Answered: 563 Skipped: 1,146

#	RESPONSES	DATE
1	Nice amenities BUT are these really needed! A pool is enough so cost savings from amenities can be used to build another indoor pool in area of Red River ... namely close to Perimeter and St. Mary's Road.	3/3/2025 9:44 PM
2	Need more waterslides. For an indoor water park that should be one of the main features	3/3/2025 12:23 PM
3	more lanes for lap swimming. city pools are always full and sharing lanes is not great.	3/3/2025 10:28 AM
4	PLEASE make sure that the changing rooms accommodate parents (nearly always moms) who are trying to wrangle babies & toddlers. Changing rooms that are open underneath and narrow = they just crawl undernearth/on the gross floor, and you cannot fit in there with them + bag of supplies + winter coats. Please also make sure the showers are wide enough that parents wrangling children (again, usually moms) can walk past parents watching their kids shower without having to walk into the spray and get wet. Just make sure the change rooms are though through in detail by actual parents of young kids! I cannot believe how UN-parent friendly even the updated facilities at 7Oaks pool are. I also wanted to note that one thing I do appreciate about 7 Oaks is that there is the separate splash pad/waterslide/kiddie pool. This has been wonderful for lessons for my 4 year old, because its infinitely quieter and less daunting than lessons were in the main pool area which is bustling with people during swim lesson time and therefore echoing SO loud. I wish there was some way to have that kind of separate space at the Rec Plex, but at the very least I appreciate if preschool swim lessons will happen in the Leisure Pool area.	3/3/2025 9:40 AM
5	A great option considering the need for a pool	3/3/2025 6:50 AM
6	I assume aqua fitness classes will be in lap pool area	3/2/2025 10:28 PM
7	My concern is that there is no indication of the depth of the lap pool. Will it be deep enough to allow for water polo and artistic swimming? Or are these sports excluded from participation at this facility? Also you ask for comment on the sauna, but I don’t see one included in the design?	3/2/2025 2:48 PM
8	Include the machine in change rooms to dry ou bathing suits please.	3/2/2025 2:34 PM
9	Making sure everything is accessible for persons with disabilities whether it being a wheel chairs or stairs to get in rather than ladders.	3/2/2025 1:26 PM
10	Lifeguarding this variety of amenities is going to be difficult. Have you thought about where to position lifeguard towers and that occasionally from the floor plan lifeguards may have aquatic features and pools behind them they are not guarding but will be a distraction. Where is the lifeguard office? Do you have the minimum requirement of 6feet around the waters edge for a spinal board? Specifically looking at the water slide area and the lazy river it looks tight. Also deeply consider the lifeguard locations and the massive windows you have designed. The glare from those windows will make it impossible to see anything in the pool from certain angles this is a major safety concern. Also is the ventilation strong enough to handle such a large environment? Also water quality and temperature are affected by stagnant water and moving water concerns about lazy river. Food for thought from a lifeguard and instructor with 18 years experience.	3/2/2025 12:55 PM
11	We should consider consulting aquatic sports to see if there is an ability to use this facility for competition. It’s minimal changes to the current configuration (marginal length changes of the lap pool) and slight depth changes on the deep end. Strongly Recommend, it would be a good revenue option.	3/2/2025 12:40 PM
12	They need to be adding slides that are not only for small children but for teens 13 and up, we went in summer to great Wolfe lodge and they had slides for even adults to enjoy, tube slides that accommodated 2 people at a time as well as a slide that had tubes for 5 people to go o together at once. Basic slides are not fun	3/2/2025 12:28 PM

13	Please put in a wave pool	3/2/2025 11:05 AM
14	It would be nice if there were competition style starting blocks as competitive swimmers make a long drive to pan am frequently. It would be nicer to have something similar on this side of the city. This seems more geared to leisure, and the lazy river, while fun, could be reduced in size. The scale may be off on the renderings, but the change room looks way too small for the size of the facility. I was excited when I saw this, and many families will enjoy the recreational style pool, but it misses the mark for the needs of our family who drives to pan am for the training tank most days of the week	3/2/2025 10:57 AM
15	Don’t put too many spray features in the pool. It makes it hard to find a space to be with the littlest ones where it is shallow enough for them and they will not get sprayed in the face. We much prefer the spray features at the Kildonan Park pool over the Transcona Aquatic Park because they are not attached to the pool.	3/2/2025 9:34 AM
16	LOVE that it is 25m and eight lanes. Possible competition somewhere other than Pan Am?	3/2/2025 9:13 AM
17	Is there a heated pool anywhere in this wonderful aquatic area. Seniors love/need a heated pool to help their bodies. This looks great for people that aren't seniors, but what about those of us that are 65+? The pool at the Wellness Institute is overwhelmed with folks trying to get into the aqua size classes there, that's how popular the heated pool is at the Wellness. We could use another pool like that in the city to accommodate the needs of the older folks.	3/1/2025 12:02 AM
18	It would be nice to have a designated kiddie pool where it doesn't slope to too deep for younger children. A kiddie pool similar to the one at the Pan Am Pool would be great!	2/28/2025 9:56 AM
19	To short and not enough slides. too small spray features and perty room too small	2/25/2025 10:13 AM
20	I would like to see aquacise programs for people with disabilities.	2/25/2025 9:45 AM
21	need change tables for young children and diapered adult	2/25/2025 9:38 AM
22	i like to see longer swim lanes to accommodate serious swimmers	2/25/2025 9:18 AM
23	Safety surfacing in the pool area!	2/23/2025 10:08 PM
24	The city should try to have multiple, multi-level water slides for this project. Somehing like West Edmonton waterpark or at least like Fun mountain.	2/23/2025 9:27 PM
25	A very nice and big sauna will be quite pleasurable and very good for people. Lots of lanes for a lap pool is great too.	2/23/2025 5:52 PM
26	As someone who enjoys swimming casually, I like having a 4-6 ft deep water option that is not a “swim lane” to practice treading or floating without taking space away from people who is doing laps.	2/23/2025 5:03 PM
27	Tight change rooms are a deterrent.	2/23/2025 3:46 PM
28	It’s going to be way too overcrowded and with only 2 waterslides? Come on. The lines will be long. I’d much rather travel to west Edmonton mall for their waterpark in a heartbeat. That’s what Winnipeg needs.	2/23/2025 11:29 AM
29	Curious how the universal change room works.	2/22/2025 6:46 PM
30	What about a cafeteria?	2/22/2025 9:45 AM
31	Add more waterslides	2/21/2025 6:28 PM
32	I will be more excited when I see where the money is coming from, been there before when the plans were being developed for pool/ slide that is there now	2/21/2025 3:14 PM
33	Would like to see seniors swim times. Make pool deep enough for scuba lessons. Set up for competition. Whirlpools are too difficult to clean. Sauna not hygienic.	2/21/2025 10:57 AM
34	If possible more lap lanes would be needed	2/21/2025 10:11 AM
35	Split the universal change room into half into a family change room and a universal change room. The people with little kids are not always the same as the people who want a neutral change room and it’s not always appropriate.	2/21/2025 7:19 AM
36	Love the universal and gendered change spaces... absolutely LOVE the equity and safety this	2/20/2025 5:30 PM

	creates. I'm a cis het 50+ woman with no children of my own and your commitment to making these spaces was one of the main reasons I wanted to attend the openhouse -- but I was caring for my elderly mom. This configuration respects everyone without stigma and supports grownups who bring children and elders - great! Also, THANK YOU FOR THE SAUNA!! I swim a lot and a pool without a sauna (PanAm) makes no sense to me. It is added motivation to get to the pool. Also, it creates social space that reinforces respect to the degree that we all feel safe using it. I often feel like men take up all the space so hopefully as a community we can all share this equally. I lap swim and sometimes tread in the deep end if all the lanes are full-- Elmwood Kildonan is often so busy so the need for another pool has been obvious for a long time. I can't swim laps at Kinsman. I've tried and even at 6am the current and the social norms for most patrons makes taking up that much space by one person really counter to sharing. So thanks!! I actually wish it was 16 lanes but sharing a lane is also something we should all work on. Because I don't have kids it would seem like most of the features don't pertain to me, but I really want people of all ages, swimming abilities, and physical abilities to have access to the joy of water. Great work. If there was a cold plunge I bet that would hit another level -- might create safety concerns, but that's what an awesome team of lifeguards is for... and, it would bridge the weight training and swimmer group divide a bit, making us more social. Access to diving boards - key for athletes. I hope we have a swim team and masters swim club!! The party room also thrills me, because I want swimming to be social, not an isolated in your lane thing. This feels like the culture of ICELAND - and I can't tell you how excited I am.	
37	spray area similar to Canada inns in grand fork with large dump bucket feature	2/20/2025 1:39 PM
38	We need more water slides like west Edmonton mall / wave pool	2/20/2025 1:32 PM
39	nothing for seniors	2/20/2025 11:47 AM
40	get it built fast. Accessible for different income levels	2/20/2025 11:35 AM
41	Aqua classes for seniors	2/20/2025 11:27 AM
42	don't forget senior's activities	2/20/2025 11:24 AM
43	hope to see adequate classes in the program	2/20/2025 11:23 AM
44	its much needed in the community	2/20/2025 11:12 AM
45	waterslides for children and universal changing rooms for families with young children	2/20/2025 11:05 AM
46	sounds like a very well plan	2/20/2025 10:59 AM
47	Water slide should be into pool. Accidents waiting to happen as people will be in the way or others coming down slide.	2/20/2025 10:56 AM
48	water slides should end in the pool not just in chute hot tub/ whirlpool should be adult only	2/20/2025 10:54 AM
49	I think they are great plans for young families	2/20/2025 10:51 AM
50	how big are the swimming lanes / suitable for competitive swimming ?	2/20/2025 10:46 AM
51	this sounds amazing	2/20/2025 10:37 AM
52	It would be nice to have some sort of separation between the areas where the small kids can play and where older ones can play	2/20/2025 10:13 AM
53	everything looks well thought out and good for people of all ages	2/20/2025 10:07 AM
54	Yellow feature (slide? Not connected to pool) is inconvenient in its current location next to the ingress/egress for the lap pool and the men's/women's changerooms. Recommend omitting this feature. Waterslide (blue) not connected to pool? Very inconvenient placed in the lap pool. Recommend scrapping the yellow feature and adding several lanes to the lap pool. Add dedicated space (approx. 3 lanes) for the blue waterslide feature. Recommend steam sauna rather than dry sauna. Wave pool instead of other feature (leisure pool, for example)? Would differentiate from other indoor pools in the city, such as the one at the Rady JCC.	2/20/2025 10:04 AM
55	Should be open 7 days a week	2/20/2025 9:59 AM
56	wet Suana	2/20/2025 9:55 AM
57	Will there be a specific time for senior use?	2/20/2025 9:31 AM

58	Yes, demographics aging population segregated areas in family or children grouped together	2/20/2025 9:23 AM
59	It appears to me that the slide ends at the lap pool. I don't see how that works	2/20/2025 9:18 AM
60	hopefully the slides do not exit into the lap pool and there are good hours for public access	2/20/2025 9:10 AM
61	Steam rooms are king over dry saunas	2/20/2025 8:58 AM
62	waterslides should be on the side of the shallow pool as kids will run into deeper lap pool. whirlpool and sauna should be near lap pool. Very little options for seniors-leisure pool has gradual depth, not all seniors are strong lap swimmers. remove dive boards, depth not safe. Keep as lap swim. remove lazy rive, huge Hazzard for all age groups. leisure pool should be separate from spay pad features / beach entry.	2/20/2025 8:56 AM
63	Would like to see a second viewing area and the opposite end.	2/19/2025 10:47 PM
64	This is so boring and cookie cutter. We have these things in our city like this already. Make a big water park with lots of cool slides that will make people wanna go there. It’s boring.	2/19/2025 8:23 PM
65	We need more indoor activities ,for kids in winter ,in this area ,thanks.	2/19/2025 6:06 PM
66	Can there be a regular pool area? That’s a little bit deeper in case swimming lessons can be conducted out of there?	2/19/2025 5:38 PM
67	Where are the staff change rooms?Lifeguarding stations? Whirlpool seems too small. Could the waterslides be closer to the lazy river so kids aren't running through the centre? Also, more seating inside for older participants and somewhere to leave your towel is required! Place for waterpolo, synchro, aquafit, and swimming lessons??	2/19/2025 3:05 PM
68	im a wheelchair user. will there be lifts in the change rooms and water wheelchairs available?	2/19/2025 2:52 PM
69	Please make the space for younger kids accessible fully for adult with disabilities as well. There are plenty of adults who want to take their kids to the pool who have accessibility needs and end up not going because of them.	2/19/2025 2:26 PM
70	Aquatic facilities should also be able to provide community nonprofit aquatic clubs to use the facility to run programs like Water Polo, Swimming, Artistic swimming.	2/19/2025 1:56 PM
71	A wave pool would be a neat feature or an additional looping waterslide	2/19/2025 10:47 AM
72	The slides need to be looked at. I like that the yellow slide at least doesn't go into the Lap Pool not as dangerous for younger kids. Young kids need something in our area and if you could add more slide options in the other pool or look at putting a slide that has tubes and goes into the lazy river part that would be amazing so families with kids of all ages can enjoy. Everyone drives to Grand Forks just to go to the waterpark there. They have an unreal waterpark. They have one red slide with tubes that goes into the giant lazy river but they also have slides for kids with the spray features very well designed!	2/19/2025 8:17 AM
73	None of your proposals state how deep the water will be in the deepest part. Swim lanes are good, but an open area is needed in the deepest end to just hang out and swim.	2/18/2025 8:45 PM
74	We need at least one or two smaller pools to accommodate types of fitness (deep water aerobics, heated aqua fitness with advanced accessibility (the smaller pool like what’s at the wellness institute) Wellness and recreation takes many forms and this seems to promote “fun” more than “function”	2/18/2025 7:06 PM
75	Please don’t allow other gendered people to have their own space. We have enough of that in this world.	2/18/2025 5:50 PM
76	I would like to see more and bigger water slides to attract more tourism and make it a destination spot for travellers and the community. Bigger attractions will attract more spinoff of business for the surrounding establishments	2/18/2025 5:50 PM
77	Make 5 sliders to attract someone	2/18/2025 4:34 PM
78	make sure the change rooms have benches	2/18/2025 10:50 AM
79	Add more waterslides	2/17/2025 7:50 PM
80	A wave pool is a must and there should be more waterslides	2/17/2025 3:51 PM
81	Wondering on the depth of the lap pool, would be amazing to also be able to use for artistic	2/17/2025 3:01 PM

	swimming, but needs to be deep	
82	There aren’t enough waterslides . Would be better with more water slides and with some that actually go in the pool. There are enough lap pools in Winnipeg and no water parks	2/16/2025 11:03 PM
83	Trans people should have their own changing area according to their assigned sex. Lots of kid will be here.	2/16/2025 8:50 PM
84	Women, Men and Family designations, not the term universal.	2/15/2025 8:09 PM
85	I would love to see lots of options for lap swimming - with there only being 8 lanes, I hope 1/2 the pool or at least a few lanes will be available for laps and not all being used for lessons/programs.	2/15/2025 5:57 PM
86	Would like to see the male and female change rooms larger and the gender neutral smaller. If no change to the sizes, ensure that there are many changing stalls so that women and children can change in privacy.	2/15/2025 3:11 PM
87	Beach not required	2/15/2025 12:44 PM
88	If there is any space to add extra lap lanes please do. I used to go the the pool on Concordia after work but now the lap pools are always busy with swimming lessons and groups who have purchased the lanes. Please provide lap space that Winnipeg residents can use. Please provide evening hours for the facilities. Being able to come get some exercise at the lap pool after work would be a welcome improvement. I looked at the pool hours available at the pool on Kildare and I was shocked it even opened at all with those hours. Please have the pool be open at more accessible hours for people who work. When I was younger I went to a small town pool that had a wave maker and it was some of the most fun I've had at a pool. I think this would be a nice addition to the leisure pool. There were big ~1mx1m foam mats that's you would float on	2/15/2025 12:17 PM
89	Make sure the change rooms are large enough. The only pool in Winnipeg that has adequate change rooms is Sherbrook	2/15/2025 9:47 AM
90	As a swimmer, I fully endorse a dedicated lap pool. Wonderful concept!	2/15/2025 8:01 AM
91	Please ensure there is easy access around the swimming areas for those with physical disabilities (going from changerooms/washrooms to aqua size area)	2/15/2025 5:18 AM
92	Make sure there is water fountains too, will water bottles be allowed? Swim diapers available to buy?	2/14/2025 9:44 PM
93	Better water slides	2/14/2025 8:48 PM
94	Why have the viewing area so far from the lap pool. Poor planning.	2/14/2025 4:37 PM
95	Will the be the only pool in Transcona or will Transcona Kinsmen Centennial Pool also remain open? Otherwise this is fantastic!	2/14/2025 4:28 PM
96	None of it would meet my family's needs, as it is too far away.	2/13/2025 10:26 PM
97	Steam room would be a better option than another sauna	2/13/2025 9:00 PM
98	We would like to see consideration for a waterslide structure like what Seven Oaks indoor splash pad has	2/13/2025 8:31 PM
99	Let’s get it done.	2/13/2025 7:04 PM
100	more watersides	2/13/2025 5:50 PM
101	There better be male and female washrooms. Men pee in the seats I do not want to use a gender based washroom.	2/13/2025 1:33 PM
102	The beach entry pool is a great idea and will be excellent for people with very young children.	2/13/2025 1:31 PM
103	Saunas are becoming better known for their health benefits and their popularity is increasing. Please consider this when developing the size of this feature.	2/13/2025 11:56 AM
104	The change room spaces need to include a large accessible, private changeroom/restroom with adult change tables for accessibility. This is often overlooked but so important in the building and planning for pool facilities.	2/13/2025 7:01 AM

105	I would be nice to have more than one slide. Currently the waits at the pools with one slide are long, so to have a second option would be nice.	2/12/2025 8:44 PM
106	Water slides might have been longer and more fun	2/12/2025 7:22 PM
107	I hope there will be lots of lap swimming time available and that the swim clubs will branch out to this pool!	2/12/2025 6:33 PM
108	Love the slides, slides, whirlpool and sauna idea!!	2/12/2025 6:22 PM
109	There should be a gradual entry ladder or gradual entry access to the lap pool.	2/12/2025 5:51 PM
110	It's great that the area will finally have a hub like this.	2/12/2025 5:46 PM
111	Looking forward a great place to be	2/12/2025 5:36 PM
112	Can't wait	2/12/2025 5:25 PM
113	Looks awesome! Are the universal change rooms the family change rooms? I'm thinking more when parents with the opposite gender small/younger child need to change supervised together….	2/12/2025 5:20 PM
114	Need more water slides please. 6 as a minimum.	2/12/2025 3:33 PM
115	WAAAAY MORE WATERSLIDES !!!!	2/12/2025 3:18 PM
116	Im not even joking, you set up a lazy river and I will drive from South of Winnipeg to this facility every weekend. This is a fantastic idea.	2/12/2025 11:34 AM
117	I am very pleased with the wheelchair accessible ramp for swimming	2/12/2025 10:30 AM
118	The spray features at Transcona Aquatic Park were so poorly planned, please do better this time. Spray features should not spray water into areas where people are not actively engaging in the spray feature area (example: people passing by to get to the whirlpool should not be within reach of being sprayed). Kids typically run around spray pads, so the flooring should be non-slip. The spray pad at Seven Oaks Indoor splash pad consume a lot of space but are not used nearly as much as the playstructure/waterslide and leisure pool. I would prefer that this RecPlex does not have a spray pad and instead has a playstructure/waterslide feature similar to Seven Oaks, or a larger leisure pool. The leisure pool and lap pool should be separated by a significant design/activity feature to give more space between people swimming laps and the excitement, splashes, toys, etc that will be involved in the leisure pool area. Also, kids may be at risk of going into the wrong pool, or falling into the presumably deeper lap pool.	2/12/2025 9:41 AM
119	Can't tell from diagrams if there is adequate handicap access to all pools.	2/12/2025 9:39 AM
120	We need a all year aquatic pool with slides and water park…so this will be amazing to have in the community	2/11/2025 11:15 PM
121	Closer to parking . If you have small kids taking swimming and more than one . It's a far way to haul your kids	2/11/2025 9:28 PM
122	This is much needed I hope this gets built soon and has adult time set aside from kids. It needs to be separate	2/11/2025 8:38 PM
123	The water slides above are very disappointing. Seems like something you'd see at a hotel pretty much everywhere. Give us a WATER PARK nor just slides that are lame.	2/11/2025 7:44 PM
124	Need to be made larger. Transcona continues to grow in the devonshire/mcleod/ and Canterbury area. I believe thus needs to be made larger. Even the outdoor Waterpark isn't large enough for the amount of people that are attending and lots are not getting in.	2/11/2025 7:13 PM
125	The location of the lazy river / whirlpool seems problematic to lifeguard effectively and the shallow beach entry pool would need to have deep enough water for swimming lessons	2/11/2025 4:53 PM
126	Would be even better 9f the com-key included even more water slides. My grandchildren live in Transconna and both their parent were both certified life guards. They all would get a lot of use from a facility like this 0ne.	2/11/2025 4:42 PM
127	Family change rooms and bathrooms with separate exit	2/11/2025 4:18 PM
128	Yes, it will meet the needs of MY family but it is tooo small. We have had an enormous increase in population which I don't think anybody recognizes. Will this location be able to offer	2/11/2025 2:34 PM

	swimming lessons? A life skill for all?	
129	Thanks for investing in the community. It is welcome and needed. Many newcomers need to learn to swim and water safety so very welcome.	2/11/2025 2:12 PM
130	It is about time!	2/11/2025 1:47 PM
131	The entrance to the pool from all change rooms should be at the shallow end to prevent kids running from changeroom into the deep end. There should also be a viewing balcony and a steam room would be a nice addition	2/11/2025 12:37 PM
132	Needs more waterslides	2/10/2025 11:17 PM
133	No details as to the size and dimensions nor if the water will be warm or not. I stay away from most of the pools in the city because they are freezing most of the time.	2/10/2025 11:11 PM
134	Not enough waterslides and needs food and drink area	2/10/2025 11:06 PM
135	No	2/10/2025 10:59 PM
136	Please add more water slides! Winnipeg really needs a great indoor water facility that can accommodate all ages and abilities. It’s something Winnipegers have been asking about for years!!	2/10/2025 9:09 PM
137	More waterslides (there are no waterparks left) and a couple of taller slides. Beach area is way too small. Should be much larger with lounger chairs, umbrellas, palm trees,etc. A small wave pool would be a nice addition.	2/10/2025 8:39 PM
138	Gender neutral changing rooms would be great for parents with school age children of the opposite gender.	2/10/2025 3:04 PM
139	Amazing, very excited about this project.	2/10/2025 12:31 PM
140	There should be more toddler water play options. Or a smaller wading pool not connected to the leisure pool. It was a huge disappointment when the outdoor pool at Kinsmen completely removed the wading pool.	2/10/2025 12:11 PM
141	I don't think that about of Universal change room space is well balanced. Not against it, just think 50% of the space given is too much.	2/10/2025 11:48 AM
142	The city is boke. Stop the vanity project, what was the tax increase 6.95%	2/10/2025 11:24 AM
143	there should be more lanes for lap swimming.	2/10/2025 10:53 AM
144	There should be more than two water slides and have a variation for all ages.	2/10/2025 10:37 AM
145	For the slide (which I love the idea of) I would recomend making the stairs accessible for someone who may carry they're disabled child up to slide down with them. My sister with cerebral palsy loved waterslides very much and my Dad would carry her up the stairs and slide down with her (lifejacket incl.). So if there stairs could be built in a way that allows for pauses/breaks, that might help out those parents wanting to give their child this experience too.	2/9/2025 3:19 PM
146	Lazy River is too small. Blue waterslide should be enclosed for the top half of the ride, current setup is very dangerous. Kids love to stop on slide and it is open way too high.	2/9/2025 1:37 PM
147	These area all perfect options, as we don't have anything like this indoors and have to travel 30 mins to an hour to experience. Wave pool or anything thing like this	2/9/2025 12:55 PM
148	I think this would benefit our area immensely. Especially since this was supposed to be provided in this area years ago we lost out our area has been without a Y. Which I think this would be a great benefit for all families living in the Transcona area	2/9/2025 11:02 AM
149	There should be more focus on water slides	2/9/2025 10:57 AM
150	Take out 4-5 swim lanes from the design, and use that space to provide more slides. Design and build an exciting slide system that would excite people of all ages.	2/9/2025 10:54 AM
151	Winnipeg has many lap pools already. We want and need something new, exciting and DIFFERENT. We need MORE waterslides. Winnipeggers deserve a super fun indoor option especially during our long cold winters. Make the ceiling higher and add tall water slides.	2/9/2025 10:52 AM

152	Leisure pool should have a wave creator. Ottawa has a few pools like this for leisure swim time.	2/9/2025 10:51 AM
153	Again, the distance from transit/parking to accessing the aquatic area should have benches and seats along the route.	2/9/2025 9:45 AM
154	Not clear if Lap Pool or Leisure Pool have a shallow end appropriate for child swimming lessons.	2/9/2025 9:16 AM
155	Waterslides shouldn't lead into the lap pool (hard to tell with design).	2/8/2025 10:28 PM
156	If they could adjust the lazy river to circle the whole swimming area that would be better. Parents could watch kids in both spaces from the river. If there could be seats or chairs between lap pool and kiddie pool bc there's often parents wanting to watch or kids of multiple ages that would be in both pools.	2/8/2025 8:50 PM
157	Is this a free facilities or comes with a fee or membership. I was thinking that maintaining an aquatic amenities are quite expensive. Proposed budget of maintenance would help for public knowledge. Thanks	2/8/2025 8:41 PM
158	The design with the Thief River Falls water slides is a really excellent set up. Because they have multiple slides, feeding into one spot. It would be great to have a couple more options because of how much transcona has grown. I think that one large slide and then one to the side is not quite enough. Even the outdoor water park that we currently have isn't that great. We often leave to go to other locations outside of transcona.	2/8/2025 8:16 PM
159	Should have more slides. Lazy river should be another pool instead of a river	2/8/2025 6:33 PM
160	Overall a very exciting plan!!!	2/8/2025 4:52 PM
161	There should be a kiddie/Toddler swimming pool available as well, maybe that is gated off so toddlers can't accidentally run to the large pool	2/8/2025 4:27 PM
162	We need an outdoor water park. This is embarrassing to even consider	2/8/2025 3:36 PM
163	This foot print should be an indoor water park. No other amenities should be found here. There are plenty of other gyms, tracks etc... all over the city. Time to step up and make an amazing Waterpark that will attract people and keep people vacationing in MB instead of Grand Forks.	2/8/2025 2:04 PM
164	Need more water slides!	2/8/2025 1:42 PM
165	A lazy river would be amazing as this is not something we have in Winnipeg. It could provide joy to the whole family.	2/8/2025 1:39 PM
166	Would be great if the the leisure pool was the entire space without lap pool area. The city needs a water park that is competitive with similar cities of its size in Canada. Would be great to see a wave pool and lazy River and water slides with large open area with room for many families. No need for diving boards.	2/8/2025 1:38 PM
167	Hopefully the hours will be similar to a ymca. I switched from city of Winnipeg family pass to ymca because hours where much better	2/8/2025 1:36 PM
168	NA	2/8/2025 12:42 PM
169	Needs more slides and easier access for kids to get in and out of pool - like a walk in type pool	2/8/2025 12:04 PM
170	We need more water slides/water park area and no lane swimming. All of the pools in Winnipeg right now have lane swimming, if people want to exercise they can go to one of those. Make this an indoor water park and you will have so much business. I would be willing to drive from the opposite end of the city to spend the day.	2/8/2025 12:02 PM
171	I love how you have accommodated for families with younger kids, but I feel like you hopped from the younger kids space to an adult space. There is little middle ground for kids that are preteen or getting into their teens. I know my kids would appreciate a pool where they could still touch their feet down when needed vs. having just a lap pool available. :)	2/8/2025 11:01 AM
172	Would love to see some toddler water slides added in the spray features area, little kids like slides too!	2/8/2025 10:51 AM
173	All three change rooms should be of equal size.	2/8/2025 10:30 AM

174	If the city is going to build a water park with many water slides I think there should be more water slides for people to enjoy. There is only 1 water slide besides the two for children. The line would be enormous! Take out some of the lane swimming to add more. I believe more people would go for the slides compared to the lane swim. Also, universal change rooms? I do not want to be changing with men. I definitely don't want my daughter to be changing with men as well. Create a women's change room and a universal, if need be, but women need their own space!	2/8/2025 10:19 AM
175	It would have been amazing to have a wave pool. please make it a dry sauna, not a wet sauna	2/8/2025 9:27 AM
176	It would be nice to see a couple more slides added to accommodate the crowds I'm sure this place will get.	2/8/2025 8:59 AM
177	Was unable to locate Sauna on the layout.	2/8/2025 8:39 AM
178	Love the design except please add a wave pool. Winnipeg doesn't have one yet for some reason! Cut the swim lanes a bit and add a wave pool. See the design of the Y in Langford, BC.	2/8/2025 7:28 AM
179	Water slide that enters the pool.	2/8/2025 6:59 AM
180	For $90 Million could be spent on the VETRANS HOMES that were intended for this area and the rest can go on TRANSCONA NEEDS	2/8/2025 5:12 AM
181	Although my kids will be 9 and 11 when this is completed, they are toddlers right now. I think a little toddler/baby pool would be great (like pan am pool) as well as a hot tub.	2/8/2025 4:44 AM
182	Pool only useful if there will be lap swimming before and after work most pools prioritize clubs and lesson leaving little time for adult who like to swim	2/8/2025 12:05 AM
183	This is better then anything I could have dreamed up for a rec space in Transcona. I hope it gets built exactly like this.	2/7/2025 11:17 PM
184	Accessible washrooms for those with disabilities. No gender Lgbxqrs neutral change rooms. Mens or ladies	2/7/2025 10:55 PM
185	Men's/women's change rooms should be larger. And mixed change rooms should be the smallest portion.	2/7/2025 9:10 PM
186	Do not see the need for a lazy River when Costco is always an issue. This would be a huge savings and perhaps allow for bigger lap pool or leisure pool. Feel lazy River is nice but a waste of space.	2/7/2025 8:24 PM
187	Universal change room i dislike. Maybe make the lap pool smaller and make the leisure pool larger. Also more seating within around the walls?	2/7/2025 8:11 PM
188	No	2/7/2025 7:15 PM
189	Those water slides are A JOKE. Atleast a few different styles, and more exciting designs. One basic one for smaller kiddos, or maybe smaller ones in the splash area for really young kiddos. Slides that allow for kids who can't do deep end to use. Into the shallow end!!!!!!!!	2/7/2025 7:11 PM
190	No need for a lap pool. Make it a regular/bigger pool and add more water slides! Manitoba needs an indoor WATER PARK! not just another indoor pool.	2/7/2025 7:07 PM
191	Place the focus more on an indoor water park. There are many lap pools in the city.replace the lap pool with more slides.	2/7/2025 5:12 PM
192	more slidessss	2/7/2025 4:43 PM
193	There should be separate change rooom/locker rooms for families with kids.	2/7/2025 4:36 PM
194	This all sounds amazing for familes! Can't wait!	2/7/2025 4:29 PM
195	Change rooms need to be secure, safe and protect privacy for women and children at all times.	2/7/2025 4:28 PM
196	More slides	2/7/2025 4:19 PM
197	More waterslides than the proposed 2 would be welcome!	2/7/2025 3:59 PM
198	Mixed feelings how come a "universal"change room is larger than the men's and women combined as a mother with young children I would only be comfortable in there if it was a	2/7/2025 3:57 PM

	family room Also a warmed toddler pool would be nice to see like the YMCA if the leisure pool is not already increased temp from lap pool.	
199	The more water slides the better for older kids! Have been wanting something like this in our area forever	2/7/2025 3:52 PM
200	I'm looking forward to it!	2/7/2025 3:00 PM
201	Wave pool and more water slides	2/7/2025 2:52 PM
202	ENSURE THERE IS A SHALLOW KIDDIE POOL. ENSURE THERE IS MORE SWIMMING AREA AND CAPCITY THAN THE OUTDOOR TRANSACONA POOL. TRANSCONA POOL HAS TOO MANY SPRAY FEATURES IN A SMALL AREA. ENSURE MANY, MANY CLOSED FAMILY CHANGE STALLS.	2/7/2025 2:41 PM
203	Viewing area will not provide enough options unless chairs are able to be provided along the full length of the aquatic centre. Even if family members are old enough to swim without a parent in the pool, parents would need to be closer to the area their children are swimming to make sure they are safe during swimming as well as safe from other guests.	2/7/2025 2:21 PM
204	Wave pool would be great to include	2/7/2025 2:18 PM
205	Is there an observation deck for aquatics? This would be important if competitive swim meets were to take place at this location.	2/7/2025 2:02 PM
206	Have a mens and women's washroom,no other weird gender neutral crap	2/7/2025 1:12 PM
207	More after slides. A few smaller ones	2/7/2025 1:09 PM
208	Are the universal change areas just stalls, they would be safer and more appealing to families as rooms with doors to the floor so no cracks or peaking can happen. Stalls are much easier for a small child to escape while a parent is trying to change or help another child.	2/7/2025 1:03 PM
209	More slides. A few smaller ones too	2/7/2025 1:02 PM
210	we need something like this a few years ago	2/7/2025 11:56 AM
211	No	2/7/2025 11:31 AM
212	Do you provide a safe entry to various amenities for someone using a walker? A ramp with hand rail? A safe non-slip surface to get to the amenities?	2/7/2025 10:49 AM
213	Any thought to a kiddie pool - a place for little ones to learn how to swim separate from people coming out of the lazy river or swimming laps.	2/7/2025 10:37 AM
214	A party room causes larger bookings and things to be too busy and hard to enjoy. I've seen at 7 oaks pool parties take over the entire pool and make it less enjoyable	2/7/2025 10:31 AM
215	Literally just beyond thrilled to have this in my neighbourhood!	2/7/2025 10:08 AM
216	Make the universal change room 16+ as children shouldn't be mixing with all the naked adults	2/7/2025 9:00 AM
217	It would be nice if there was a wave pool similar to Portage La Prairie	2/7/2025 8:44 AM
218	More waterslides!	2/7/2025 8:41 AM
219	Please include a Pool Lift with an Attendant so that adults and children who use a wheelchair can have easy access to the pool and other water features.	2/7/2025 8:28 AM
220	I thought there was going to be a wave pool?	2/7/2025 8:22 AM
221	Missing a steam room. No mention if the sauna is unisex or if separate ones for male/female.	2/7/2025 8:18 AM
222	Don't try to satisfy every feature request. Put in a proper sized pool that can handle multiple classes of lessons and training facilities. This design is a waste of money catering to children instead of tax-paying adults with disposable income and a desire for a facility nearby.	2/7/2025 8:01 AM
223	I love it!! The lazy river will be nice especially for young ones to be with their parents on a calm stream.	2/7/2025 7:58 AM
224	Please have a separate transgender change/washroom or at least designate for people with penis/ people with vagina.	2/7/2025 7:56 AM

225	The pool amenities would not be used by myself	2/7/2025 7:45 AM
226	Anything will be better than nothing. Hopefully we can get it done soon	2/7/2025 7:45 AM
227	Have the 8 lane pool far away from the beach entry pool to keep the little and big kids separate	2/7/2025 7:27 AM
228	We need more waterslides for growing families	2/7/2025 7:24 AM
229	We desperately need a waterpark that actually has more than 2 slides. We need more slides added as well as a hot tub.	2/7/2025 7:11 AM
230	I would absolutely love to see something like this be built	2/7/2025 6:55 AM
231	Splash features could be disruptive if too close to the whirl pool	2/7/2025 6:55 AM
232	The leisure pool needs to be large to accommodate lots of people. Don’t have the water and air as cold as pan-am.	2/7/2025 5:50 AM
233	More water slides would be great for Winnipeg	2/7/2025 1:30 AM
234	Don't put those water slides, put better ones or none at all	2/6/2025 11:19 PM
235	Would like to see more water slides. A wave pool would also be nice.	2/6/2025 10:56 PM
236	More water slides	2/6/2025 10:35 PM
237	My only add would be additional waterslides. Winter is so long! Having a fun, indoor water park would be amazing!	2/6/2025 9:36 PM
238	I don't like that the waterslides are not beside the splash pad/walk in pool. Think about families with kids of different ages; How is a parent suppose to keep an eye on all her kids if the amenities are spread out all over. I love the multiple and larger slides idea, and the larger lazy river. This will keep families coming back, and will appeal to kids of all ages, not just the wee little ones. It's great to have an option for the entire family to be able to go out. This design is great for kids of different ages, not just 1-6 years old. We need to appeal and give something for our youth to do. The waterslide will do that. Love the idea of family bathrooms/changerooms. I have a son with special needs, he's 15 and he cannot be by himself, but how can I take him swimming with me. He's too old to go to the ladies changeroom.	2/6/2025 9:24 PM
239	Wave pool would be more favourable. Waterpark (structure) more favourable than the lazy river	2/6/2025 9:17 PM
240	I think universal changing room shouldn’t be as big as it is bc personally as a woman with kids, I would never go in one and share it with man. When going to pool I have to change myself and my kids (both girls) and we all at some point would have to be naked, to do that in front of possibly other man around would be no from Me. I think most of the woman think like that so woman’s changing room will be most likely crowded.	2/6/2025 9:13 PM
241	More water slides	2/6/2025 8:57 PM
242	Addition of a wave pool	2/6/2025 8:43 PM
243	Why do we need a universal change room?	2/6/2025 8:40 PM
244	More water slides a wave pool would be great	2/6/2025 8:04 PM
245	Love it !	2/6/2025 7:59 PM
246	A lazy river will be amazing	2/6/2025 7:39 PM
247	Winnipeg needs an indoor water park! If at all possible spend more to make this an amazing water park by adding a wave pool!!	2/6/2025 7:22 PM
248	Please ensure there are gender neutral and family friendly changing rooms- st vital outdoor pool is a good example of these	2/6/2025 7:06 PM
249	Are the classes first come or do you have to sign up? What is the numbers for a class? Will there be classes for seniors?	2/6/2025 6:55 PM
250	More Waterslides!	2/6/2025 6:47 PM
251	Window configurations look like they could potentially create unsafe glare for lifeguards	2/6/2025 6:43 PM

252	Maybe a bit more slides	2/6/2025 5:30 PM
253	None	2/6/2025 5:24 PM
254	Why does a universal change room have to be that large?	2/6/2025 5:08 PM
255	Please a bigger, and more waterslides and maybe even a wave pool	2/6/2025 5:03 PM
256	The whirlpool and lazy river are not necessary. Excessive "luxury" paid for by taxes.	2/6/2025 4:08 PM
257	I would consider going the extra step, and just make an indoor waterpark. Residents of Winnipeg have been wanting one for years, and I believe it would be very popular and also attract tourists	2/6/2025 3:51 PM
258	No Trans should be allowed in female locker room. Need their own change room. Designated or No Nude areas only in change rooms..too many pervs in change rooms voyeurs, or exposing selves legally. A shallow Kiddy pool needed. The beach entry doesn't cut it. Water slide is better than lazy river What happening to Kinsmen pool???	2/6/2025 3:19 PM
259	Must have proper showers in change rooms also will like aqusize class be available for seniors	2/6/2025 3:16 PM
260	cost	2/6/2025 2:18 PM
261	I think there should be more bigger aquatic slides that’s indoor!	2/6/2025 1:59 PM
262	Somewhere to swim besides the lap pool.	2/6/2025 1:53 PM
263	I wasn’t sure if sauna will be part of the project. In any event, I would love to have 2 sauna: wet and dry. But, at least one is so desirable!	2/6/2025 1:45 PM
264	What about Deep and shallow water aqua fitness classes? Are these part of the plans and programs available too?	2/6/2025 1:02 PM
265	Would have liked to see more options for families that have toddlers especially during the cold long winter months we have parents depend on indoor activities	2/6/2025 1:00 PM
266	Will there be benches/seating around the lap pool for parents/caregivers to supervise/watch lessons, considering the high demand for swimming lessons will 1 lap pool meet the demands/space for lessons, I feel a lazy river/whirlpool are less important to me than the availability of swimming lesson space and this is a sentiment I hear from all parents as a mother of a 5 year old competing for spaces. How many current pools are slated for closure upon opening?	2/6/2025 12:41 PM
267	More waterslides!	2/6/2025 12:38 PM
268	More water slides	2/6/2025 12:36 PM
269	I have been a lifegaurd for the city and have found that some pool designs while beautiful, are very inconvenient for lifeguarding and safety. Ask the actual lifegaurds you employ to tell you where the blind spots and major dangers are. (ie change rooms that open to deep end, blind spots caused by slides or lazy river)	2/6/2025 12:31 PM
270	Wave pool and more waterslides	2/6/2025 11:39 AM
271	A large hot tub would be of huge benefit	2/6/2025 11:17 AM
272	Please please keep the room and water temperature warm except for tge 8 lane pool which should be cooler. Kids are prone to get cold because of their size. Please keep the kids healthy by keeping them warm!!!! Please!!!!	2/6/2025 10:57 AM
273	This is our first indoor pool we’ve built in Winnipeg in decades. Can’t we have a few more interesting slides for people to use? People have been begging for an indoor slide park for years.	2/6/2025 10:30 AM
274	I hope there will be an adults only time for lap swimming.	2/6/2025 10:18 AM
275	This slide should have the party room labelled, but I checked on the original slide.	2/6/2025 10:08 AM
276	An indoor spray feature / splash pad would be AMAZING!!! Currently I drive all the way to Maples which takes about 30 minutes and this is hard to time with my schedule and my children's schedules (naps included). The indoor splash pad is soo much fun for the children and helps break up the winter blues.	2/6/2025 9:42 AM

277	There needs to be more 5m+ diving boards in the city (only 1 option in the whole city is not enough). The pool should be another pan am pool size facility. When there's a diving competition, swim meet, or artistic swimming event the other sports have no where to go. Prioritize sports clubs and their needs. If we have more facilities that meet those needs we could have more kids/teens/adults participating in those sports. There are lots of options for a pool with 1 slide but there's only 1 facility in the whole city that has space for aquatic sports clubs. Also, if there's going to be money spent on a water park then build one that is big enough to be worth it. This is a sad little kids space.	2/6/2025 9:29 AM
278	Can we add a wave pool and maybe more for tourism? Could be really cool to have a great tourist experience along with the forks and human rights museum. I would get a membership to this pool as it is close to my house and seems really fun!	2/6/2025 9:19 AM
279	Please put more waterslides and make the leisure pool bigger and the lap pool smaller.	2/6/2025 9:15 AM
280	I think the waterslide needs to expand and improve to have a few decent waterslides...this wouldn't be enough to get my family to attend. The lazy river needs improvement. We've been in 'dinky' lazy river's before...if you're going to build it, then build it right!	2/6/2025 8:58 AM
281	More waywrslides	2/6/2025 8:54 AM
282	Transcona needs a new & better pool.	2/6/2025 8:47 AM
283	Needs more waterslides!!!	2/6/2025 8:34 AM
284	Having the kids go by the lap pool to get to the slide seems unsafe. Question four just had blank answers	2/6/2025 8:17 AM
285	Shouldn't have as much open space need another water slide	2/6/2025 8:10 AM
286	Assuming leisure pool with a beach, will if be real sand or fake sand and how you prevent the sand from getting into the pool?	2/6/2025 7:54 AM
287	Great job doing Q &A on this.	2/6/2025 6:28 AM
288	A second large water slide would have been great...not sure there will be enough room for a lineup to the one large slide.	2/6/2025 6:12 AM
289	More water slides	2/6/2025 2:42 AM
290	This is gonna be amazing!! Praying the city funds & builds this while the kids are young enough to enjoy it!	2/6/2025 1:17 AM
291	The site should be expanded to fully utilize all of the land up to the crosswalk on Transcona Blvd (as what was originally planned when the Park City are was planned. Not enough waterslides. Facility could be much bigger considering it will serve EK, NK, Transcona, and all of the new communities built close by like Devonshire Park. Also SE areas of Winnipeg plus Birds Hill, Oakbank and East St.Paul will probably visit the facility from time to time.	2/5/2025 11:31 PM
292	Agreed to all.	2/5/2025 11:25 PM
293	Incorporate more slides, perhaps a wave pool. Winnipeg is so far behind, something similar to WEM would be more enticing. The proposed water slides are very different from the outdoor one and really isn't geared towards youth and teens, its childlike.	2/5/2025 11:15 PM
294	Yall need more waterslides!? Like a minimum of 5 different types	2/5/2025 11:03 PM
295	The lap pool is to big most people would be in the leisure pool. So that should be the main area	2/5/2025 10:51 PM
296	See Stromlo pool in Canberra Australia for inspiration. Universal change rooms need modifying. Make them family change rooms so an entire family can go change all their kids at once, can be used by others too to make it universal. Need seating around the leisure pool to watch kids. Need a pool for swimming lessons where kids can touch the bottom. Kids are going to be running from Leisure pool to the slides. Lap pool should be opposite the slides not between them and leisure pool.	2/5/2025 10:51 PM
297	At least one more waterslide (3 total), main pool with waves every 30 minutes during free swim would be great, kid slide would be great and having the leisure pool and lazy river connect so you don't have to leave the pool.	2/5/2025 10:35 PM
298	The water temperature needs to be warm and the air needs to be warm.	2/5/2025 10:32 PM

299	Need more water slides that what is proposed	2/5/2025 10:13 PM
300	THIS IS ALL FANTASTIC!! Please make all of this happen. Definitely not loving out if transcona now. Wish it was even closer to Canterbury. At the intersection of pandora and rave just would be awesome.	2/5/2025 10:11 PM
301	I am hoping the accessible bathrooms/change rooms have sturdy change tables that can be raised or lowered with ceiling lifts. As well I hope there are a variety of sizes of water wheelchairs that are in good repair. A lot of children don't fit the bariatric ones and it's really disappointing when the only ones available are broken. Also, I am hoping there is an area where the wheelchair ramp/beach entry goes to where an adult can stand and support a higher need child in the water, similar to Tommy Prince Pool.	2/5/2025 10:06 PM
302	Can we add in a wave pool?	2/5/2025 9:47 PM
303	More water slides!!!!	2/5/2025 9:44 PM
304	Please do not listen to people who want more water slides they have no idea what they means for staffing and costs.	2/5/2025 9:43 PM
305	Needs more waterslides Make it so that swim competitions can be held here with spectators to be able to watch. Make sure the roof does not leak	2/5/2025 9:41 PM
306	I wish there was a wave pool like at the Saanich Commonwealth pool in Victoria, BC. Better to have stuff for older teenagers and adults that kids have fun in too.	2/5/2025 9:39 PM
307	Not sure how the water slides with work with the lap pool. Unless there are restriction on times for each	2/5/2025 9:29 PM
308	Do we really need a lazy river?	2/5/2025 9:23 PM
309	The ymca Lethbridge would be amazing to have something like that here. Wave pool and big waterslides	2/5/2025 9:08 PM
310	Make the water slide bigger taller and longer	2/5/2025 8:56 PM
311	More waterslides!! Maybe one more thats like the 3 that slide down fast but have bumps, or another like the curvy one, but meant for inflatable donuts The options didnt show up for me on the water amenities. I selected "neutral" for waterslides, agree for diving boards and party room, and strongly agree for the sauna and change rooms.	2/5/2025 8:51 PM
312	This would be amazing	2/5/2025 8:50 PM
313	The lap pool is to big there are a lot of other aquatic center that has them already. I prefer to see more bigger kid and family friendly leisure pool fun for kids and adults to have fun together in the pool. More family playful oriented theme like WEM or Steinbach aquatic centre has. An indoor space for family to experience togetherness especially during winter months something fun to do while staying warm. I also like the party rooms idea to give option for young kids for bday party venues or even just a family gathering, I hope food options will have more variety embracing diversity of the community by having food options not just pizza, fries or chicken fingers. Maybe an eating area with different stalls like food court that will give local kitchen opportunity to serve Winnipegers with local inspired cuisine. Also would like to see a space for family with infants or toddlers.	2/5/2025 8:50 PM
314	WAVE POOL PLEASE	2/5/2025 8:38 PM
315	I feel that the size of the universal change room might be too large unless it is accommodating for privacy for families to change	2/5/2025 8:38 PM
316	It would be nice to be able to host swim meets here. The depth would have to be such that it accommodates dive starts and it would also need starting blocks, lane flags etc. I'm hoping this has been considered. I can't find the sauna on the plan.	2/5/2025 8:36 PM
317	It would be nice to have a wave pool.	2/5/2025 7:59 PM
318	More things that make it entertaining the better. Water slides and the lazy river for sure!!	2/5/2025 7:23 PM
319	the city of winnipeg needs another 50m pool, as pan am is old and no longer able to house the needs of the city's swimming community, this would also allow for further opportunities in hosting events in the future	2/5/2025 7:14 PM

320	Now after the comment I made about the sauna there is a mention of a sauna in the #4 question. The write up or picture did not mention sauna	2/5/2025 6:53 PM
321	Again why build something we don't actually need when we need schools more then anything	2/5/2025 6:45 PM
322	Leisure pool looks small	2/5/2025 6:39 PM
323	Please make sure this is fully accessible for adults and children with disabilities. Wheelchair accessible into facility, as well as into the pool areas kids areas & adults. Also please consider the visually impaired community as well, with enough handles, railings, braille etc around the facility. As well as braille on the gym equipment for the visually impaired to know what they are using and so they can use it safely	2/5/2025 6:37 PM
324	A larger lap pool may be beneficial to affiliate swimming lessons and a fitness oriented pool space. Possibly a separate pool for water slide exit may be beneficial to maintain continual use of the lap pool.	2/5/2025 6:15 PM
325	There is rarely enough swimming lanes for the amount of people who actually want to use them. It's quite disappointing that more are not a part of the plan. Family space in important, but space for older teens and young adults is important too.	2/5/2025 6:07 PM
326	Make it more a water park	2/5/2025 6:05 PM
327	I wear glasses. After leaving the change room, it's not obvious which are the Men's and Women's entries. They're close together and I could easily go into the wrong entry. Please put them further apart and obviously coloured differently: little signs on the wall are not enough.	2/5/2025 5:59 PM
328	Issue what be children specail need younger kids flight risk ending up in deep end lapside after useing waterslides i would suggest it be simlar layout to concordia where shallow end when they come off so they dont end up in the pool or of they do its not that deep so id suggest left side of lap pool shallower then right what i observe from ymca trips and other kids at pools	2/5/2025 5:39 PM
329	More water slides and more lanes in the lap pool - 8 lanes is not a lot especially when the rec plex is meant to serve a lot of people	2/5/2025 5:31 PM
330	Can we have a hot tub?	2/5/2025 5:19 PM
331	You need to make the lap pool less lanes, the regular pool a Wave Pool and make a REAL WATER PARK! Not just two slides.. like 6-10+ waterslides!!	2/5/2025 5:07 PM
332	More Waterslides	2/5/2025 4:52 PM
333	Having water slides seperate to the lap pool.	2/5/2025 4:34 PM
334	More the better and keep the other indoor and outdoor pool open on Wabasha	2/5/2025 4:23 PM
335	Does the universal change area need to be that large? Are these change areas only for pool access only? Does the gym have separate change areas?	2/5/2025 4:20 PM
336	This complex does not fit in with the surrounding neighborhood and all the traffic congestion. Better suited to the downtown core.	2/5/2025 4:09 PM
337	There were no explanations for the options I was selecting in the above question 4. So my answers were basically guesses and likely inaccurate.	2/5/2025 4:06 PM
338	look good so far	2/5/2025 3:41 PM
339	I would strongly encourage consideration of larger changerooms than are currently designed. Existing city of Winnipeg changerooms (with the exception of PanAm) are all too small to meet the needs of the community that uses the facility. The current designs appear to be far too small for the volumes that would be expected to use the pool facility.	2/5/2025 3:40 PM
340	Ensuring complete privacy from other patrons, especially in changerooms and in the swimming area, including cameras that may be monitored by men. The point I am making here is that a significant gap in services/amenities accessible to Muslim women/hijabis etc. who value modesty exists and this community is impacted directly by these oversights. If there is a way to consider this in the project, it would be most welcome.	2/5/2025 3:27 PM
341	It's nice to see a universal change room.	2/5/2025 3:13 PM
342	Perfect	2/5/2025 3:12 PM

343	More water slides like west Edmonton mall	2/5/2025 3:10 PM
344	More slides!!!! Real water slides. Make the ceiling taller. Charge higher fees to get in we don't care we want water slides	2/5/2025 2:58 PM
345	As a parent of older teens I feel there is a lack of aquatic amenities for this section of our population. I also recognize that it is not feasible to have a full water park for such a minimal and cash strapped section of our society (teens)	2/5/2025 2:52 PM
346	Concerned about ensuring lifeguard/pool staffing levels can be maintained throughout the city/province	2/5/2025 2:47 PM
347	A place to put shoes so it doesnt get lost. Enough locker rooms to fit winter gears. Is it also heated pool. And maybe hot pool. Area to sit and eat after you enjoyed the pool like a canteen or concession which doesn't break the bank	2/5/2025 2:30 PM
348	Exit points for the slides seems strange	2/5/2025 2:27 PM
349	A new 10M diving tower is needed. In a city of nearly a million, there is only 1 diving tower that is nearly 60 years old.	2/5/2025 2:17 PM
350	I'm more interested in the SAFETY aspects, and sightlines for Lifeguards without blind spots behind waterslides. There is already a water slide close by at Elmwood and Seven Oaks. Those are not needed as a hindrance to the lifeguards ability to see in congested areas such as a lazy river or giant hot tub. Let the lap pool be only a lap pool.	2/5/2025 2:13 PM
351	It would be great to give a place for competitive divers and artistic swimming, both for kids looking to engage in sport, and to keep young adults active. Currently Manitoba has a lack of infrastructure for these sports.	2/5/2025 2:01 PM
352	A wave pool is sorely lacking in our city. Cities that are a fraction of our size have them - see Yorkton, SK	2/5/2025 1:58 PM
353	More slides a wave pool area, and area for kids only and adults only	2/5/2025 1:28 PM
354	More waterslides	2/5/2025 1:27 PM
355	I don't see any lifeguard stations on the plans.	2/5/2025 1:26 PM
356	I answered that "sauna" didnt meet my needs because I could not find it marked on any of the plans. If a sauna is there and the labeling was forgotten: change my answer to that it nicely meets my needs. 2) Would have been nice to have more slides like at the TAP outdoor, but if the other proposed city rec complex also only gets one indoor slide I will concede. 3) I would love some tropical/beachy decor which could be added in future through public art grants.	2/5/2025 1:17 PM
357	Lap pool is a great feature	2/5/2025 1:10 PM
358	I'm glad to see multiple change room options and hope it is clear they are separated by sex, otherwise they all become mixed sex.	2/5/2025 12:57 PM
359	It should be more like the Canad Inns water park in Grand Rapids America, we have cold winters the water slides do not look appealing. There should be a tube water slide.	2/5/2025 12:47 PM
360	They should make the water slides into a water slide park with wave pool	2/5/2025 12:44 PM
361	Can you access the lazy river from the leisure pool? Looks like you can only slide down from the lazy river to the pool. Should be able to go both ways so you can go directly from pool to river. Make sure there is a wide, clear path for using the leisure pool without being sprayed by the sprayers. Lots of kids don't like getting sprayed. Would be better if water slides were on the leisure side as it is more of a play area. Avoid stairs around the leisure area (safety concern), better to have shallow sloping ramps or a grippy "bridge."	2/5/2025 12:42 PM
362	I hope at least 1 waterside goes outside the building and back in. Those are so cool!	2/5/2025 12:39 PM
363	Not sure an 8 lane dedicated lap pool would be effectively utilized. I am a member at local pool and seldom are more than 4 lanes required at a time, and it's only dedicated lane swim for 4 hours a day. The vast majority of that time the lanes are empty. Would be better to have a more flexible pool setup, so it could be used for leisure swim, lane, aqua fitness. Perhaps seven a movable floor that could be raised and lowered as needs be. Several pools in Winnipeg have this and it's very convenient. It doesn't indicate if there is a warmer pool for	2/5/2025 12:38 PM

	infant/small children. That is a very welcome feature and should be considered if not already. For question 4, the scale moved from 7 answers to 5 without a legend as to what they mean. At least in iOS. I assumed “unsure and not applicable” were not part of this question, so the middle one I interpreted as neutral. Not sure what others will interpret so answers on this could be skewed.	
364	The aquatic spaces’ windows appear to face south. This looks wonderful in the drawings—bright and sunny with water is great!	2/5/2025 12:36 PM
365	Some of these questions were blank when I filled them out but I Strongly agree with everything	2/5/2025 12:30 PM
366	There needs to be a deep area where kids can swim that is not taken up by laps	2/5/2025 12:25 PM
367	cater to children as adults have many places to swim	2/5/2025 12:23 PM
368	None	2/5/2025 12:11 PM
369	This would be great for my family! Right now there is no where close by the take the kids in the winter.	2/5/2025 11:52 AM
370	I would love to see this implemented in Winnipeg!!	2/5/2025 11:44 AM
371	I don’t see a sauna listed	2/5/2025 11:41 AM
372	No	2/5/2025 11:35 AM
373	Na	2/5/2025 11:30 AM
374	Ensuring that universal change rooms are explicitly gender neutral and not just labeled as family change rooms. Also the options for question #4 do not align with the headings on queston #3, so it is unclear what the options actually are. My responses for waterslides, diving boards, spray features, and party room are all "not applicable" but I'm not sure if the last option is supposed to just be "strongly disagree".	2/5/2025 11:26 AM
375	Lazy river seems like it's begging for mechanical issues. But I'm not an engineer so what do I know? Lap lanes are crucial	2/5/2025 11:20 AM
376	Need more water slides, maybe some smaller water slides as well for younger children	2/5/2025 11:11 AM
377	What about St Boniface . Transcona already has a outside water park	2/5/2025 11:05 AM
378	A larger pool would be better could do more classes/more access to lap swimming	2/5/2025 11:05 AM
379	The lazy river should be around the whole facility, it’s too small, we need more water slides.	2/5/2025 11:05 AM
380	Yes, make a pool with waves like in Calgary, it will be unique, different and will add more fun	2/5/2025 10:59 AM
381	It would be ideal to have an area for swimming lessons.	2/5/2025 10:57 AM
382	Very happy to see the universal changing room	2/5/2025 10:48 AM
383	Walker/wheelchair accessible water slides and attractions. Maybe provide water mobility aids and wheelchairs for those in need. Winnipeg needs disability friendly spaces!	2/5/2025 10:35 AM
384	We would love to see a wave pool incorporated as well as more slides and I don't think there is enough watersides. Especially given the amount of people we know will be using this. It's going to be popular. The more the better.	2/5/2025 10:29 AM
385	Change the water slides like more and different kinds	2/5/2025 10:29 AM
386	no	2/5/2025 10:28 AM
387	why not move to all change rooms being universal change rooms? why are we still labelling "Mens" and "Womens" rooms?	2/5/2025 10:20 AM
388	Would be great to have toddler friendly activities like the Seven Oaks pool.	2/5/2025 10:17 AM
389	More water slides!	2/5/2025 10:13 AM
390	I understand space is an issue but I personally would love to see a heated therapy pool. Must be separate for use for people who has musculoskeletal issues.	2/5/2025 10:11 AM
391	LOOKS GREAT!	2/5/2025 10:11 AM

392	I think we have quite a few pool already. We should focus on an indoor water park. More slides, less lap options. If this is focused of families, keep it fun	2/5/2025 10:08 AM
393	Why have a "lazy river"? Not necessary and adds to the cost. Let a private business build waterslides and lazy river features. We just need a swimming pool for swimming, swim lessons, exercise classes etc. Cut down the cost and maybe this project will actually get built!	2/5/2025 10:08 AM
394	Love the idea	2/5/2025 10:07 AM
395	Maintain what you have before making expensive plans to build new faciilties. There is no excuse for building a monster like this while also shuttering far less expensive facilities like Happyland.	2/5/2025 10:00 AM
396	Having only a couple slides is NOT ENOUGH. Kids will be lined up for hours and adults will use them as well. We DO NOT want a big "universal" change room. Families will not use this with children and as a Woman, I would never use a change room with Men in it. This needs to be reconsidered. Enough incidents like what JUST happened at the Pan Pam pool in the "universal" change room are the exact reasons why these rooms are unused, unwanted, and taking away critical space from the men's and woman's changing areas. In the change room, showers should follow the same design as the stalls at the YMCA with full enclosures for little girls to comfortably shower in and offer plugs so we can bring our own hairdryers to use.	2/5/2025 9:45 AM
397	Fantastic!! Our city has needed this for decades!	2/5/2025 9:36 AM
398	Why only sauna and no steam room? What is with Winnipeg and the lack of steam rooms?!	2/5/2025 9:36 AM
399	Sounds great	2/5/2025 9:34 AM
400	Are you considering some sort of sound dampening ? When kids play in pools they are loud, if older adults are using lap pool it may be overwhelming.	2/5/2025 9:28 AM
401	Given the huge increase in population in the area, especially families with children, I am very concerned that the aquatic space isn't nearly big enough. This space will almost constantly be packed and at capacity. The design should reflect the exploding population of the area and provide a much larger leisure area for the aquatic space.	2/5/2025 9:27 AM
402	What about a indoor playground with built in sprinkle pads, water guns, and waterslides. Maybe something pirate ship themed. Similar to the ones you see in other cities such as Calgary. This feels like the Winnipeg is coming so close to making something perfect but is cheaping out. Do it right or don't do it at all. Build something a little more extravagant to attract families in the winter time and the increased revenue will pay for the entire project .	2/5/2025 9:24 AM
403	My grade 5/6 class and I think there should be more water slides, including a mini-slide for small children. Also, the spray features should be in the leisure pool as well. Lastly, we think there should be higher diving boards.	2/5/2025 9:18 AM
404	Appears to be well thought out.	2/5/2025 9:17 AM
405	Cannot locate where sauna or party room is located in the facility in the image above to give any feedback	2/5/2025 9:11 AM
406	Lap swimming lanes restrict swimming activity and only offer participation to a limited number of swimmers at a time. A larger, more open pool with depths up to 5' creates more space for family recreation and more flexibility for swimming instruction programs.	2/5/2025 9:08 AM
407	Need to have more waterslides. Do not need a lap pool. There are other pools close enough that can be used. This should be more of an entertainment space. Like west Ed mall. Need a tube slide	2/5/2025 9:01 AM
408	Whether permanent or removable I think an option for paddle training should be included. This is something that is missing in Winnipeg. And would be a big draw not only for Transcona residents. Somewhere to practice especially in winter for canoe, kayak and dragon boat that involves water. There are great facilities in Toronto and Montreal that could provide visuals/ideas. There are removable floating options. These are significant sports in Manitoba with no winter possibilities.	2/5/2025 8:55 AM
409	It would be nice if there were organized excessive programs for seniors. Looks like this is all dedicated to all other ages	2/5/2025 8:53 AM
410	They look wonderful!	2/5/2025 8:53 AM

411	The universal change room should be much smaller . The men’s and women’s change rooms should be much larger.	2/5/2025 8:44 AM
412	Swimming lessons for kids while parents use the other amenities	2/5/2025 8:41 AM
413	How are people supposed to use the lap pool for swimming if there's a waterslide emptying out into it? Could not properly answer question 4 because there were no column headers.	2/5/2025 8:41 AM
414	If there is room for outside slides that would be great	2/5/2025 8:39 AM
415	Needs to be wheelchair accessible and seating for wheelchair users to watch	2/5/2025 8:31 AM
416	I can see the leisure pool being much more popular than the lap pool. Perhaps the leisure pool should be made larger and the lap pool smaller.	2/5/2025 8:28 AM
417	Okay glad to see a sauna is on the agenda. Although another new pool in the Transcona area and nothing in the south	2/5/2025 8:24 AM
418	The last pool built by the city was too small and suffers from overcrowding. I do not take my children to it because they have had minor injuries from the crowding. This aquatic facility looks like it will suffer the same issue given how many families will be interested in using the space. Based on the demand I can see elsewhere in Transcona, my suggestion would be to increase the aquatic space to be at least 50% larger than what is proposed.	2/5/2025 8:24 AM
419	ensuring that there are sufficient areas appropriate for toddlers would be great!	2/5/2025 8:22 AM
420	The universal change room shouldn’t be double the size of the women’s change room. Depending on the amount of privacy or the policy I would not be bringing my little girls into a universal change room where grown men are changing/showering. I appreciate spaces where my husband can take them if I’m not there but I believe the women’s change room would require the bigger space as most women would avoid taking their kids (daughters) into spaces where men are either themselves or able to watch the kids in a state of undress.	2/5/2025 8:22 AM
421	Needs more waterslides!! This should be a unique waterpark destination for Winnipeg. It could be so good for Winnipeg, but you're making it very boring. I have a family of 3 young kids, and I wouldn't bring them there. We were in Portage and went to their indoor "waterpark" and it was so underwhelming, the kids were bored quickly with only 1 waterslide. The only good thing is that it was affordable at $7. Come on Winnipeg!!! We deserve better!!!	2/5/2025 8:18 AM
422	A wave pool would be great and a large whirlpool is a must.	2/5/2025 8:17 AM
423	Can our broke city really afford this?	2/5/2025 8:16 AM
424	No family that would use this	2/5/2025 8:13 AM
425	Need to ensure there is an ability to deliver water safety /swimming lessons to area children and that the Transcona Pool on Wabasha stays open for this purpose as well.	2/5/2025 8:08 AM
426	This will not meet my family's needs. My family needs streets without potholes, snowplowing, and property taxes we can afford.	2/5/2025 8:07 AM
427	Gender neutral change/locker rooms and washrooms should be considered for trans & non-binary visitors	2/5/2025 8:03 AM
428	Too far from Charleswood	2/5/2025 8:02 AM
429	Please stop putting spray pads in the pool. Put it in a separate area. Many people don't like cold water being sprayed down on our heads while we are trying to enjoy shallow entry pool. Move them or take them out. Ugh. I don't know where this idea came from but it's almost always empty. Stop it.	2/5/2025 7:59 AM
430	Do not agree with location. None of these amenities will be utilized by myself or my family	2/5/2025 7:59 AM
431	Would like to have all day or long hours of operation for the lane swim. Also fix your survey, use spell check and you will also notice no text doe the ratings of question 4 are visible.	2/5/2025 7:58 AM
432	I imagine the design is set, but 2 whirlpools/hot tubs whatever it may be. One for quiet relax, one for everyone else.	2/5/2025 7:56 AM
433	Wish there would be more swimming lanes, and time blocked off for swimming lanes before and after work. Also, affordable aquasize programs for the disabled.	2/5/2025 7:54 AM

434	Wave pool!	2/5/2025 7:49 AM
435	Please have warm water temperatures! My kids are always cold going to the pools as the water isn't kept warm enough.	2/5/2025 7:48 AM
436	This is very needed in the East end of the city!	2/5/2025 7:46 AM
437	A wave pool would have been more fun.	2/5/2025 7:40 AM
438	Why one waterslide? FFS Winnipeg, stop being half a$$ed about everything.	2/5/2025 7:38 AM
439	How about higher diving boards? Change rooms should be separate by gender	2/5/2025 7:37 AM
440	Definitely needs indoor splash pad area like Seven Oaks Pool!	2/5/2025 7:14 AM
441	Be sure to have amenities and functions that to keep up maintenance as well	2/5/2025 7:05 AM
442	I don't see a sauna on map? I hope there is one - Cindy Klassen sized would be good. Also the "lap-pool" should be wither 25m or 50 m for swimmers who are training or exercising and counting distance!	2/5/2025 7:00 AM
443	It's all too far from the west side of the city	2/5/2025 6:53 AM
444	Your survey is broken.. there are no options visible for some questions on this page	2/5/2025 6:46 AM
445	Putting it in this location is the stupidest thing i have ever seen	2/5/2025 6:20 AM
446	The lazy river is a priority feature.	2/5/2025 6:17 AM
447	There should be a large area available for large birthday parties and gatherings that can accommodate 100 people. Parents these days are not hosting birthday parties in which the parents do not attend. Often all famiy members attend the party including older and younger siblings. More adults means more eyes and more responsible parties watching the children while in the aquatic center. It would be helpful to be allowed to book it by the hour. So that perhaps kids can have the option of using the pool or gym area if they wanted to but have the party area to come back to for food/presents/drinks and where the parents can and kids can mingle. Most families are families of 4 or 5 and by the time you try to invite friends and family this exceeds the general capacity of 50 that most play places have. It would be nice to have an option where larger parties can be held that has the capacity to include everyone. This area could be used by schools for field trips, and if large enough could host all types of events, birthdays, showers, family gatherings. It could be rented out during the week by recreation and kids programs that dont require a large gym such as lullaland, sportball, little kickers indoors, mini ballers or little ballers. It should include tables and chairs but also storage for them so if not all required can be put away. The aquatic amenities should also include a toddler and baby friendly area, splash pad, smaller wading pool area separate from leisure pool to prevent bigger kids from crowding the little ones.	2/5/2025 6:15 AM
448	I think the lazy river is unnecessary	2/5/2025 6:14 AM
449	All will be utilized and appreciated	2/5/2025 6:12 AM
450	Wave pool	2/5/2025 5:11 AM
451	Please host queer/trans friendly dedicated swim times! It would be very helpful in feeling safe and being able to swim with some of my close friends and family who do not typically feel safe at public swims.	2/5/2025 1:15 AM
452	Showers are not mentioned in the booklet. As well as a chlorination tub or other option to minimize the athletic foot etc.	2/5/2025 12:14 AM
453	I don't see the sauna outlined on the map.	2/4/2025 10:51 PM
454	Need a large wave pool like West Edmonton Mall	2/4/2025 10:45 PM
455	Our community needs this space for families. Perfect idea	2/4/2025 10:33 PM
456	None of the above lines had the words in them “agree” “disagree “ terms missing	2/4/2025 10:23 PM
457	Please build it! And build the housing for our veterans!!	2/4/2025 10:23 PM
458	More lap pool lanes	2/4/2025 9:49 PM

459	The main attraction will be the wave pool, would be great to develop that largely considering the suze of the city over the laned pool	2/4/2025 9:43 PM
460	Don’t like spray pad in swim area. Can’t relax in gradual entry with water always in face Like set up at outdoor kildonan park pool with space between two areas	2/4/2025 9:41 PM
461	Swimming lap lanes should be at least 25 metres in length, preferrably 30 or more metres if possible	2/4/2025 9:34 PM
462	Having the waterslides farther from the leisure pool is odd. The Lap pool is great but I'm not a fan of the design with it in-between the slides/leisure pool. I find most ppl that come for the lap pool only use it/sauna/hottub. Having the slides in the middle makes more sense to me or shifting the lap pool to the other end.	2/4/2025 9:23 PM
463	We would enjoy more diving boards.	2/4/2025 9:10 PM
464	More spray features for the lazy river like a water fall!	2/4/2025 9:10 PM
465	It would be nice to have another indoor pool with 10m diving boards and more pool space available for private swim clubs and for swimming lessons.	2/4/2025 9:08 PM
466	More water slides and a hot tub would enhance	2/4/2025 9:03 PM
467	Could put in diving blocks for competitive swimming teams to use for practice.	2/4/2025 9:02 PM
468	More slides so there isn’t big line ups of kids wanting to go down the slides. Maybe a baby area/splash pad	2/4/2025 8:50 PM
469	Pool for Aquacise classes please	2/4/2025 8:35 PM
470	Please add inside tennis court and kids playground	2/4/2025 8:09 PM
471	Love love love	2/4/2025 8:00 PM
472	Would love to see a wave pool	2/4/2025 7:56 PM
473	It would be great to have a better line of sight of the waterslides from the beach entry/leisure pool. Most families will have kids different ages needing supervision at different ends of facility.	2/4/2025 7:51 PM
474	It looks perfect!	2/4/2025 7:40 PM
475	None	2/4/2025 7:17 PM
476	Much needed centre for this end of the city.	2/4/2025 7:03 PM
477	This is badly needed for the east side of the city. Our family would greatly benefit from this design.	2/4/2025 6:54 PM
478	I think the universal change room is way to large and men’s and women’s should be a little larger. I also don’t think there will be enough space for swim lessons	2/4/2025 6:53 PM
479	Nice	2/4/2025 6:52 PM
480	Think West Edmonton Mall... we have similar climate and population. Let's be a destination for people!	2/4/2025 6:47 PM
481	Don’t feel like we need an indoor aquatic park but the drawings look amazing	2/4/2025 6:42 PM
482	Please include single stall gender neutral change rooms and bathrooms.	2/4/2025 6:31 PM
483	Selected options for question 4, but legend was blank. A lap pool is much needed with convenient availability for adults that just want to do lap swim.	2/4/2025 6:28 PM
484	Love it all we are so excited	2/4/2025 6:25 PM
485	You need to make space for paddle training.	2/4/2025 6:21 PM
486	Those that like to take … good for them!!	2/4/2025 6:06 PM
487	Lap pool should be 25 meters long	2/4/2025 5:57 PM
488	Is there a shallow area for children swimming lessons?	2/4/2025 5:44 PM

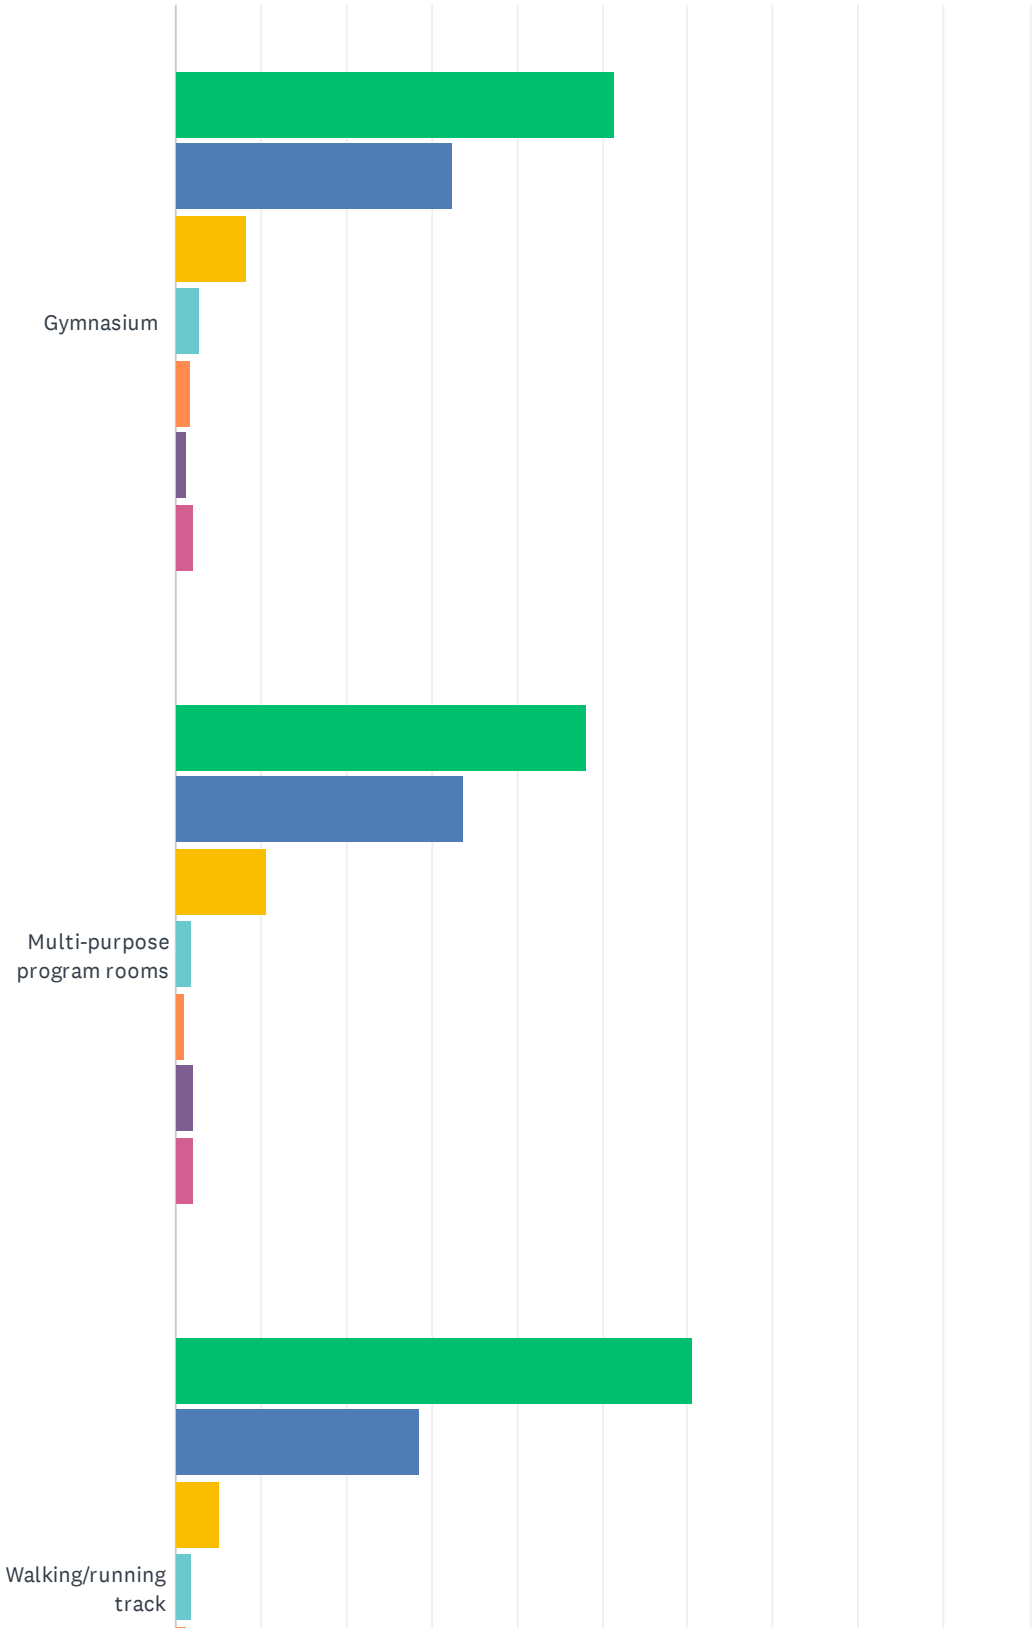

489	I think it looks fantastic. Definately need more then 1 or 2 water slides	2/4/2025 5:43 PM
490	Looks amazing! Great job	2/4/2025 5:36 PM
491	I would LOVE a women’s only pool option like Altea has on the south side of the city	2/4/2025 5:31 PM
492	All of the pools are not very big and it is going to be packed inside. The lazy River and the leisure pool should be bigger. Please do not put large spray features in the shallow part of the leisure pool. Parents usually want to be in the shallow end watching their toddlers play in the water but if large spray features are spraying parents in the face the shallow end of the leisure pool will not be used and everyone will be pushed further into the water next to the lazy River entrance to get away from being splashed in the face. If you do spray features I would do small ones. Maybe only one big one not in the way of the parents with their toddlers in the shallow end.	2/4/2025 5:30 PM
493	needs more waterslides	2/4/2025 5:21 PM
494	The Transcona clientele will not respect this facility. You will need to police it well	2/4/2025 5:15 PM
495	Personal showers stalls with curtains would be nice for the women's and for the universal change rooms.	2/4/2025 4:55 PM
496	I don’t see a sauna on there. Slides are great. Hopefully they have different options / speeds if possible	2/4/2025 4:55 PM
497	This looks great and is VERY MUCH NEEDED in Transcona NOW, not in 3-5 years from now. But later is better than never. The current Transcona pool is so tiny and there is no recreation centre / City of Wpg fitness facility nearby. East Winnipeg deserves a world-class facility and shouldn't have to play second fiddle to Pan Am / Seven Oaks for resources.	2/4/2025 4:53 PM
498	No	2/4/2025 4:52 PM
499	number 4 is confusing. less columns not labeled. Answered agreed to all, i think. very confusing survey. does not line up to the titles for the others. lazy river looks basic.	2/4/2025 4:47 PM
500	It's unclear where the sauna is located based on the image, but I love and recommend a good working sauna!	2/4/2025 4:05 PM
501	All of this sounds amazing. Please ensure family rooms are large enough to fit a wheelchair and attendant with a height adjustable bed that would fit an adult. If you have accessible showers please consider having a bench in them and adjustable shower head.	2/4/2025 4:01 PM
502	All of the #4 questions did not show answers so guessed	2/4/2025 3:56 PM
503	It is hard to tell from photos but having an indoor splash pad for little kids is the most amazing thing you can have in the winter. Double the size of the one in seven oaks. It would be so beneficial for parents who do not have strong swimming skills to have a large wading pool, shallow, spray pad area.	2/4/2025 3:38 PM
504	I don't see a sauna on the layout, waterslides could be better	2/4/2025 3:36 PM
505	This is a much needed space in Transcona! Considering the neighbourhood is still expanding and we have mainly young families residing here, it's about time. I just hope we will get to see it sooner than later.	2/4/2025 3:36 PM
506	They all sound great!	2/4/2025 3:02 PM
507	A wave pool would also be nice.	2/4/2025 2:55 PM
508	Sauna and steam room! Got to match the Y and Altea.	2/4/2025 2:44 PM
509	Would rather have more water slides than diving boards, a wave pool instead of a hot tub/whirlpool	2/4/2025 2:42 PM
510	Would like to see a chair lift for wheelchair users	2/4/2025 2:41 PM
511	Please ensure an adult sized change table for those with disabilities including a lift is considered (like they have at SSCY Centre).	2/4/2025 2:39 PM
512	having time where the lap pool is open for free swim to accommodate the water slide, and accommodate more families swimming than the leisure pool can fit.	2/4/2025 2:34 PM

513	Would need to be fully accessible to people with disabilities/ those who use wheelchairs. Consulting people with disabilities and those who use wheelchairs would be your best bet.	2/4/2025 2:33 PM
514	100% should have Waterslides Think West Edmonton Mall pool !!! Winnipeg deserves a fantastic Water Park Personally stick with the Water park .. no need for Gym etc There is plenty of options for that	2/4/2025 2:31 PM
515	I understand space is limited but the facility seems small for the amount of people it's supposed to accommodate	2/4/2025 2:29 PM
516	Steam room as well.	2/4/2025 2:27 PM
517	Slide not at a convenient location	2/4/2025 2:27 PM
518	Why no wave pool? Winnipeg is far behind other centres such as Ottawa and Calgary in this regard. The demand is huge. Talk about a missed opportunity to give the community something it has long demanded. Do the research to quantify this.	2/4/2025 2:27 PM
519	Why would the water slide be next to the lap pool and not the leisure pool. If your a parent watching your child in the leisure pool it would be difficult to keep an eye on a second child using the waterside with a lap pool in between	2/4/2025 2:26 PM
520	The pools should be larger	2/4/2025 2:24 PM
521	It would be good if the waterside were for older teens as well. All waterslides are mostly for younger kids. Also, none of the pools on the city and province has wave pool. This feature will be definitely a blast and will attract more people. The demand is definitely there	2/4/2025 2:20 PM
522	This would be great to have something like this	2/4/2025 2:18 PM
523	Family change rooms are critical	2/4/2025 2:09 PM
524	I really love the proposal and am looking forward to its completion.	2/4/2025 2:08 PM
525	Would love to see a wave pool incorporated like the pool in Portage La Prairie	2/4/2025 2:08 PM
526	What will the fees be or will a membership be required to join?	2/4/2025 1:59 PM
527	Easily accessible Family change rooms	2/4/2025 1:55 PM
528	Make the lazy river larger! This will be appealing to more people	2/4/2025 1:50 PM
529	Toddler slides would be nice	2/4/2025 1:49 PM
530	None. This is great.	2/4/2025 1:48 PM
531	Yes, please start the build process ASAP. By the time it's completed the current families won't be able to use most of the features.	2/4/2025 1:47 PM
532	I noticed that there is one area for viewing. I would highly recommend benches along the sides for parents and children to sit or lay their towels during swimming lessons, etc. That is one of the things we struggle with at the Elmwood pool.	2/4/2025 1:47 PM
533	Please give us allllll the amazing water features.	2/4/2025 1:43 PM
534	Please there should privacy in changing room. My little boy is not comfortable changing at the one on Elmwood.	2/4/2025 1:43 PM
535	what is the length of the pool? It could also become a pool used for swim clubs and swim meets.	2/4/2025 1:42 PM
536	Would like to see a wave pool	2/4/2025 1:41 PM
537	I don't understand why the universal change room is so large...it should be smaller	2/4/2025 1:36 PM
538	Please ensure it’s affordable for all. Extended hours as well.	2/4/2025 1:34 PM
539	Changing tables in all bathrooms	2/4/2025 1:28 PM
540	Start building, the east side of the city has nothing.	2/4/2025 1:21 PM
541	Hoping there will be a membership option to save money. My family would use this all the time! Perhaps some swimming lesson options for children as well. It’s impossible to get into	2/4/2025 1:21 PM

	lessons.	
542	The waterslides won’t be accessible when there is swimming lessons going on. This seems odd	2/4/2025 1:17 PM
543	Sounds awesome!	2/4/2025 1:14 PM
544	Look forward to taking aqua fit classes here in the future :)	2/4/2025 1:09 PM
545	We need more special needs options or 1 on 1 for families. Reduced fees or free days for people to take a look and try	2/4/2025 1:09 PM
546	Universal change rooms should just be family change rooms with closing doors, not just open space with stalls	2/4/2025 1:07 PM
547	Poorly designed survey here, there's no headings for the selections on Q4. No idea what I'm supposed to click.	2/4/2025 1:04 PM
548	I think offering public use flutter boards and life jackets should be located near the swimming areas	2/4/2025 1:02 PM
549	NA	2/4/2025 12:59 PM
550	Get it done quick. We need this	2/4/2025 12:55 PM
551	About time we have something like this	2/4/2025 12:55 PM
552	There is no grading options showing for the aquatic amenities. I am rating them high though, this is needed. Kids pools, spray features, slides!!	2/4/2025 12:55 PM
553	If this gets made, we need it to be very open to the public. One hour of public skating on Sundays at East End for example is not enough. It needs to be open for large periods of time otherwise it will be too packed and the investment won't be worth it.	2/4/2025 12:54 PM
554	Yes how are the residents of Winnipeg paying for this since the city claims it is broke	2/4/2025 12:53 PM
555	Not too sure what is meant by the “Universal Change”? Also do not think there needs to be a “Party Roon” at a fitness centre?	2/4/2025 12:53 PM
556	Half the questions have no options for an answer. I don't have kids so anything to do with fitness/wellness would be important to me such as the sauna, lap pool and accessible change rooms. The rest is neutral. The server made me answer the questions without any answers so I just picked the middle for that.	2/4/2025 12:53 PM
557	Please build it soon!	2/4/2025 12:50 PM
558	Have areas where ppl can keep things within the pool area safe. Is there option or availability to have a portion of the large/deep pool with a slope bottom so aquatic exercise classes could be an option?	2/4/2025 12:47 PM
559	The gym should be also a huge priority	2/4/2025 12:41 PM
560	I can only assume that the top option for question 4 is strongly agree, keeping the format with the rest of the survey. They are appearing blank currently	2/4/2025 12:38 PM
561	This would be an amazing thing to have in transcona!	2/4/2025 12:37 PM
562	Lap pool should be a minimum of 25m, ideally 50m.	2/4/2025 12:26 PM
563	There is a shortage of lap pools in the city. It appears that the waterslide interferes with one (or more) of the lanes, and in my opinion should be removed. Alternatively, the waterslide could be reworked to have a chute-style end rather then ending in the lap pool.	2/4/2025 11:40 AM

Q6 Do you agree or disagree that the proposed recreation spaces will meet the needs of you and your family?

Q7 Do you have any comments about the recreation spaces? (Optional)

Answered: 341 Skipped: 1,368

#	RESPONSES	DATE
1	A rock climbing space would be amazing. Doesn't have to be massive, just enough that we could have lessons for kids in this end of the city instead of just UofM. Also, I have previously taken mat pilates lessons from Pilates Manitoba at a community centre in Transcona. The instructor was great, but the space was dark and dingy with no windows. Mat pilates in a new, clean, bright space in this end of town would be amazing!	3/3/2025 9:43 AM
2	A well rounded facility with various activities from birth- seniors	3/3/2025 6:51 AM
3	Are there bleachers and viewing space within the gymnasium? It’s a large space that could be utilized for organized sport at a youth level, but without bleachers or viewing space it isn’t ideal for children’s games and practices.	3/2/2025 2:51 PM
4	Track would be great to have accessible at all times. Try not to make it a crossing path for runners.	3/2/2025 12:56 PM
5	Is there a possibility to allocate a separate walking area for seniors.	3/2/2025 9:49 AM
6	Could we maybe get badminton nets?	2/28/2025 11:20 AM
7	the area for all spaces are too small	2/25/2025 10:14 AM
8	I would like to see programs like the ones that are available at the Wellness Institute at Seven Oaks Hospital made available here.	2/25/2025 9:47 AM
9	community soaves are very limited in having places to meet	2/25/2025 9:43 AM
10	The track is too short	2/25/2025 9:39 AM
11	keep the 4 lanes as shown on the visual boards	2/25/2025 9:19 AM
12	An open studio with boxing equipment would be great.	2/25/2025 12:07 AM
13	I am unsure of how the fitness centre is accessed. Do people use the change rooms at the swim area and then go through the pool area? I think the cardio area could uses some half walls or fence dividers between the track to further separate the space while keeping it open and easily accessible. I never like feeling like the people running on the track are getting a nice long look at my behind... ironically I think it would be great to have windows so people can see the fitness rooms and get a sense of what classes are offered and feel that they are accessible to them.	2/23/2025 5:08 PM
14	What about a pickleball court	2/22/2025 9:46 AM
15	We need indoor pool as the most important	2/21/2025 3:15 PM
16	Surfacing of the track should accept someone with ceramic cleats for training opportunities. Ensure smith machines. Leg press and 100 pound weights.	2/21/2025 10:58 AM
17	More lanes for lap swimmers should be a priority	2/21/2025 10:12 AM
18	Think they’re great!	2/21/2025 7:20 AM
19	Include indoor soccer pitches please... Not full size but Salon size	2/20/2025 6:30 PM
20	Can we plan for pickle ball courts? I use to play squash at my hometown pool and play tennis -- pickleball is more inclusive and great exercise. Maybe that can happen nearby. I also don't want to detract from basketball, very important for youth and folks of all ages. So, in making this comment, I'm not questioning the emphasis here... I'm also assuming the existing schools and proposed new school will have large gymnasiums / multi-use courts.	2/20/2025 5:35 PM
21	Would love to see a sport court flooring that can be used for indoor lacrosse and online hockey without scratching the wooden floors	2/20/2025 2:58 PM

22	that we could have more programs in all areas. love the separate showers	2/20/2025 1:40 PM
23	More water park space !	2/20/2025 1:32 PM
24	pleased to see indoor walking track, so needed in this community	2/20/2025 11:48 AM
25	3 courts instead of 3 like Dakota has. this is to accommodate future demands as two courts will create much more restrictions/accessibility. Scheduling difficult will only become worse	2/20/2025 11:41 AM
26	need bikes, weight machine	2/20/2025 11:35 AM
27	a cricket practice space	2/20/2025 11:30 AM
28	i hope movement studies will often include tai chi and other non-yoga activities (during the day for seniors)	2/20/2025 11:10 AM
29	Fitness area look small, not enough sq fee. Not enough variety in equipment, running tracks goes right through the fitness area (no separation)	2/20/2025 11:07 AM
30	need the walking track in winter	2/20/2025 10:47 AM
31	other than basketball, volleyball and pickleball it would be nice to have an indoor soccer court	2/20/2025 10:13 AM
32	fitness area looks a little cramped from the amount of equipment shown	2/20/2025 10:08 AM
33	Free weights might interfere with runners.	2/20/2025 10:05 AM
34	You should get a discount if you live-in the areas	2/20/2025 9:59 AM
35	The gymnasium will be too small for all the activities. more court spaces will be needed to allow usage for the 4 activities that are planned	2/20/2025 9:46 AM
36	Is the gymnasium space large enough? It could be double this size to accommodate gym sports and pickleball	2/20/2025 9:35 AM
37	As long as spaces are utilized in the right way	2/20/2025 9:24 AM
38	This fitness Centre for this facility is awesome. We don't have a city facility like this for this end of the city. It's great to be included. there should be more areas for seniors in the aquatic area as the number of seniors and individuals who have been told that low impact activities would benefit them is huge. Consider the growing number of seniors facilities in this area and those who visit the hip and knee clinics for rehab/physio	2/20/2025 9:00 AM
39	Please ensure basketball courts are FIBA regulation size	2/19/2025 11:40 PM
40	Make some pickle ball or badminton courts.	2/19/2025 8:24 PM
41	Difficult to comment upon the ideas not demonstrated. Multipurpose spaces would be great especially if kitchen facilities attached. And a quiet peaceful studio for yoga would be fantastic.	2/19/2025 7:53 PM
42	As an autistic person, I like that a calm room was thought of. Just please don't make it seem like a dungeon inside! Thank you :)	2/19/2025 3:10 PM
43	will there be tractionless flooring on the track? accessible weight and cardio machines?	2/19/2025 2:53 PM
44	Recreation and wellness are over simplified based on assuming it’s purely physical and cardio based. Think about nutrition, feeding ourselves healthy meals, creativity of the mind (building, creating, painting, writing) are recreation that is more progressive. Thinking about all dimensions of wellness and what supports mental health. This is what will set this centre apart. Diversify and offer what all the private fitness clubs don’t already do in spades. Programming will be easier to evolve than depreciating $$$ cardio equipment. Stop thinking about weight lifting for your legs abd arms. What is weight lifting for our minds? strengthening our tolerance for diversity through community cooking, meditation practices based on different cultures…	2/18/2025 7:13 PM
45	I would love to see a lot of basketball nets. There are very few options for this in the city.	2/17/2025 11:40 PM
46	They should be a bigger weight room	2/17/2025 4:15 PM
47	Kids on this side of the city don’t typically have access to an actual running track. Is it possible to make it shaped more like a track? If kids want to use that area to practice (they	2/17/2025 8:35 AM

	have no other option), running on this square shape would be very hard.	
48	Please incorporate reformer Pilates	2/16/2025 11:04 PM
49	Please consider having a fobbed 24/7 access into the fitness area. Transcona is a lot of shift/blue collar workers and there are barely 24hr gyms in the city. For me, if there was a 24 hr access, I'd quit my current membership today if it meant a good 24 hr fitness centre was available at this location. Fitness is so important and we NEED a more accessible gym in the city hours of operation wise. Especially one that is spacious, stocked with good equipment and in the depths of Transcona. This would be a huge addition to the community.	2/16/2025 8:39 AM
50	More weight training equipment than treadmills or elliptical machines. Need Ski-Ergs	2/15/2025 8:10 PM
51	I love the walking/running track amenity!	2/15/2025 5:58 PM
52	It would be great if you can plan to have a field hockey space (similar to soccer)	2/15/2025 12:42 PM
53	It would be useful if the courts can also be used for badminton/volleyball/other sports. It would be more useful to use the space for things more people could use at a time. The fitness areas seemed small, stretching areas typically are too small and the cardio section seemed quite small from the photos. Hopefully the track will remove some users of the cardio machines. Please have a wide variety of cardio machines and not just treadmills. Ellipticals, lateral ellipticals, bikes, recumbent bikes,arm bikes, etc. I hope there will be a variety of drop in classes available for the yoga/movement studios and not just paid term classes.	2/15/2025 12:27 PM
54	Not at this time.	2/15/2025 9:47 AM
55	Suggest dedicated pickleball courts.Fastest growing sport in North America. Great source of revenue as limited courts available in NE Wpg	2/15/2025 8:03 AM
56	Just hopefully the entrance fee is affordable for all people. Will it be a wristband method as to what area you can use?	2/14/2025 9:47 PM
57	There should be some form of viewing ability for events in the gymnasium	2/14/2025 4:40 PM
58	Concern about the size of fitness area and separation of cardio and weights	2/14/2025 4:30 PM
59	Indoor soccer space would be great	2/14/2025 1:41 PM
60	Walking track for seniors is a must !	2/14/2025 11:30 AM
61	make the fitness area larger	2/14/2025 10:47 AM
62	Love track around gym and access to workout area	2/14/2025 10:07 AM
63	The gym needs to be long enough to accommodate volleyball courts that have enough space for serving!! Most gyms don't and there is a huge volleyball league in the city needing space. It also needs to have lines for pickleball, another popular sport.	2/14/2025 8:42 AM
64	None of it would meet my family's needs, as it is too far away.	2/13/2025 10:27 PM
65	Maybe I will try yoga!	2/13/2025 7:05 PM
66	Can we get a larger fitness center (seems small) and pickle ball courts. Lets think bigger and for the future.	2/13/2025 6:41 PM
67	Include wall climbing or a bouldering area.	2/13/2025 4:47 PM
68	Smaller gymnasium, larger weights/fitness area would better suit the community	2/13/2025 4:26 PM
69	Having some punching bags would be great, boxing classes would be amazing. But just the weights is a huge draw for me.	2/13/2025 3:56 PM
70	Very pleased with all of the sbove	2/13/2025 2:42 PM
71	The spaces look very flexible and should be a great addition to the area.	2/13/2025 1:32 PM
72	I feel that the biggest problems with fitness and weight lifting gyms is they are to small and miss their mark for equipment. The fitness area should be bigger and emphasize the ability to lift weights. There's already plenty of cardio options with the running track, courts, and 8 lap pool. A few treadmills will be over shadowed.	2/13/2025 6:17 AM

73	There should be a variety of yoga and pilates programs available for adults, such as Altea in the south.	2/12/2025 9:41 PM
74	Instead of cycling machines, have indoor cycle parking to promote more cycling. The city should also build a connected bike path using old rail to have a safe experience.	2/12/2025 8:42 PM
75	Wondering how much is membership. It is comparable to private Gyms in the area?	2/12/2025 7:23 PM
76	Gym access to play field hockey please	2/12/2025 7:02 PM
77	FIELD HOCKEY	2/12/2025 6:58 PM
78	We have a large pool of field hockey players that need a regular gymnasium to practice so that we can re-enter national level high performance training programs.	2/12/2025 6:52 PM
79	Could we please include a dedicated field hockey turf? We currently have a large population of field hockey players. No community centre will allow us to use their basketball courts. The soccer turf at the U of W is too thick for the field hockey ball to move. Gateway Recreation Center is the only place that allows us to play and host tournaments but the soccer line markings are not the same as field hockey line markings. It would be awesome to have a place to develop youth field hockey in Winnipeg. I represent Rovers FHM. My name is Diya Jacob.	2/12/2025 6:43 PM
80	Great facilities super excited	2/12/2025 5:37 PM
81	Plans look great! Includes everything great in one area. Is a ´small' Indoor soccer field a possibility - similar to gateway rec center?	2/12/2025 5:22 PM
82	The fitness area looks great, but potentially small. Good life and planet fitness are both large facilities that are very full in the area. I think this area would become very busy, very quickly.	2/12/2025 11:58 AM
83	This track is great for the RecPlex, our winters are very harsh environments	2/12/2025 10:31 AM
84	Not enough machines. Can't find the elevator in diagram, there must be an elevator large enough for a stretcher.	2/12/2025 9:42 AM
85	Our neighbourhood (Transcona) desperately needs a city-run fitness centre, so all features of this design are highly desirable and will be well-used. Built in shelving for waterbottles would be nice too. I think that a 3 lane track is adequate. Movement studios are a wonderful addition if they are equipped with fitness equipment and full length mirrors.	2/12/2025 9:41 AM
86	-will the gymnasium require booking?	2/12/2025 8:34 AM
87	I'm happy it will have a safe place to run indoors	2/11/2025 8:39 PM
88	Since there's a lot of sport related space already proposed, dedicate some of the program rooms or turn some of them into rooms for other programs, eg. arts, dance, etc.	2/11/2025 7:52 PM
89	Would it be possible to have a doggy area? Or time on the track for dog walking ONLY during winter months. Extended cold periods where dogs can't be walked outside, an indoor time/track would be amazing.	2/11/2025 7:18 PM
90	Water higher priority, but recreational options in addition would be welcome	2/11/2025 4:43 PM
91	Will there be any possibility of expanding the fitness area in the future?	2/11/2025 4:00 PM
92	Need larger washrooms on second floor. Should have separate change rooms and shower rooms for exercise area.	2/11/2025 3:57 PM
93	Well done	2/11/2025 2:12 PM
94	more recreational space instead of pool space would be nice	2/11/2025 2:09 PM
95	It's all great, but too far from St. Vital. My family would only go for the aquatic centre.	2/11/2025 1:48 PM
96	There should be more space for classes such as step, weightlifting, yoga etc	2/11/2025 12:39 PM
97	Depends how often the public can use the space. If it's restricted to specific sports, it won't be useful in the winter.	2/10/2025 11:13 PM
98	Looks good but a juice bar would be nice.	2/10/2025 11:07 PM

99	No	2/10/2025 10:59 PM
100	Indoor hockey rinks and an indoor soccer field is missing from the complex. Huge demand and there is plenty of room on site.	2/10/2025 8:44 PM
101	Kids are always wanting to workout, make sure there is a safe space for kids who want to workout with parents.	2/10/2025 12:12 PM
102	The city is broke, Detroit of the north.	2/10/2025 11:24 AM
103	the yoga/movement studio should ensure that its open for people to go in and do stretching/dancing on their own without a class. it shouldnt be a private space we should be able to use the space with mirrors for stretching and things to do a workout	2/10/2025 10:54 AM
104	I am on the board of the Winnipeg Women's Volleyball League and we are eager to become regular users of the gymnasium.	2/10/2025 9:00 AM
105	The proposed massing of the building and layout of the main floor spaces does not suit a second floor fitness level, awkward layout and building plan the needs to be worked through	2/9/2025 10:54 PM
106	LOVE ALL OF THIS SO MUCH	2/9/2025 3:20 PM
107	Amazing for everyone to use. Will bring more activities for kids to do stuff.	2/9/2025 12:56 PM
108	How about pickleball courts?	2/9/2025 12:49 PM
109	Strongly agree that these facilities would be a benefit for our area and as much needed.	2/9/2025 11:03 AM
110	Please include lots of places to sit down.	2/9/2025 9:48 AM
111	The workout area does not look very big. Also wondering if there may be any workout classes...like zumba, etc.	2/9/2025 9:22 AM
112	If there could be space for one more basketball court or a four court design. Would be better layout for volleyball or basketball tournaments. Also switching the kitchen and bathroom areas you could rent out space for socials or showers if the MPR was of adequate space 100 ppl or less	2/8/2025 8:51 PM
113	What about badminton court?	2/8/2025 8:42 PM
114	Amazing facility	2/8/2025 4:53 PM
115	All of this space should be used to make an indoor Waterpark!	2/8/2025 2:06 PM
116	I live a 45-minute drive from Transcona so would not travel use any other facilities other than if there was a large water park.	2/8/2025 1:40 PM
117	I think we have enough gyms and indoor spaces, this should be used for more indoor water park	2/8/2025 12:05 PM
118	Fitness area should be way larger.	2/8/2025 10:32 AM
119	Gym needs to big enough to host at least 2 full size volleyball courts and 4 courts total, but it needs to be big enough to allow for 3m of serving room on each end of each court.	2/8/2025 10:11 AM
120	Missing a soccer pitch.	2/8/2025 8:08 AM
121	I could possible see the gymnasium being slightly smaller to allow for more workout space. But overall I like it. A running track is very nice!	2/8/2025 7:38 AM
122	Not sure how comfortable I feel about the gym overlooking a pool.	2/8/2025 7:01 AM
123	Don't agree with spending all this money on this there is more need to improve infostructure in TRANSCONA	2/8/2025 5:13 AM
124	Indoor soccer feud would be a great addition for so many sports soccer baseball football ultimate flag football lacrosse and more	2/8/2025 12:07 AM
125	Need the indoor especially the basics like walking track for the elderly and young parents to walk with strollers.	2/7/2025 10:56 PM
126	Pare it down and make the aquatic.space bigger. Even after this, Steinbach and Portage will still have better indoor pools.	2/7/2025 10:54 PM

127	Please consider having one of the running lanes an even number such as 200m	2/7/2025 8:48 PM
128	We have SO many gyms don't see the need to spend money on that. Use those funds to expand the other areas or make them higher quality.	2/7/2025 8:26 PM
129	separation wall for gym?	2/7/2025 8:17 PM
130	A hockey rink and an indoor skateboard area would be ideal.	2/7/2025 7:54 PM
131	A women's only section would be highly motivational for many woman to leave private gyms to attend this one.	2/7/2025 7:21 PM
132	No	2/7/2025 7:16 PM
133	Expand the aquatic space. Again, there are many facilities in the city that offer indoor gyms.	2/7/2025 5:13 PM
134	Weight room needs to be bigger, strength training is very popular and always crowded in other gyms.	2/7/2025 4:37 PM
135	Looks beautiful 🤩	2/7/2025 4:29 PM
136	ENSURE THERE IS A PLAY STRUCTURE INSIDE LIKE THE YMCA AND OUTSIDE PARK	2/7/2025 2:42 PM
137	A nice running track would be great. I would use often. Especially in the winter	2/7/2025 2:23 PM
138	Fitness area is small and will lead to issues with wait times. I can't see an observation area for the gyms. Would be nice to have a place to relax and keep an eye on the kids while they're in the gym.	2/7/2025 2:21 PM
139	Please consider the temperature control. The walking track at Pan Am is extremely hot. Having it separate from the pool in this case is a good idea.	2/7/2025 1:51 PM
140	We need a young athletic development training program somewhere. Not just organized sports for kids, but games and drills that teach speed, coordination, agility, basic movement skills and strength training.	2/7/2025 1:17 PM
141	Pickleball plans?	2/7/2025 1:12 PM
142	Can you add more space to the gym for more basketball courts.	2/7/2025 12:39 PM
143	I am disappointed that there will not be indoor field space included	2/7/2025 12:22 PM
144	Will some of the fitness areas be age restricted?	2/7/2025 11:33 AM
145	Will it be safe for a person with a walker to move around? Crossing the walking-running track? To use the fitness area?	2/7/2025 10:51 AM
146	Indoor kids jungle gym type place would be nice to see. Something fun for the youngest residents.	2/7/2025 10:38 AM
147	Again, can't wait!!	2/7/2025 10:09 AM
148	Seating for spectators doesn't seem adequate for tournaments.	2/7/2025 9:14 AM
149	I feel that the amount of space given to the fitness area is too small.	2/7/2025 8:21 AM
150	I would have no use for any of this. Put in an activity rooms and workshop for seniors as they have in Bronx Park,	2/7/2025 8:04 AM
151	It sounds nice but there needs to be enough space for everyone to not feel crowded.	2/7/2025 7:59 AM
152	Please incorporate wellness facility.	2/7/2025 7:57 AM
153	Will there be fitness classes, like spin/ride or zumba?	2/7/2025 7:53 AM
154	Love these features	2/7/2025 7:46 AM
155	Would love to see a recreation dance studio here	2/7/2025 7:27 AM
156	Maybe less recreating and more room for waterslides as that is the need	2/7/2025 7:24 AM
157	Pilates and barre classes would be cool	2/7/2025 2:57 AM
158	We need a space with turf for soccer and football	2/7/2025 12:09 AM

159	Looks great !	2/6/2025 11:19 PM
160	Did not see any space allocated for yoga.	2/6/2025 10:57 PM
161	The cardio/weights area looks small	2/6/2025 10:41 PM
162	Tennis and pickleball courts indoors.	2/6/2025 9:46 PM
163	Would be nice if there is play area with/gym or something like that for small children.	2/6/2025 9:15 PM
164	Fitness portion could be larger with more equipment.	2/6/2025 9:03 PM
165	Please make a large weight room.	2/6/2025 9:00 PM
166	This walking/running track has been a long time coming. Providing a safe environment for all people	2/6/2025 8:24 PM
167	Hot yoga studio would be amazing!!!!	2/6/2025 8:21 PM
168	Great use of the space	2/6/2025 7:59 PM
169	Walking track be in second floor similar to Dakota field house	2/6/2025 7:46 PM
170	Transcona has the trail behind the proposed development and many people use the KP mall for walking. As much as we could use an indoor rec space in the complex, the aquatic area if done well will be the space more likely used.	2/6/2025 7:25 PM
171	What is the cost to attend? Is it binding for a Year or cancel anytime? Are there qualified trainers, health professionals on site, & if so, how many per participants?	2/6/2025 6:58 PM
172	More watersides! Big waterslides!	2/6/2025 6:48 PM
173	Spaces should be suitable for wider variety of sports not just basketball, etc. (Ex. Cheerleading, etc.)	2/6/2025 6:44 PM
174	None	2/6/2025 5:25 PM
175	Thanks Russ Wyatt!	2/6/2025 3:21 PM
176	will pickleball be allowed to be played for seniors in this gym	2/6/2025 3:18 PM
177	Cost. I realize it would be nice to have "everything under one roof", but there are many places with a gymnasium (etc) nearby: Ecole Regent Park, Joseph Teres School, Park City West Community Centre, Westview School, John Gunn / Radisson / Transcona Collegiate schools, and the new school at Peguis & Transcona Blvd. Indoor walking/running track? There are an almost infinite number of much more interesting places to walk/run *outdoors*.	2/6/2025 2:29 PM
178	Bring more selection for Weights/Machines	2/6/2025 2:01 PM
179	Having walking tracks/ trails is such a great idea as it will allow people to walk (recommend 5,000-10,000 steps) without risking injury when walking outside during winter months. I hope this stays in the project!	2/6/2025 1:47 PM
180	I would love to see the running track and fitness areas just like at Cindy Klassen, but why gymnasiums? Schools have gymnasiums for youth. If this gymnasium is for adults, what measures will be in place for noise reduction so it does not overflow into track or fitness areas? I am hoping there will be a sound barrier to separate the gymnasium. Furthermore, if teams are playing in the gymnasium (i.e. basketball or volleyball) this is usually a spectator sport. Where would the public seating be located? Could not the gymnasium also be used for yoga?	2/6/2025 1:10 PM
181	Is there room for expansion of the fitness area, as I believe demand will be high. This facility is intended to service a large population.	2/6/2025 12:41 PM
182	More fitness	2/6/2025 12:39 PM
183	Please see previous comment about spaces for other sports rather than the standard traditional ones…..#Cheermanitoba	2/6/2025 12:27 PM
184	The city needs more basketball courts...a huge growth in community basketball. Please please have 3 courts	2/6/2025 10:59 AM

185	Please include spectator seating	2/6/2025 10:25 AM
186	I hope there will be times for adults only.	2/6/2025 10:18 AM
187	I can't wait...	2/6/2025 10:08 AM
188	Red River has a ton of baseball kids. Where are facilities they can use?	2/6/2025 9:54 AM
189	We have so many gyms in the city that this is not needed. We need more aquatic space or a soccer facility (there's only 1 in the city and it is full all the time). I think the city of Winnipeg should focus on spaces that doing exist or there are very few of them.	2/6/2025 9:31 AM
190	Transcona needs a safe walking track. I refuse to walk alone outside because I feel unsafe.	2/6/2025 8:49 AM
191	We need a open area with seating for competitions in other sports areas such as competitive cheerleading. The gym or another space should have the capability of being a space for cheerleading competition. An open space with high ceilings even if we are able to cover a floor somewhere to change a space into an available space for other sports.	2/6/2025 8:26 AM
192	Would be great to have an area to host cheer competitions	2/6/2025 8:19 AM
193	The cheerleading world needs a location for competitions, with enough height, and room for bleachers. Besides u of m and u of w there are no options. Please consider a gym large enough for bleachers	2/6/2025 8:05 AM
194	Yoga studio seems like a waste of space...leave that to the private sector to offer space...not a city facility.	2/6/2025 6:14 AM
195	My only comment about the fitness areas is that the adjacency of the spaces seems a bit problematic. The weighted machine section is on the opposite end from the free weights section with only a narrow passage way along the track. For most gym goers, a typical workout uses both free weights & machines interchangably throughout the workout. So I would expect alot of traffic between the 2 areas. Not only is this design inconvenient because of the distance, but will also be problematic with the amount of people crossing the narrow lane beside the track. Expect conflict between joggers on the track & people getting to/from the free weights section.	2/6/2025 1:24 AM
196	Weight room/workout/fitness areas could be bigger. There is no YMCA in this end of town so the bigger fitness area the better.	2/5/2025 11:33 PM
197	Pickleball should be considered when laying out the gym.	2/5/2025 11:24 PM
198	Yall need more waterslides!? Like a minimum of 5 different types	2/5/2025 11:03 PM
199	The fitness centre looks small and the gym area looks big	2/5/2025 10:52 PM
200	Will there be equipment for children?	2/5/2025 10:33 PM
201	Can you get hot and warm yin and restorative yoga?	2/5/2025 10:20 PM
202	Really only looking forward to the pool area	2/5/2025 9:08 PM
203	Opportunity to book meeting rooms or other spaces for private community and family events like birthday parties, retirement, anniversary celebrations.	2/5/2025 8:58 PM
204	The space is not big enough for the demand in this area	2/5/2025 8:57 PM
205	This would be amazing	2/5/2025 8:50 PM
206	I would feel exposed in the weight exercise area being right next to the open track	2/5/2025 8:43 PM
207	Wil need to come to the meeting to see the viual building specs	2/5/2025 6:54 PM
208	Build a school there not a complex that will be exciting for a small amount of time then be looked over	2/5/2025 6:45 PM
209	Please ensure you're thinking about the visually impaired community when implanting these amenities to ensure it's accessible for all.	2/5/2025 6:37 PM
210	A large fitness area would be beneficial with a large area for free weights and functional fitness activities.	2/5/2025 6:17 PM

211	For people unfamiliar with the equipment and space, please have lots of self-teaching posters, audio headphones, visual aids etc. to safely and correctly use the space/equip.	2/5/2025 6:01 PM
212	We have other places in the city for this. We need more waterslides.	2/5/2025 4:53 PM
213	Can the gymnasium be modified to multiple sports played at the same time? Volleyball one side, basketball the other. Can it be used to badminton and pickleball? Any plans for a viewing area for spectators in bleachers?	2/5/2025 4:26 PM
214	When I strongly agree it means that the folks in the east end need all of this	2/5/2025 4:24 PM
215	Curious if the walking track will allow strollers or baby wearing	2/5/2025 4:22 PM
216	Ensuring complete privacy from other patrons, especially in exercise rooms, including cameras that may be monitored by men. The point I am making here is that a significant gap in services/amenities accessible to Muslim women/hijabis etc. who value modesty exists and this community is impacted directly by these oversights. If there is a way to consider this in the project, it would be most welcome.	2/5/2025 3:28 PM
217	I play indoor football and soccer which are on turf. This facility again misses out on a turfed area, limiting where these sports can be played through the winter. Having a space that can potentially be full court or smaller courts is fantastic for other sports and groups looking for an area to stay active.	2/5/2025 2:54 PM
218	Dance and fitness classes for all ages so that the parents can do stuff while the kids do stuff as well	2/5/2025 2:32 PM
219	I think you should utilize the outdoor space as well. Grey infrastructure is too much compared to green infrastructure.	2/5/2025 1:50 PM
220	bigger workout area/spaces, include a sauna.	2/5/2025 1:35 PM
221	I'm unsure if there are enough machines and weights to meet the demand. Would love a rock climbing wall or other less expected recreation amenities.	2/5/2025 1:18 PM
222	Being seniors , we will not use all the facilities but many ,many people will	2/5/2025 1:12 PM
223	Can’t comment on the multi purpose or yoga rooms as there are no images. Yoga rooms need good mirrors so they can be used for dance too. Multi purpose rooms need good windows with natural light. Since pickleball is so popular, it would be better to have a dedicated pickleball court (or two, if they can fit) rather than two multi purpose courts.	2/5/2025 12:46 PM
224	Trying to have the gym be all things to all people is tricky! Basketball, volleyball, pickleball, other racket sport, etc.	2/5/2025 12:41 PM
225	How much is the membership going to cost	2/5/2025 12:16 PM
226	Pickleball courts!	2/5/2025 12:14 PM
227	None	2/5/2025 12:11 PM
228	Walking/Running Track is such a great idea. No where close by to do this indoors other than on a treadmill at a gym.	2/5/2025 11:53 AM
229	Would like more info about the yoga studio options and weight rooms/fitness areas	2/5/2025 11:43 AM
230	The walking track should have distances posted throughout the track. for example (x laps = walk to the moon)	2/5/2025 11:21 AM
231	You will likely require a larger area for gym equipment. Having separate rooms to host fitness classes is a great idea and provides more variation to suit everyone’s needs	2/5/2025 11:13 AM
232	Fitness areas and yoga/fitness studios seem small for the area they are to serve. Also suggest adding new amenities to the area like platies reformer classes like the wellness institute	2/5/2025 11:06 AM
233	No	2/5/2025 11:00 AM
234	Proper accessibility	2/5/2025 10:36 AM
235	no	2/5/2025 10:28 AM

236	no	2/5/2025 10:20 AM
237	Weight area should be a bit larger with how many people will probably be using it.	2/5/2025 10:16 AM
238	Fitness area appears small; not sure how much equipment will fit there.	2/5/2025 10:15 AM
239	Consider larger fitness area	2/5/2025 10:14 AM
240	Good use of land, we need this	2/5/2025 10:08 AM
241	Maintain what you have before making expensive plans to build new faciilties. There is no excuse for building a monster like this while also shuttering far less expensive facilities like Happyland.	2/5/2025 10:01 AM
242	The fitness area seems small.	2/5/2025 9:46 AM
243	I hope I live long enough to see this built, and to be able to use it ;)	2/5/2025 9:37 AM
244	Yoga - will there be ample programming? Winnipeg is so married to hot yoga and it would be nice to have more options that are not hot yoga.	2/5/2025 9:37 AM
245	Wonderful!	2/5/2025 9:35 AM
246	Will there be some sort of online booking system to be able to access these amenities ?	2/5/2025 9:28 AM
247	Fitness area seems small, seems like the basketball court takes up too much room	2/5/2025 9:24 AM
248	My 5/6 class and I think there should be an area for soccer, volleyball and possibly a hockey rink. Also, a space for billiards would be excellent.	2/5/2025 9:22 AM
249	Not enough detail shown for yoga/movement studios to give feedback.	2/5/2025 9:16 AM
250	Similar to dedicated lap swimming lanes, running tracks take up significant square footage for a limited number of users.	2/5/2025 9:09 AM
251	If yoga is hot yoga then yes. So many other gyms around that a work out area is not needed. Like the walking/running track.	2/5/2025 9:03 AM
252	Child minding would be a benefit, if I were to attend any adult activities.	2/5/2025 8:55 AM
253	Need things for seniors	2/5/2025 8:53 AM
254	Make sure there are pickleball court	2/5/2025 8:42 AM
255	It would nice if the city could take out some of the parking, or the adjacent empty space to the west of the site for additional outdoor recreation courts.	2/5/2025 8:42 AM
256	Make it accessible	2/5/2025 8:32 AM
257	The gymnasium and running track look very good. The weights area is another concern where the space will be insufficient to meet demand. This one I'd even be more ambitious on. Based on the demand and crowding I've seen at nearby fitness centres, and given the appeal of weight areas, I would suggest at least doubling it in capacity and variety of equipment. The demand for this space will be extreme and it will be a terrible mistake to gauge it incorrectly.	2/5/2025 8:28 AM
258	It would be cool if there was more of an actual gym space/program. Similar to the ymca. Where you could get a family membership. It’s pointless to make angry space unless it’s actually beneficial to everyone and not just a couple of weight benches. Also if there is more privacy to the gym section more people are likely to use it. I think there’s enough yoga studios around, that’s kind of pointless unless you would create a membership type of program that would be worth paying for and have good options for fitness.	2/5/2025 8:27 AM
259	We don't need more spaces like this. There are so many other gyms...	2/5/2025 8:18 AM
260	Would be nice to add pickleball courts for this growing sport.	2/5/2025 8:17 AM
261	Pickleball	2/5/2025 8:17 AM
262	Again no users	2/5/2025 8:13 AM
263	Pickleball courts very important	2/5/2025 8:09 AM
264	My family does not need a rec centre on the other side of the city, we need property tax bills	2/5/2025 8:08 AM

	we can afford, and last I heard, we had to pay for a new helicopter.	
265	The yoga/movement studios and multi-program rooms aren't adequately labelled on the map so I'm unsure of where they are going keeping my response neutral	2/5/2025 8:03 AM
266	Would like to see yoga and pilates classes available for registration	2/5/2025 7:58 AM
267	It's about time	2/5/2025 7:50 AM
268	East side of Winnipeg needs an indoor soccer pitch! Many families in this area play soccer and we are always having to travel to Leila (North soccer complex), downtown or the south complex at U of M. It is time for the west side of the city to get an indoor soccer pitch!!!	2/5/2025 7:50 AM
269	Looks great!	2/5/2025 7:47 AM
270	Place is too far, if reachable by bus, uncertain how new routes will be	2/5/2025 7:36 AM
271	It would be nice if you could include using the gymnasium for indoor soccer/futsal as well.	2/5/2025 7:19 AM
272	Love the track option! The University of Manitoba has one and I appreciated having it there.	2/5/2025 7:09 AM
273	Too far from the west side of the city	2/5/2025 6:54 AM
274	No need for gymnasium. Put more equipment for exercising	2/5/2025 6:48 AM
275	Putting the complex in this location is an example of meritless thinking by a completely meritless group of retards.	2/5/2025 6:22 AM
276	If the party room cannot be made big enough to accommodate 100 people perhaps the party room could be attached to a multipurpose room with the option of having them side by side with large connecting doors that could allow a flow of people to go to and from each room similar to connecting hotel rooms. Or a retracting wall. This way people have the option of renting one room or 2 depending on their needs and capacity needs.	2/5/2025 6:16 AM
277	I think the fitness/cardio area should be bigger	2/5/2025 6:15 AM
278	Always more required in our city for healthy living	2/5/2025 6:13 AM
279	Track looks like there are too many crossings on it. The fitness area looks like an after thought. Too small.	2/4/2025 10:25 PM
280	This 'recreation spaces' section of the complex looks fantastic, well done !!	2/4/2025 9:37 PM
281	The running track is placed in an odd way, people have to walk over it to enter the gym? The fitness area should have lots of variation, free weights, machines, etc	2/4/2025 9:18 PM
282	The city has gymnasiums in every school which should be open to the public to use for after school hours. It seems a waste of space to designate such a large portion of the building to it.	2/4/2025 9:14 PM
283	Ensure you have enough AEDS	2/4/2025 8:50 PM
284	Aquacise pool	2/4/2025 8:36 PM
285	I would 100% buy a pass here	2/4/2025 8:01 PM
286	Please include badminton. Badminton is included in the Canada Games (& the Olympics) but we don't even include it the design whereas there are multiple pickleball courts.	2/4/2025 7:54 PM
287	So many families in the area will benefit from this place.	2/4/2025 7:41 PM
288	None	2/4/2025 7:17 PM
289	Very nice. Much needed.	2/4/2025 7:04 PM
290	Build it and we shall come	2/4/2025 6:53 PM
291	This is so needed in our community!	2/4/2025 6:34 PM
292	Ensure enough free space for people to do weights and exercise apart from machines.	2/4/2025 6:32 PM
293	I think it shoyld have diversified culture of gymnasium games, such as more slots for badminton.	2/4/2025 6:31 PM
294	Should be a wall so people running on track if they end up slipping or tripping they won't run	2/4/2025 6:30 PM

	into people lifting weight and cause injuries or doing yoga. Imagine someone running at full speed and trips or twists their ankle they lose control on were they are running and can fall or tumble into people lifting weights in the air (will cause said person to drop weights or lose grip of weights and who know what will happen with the effects of speed and gravity. With no wall around the track atleast waist height minimum would make it alot safer...	
295	Sorry for my first comment! Excellent plan!	2/4/2025 6:26 PM
296	You need paddle training, for kayak , canoe, paddleboat	2/4/2025 6:22 PM
297	For those that the recreation space seems adequate	2/4/2025 6:08 PM
298	Please advertise the length of the indoor track. Equal to or greater in length to the Sport Manitoba Building (160M) would be appreciated to support the vibrant community running groups.	2/4/2025 5:46 PM
299	The fitness and weight lifting area needs to be much larger! One of the biggest draws to get members will be people wanting to use the rec plex to exercise on the machines and weight lift because we do not have many gyms in Transcona. I would plan accordingly to make that space larger and to have enough equipment for everyone to use or people will not want to be members of the Rec plex for their exercising and will only come once in a while to swim. People will get sick of waiting for the machines/equipment and will resort back to their old gyms.	2/4/2025 5:38 PM
300	Yoga classes for seniors and adults	2/4/2025 5:37 PM
301	Gymnasium is very much needed for the area. Would be the highest of value of all topics for the complex.	2/4/2025 5:26 PM
302	Who's paying for all this, and let me guess Aboriginals can use for free. Reverse discrimination!	2/4/2025 5:17 PM
303	This is very much needed in the area. There are no City of Wpg recreation centres nearby. I would definitely buy a city fitness pass if I had fitness classes / walking track / weights close to home.	2/4/2025 4:55 PM
304	Maybe more gym options. Will probably be very busy.	2/4/2025 4:55 PM
305	No	2/4/2025 4:53 PM
306	already exist	2/4/2025 4:47 PM
307	Please build this, our community needs this.	2/4/2025 4:13 PM
308	Looks great!	2/4/2025 4:05 PM
309	Does the complex allow for badminton courts?	2/4/2025 3:37 PM
310	Is there room for an indoor soccer complex?	2/4/2025 3:36 PM
311	Indoor pickleball courts over basketball.	2/4/2025 2:45 PM
312	Would like to see more equipment	2/4/2025 2:43 PM
313	Please ensure adequate room is made for dumbbells and weight benches as often times these are minimized for cardio and weight machines and in reality many prefer dumbbells	2/4/2025 2:41 PM
314	Would need to be fully accessible to those with disabilities/wheelchair users.	2/4/2025 2:34 PM
315	Stick with the Water Park , no need for the extras Water slides .. wave pool .. lazy river Make it the best Water park in Canada !!!!	2/4/2025 2:32 PM
316	Why you need running tracks if you will have treadmills waste of space	2/4/2025 2:32 PM
317	Transcona is in desperate need of basketball courts. My 9 yr old plays basketball out for WMBA it’s organized through oxford community Center but his home gym for games is Lindenwoods community Center!	2/4/2025 2:29 PM
318	Based on the photos, the weight and exercise area should be much bigger. Transcona needs a YMCA type gym space and I hope this will be large enough to accomodate the expanding population looking to stay fit and work on their health.	2/4/2025 2:19 PM

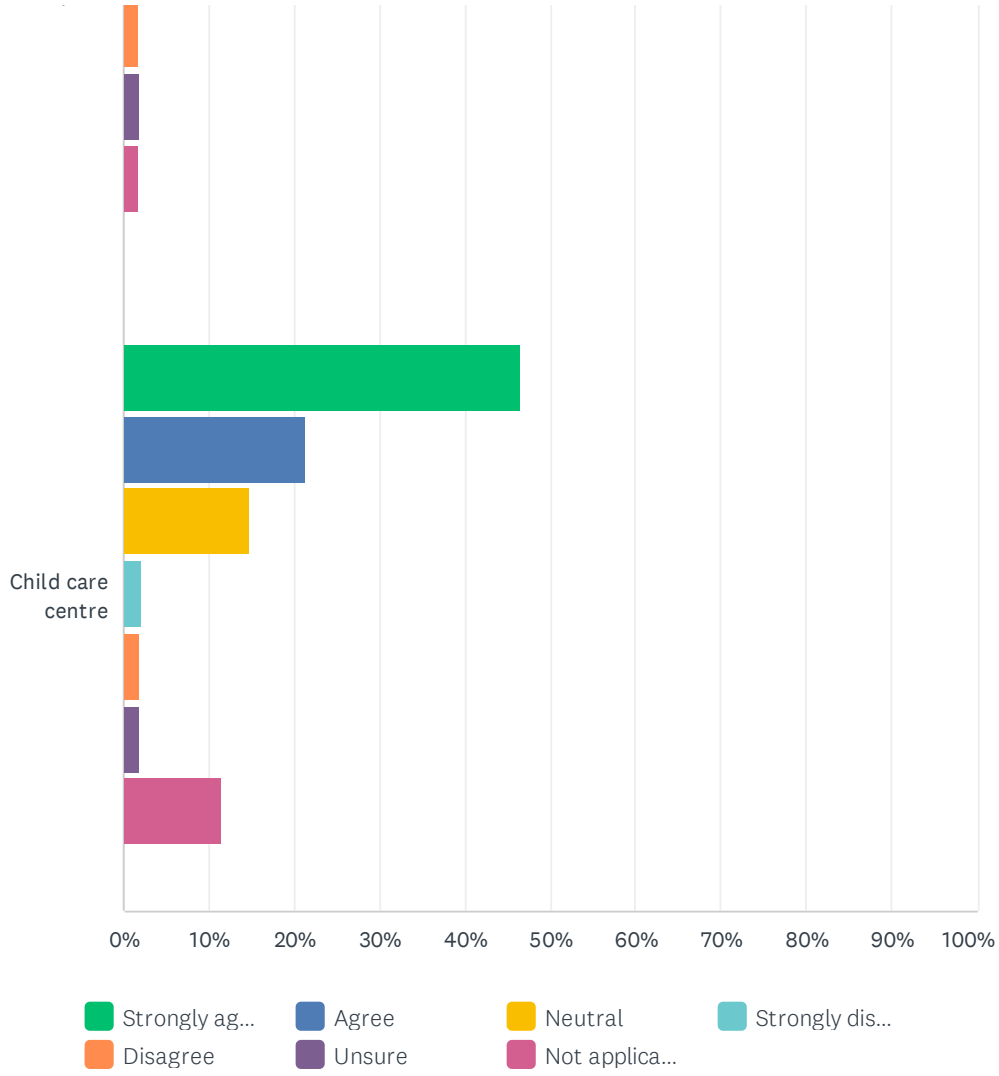

319	Would be nice to have an indoor tennis court option	2/4/2025 2:17 PM
320	Love it.	2/4/2025 2:09 PM
321	We desperately need an indoor track on this side of the city	2/4/2025 1:58 PM
322	There are so many places in the area to work out with equipment. Why not put in a. Indoor year round playground for the kids so there is something to do in the winter	2/4/2025 1:49 PM
323	Yes, please start the build process ASAP. By the time it's completed the current families won't be able to use most of the features.	2/4/2025 1:47 PM
324	Yes please. Lots and lots of options	2/4/2025 1:43 PM
325	There does not appear enough space for cardio/strength equipment. I would suggest there be a small barrier between the track and other public areas, otherwise people will be constantly ran over/bump into walkers and runners.	2/4/2025 1:35 PM
326	Start building east side of city has nothing.	2/4/2025 1:22 PM
327	indoor golf, battling cage, indoor skate are nice additions.	2/4/2025 1:20 PM
328	have studios for zumba and cycle classes	2/4/2025 1:09 PM
329	We have no gyms in Transcona, I was looking forward to seeing this design and am pleased to see the gym parts! Woo!	2/4/2025 1:09 PM
330	Have a variety of different equipment and classes	2/4/2025 1:09 PM
331	should have more space for fitness area (weights and cardio)	2/4/2025 1:08 PM
332	Fitness area needs to be bigger with more equipment	2/4/2025 1:06 PM
333	I think a more permanent designated racquet sport area is important whether indoor or outdoors.	2/4/2025 1:03 PM
334	NA	2/4/2025 12:59 PM
335	I hope this is affordable and accessible to all in the community. Please don't put only 1 set of weights and 3 machines. Think big	2/4/2025 12:55 PM
336	Looks amazing.	2/4/2025 12:55 PM
337	Very excited for more fitness and rec spaces in this area.	2/4/2025 12:55 PM
338	Sounds very diverse and suitable to almost everyone’s needs/wants	2/4/2025 12:54 PM
339	Fitness area seems a bit small but hopefully has everything that the other City fitness facilities offers (free weight, multiple exercise equipment etc)	2/4/2025 12:52 PM
340	I hope the track is wheelchair and stroller accessible and friendly. Walking for parents looking after infants in the winter is so hard and sometimes unsafe to walk outside.	2/4/2025 12:49 PM
341	The cardio/weight area needs to be a priority and be a very large space	2/4/2025 12:42 PM

Q8 Do you agree or disagree the that the proposed community spaces will meet the needs of you and your family?

Answered: 1,539 Skipped: 170

East of the Red RecPlex

Q9 Do you have any comments about the community spaces? (Optional)

Answered: 240 Skipped: 1,469

#	RESPONSES	DATE
1	I would LOVE to see the cafe be locally owned and open daily!! With quality latte's and baking!! Fools and Horses, in collaboration with local Ukrainian community perhaps? I would also LOVE if there was a small area that was enclosed with a simple (un-supervised) play area, so parents could sit with a coffee and visit while their young kids were contained. Otherwise I see the renderings and just know I'd be walking after a toddler and not actually able to visit and build community. I also cannot imagine building this Rec Plex without a child care centre - every new city building should have to have as many spaces as can safely fit! I would also advocate for as big an outdoor space for the child care centre as possible. Encouraging a forest school environment - mud kitchen, winter snow forts, raised beds in the summer for gardening. This also means making sure they have a sink near the outdoor area entrance for rinsing off boots and changing. If we want kids to be outside, in the elements, and painting and getting messy, then we need to support childcare providers with the amenities.	3/3/2025 9:48 AM
2	Who will operate the cafe? Will the hours coincide with the hours of the facility? Or will they be limited? What exactly is the community kitchen? Can this space be booked out by anyone and what features does it have? It’s a large area that isn’t explained.	3/2/2025 2:53 PM
3	A common space or room for prayer or quiet room	3/2/2025 11:11 AM
4	It’s nice to see a bistro on site.	3/2/2025 10:59 AM
5	Is there a possibility to have a restaurant that offers only healthy choice food and beverages with products that are locally sourced?	3/2/2025 9:51 AM
6	seating is not enough. childcare centre i not large enough	2/25/2025 10:15 AM
7	The need for a community gathering place is high in Transcona.	2/25/2025 9:49 AM
8	More details on how they will meet our needs	2/25/2025 9:39 AM
9	I wouldn't use the spaces but agree they are important	2/25/2025 9:20 AM
10	Seating with armrests helps seniors and people with disabilities to get out of chairs. A variety of seating would be much appreciated. The Calgary airport is a good example of a wide range of seating options.	2/23/2025 5:10 PM
11	Looks nice!	2/22/2025 6:47 PM
12	Need more childcare spots.	2/21/2025 6:29 PM
13	Kitchen area requires supervision and maintenance of hygiene. Ensure cafe operators are local no chains.	2/21/2025 11:00 AM
14	Perhaps consider some of this space for more swimming lap lanes as there is a dramatic shortage in Winnipeg ...especially on east side. Or perhaps small individual swim platforms that ‘treadmill’ the swimming in place	2/21/2025 10:14 AM
15	We really need the childcare centre! W	2/21/2025 7:21 AM
16	There should be community garden spaces (for summer) and community green house areas (for winter). This way it creates a truly health oriented hub. Also one or two communal kitchens so groups of 5-6 people can get together, cook in bulk, and take home family weekly meals.	2/20/2025 6:36 PM
17	I wish the library and childcare space was closer together... but I'm sure there was a lot of thought and effort around figuring this out. Child safety should always be the priority. It just seems to me that those uses are congruent - my parents would use the children's section of my hometown library as an informal day program because the children's librarians had enough dedicated space to supervise children who were old enough to be there on their own... and layers of this mixed use idea for younger children with more supervision seems possible. I kind	2/20/2025 5:40 PM

	of wish the library was twice as big as it is... especially because the population of Transcona is growing.	
18	nice area for people to gather	2/20/2025 1:40 PM
19	not sure i understand the use for community kitchen	2/20/2025 11:48 AM
20	keep clean and neat	2/20/2025 11:35 AM
21	childcare very important	2/20/2025 11:25 AM
22	looks amazing	2/20/2025 11:23 AM
23	Although we don't need childcare it's great to see it being offered	2/20/2025 11:11 AM
24	not enough information/diagram detail on community kitchen and cafe to comment	2/20/2025 11:08 AM
25	It would be nice to have a childcare for parents who come to the gym, an hourly paid service while parents are using the facility	2/20/2025 10:14 AM
26	This part of the project looks like a great community space for everyone	2/20/2025 10:09 AM
27	Wondering if this will be a possible daycare facility as well (in the childcare Centre) much needed in Transcona	2/20/2025 10:03 AM
28	will socials be held in the gymnasiums	2/20/2025 10:00 AM
29	Childcare centre must be big and nice	2/20/2025 9:56 AM
30	May want to consider the layout of pools, sauna etc. so that activities for kids are together plus adult areas more away from where kids are	2/20/2025 9:32 AM
31	can't be a lifeguard responsible need to have maintenance person on staff	2/20/2025 9:26 AM
32	rental spaces are great to have, creating more places for gathering would be great for youth. calm room is a new concept but i like that there is a waiting area that can be used to wind down	2/20/2025 9:03 AM
33	Unsure what a community kitchen is, need more info.	2/19/2025 7:54 PM
34	Whatever number of seating you're considering, please double it!	2/19/2025 3:11 PM
35	will there be lowered or open cashier space for w/c users to be able to interact with staff easily?	2/19/2025 2:55 PM
36	What exactly is a community kitchen? Is that like a soup kitchen for those that are low income?	2/18/2025 8:50 PM
37	Community kitchen needs to teach us how to feed ourselves and be inspired with recipes and traditions of the cultures in our city. Cafes need to have a social enterprise layer to them. Gathering spaces should be programming spaces that offer all the types of programming you get from the leisure guide but take it to the next level.	2/18/2025 7:16 PM
38	Community kitchen will just attract non Canadian people.	2/18/2025 5:52 PM
39	I'm not sure what the point of the community kitchen is for so I can't say much about it. If there is an event being held there it is a nice amenity to have. I love that there's going to be a cafe and seating area. it will bring people into the location and so long as the food is decent and not horribly overpriced can add some extra revenue to the building. Hopefully it will have longer opening hours during the week and weekend. I can see it being useful for parents wanting to come and have a place for their kids. I wish you would be adding more features that would be applicable to everyone not just people who have kids.	2/15/2025 12:35 PM
40	Not at this time.	2/15/2025 9:48 AM
41	More daycare spots the better! My son is 6 years old and never got into a daycare. Sounds great plans!	2/14/2025 9:48 PM
42	Not sure what you mean by a community kitchen….a place for people to cook meals? Can on,y imagine how some people wouldn’t clean up after themselves, not to mention how unsanitary this area could be.	2/14/2025 7:50 PM

43	A cafe is an amazing idea!	2/14/2025 4:31 PM
44	Love the light and open spaces	2/14/2025 10:08 AM
45	None of it would meet my family's needs, as it is too far away.	2/13/2025 10:28 PM
46	Great idea for more childcare. Even though I do not have children. Families need more childcare spaces.	2/13/2025 5:45 PM
47	Child care is a great option and will help ensure high occupancy during the week.	2/13/2025 1:33 PM
48	Creating a healthy 3rd space.(Home, Work, etc.). I love it.	2/12/2025 8:44 PM
49	FIRLD HOCKEY	2/12/2025 6:58 PM
50	Child care, yes!	2/12/2025 6:24 PM
51	What a great place	2/12/2025 5:38 PM
52	Cafe if done right, could generate good revenue for the city to help offset operating costs of the center. If it can even lift 20% of the costs off the budgets shoulders, I support this. More of this.	2/12/2025 11:35 AM
53	Ver good to have a place to gather	2/12/2025 10:32 AM
54	We need meeting rooms for health programs.	2/12/2025 9:44 AM
55	I hope the fun, bright colours are actually included in the design. Spaces that have bright greens, oranges, pinks, etc are so uplifting and fun. It would be nice to have some coloured panels on the pool windows to add design and reduce brightness too. I don't see the need for a cafe because there are plenty of options nearby for food and drink. A community kitchen would be very useful, and hopefully the City of Winnipeg can use it for more Leisure Guide kids cooking classes or food-related programming. As a parent of young children, I understand and feel the effects of Transcona's desperate need for more child care facilities, but one should only be added to this facility if it doesn't hinder the primary function of the space: recreation, fitness, and wellness.	2/12/2025 9:41 AM
56	Should be free	2/12/2025 9:15 AM
57	I really like the community kitchen idea.	2/11/2025 7:53 PM
58	I would LOVE to see a couple of "cafes" in there even if it's just for outdoor drop ins. A Starbucks, a freshii, ohdoughnuts etc. Doesn't have to be just for attendants.	2/11/2025 7:20 PM
59	More child care spaces in Transconna is required. Hundreds of additional spaces would be welcome	2/11/2025 4:44 PM
60	Is the childcare for people using the facility who need someone to watch their kids while they exercise or something or a new daycare. Just wondering.	2/11/2025 4:22 PM
61	Cafe space looks like an after thought away from everything. Poor design	2/11/2025 3:59 PM
62	the Childcare space should be doubled to accommodate the increase in population.	2/11/2025 2:36 PM
63	We need this on our side of the city! Hurry please!	2/11/2025 2:30 PM
64	Great to have more child care options	2/11/2025 2:25 PM
65	Too far from St. Vital for my family.	2/11/2025 1:48 PM
66	It would be wonderful to get a local cafe such as Thom Bargen, Mas Coffee, or Empty Cup to operate the cafe instead of using Tim Hortons/Starbucks/etc.	2/11/2025 1:13 PM
67	You guys should put a stage to have music performances	2/10/2025 11:19 PM
68	Please don't focus on politics and just provide a facility for citizens of Transcona to use.	2/10/2025 11:14 PM
69	Would be nice to have maybe a cafeteria that delivers to pool area	2/10/2025 11:08 PM
70	No	2/10/2025 11:00 PM
71	Site is pretty busy for a daycare. An elementary school site would be more appropriate. There is too busy streets and a train track behind the site. A little noisy for nap time!	2/10/2025 8:46 PM

72	The city is broke	2/10/2025 11:24 AM
73	there should be a lot of seating and tables for the social/gathering spaces that are comfortable with natural lighitng. PLEASE ensure the windows of the buildings have the wildlife safety/bird safety stickers to avoid window strikes	2/10/2025 10:55 AM
74	The day care doesn't look big enough for 70+ spaces and storage.	2/10/2025 12:08 AM
75	The need for a cafe seems questionable, what is the rational for the cafe? Feels as though it will be another facility that needs to be staffed. Additionally the location of the cafe feels far removed from the remainder of the building, down this long linear corridor that seems to be removed from the rest fo the building.	2/9/2025 10:56 PM
76	Love all of these!!	2/9/2025 3:22 PM
77	Yes, these would benefit our area. Immensely we truly do need more of these in our area.	2/9/2025 11:03 AM
78	Lobby looks huge and empty. Looks like a lot of wasted space. Good there is a lot of seating at Cafe.	2/9/2025 9:27 AM
79	Look to Dakota field house or sport for life buildings. Is there adequate viewing seating for all courts? Bleacher set up available or window areas from hallways. Is there an easy pathway around the outside of courts to walk to next court without obstructing the view of spectators ie space behind bleachers.	2/8/2025 8:53 PM
80	None	2/8/2025 8:43 PM
81	I think this is a nice addition but not necessary	2/8/2025 4:54 PM
82	There is a community kitchen at acess tra scina that is not used and there are places for coffee around the area	2/8/2025 3:57 PM
83	There is a Starbucks Right across the street	2/8/2025 3:37 PM
84	Use all of this space to make an indoor Waterpark. If you'd like to sell snacks, food, drinks so families can spend the whole day at a Waterpark then keep the kitchen area and a place for parties that you can rent out.	2/8/2025 2:08 PM
85	I wasn’t sure how to answer the question for a Community kitchen, as I am not too sure what exactly this proposed Community kitchen will look like.	2/8/2025 11:04 AM
86	There seems to be a lot of open space that is unused. Would prefer to see more of it taken up for example for more fitness class space (always sold out in the leisure guide) or more multi purpose room space. For example it looks like a very small space could be used to hold a social with a huge area by the cafe that would accommodate a large group unavailable.	2/8/2025 11:02 AM
87	i am skeptical that a community kitchen will ever get used that it would be worth the expense especially since Winnipeg barely funds rec programs that could actually it.	2/8/2025 9:29 AM
88	I like the idea of food services being available while other activities are on. Would be nice to have the cafe open for the duration of facility being open with a variety of choices for patrons.	2/8/2025 8:43 AM
89	As a Child Care director, we need more infant, preschool and school age spots!!!!	2/8/2025 7:40 AM
90	Better ways to spend $90 Million and I would still like to know what happened to Vetrans Village	2/8/2025 5:14 AM
91	The daycare centre is a MUST. Transcona needs more daycares!	2/8/2025 4:45 AM
92	I cant wait to spend all my time here	2/7/2025 11:18 PM
93	Day care as in day care for full time working parents or just a day care for when using the facility. Both are needed.	2/7/2025 10:58 PM
94	Get rid of these.	2/7/2025 10:54 PM
95	What is the purpose of a community kitchen and has there been a demand for it? Not sure we need this.	2/7/2025 8:26 PM
96	more food services inside.	2/7/2025 8:18 PM
97	No	2/7/2025 7:16 PM

98	A child care centre would greatly benefit the community!	2/7/2025 4:00 PM
99	ENSURE THERE IS A GLASS RAILING WITH AMPLE SEATING FOR PARENTS TO WATCH SWIM LESSONS. CONCORDIA POOL REQUIRES YOU TO BRING YOUR OWN CHAIR AND ONCE YOU SIT DOWN YOU CAN'T SEE YOUR CHILDREN.	2/7/2025 2:43 PM
100	The cafe can do really well if it is priced for working families. It should both be a ridiculously expensive location. Especially with other places in close walking distance.	2/7/2025 2:22 PM
101	Will cafe be a national chain or a local operator?	2/7/2025 1:13 PM
102	I didn’t see anything about the childcare centre in the video but this city needs so many more childcare centres glad there will be one here!	2/7/2025 1:04 PM
103	vending machines would be better than cafe. I don't think there would be enough demand for café	2/7/2025 11:58 AM
104	No	2/7/2025 11:33 AM
105	Will the floor surface be safe with the use of a walker?	2/7/2025 10:53 AM
106	Is the childcare centre a drop in space while parents visit the gym etc? Or a full time daycare?	2/7/2025 10:10 AM
107	Will there be level access to all these areas including an elevator with Braille features so that all persons can get to everywhere in the complex?	2/7/2025 8:30 AM
108	What is a community kitchen? It is really difficult to rate these ideas when there is so little info given. How many spaces in the child care centre? What type of cafe? What goes on in the community kitchen?	2/7/2025 8:23 AM
109	No use for this again. Wasted lobby space not necessary.	2/7/2025 8:04 AM
110	Any gathering area to bring community together is fantastic	2/7/2025 7:47 AM
111	Transcona needs more child care spaces	2/7/2025 7:36 AM
112	I love the idea of a cafe in this space	2/7/2025 6:56 AM
113	Looks great with nice design. Add more seating ?	2/6/2025 11:20 PM
114	Need more information on the community kitchen. It would be nice if seating area was less sterile and more welcoming to stay.	2/6/2025 10:58 PM
115	We have public spaces for social gathering and restaurants/community centers are able to provide community kitchen needs.	2/6/2025 10:53 PM
116	Smaller room for meetings and tutoring.	2/6/2025 9:47 PM
117	A community kitchen isn’t necessarily as important as other areas. There is a newly build child care centre on the Ecole Regent Park yard, not sure if another one so close is efficient use of space.	2/6/2025 7:27 PM
118	More Big Waterslides and lots of them! West Edmonton Mall scale waterslides	2/6/2025 6:48 PM
119	Community kitchens are not really that great	2/6/2025 6:44 PM
120	Nonw	2/6/2025 5:26 PM
121	more child care spaces should be available, it should be very affordable	2/6/2025 3:31 PM
122	put childcare centre elsewhere. connect to outdoor spaces via Transcona trail, etc. Can we fix killcona park?	2/6/2025 3:23 PM
123	The new Transcona Library is an excellent social gathering place. It is huge and underused,	2/6/2025 2:31 PM
124	Why a community kitchen? Pan Am Pool has the facilities for a cafe, but in the last 10 years has not been open. Will this not be an expensive waste of space? It would be wonderful to have the seating located close to the Library connection. People could take out a book and actually read it in the convenience of this open and bright space. As for Child Care Centre - Let's keep this a recreational space only. There are many other locations where day cares could be situated and especially off city properties to avoid liability claims. With this being such a public space, do we want to also attract child molesters to be observing and	2/6/2025 1:18 PM

	photographing vulnerable children? This has always been a concern with all of the city's public pools and there is a poster campaign to report unusual behavior. But inviting the general public to sit around and some be free to observe or prey on vulnerable children is not acceptable. Let's keep child care facilities separate from Recreational Places please.	
125	I don't know how much child care will be available, so I do not know if at this point it will meet our needs. Capacity of childcare remains an issue in all Manitoba systems.	2/6/2025 12:43 PM
126	These are a waste of space. Focus on things the city does not already have (water park, a large sports facility that isn't falling apart, indoor soccer field, high diving boards, large sporting events spaces)	2/6/2025 9:33 AM
127	Childcare centre is a must especially in that area with all the new developments. I love the idea of a community kitchen and I am curious what programming and services will arise from a community kitchen as well as inclusive hiring!	2/6/2025 9:20 AM
128	the above pictures look as though there is a ton of un useable space...while the open airiness of this area makes it look lovely, the space is not being utilized to it's max potential.	2/6/2025 9:00 AM
129	Community kitchen sounds like feed the homeless, not in the same space children will be!	2/6/2025 6:31 AM
130	Needs more seating than in the rendering. Too much empty floor space being wasted.	2/6/2025 1:55 AM
131	Not sure what the community kitchen would be about? Is it a space that we can rent out to cook for our own events at the party room? I'd need more info on that. Would also be nice to have some (more) seating/social gathering spaces at the access points coming from the trail.	2/6/2025 1:32 AM
132	Yall need more waterslides!? Like a minimum of 5 different types	2/5/2025 11:04 PM
133	Community kitchen may be a safety issue	2/5/2025 10:54 PM
134	Have a space where kids can do homework if they are waiting for parents etc.	2/5/2025 9:42 PM
135	I would like to see more options of food choices like a food court style with multiple kitchens. I like the idea also of having a space to warm up food brought from home and access to water or hot water for people who wants to make their fresh coffee from home.	2/5/2025 8:55 PM
136	This would be amazing	2/5/2025 8:51 PM
137	Now the Cafe is mentioned in the survey but not the write up or map	2/5/2025 6:55 PM
138	Build a school	2/5/2025 6:46 PM
139	The 'tunnel' shape with hard surfaces will be acoustically loud. It will not be a quiet area.	2/5/2025 6:03 PM
140	Who will clean and maintain the community kitchen? Can people just show up, cook and leave?	2/5/2025 6:01 PM
141	At this point, the associated fees for users are unclear	2/5/2025 5:32 PM
142	Are there elevators in the plans? Is the kitchen big enough to have cooking/baking classes?	2/5/2025 4:32 PM
143	Yes we need this all but childcare is a perk	2/5/2025 4:25 PM
144	I still think that this complex should be in the downtown core and not in an already congested area of the city.	2/5/2025 4:10 PM
145	Ensuring a means of privacy for muslim women would be a way to provide accessibility to these groups, ie tables that do not face windows or other patrons, cameras etc. Or simply having dividers.	2/5/2025 3:29 PM
146	Childcare centre should be appropriately sized to community need and given access to gym facility	2/5/2025 2:48 PM
147	I hope the prices doesnt break the bank for cafe and there is enough spaces for gathering	2/5/2025 2:33 PM
148	Will the childcare centre be run by the City?	2/5/2025 1:27 PM
149	We could squeeze in a lit more benches, bistro tables, and unusual seating (how boulders or large stumps can be art and seating.) 2) I'm opposed to the daycare. So much space for a select few people, feels like a mini private school. That space should be used for all members	2/5/2025 1:22 PM

	of the public to have a finess amenity, not just 70 families. Use the empty Roland Michener arena to build all the daycare space you want.	
150	All wonderful features	2/5/2025 1:12 PM
151	Can’t see images of community kitchen so can’t comment on that. Would be great to have rentable kitchen space. Seating needs soft comfy chairs/couches as well, not just hard chairs. Childcare centre is a great idea. The wellness institute has this and it’s brilliant. Super motivating for parents to go work out or take a fitness class if they can drop off their kid at the childcare area while they work out.	2/5/2025 12:50 PM
152	Enhance the childcare space. HUGE need and the centre can utilize the amenities of the building. Unless it’s intended just to be childcare while people are using the facility…in that case, it’s probably adequate.	2/5/2025 12:42 PM
153	They look rather hospital-ish	2/5/2025 12:37 PM
154	childcare center should have ample room as child care is very difficult to find	2/5/2025 12:24 PM
155	None	2/5/2025 12:12 PM
156	We need more Childcare centres. Food options are good too.	2/5/2025 11:53 AM
157	Hopefully the Cafe takes into account the incomes of long time transcona residents, and not just the new neighborhoods. We aren't all rich and it would be nice to have simple and affordable options.	2/5/2025 11:39 AM
158	A local owner and operator would go a long for the cafe so long as the prices are reasonable/ cheaper than the nearby Starbucks	2/5/2025 11:22 AM
159	I think the community spaces are a great addition.	2/5/2025 11:14 AM
160	Seems like a lot of wasted space for these items, could be better served as fitness space or other activities, such as a pottery studio as there are none in the area, is growing in demand and the Cities classes are always booked and on the other end of the City	2/5/2025 11:07 AM
161	Proper accessibility, adult size changing tables. Include disabled people.	2/5/2025 10:37 AM
162	Child Care Centre will hopefully be as large as possible.	2/5/2025 10:31 AM
163	no	2/5/2025 10:29 AM
164	This is an absolutely amazing idea to pull the community together through socializing and food!	2/5/2025 10:22 AM
165	Bright n sunny	2/5/2025 10:09 AM
166	Maintain what you have before making expensive plans to build new faciilties. There is no excuse for building a monster like this while also shuttering far less expensive facilities like Happyland.	2/5/2025 10:01 AM
167	Having child care while parents use the amenities is critical.	2/5/2025 9:47 AM
168	Childcare centre is years too late for my family. Paying through the nose for childcare in the other side of town (which we don't live/work in), very frustrating.	2/5/2025 9:37 AM
169	Awesome!	2/5/2025 9:37 AM
170	Love the child care centre idea as we are greatly in need of more	2/5/2025 9:29 AM
171	Bravo on the child care centre. We lack reliable child care facilities in the east end of the city. I do feel that the lounging area may be a little excessive	2/5/2025 9:25 AM
172	A pool table, board games, or a small arcade would be great in the social gathering space!	2/5/2025 9:23 AM
173	I think the potential for a community space is ideal however would it be only accessible to members or could anyone off the street wander in and linger? (i.e. concerns about safety issues)	2/5/2025 9:19 AM
174	The community kitchen has so many possibilities!! Love that idea.	2/5/2025 9:18 AM
175	None	2/5/2025 9:04 AM

176	Senior spaces	2/5/2025 8:54 AM
177	The community spaces should be more than just scattered tables and chairs. The concept photo doesn't look comfortable or appealing and gives off a bit of an abandoned vibe. I'd like to see commons seating designed in such a way that it is integrated with the architecture of the building. Similar to the kind of architecture we used to see from modernist/brutalist buildings like at UofM. I don't see any considerations being made towards sound design. The concept photos worry me about the amount of echo there will be. It would also be nice to see separated quiet spaces and pods with power and good quality internet. The library next door was very poorly designed for people who want to use it as a study/work area. It's basically one large room with loud kids playing and no sound isolation. There's also not enough tables and so capacity is yet again a proven issue. I couldn't be sure about the cafe without knowing more details about what it would offer, but I like the idea of it being there!	2/5/2025 8:35 AM
178	Seems very big and open which is aesthetically nice, but seems like wasted space...make the waterpark bigger!	2/5/2025 8:19 AM
179	Keep the fees down	2/5/2025 8:10 AM
180	I'm on the hook to support this shit with my tax dollars, but it's a suburban amenity that most Winnipeggers will never use.	2/5/2025 8:08 AM
181	Daycares are so badly needed currently	2/5/2025 8:01 AM
182	What about security?	2/5/2025 7:55 AM
183	Personally I don’t think a childcare centre belongs in a recreation space like this. A childcare centre deserves its own building and space.	2/5/2025 7:52 AM
184	I love the café idea. I’d love for it to be local of course and for it to be open early in the morning if possible, as we don’t have any local cafés in that section of the city.	2/5/2025 7:10 AM
185	Safety needs to be first for everyone	2/5/2025 7:07 AM
186	Too far from the west side of the city	2/5/2025 6:54 AM
187	Why the need to community kitchen? Who would bringing food to cook there? Why? What's the purpose? It's going to be messy	2/5/2025 6:49 AM
188	The cafe needs to be able to have an extensive and inclusive menu that will allow those with allergies to still be able to order and eat there. Such as celiac and gluten free options. It would be good if parties have the option of bringing their own food as well. I again strongly believe the space needs to have a room in which large parties can book that can accommodate 100 people to make the space flexible enough for small or large parties.	2/5/2025 6:24 AM
189	This facility is being built in the wrong location.	2/5/2025 6:23 AM
190	With the limited childcare centres in transcona that is definitely needed even after the new one was built down the street	2/5/2025 6:19 AM
191	Will the childcare center be just for when parents are using the center, or is it an actual day care? If it's a day care, please make it as big as possible. Day care spaces are so limited these days!	2/5/2025 6:16 AM
192	Yes please incorporate!	2/5/2025 6:13 AM
193	Sensory friendly space would be advantageous	2/5/2025 1:16 AM
194	Childcare centre is needed here. I am an educator looking for a new job close to home also.	2/4/2025 10:34 PM
195	Ambitious on the variety of space use, but well thought out for the community	2/4/2025 9:40 PM
196	PLEASE HAVE AREAS THAT CAN BE STUDY SPACES. Incorporate greenery and natural plants into the design (such as a plant wall like in the library) make it so we are connected to nature.	2/4/2025 9:19 PM
197	Having a cafe would be nice but using space for tables and chairs might not get used if you cannot view the pool area	2/4/2025 9:16 PM
198	Childcare first come for Transcona kids	2/4/2025 8:51 PM
199	Security should be present and not allow non-paying citizens into the lounge area. Allowing	2/4/2025 8:09 PM

	homeless and non-paying citizens creates an unsafe feeling, especially around children.	
200	I like this. Good place to meet friends	2/4/2025 8:01 PM
201	We wouldn't use them as much being further away. Main draw would be indoor aquatic centre. Potentially use seating area for snacks/lunch but MPRs we'd use closer to home.	2/4/2025 7:53 PM
202	It is beautiful	2/4/2025 7:42 PM
203	None	2/4/2025 7:17 PM
204	Please consider a natural playground & sandbox & for young kids who can't enjoy this in long winter.	2/4/2025 6:57 PM
205	Please please please have optional child care for drop off during visits it's so hard to find gyms with childcare	2/4/2025 6:55 PM
206	No complaints	2/4/2025 6:54 PM
207	You need paddle training for the groups that do kayaking, canoeing and paddle boat	2/4/2025 6:23 PM
208	Not really	2/4/2025 6:08 PM
209	Will this space be able to be rented for wedding socials?	2/4/2025 5:47 PM
210	Would love to see some cozy furniture in the cafe and community spaces like couches or comfy chairs	2/4/2025 5:37 PM
211	While my child will be past the preschool stage by the time this is built, I can confirm the neighbourhood desparately needs more child care options due to the growing Devonshire neighbourhood.	2/4/2025 4:55 PM
212	No	2/4/2025 4:53 PM
213	sounds amazing	2/4/2025 4:10 PM
214	Doesn't look like enough seating space	2/4/2025 3:37 PM
215	Need more information to be able to provide feedback on weather some of the amenities will meet my needs.	2/4/2025 3:16 PM
216	More couches and plants.	2/4/2025 2:45 PM
217	Ensure hand sanitizing stations are available and refilled often	2/4/2025 2:42 PM
218	Would need to be fully accessible to a variety of disabilities including wheelchair users. Consulting people with disabilities and wheelchair users would be your best bet.	2/4/2025 2:35 PM
219	Sounds like community center more then a gym, people don't go to gym to eat	2/4/2025 2:34 PM
220	We have many community centres that offer common areas, meeting space and child care. We need a rec Center not another community center	2/4/2025 2:30 PM
221	I would not require the childcare however it is strongly needed	2/4/2025 2:28 PM
222	When will the facility be open?	2/4/2025 2:00 PM
223	Make a indor dog park!	2/4/2025 1:50 PM
224	Play area for the kids directly next to the cafe would be amazing so adults could watch children while enjoying coffee etc.	2/4/2025 1:50 PM
225	Yes, please start the build process ASAP. By the time it's completed the current families won't be able to use most of the features.	2/4/2025 1:47 PM
226	We hope the selection for kids in childcare will be open and fai	2/4/2025 1:44 PM
227	Can I get on the waitlist for child care?	2/4/2025 1:24 PM
228	A cafe would be huge! We don't have any options for cafes in Transcona besides Tova which is amazing!!	2/4/2025 1:22 PM
229	public wifi and public movie theater	2/4/2025 1:21 PM

230	Maybe a drop off loop for the daycare where parents can easily stop, get out and drop kids off without having to worry about need a parking spot	2/4/2025 1:19 PM
231	Offer classes and nutrition classes and personal trainers	2/4/2025 1:09 PM
232	Why is strongly disagree where disagree should be? Who designed this survey?	2/4/2025 1:05 PM
233	Will the child care include any before and after school activities and care?	2/4/2025 1:00 PM
234	Not sure what is meant by community kitchen.	2/4/2025 12:57 PM
235	Focus on pools and gyms, not community spaces.	2/4/2025 12:56 PM
236	Love it. My kids will be too old for day care, but we need more day care tenfold in our neighborhood.	2/4/2025 12:56 PM
237	Looks good!	2/4/2025 12:52 PM
238	Could there be a community garden as well In the summer?	2/4/2025 12:49 PM
239	The childcare program has been a long time coming. We needed more spaces years ago ! We can't wait to get this moving and being able to use the space !	2/4/2025 12:45 PM
240	10/ a day daycare !	2/4/2025 12:35 PM

Q10 Is there anything else you would like to add? (Optional)

Answered: 577 Skipped: 1,132

#	RESPONSES	DATE
1	Don't use this name for this facility. There large areas East of the Red River to the south and west that do not have access to a public indoor pool. Build 2 indoor pools ..one for Transcona and one for South St Vital.	3/3/2025 9:49 PM
2	plan for a LOT of secured storage areas... city pools never have anywhere to place equipment which severely limits function and is hard on equipment and staff.	3/3/2025 10:30 AM
3	I would love for the perennial garden to include vegetables and herbs, and be completed in collaboration with local Indigenous gardening experts, The Winnipeg Wildflower Project or similar organizations. The beautiful library rec room could host sessions on seed saving and perennial garden design, or From Soil to Soul (local gardener) could host events in the Rec Plex multiroom on vegetable gardening in Zone 3.	3/3/2025 9:53 AM
4	Beautiful complex! So badly needed in the north east of Winnipeg !	3/2/2025 3:28 PM
5	Genuinely just very glad to see community revitalization efforts such as these make such progress, thank you so much!	3/2/2025 2:09 PM
6	Please go ahead with this plan. This is close to where I live and I know we've heard about this before but I would like for it to not just be talk, let's build!	3/2/2025 1:29 PM
7	Please make sure that there are ramps outside to ensure the safety of those with mobility issues and making sure everything is accessible since this is a new centre. This should include changing rooms with lockers that are accessible for wheel chairs.	3/2/2025 1:28 PM
8	Please consider the options of supporting aquatic sports. We are very limited for competition grade opportunities in this city, it would be a great way to get more kids in the pool	3/2/2025 12:42 PM
9	Please make a pool area that is not just geared towards small children. Make slides to be enjoyable by all not just your basic run of the mill water slide, winters are long	3/2/2025 12:30 PM
10	Would like to see options of EV charging stations within the parking area.	3/2/2025 9:52 AM
11	Diving boards are great but maybe involve Swim Manitoba to see about also have dive blocks?	3/2/2025 9:14 AM
12	This complex looks wonderful. I have stated my only concern: a heated pool for seniors seems to be missing. Aqua size classes in a heated pool is not just more comfortable for seniors but for all who participate.	3/1/2025 12:06 AM
13	not enough parking spaces	2/25/2025 10:15 AM
14	I am very concerned about where the money is coming from. I think that the city council will cut lots of amenities. There are a lot of pensioners and young families in this area. this project needs to start sooner than latter	2/25/2025 9:55 AM
15	I am very hopeful that this facility will be built as the need for it is huge.	2/25/2025 9:50 AM
16	will the safe lockers from the library vestibule be able to be moved into the rec plex to provide better /longer access to lockers	2/25/2025 9:45 AM
17	More spaces for yoga, painting classes, artificial turf with low maintenance. Preserve wildlife	2/25/2025 9:41 AM
18	Indoor playground! See millennial place in Sherwood Park for reference	2/23/2025 10:09 PM
19	Please go forward with this. It is a great idea and much-needed. It is the perfect spot as well!	2/23/2025 5:52 PM
20	Kids and adults alike love swing sets. I am reminded of a study that assessed playground space for boys and girls and children use space differently. I hope that is taken into consideration when the playground is being designed. I'd also love to see a community garden and potentially a community managed compost area. All in all, I really hope we get to see this	2/23/2025 5:14 PM

	project come together, it looks absolutely wonderful and I love the wheelchair accessibility considerations.	
21	Really looking forward to having a pool, walking track, and a gymnasium near where I live!!	2/23/2025 2:22 PM
22	Please make it happen as soon as possible	2/23/2025 1:14 PM
23	An outdoor courtyard for functions like wedding!anniversaries.	2/22/2025 9:47 AM
24	So happy they are doing this in Transcona	2/21/2025 1:43 PM
25	Support it. Give parents lots of space to monitor.	2/21/2025 11:02 AM
26	More ability for lap swimmers please	2/21/2025 10:14 AM
27	I am currently a director of a childcare centre in the Transcona area and would be very interested in running the proposed child care centre at the Red RecPlex. There is a high need in the transcona area. I would love to offer my services to help bring this project to fruition. Francesca 204-224-4377 Canterbury Park Day Care Inc.	2/21/2025 10:00 AM
28	If there are ever big events or tournaments in the gymnasium I could see parking being a real issue. I know it's a tight piece of land but looking to have overflow parking somewhere near. Maybe across the street at the park?	2/21/2025 7:25 AM
29	Exercise, social activities, and healthy eating are a must under one roof. Transcona could set the golden standard for community recreation complexes in Canada.	2/20/2025 6:39 PM
30	Looking forward to having this facility. It was one of the reasons I moved here 10 years ago.	2/20/2025 6:07 PM
31	Bike cage would be great. It would help people learn how to use that kind of amenity and reduce a potential risk/hassle. The ease of leaving a bike, scooter, bike trailer would be much reduced--right now I bring 2 d-locks and heavy cable even for quick bike trips regardless of how safe an area feels. And, actually, I think needing to rely on a bunch of equipment rather than having infrastructure makes people fear theft (and stigmatize vulnerable poor folks) more. I don't want the hours and availability limited because extended hours attract people who have limited means. This breaks my heart and also reduces the value of the assets we build -- the operating budget for staff and programming should always maximize the investment in a capital project... which should fundamentally support all of us, to the degree that we need community resources.	2/20/2025 5:53 PM
32	More water slides / wave pool like west Edmonton mall :)	2/20/2025 1:33 PM
33	Our city councilor would have made himself available for the open house	2/20/2025 11:49 AM
34	Will the funding be federal or provincial?	2/20/2025 11:44 AM
35	An affordable monthly or annual pass	2/20/2025 11:36 AM
36	need to watch cost closely, don't want to end up with somethings that look great when open and declines (HarbourView)	2/20/2025 11:32 AM
37	A Chapel	2/20/2025 11:19 AM
38	A crosswalk on Transcona blvd	2/20/2025 11:00 AM
39	Hot tub should be for adults only/ health risk to children	2/20/2025 10:58 AM
40	I hope that there will be programs that include seniors	2/20/2025 10:52 AM
41	I can't wait for this to transpire	2/20/2025 10:37 AM
42	Bigger childcare facility would be nice.	2/20/2025 10:15 AM
43	Love to see cooperation with Transcona museum to show off history of Transcona in permanent or rotating displays also a place to showcase local artist work would be welcomed	2/20/2025 10:10 AM
44	It shouldn't take this city long to build, why 20240? should be finished in 2026	2/20/2025 10:00 AM
45	looks good and well layed out. We appreciate all your efforts	2/20/2025 9:57 AM
46	Has anyone thought to produce a simplified survey for distribution to high school population x the middle years population	2/20/2025 9:49 AM

47	This project is long overdue	2/20/2025 9:42 AM
48	Please do it soon. Transcona needs this desperately	2/20/2025 9:41 AM
49	please get funding in place. If cost cutting is necessary, please consider cutting back on landscape and not facilities. Consider public donations, 'buy a tree" buy a brick" for paving.	2/20/2025 9:37 AM
50	redesign aquatic area. Exercise in water is so important for people with injuries - knees, hip etc	2/20/2025 9:29 AM
51	It would be nice to see a bicycle valet service. Get moving on this project.	2/20/2025 9:21 AM
52	I am disappointed in the timeline for this project. I remember it being conceived before I was 30 and I'm now 40 years old. by the time the building is completed (if it is completed) I'll be 50 years old. why does it take so long to do anything in this city? Hopefully this will be a fixed price contract to avoid cost overrun	2/20/2025 9:16 AM
53	experienced aquatic staff(lifeguards)should be consulted on the pool area design. Alot of hazards may be present that the design team should seriously consider. The design should be made safe for everyone, taking into account the feet that children ages 1-4 are most likely at risk of drowning as well as newcomers who have never swam.	2/20/2025 9:07 AM
54	Parking lots are often underestimated. One concern would be if they are full people will try and park in the store parking lot across the street. There aren't many other options for parking in the area outside of the parking lot. Winter people will drive and not walk. I would like to also a safer cross walk situation at the intersection. Currently people turning aren't always mindful of pedestrians.	2/19/2025 10:51 PM
55	A project such as this is a welcome addition to our community which lacks any type of space such as this or a YMCA. So excited for this.	2/19/2025 10:36 PM
56	Typical boring Winnipeg ideas. Cookie cutter.	2/19/2025 8:25 PM
57	I am interested in what the user fees are projected to be.	2/19/2025 7:55 PM
58	Please revise the landscape design to remove the natural growth perennials / grass that currently exists in front of the library and use a much more aesthetically pleasing lawn.	2/19/2025 5:36 PM
59	Just wondering if this is going to be created alongside of the new/proposed St. Boniface pool or instead of it... If possible, please email Stef.felbel@gmail.com; I'd love to be kept in the loop! Thank you :)	2/19/2025 3:16 PM
60	do you have an accessibility consultant? I would love for someone to connect with me regarding the proposed plans Amanda 204-803-8570	2/19/2025 2:59 PM
61	This is an excellent community building space and I think it's something our city can really use.	2/19/2025 2:27 PM
62	On the first floor there is a calm space that shares a wall with a party room. Perhaps these two spaces should not be so close together.	2/19/2025 1:34 PM
63	Please think of families with children 1-8 years old especially parents who have multiple children. There needs to be more slide options for families to enjoy together in the lazy river section. This is an amazing idea though and I really hope it happens. Our area desperately needs something.	2/19/2025 8:19 AM
64	Please consider pedestrian overpass	2/18/2025 9:16 PM
65	A drinking fountain on the outside of the building, either on the building or at the access to the Transcona trail. A drinking fountain that has a tap to drink right out of or to fill up water bottles as well and one tap to be able to let pets drink out of. Other bike/walking trails in the city have access to water fountains. No trails in Transcona have access to drinking water.	2/18/2025 8:55 PM
66	Let's build something that puts Winnipeg on the map, something that can have a case study built around it where we asked what "wellness" looks like in an increasing nontolerant world at risk of having us more divided, let us come together to learn and enrich within small groups, not alone reading a book, or on a treadmill but create a true centre for community and wholistic wellness. Having the library next door helps for cross over events. The cafe and restaurant should host evening events for catered book launches and speakers on topics that are relevant to our province and world (biodiversity, science and religion, languages, history, diversity and reconciliation)	2/18/2025 7:21 PM

67	Would be great to add another indoor hockey rink to the complex. The city owned rinks are deteriorating and are money pits to keep them running. New arenas are safer and run more efficiently. There is a shortage of ice for minor hockey in Winnipeg and more rinks would be a huge welcome for the next generation of hockey players. Having a hockey rink attached to a water park would bring in a lot of out of town teams for tournaments!	2/18/2025 5:56 PM
68	Stupid name again	2/18/2025 4:35 PM
69	Thank you. this is needed!	2/18/2025 10:51 AM
70	I would say to add more waterslides to make it more fun. We don’t have any indoor waterparks so this would be a hit	2/18/2025 12:07 AM
71	A new waterpark similar to what Grand Forks offers would be ideal since most Manitobans now want to spend their money in Canada rather than crossing the border. A tube waterslide is a must.	2/17/2025 3:53 PM
72	There is only one skate park in transcona and that’s on the far east side of transcona. I’d like to see a skatepark built over on this end of transcona	2/17/2025 3:34 PM
73	Thank you for your work!	2/17/2025 8:37 AM
74	I will always support things like this. Anything to get the body moving.	2/16/2025 8:53 PM
75	I’d like to see affordable pricing for the RecPlex	2/16/2025 7:40 PM
76	Please confirm what is happening to the small home area for veterans.	2/16/2025 4:07 PM
77	Affordability needs to be taken into consideration. If membership is too expensive, it defeats the purpose of having a facility that entire families can enjoy.	2/16/2025 9:30 AM
78	I am SO excited for this to be built!! Can't wait. We need this!!	2/15/2025 5:59 PM
79	Would’ve been nice to see an ice rink facility added to the end of the building where there is still space.	2/15/2025 3:12 PM
80	Focus on daycare and activities for the young. Focus on activities and fitness for the elderly.	2/15/2025 12:47 PM
81	Please please please have good hours. I would love it if the city could operate it like some private gyms that are open 24hours but I know the city wouldn't ever do that. If you could have early opening of 5-6am for people who want to workout before work and keep it opened until later in the evening 9-10pm that would be fantastic! Being able to go after work or on the weekend is one of the most important things to me. Please let us actually have access to the amenities. Concordia pool lanes were always booked up in the evening by groups and lessons and it would be nice if the general population could actually use the amenities. This may change with the new plans but why is there not a left turn into the library when going EB on Transcona. it is so strange to make people have to make a U-turn to get to the library. Please work with transit to improve accessibility to the facilities. 48,89,90 would be nice if they would run evenings/weekends so I could more easily get to the library/fitness/pool. Not to mention things like the grocery store or other errands...	2/15/2025 12:46 PM
82	It would be great if you plan so that the field space can be used for field hockey.	2/15/2025 12:44 PM
83	More information would be helpful	2/15/2025 12:33 PM
84	When can we start building!	2/15/2025 11:35 AM
85	Hockey rink	2/15/2025 10:27 AM
86	Not at this time.	2/15/2025 9:48 AM
87	Anxiously awaiting opening. Location ideal for families and seniors	2/15/2025 8:03 AM
88	Please make it affordable. Maybe more watersides if possible?	2/14/2025 9:49 PM
89	Better water slides	2/14/2025 8:48 PM
90	I think you are putting it in a very high traffic area and wouldn’t be safe for people who chose to walk to the rec area.	2/14/2025 7:52 PM
91	Very impressive will fit the needs of a lot of people. This has been a long time coming. We need more facilities like this in our city. Thank you.	2/14/2025 12:57 PM

92	Great idea.	2/14/2025 11:22 AM
93	Needs to have a gym big enough for volleyball courts with space for serving	2/14/2025 8:42 AM
94	I would not want my local facilities (such as the Peguis Fitness Centre) to change, & it would not be feasible to use the planned facility (which is too far away).	2/13/2025 10:31 PM
95	What is the cost to join?	2/13/2025 10:11 PM
96	Greatly needed addition to the community	2/13/2025 9:36 PM
97	I would like to see a child height sink in the universal change rooms	2/13/2025 8:32 PM
98	Playstructure inside/outside	2/13/2025 8:29 PM
99	We need an indoor soccer facility added to this Recplex.	2/13/2025 8:01 PM
100	Looking forward to this exciting complex.	2/13/2025 7:06 PM
101	The city should think bigger with more amenities. If land is an issue why not build at Reenders Dr and Stapon Road. Huge empty field. Close to more amenities, movie theater and bus routes and central.	2/13/2025 6:45 PM
102	more watersides please, we have no proper indoor or outdoor waterpark ever since fun mountains closing	2/13/2025 5:53 PM
103	Thanks for all the hard work on making this happen.	2/13/2025 5:46 PM
104	Pickleball courts would be great.	2/13/2025 5:20 PM
105	An indoor playstructure would be cool for the kids.	2/13/2025 3:58 PM
106	When will The Facility be opened??	2/13/2025 2:43 PM
107	Indoor soccer fields? Outdoor soccer fields? With the main two locations in the city being Winnipeg Soccer Federation South (WSFS) and Winnipeg Soccer Federation North (WSFN) it would be great to have a Winnipeg Soccer Federation East facility (WSFE)	2/13/2025 2:05 PM
108	This is an excellent plan and I believe it will be very popular with the community. I assume a secondary level of parking is cost prohibitive, but I assume capacity may be an issue at times given the climate.	2/13/2025 1:35 PM
109	Sure hope this project comes to be! Looking forward to it.	2/13/2025 12:22 PM
110	Accessibility is so important. I like the idea of the gradual walk in to the pool rather than stairs - thank you! Private change rooms with adult change tables and lifts is so important - swimming is an excellent activity for people with mobility issues but these barriers can prevent everyone from enjoying the facility.	2/13/2025 7:06 AM
111	Please refer to Altea in the south region.	2/12/2025 9:42 PM
112	Please do not have vehicle parking that insects with the Trail.	2/12/2025 8:45 PM
113	Move up the date of completion. It's a long time to wait.	2/12/2025 8:43 PM
114	None	2/12/2025 7:24 PM
115	Just that it's affordable for all income.	2/12/2025 7:12 PM
116	Yes, could add gym access to play field hockey. Thanks.	2/12/2025 7:00 PM
117	FIELD HOCKEY	2/12/2025 6:58 PM
118	The design looks great! It seems to address a lot of the needs of the area, which has been starved of this kind facility.	2/12/2025 6:42 PM
119	Very excited to see a new lap pool, and a new project in the north east!	2/12/2025 6:34 PM
120	Love this idea. Everything looks awesome.	2/12/2025 6:24 PM
121	Hurry up and build this!thing!!!!!	2/12/2025 5:53 PM
122	I hope it gets built as fast as possible	2/12/2025 5:38 PM

123	This all sounds very exciting!	2/12/2025 4:38 PM
124	Hurry up and build it :)	2/12/2025 3:36 PM
125	WAAAAY MORE WATERSLIDES!!!!!	2/12/2025 3:20 PM
126	Plan looks great and long overdue for the area	2/12/2025 2:07 PM
127	Increase handicap parking	2/12/2025 12:36 PM
128	Lower slides in aquatic centre	2/12/2025 11:45 AM
129	Add solar panels ontop of the parking spots, we need to start following frances lead in adding solar panel canopies in car parks. Same for adding them on the roof etc.	2/12/2025 11:37 AM
130	It would be nice if the leisure pool could be deeper for middle school aged kids+ to play, this one seems very limited. Maybe that could be done by vetoing the beach entrance?	2/12/2025 11:10 AM
131	yes please add some Electric Vehicle Charges, Squash, Tennis and Badminton courts.	2/12/2025 11:03 AM
132	Is the calm space a sensory room? Will there be a sensory room? Will the pool have sensory times?	2/12/2025 10:49 AM
133	Water fountains with bottle refill option in gyms and community areas. No pop machines. No deep fryers. Only healthy food options.	2/12/2025 9:48 AM
134	Families with young children need adequate space within family changerooms, and we also need space within those family changerooms for privacy, such as locking changing stalls with a bench. Family changerooms should have at least one sink at child-height, or a built-in step up for children to reach a sink for hand washing.	2/12/2025 9:47 AM
135	Service should be free or very low cost	2/12/2025 9:15 AM
136	What is the vision for access to the gymnasium--should groups want to play basketball vs Pickleball?	2/12/2025 8:36 AM
137	So happy finally a new pool is being built	2/11/2025 9:30 PM
138	Think it’s about time that we are moving forward in this . My time to take full options may be over but my kids and there kids are the ones that need the facilities.	2/11/2025 9:14 PM
139	Hurry up and build it , much needed !!!! This will be awesome! I hope there will be adult time and not always full of kids !	2/11/2025 8:41 PM
140	When building this recreational facility, don't close down other ones as it forces people to travel further away from home to access these services and programming. Instead, keep the old ones AND open this one.	2/11/2025 7:54 PM
141	Finally!!!	2/11/2025 7:21 PM
142	Will there be pickleball and badminton courts?	2/11/2025 6:36 PM
143	Please make it senior friendly.	2/11/2025 4:59 PM
144	Please consult some lifeguards before continuing with the proposed pool layout, it seems like there are many blind spots where people can be injured.	2/11/2025 4:54 PM
145	Please prioritize this facility in the next year, with a start date very soon afterwards. If it takes longer, we will be looking for new government leadership who will. Very important to our family.	2/11/2025 4:48 PM
146	I like it! Excited to have something like this coming to Transcona. I just worry it will be hard to get parking there in busy days.	2/11/2025 4:23 PM
147	Much needed facility	2/11/2025 4:19 PM
148	Traffic flow through daycare parking lot to the rest of the parking lot could be safe risk for small children. Aquatics portion is too large.	2/11/2025 4:01 PM
149	None	2/11/2025 2:13 PM
150	number of parking stalls in proposed plan will not be enough. This facility will be very popular!	2/11/2025 2:11 PM
151	Please please PLEASE secure bike parking!! I would use this all spring/summer/fall if there	2/11/2025 1:13 PM

	was a safe place to lock up my bike!	
152	It would be nice if there was a steam room and a water slide that you sit on a tube	2/11/2025 12:41 PM
153	Great job with the design! I’m looking forward to using all of the facilities	2/11/2025 10:36 AM
154	Biggest problems are all the congestion this will cause, lack of parking spaces for all to use and lack of vision for future growth and the impact it will have on the area. I understand that you're goal is to make things more compact and within walking distance but the fact remains that people still use cars to get places and our bus system is the worst service ever. If you do this right, there will be more access points to the centre but I doubt the city listens. Please, consider the impact of adding more vehicular traffic to the area and plan accordingly.	2/10/2025 11:20 PM
155	Check out the 7 clans casino theif river falls water park.	2/10/2025 11:09 PM
156	No	2/10/2025 11:00 PM
157	I can’t say this enough… more water slides!	2/10/2025 9:10 PM
158	The designs look fantastic. A bigger version of that plan with the indoor arenas and soccer pitch would be the ultimate plan. There is no room for residential on the site and it's extremely busy around there so this is a perfect site for a recreation complex. Move the Veteran's Village tiny home across Plessis Road by the steam engine/park and give them the vets the dignity they deserve and a quiet place to call home! The planned residential buildinf for persons with disabilities should be on Plessis Road or Regent Avenue where there is better transit, closer to nearby amenities and also peace and quiet away from the train tracks!	2/10/2025 8:56 PM
159	I'm very excited about this, and this end of the city really needs more options. I just wish you could also build one in the McPhillips area. Good job!	2/10/2025 12:32 PM
160	This RecPlex is sorely needed in Transcona, and the plans look great! Hopefully this will happen sooner rather than later.	2/10/2025 11:31 AM
161	THE CITY IS BROKE AND A GIANT SHITHOLE,SOLVE CRIME AND INFASTRUCTURE BEFORE VANITY PROJECTS. LEFTIST EX-SCHOOL BOARD PEOPLE RUN THE CITY.	2/10/2025 11:26 AM
162	PLEASE ensure the windows have the wildlife friendly/bird safety stickers to avoid window strikes as the recplex will be next to & backing onto a natural space.	2/10/2025 10:56 AM
163	It seems strange to connect the rec plex to the library. The new design relocates the parking and does not make access to the library direct. The connection of the two buildings also creates a very strange building massing/layout. It would be better suited to leave the two buildings separate and create a bit of a landscaped plaza allowing direct/better access to the library and the main entry ti the rec center could be directly off the plaza. Connecting the library and rec plex will make a very odd looking building and devalue the current appearance and original design intention of the library, which is very well designed.	2/9/2025 10:59 PM
164	It would be a facility to cater to the entire community. Brillant idea	2/9/2025 5:46 PM
165	No community kitchen	2/9/2025 4:55 PM
166	A COMMUNITY GARDEN! Space and opportunity to foster further community ties, create a healthy impact on nature/wildlife, and help the community eat healthier while saving money at the grocery stores. The skills involved can be shared between the generations on site and passed along as life-giving gifts.	2/9/2025 3:29 PM
167	I think the child care center is absolutely essential. There are no fitness centers anywhere near the Transcona community that accommodate parents with young children. This option would provide so much support to the health and wellness of parents, especially moms.	2/9/2025 3:16 PM
168	Getter done , I wish it was here 20 years ago	2/9/2025 11:42 AM
169	I think our part of the city loses out on a lot of opportunities. So having this provided in our area would be very beneficial.	2/9/2025 11:04 AM
170	Need to have a wave pool	2/9/2025 10:51 AM
171	Some outdoor picnic tables would be nice and again seating, seating, seating	2/9/2025 9:50 AM
172	Hurry up and get started!!	2/9/2025 9:28 AM

173	There should be more pools rather than bigger space for the gym.	2/9/2025 8:45 AM
174	I wish it could be available sooner	2/9/2025 7:25 AM
175	Something like this facility has been in high demand for some time now. Please go forward and plan to build it in the near future.	2/8/2025 10:59 PM
176	I would make the outdoor basketball court a full size court for at least one game or two courts if possible or an option to add a pickleball or tennis court down the road with space around for seating viewing lights. Maybe on the west side by child care w additional parking. For myself I would like the daycare entrance to be closer to cafe and further from pool to avoid temptation of kids to wander toward water and being near the entrance and cafe parents could wait there for kids to pick up and drop off grab a coffee before heading to work.	2/8/2025 8:56 PM
177	None, Thanks for your effort on this project	2/8/2025 8:43 PM
178	Please take into consideration. The people who have lived in transconas the older areas we are often not considered with the new developments. Although we've spent years pouring into the infrastructure of this part of the city.	2/8/2025 8:18 PM
179	The project should be out earlier. We really need some development from the city and the province due to the high amount of new houses. New schools are also needed.	2/8/2025 6:34 PM
180	We need more child care spots in transcona and swimming lessons for kids.	2/8/2025 3:57 PM
181	Terrible location. We have been asking for outdoor water park. Not this garbage	2/8/2025 3:37 PM
182	what a great plan and location. i can’t wait	2/8/2025 2:51 PM
183	This area is in much need of a rec centre with gym and indoor swimming. We have been waiting for this to happen since we moved to transcona in 2019 when it was promised through the commons website.	2/8/2025 2:18 PM
184	Yes. Incase you didn't understand. Use the entire footprint to make a large indoor Waterpark. Raise the roof and do it right the first time.	2/8/2025 2:08 PM
185	Hopefully hours of operation will match needs of the community….. ie 6am opening, weekends, minimal closures related to provincial and federal statutory holidays	2/8/2025 1:39 PM
186	I would ensure that the fitness area and pool be open from 530am to 2200 and ensure public swim / lane swim from early am to 0900 daily. Only closed on Christmas Day like the ymca. Most fitness areas are open like this. You will attract more people this way	2/8/2025 1:38 PM
187	There are other Community Centers that need upgrading or Replacement that are not being looked into and are being ignored by the City such as the Maples Community Center.. The study was done and Budgetery agreements were approved by the City. We need the city to look into this. I was part of the Board when the study was done. The provincial Government had marked Five Million Dollars towards the development of the Community Centre, the Cith was on Board and now we have a center that is outdated.	2/8/2025 12:50 PM
188	Weight room Needed	2/8/2025 12:11 PM
189	Make this space an indoor water park, we need this in Winnipeg!	2/8/2025 12:06 PM
190	Waterpark!	2/8/2025 12:04 PM
191	We really needs this for our growing area	2/8/2025 11:43 AM
192	Glad to see that you are making an effort to make spaces/parking accessible. Also, I hope to see affordable pricing for families! Excited to see what the finished complex will look like!	2/8/2025 11:06 AM
193	Can there be a community garden, with gardening classes? What about a nature play area?	2/8/2025 11:03 AM
194	Add more to the toddler area in the pool! Slides!	2/8/2025 10:52 AM
195	I hope the admission fees will be reasonable enough that everyone will be able to afford to enjoy this facility. By looking at the proposed plan for the sustainable product going to be used on the ceiling (wood beams) is not very practical. The longevity and the maintenance I think to up keep this choice will far exceed any cost savings. Humidity and water do not seem to fair well for wood products. Unless I am missing the the mark here, I think there are probably other more durable products that could be used which can mimic the aesthetics of wood.	2/8/2025 10:42 AM

196	More waterslides should be added and a female change room. Females need a safe space to change. Stop taking away our safe spaces!	2/8/2025 10:22 AM
197	It would be nice to have rec facilities like these in old St.Boniface.	2/8/2025 9:30 AM
198	Make sure there are courts marked for pickleball	2/8/2025 9:23 AM
199	I think this is a great plan.	2/8/2025 9:00 AM
200	Nice to see this in development. I hope that this new facility will not mean the closure of the pool on Concordia as part of the plan. In a winter city, we need more access to these types of spaces. Thank you.	2/8/2025 8:44 AM
201	Are swimming lessons going to be available?	2/8/2025 8:40 AM
202	This is going to be great for our city!	2/8/2025 8:38 AM
203	Missed opportunity to bring a soccer pitch to the north east. There is a huge need for a growing sport.	2/8/2025 8:09 AM
204	This is a very exciting plan. Thank you to all who are working on this development. To reiterate from before, secure Bike parking would be a huge addition, to making the space ideal for the recreational minded people the space will be serving.	2/8/2025 7:41 AM
205	Please add a wave pool.	2/8/2025 7:30 AM
206	Can’t come soon enough!	2/8/2025 7:01 AM
207	Child care should not be tax payer funded. Men need to take care of their wives and children. There are two genders - enough with this insanity.	2/8/2025 6:39 AM
208	This money could be used on better things in Transcona	2/8/2025 5:15 AM
209	I think the daycare should offer school aged spots. Before and after care is impossible for close by schools	2/8/2025 4:46 AM
210	Surprised there are no ice rinks assumed they were on a different? Page	2/8/2025 12:09 AM
211	I hope you get the green light for this project with no or minimal changes. Coming from a person with vision and heating disabilities. This is a dream as it will offer safe ways to stay active and have fun.	2/7/2025 11:21 PM
212	Long over due!!	2/7/2025 10:58 PM
213	Looks great! Lots of room in the family change room with individual stalls will really make a difference	2/7/2025 8:50 PM
214	A much needed project for the east of the Red area! Overall seems well thought out although as commented, do see opportunities for cost savings perhaps used to offset inevitable overruns.	2/7/2025 8:28 PM
215	Just wish it would not take so long and really hope it goes thru this time and not just an election platform. Every other area in City has YMCA or a Wellness center … Transcona deserves this 💯%	2/7/2025 7:20 PM
216	Make the pool area better, more slides. It will bring in lots of money for the city. Lots of benches and free weights for the gym. Maybe daycare for kids of gym going parents- that’s a tough one to fit in as parents.	2/7/2025 7:13 PM
217	Good luck	2/7/2025 6:38 PM
218	Looks awesome! We will definitely travel from North Kildonan to use this facility. My family loves lazy rivers and water slides!	2/7/2025 6:21 PM
219	Please bring this to transcona. We need this!	2/7/2025 5:24 PM
220	Take this opportunity to build this for what we need in the winter and make it unique - give us an indoor water park! All the indoor kids activities in Winnipeg right now are just one version of the other and it gets old quick. We need something different. People will definitely use an indoor water park.	2/7/2025 5:16 PM
221	It looks like an amazing design and I am very excited to see it open. Congrats to the design	2/7/2025 4:52 PM

	team!	
222	The workout areas should have separate locker rooms than the pools. The pools will be filled with families and kids which take up too much space in locker rooms and adults have no space to change to workout.	2/7/2025 4:38 PM
223	Our community has so many seniors, please make this user friendly for them.	2/7/2025 4:38 PM
224	change parking arrangement. there has to be a better way with building position location change.	2/7/2025 4:27 PM
225	Hope this will have accessibility access, elevators, escalators!!	2/7/2025 4:00 PM
226	Citizens of wpg. can’t afford to pay more taxes to support something like this.	2/7/2025 3:57 PM
227	Very excited to have such a beautiful and accessible place for people of all ages	2/7/2025 3:54 PM
228	Gym/fitness should have a child free zone.	2/7/2025 3:31 PM
229	Love the proposal. Start building!	2/7/2025 3:01 PM
230	IT IS CONCERING HOW FAR YOU HAVE TO DRIVE AROUND TO USE THE LIBRARY. RIGHT NOW THE LIBRARY IS EASILY ACCESSIBLE FROM THE ROAD.	2/7/2025 2:44 PM
231	Possible access to safe outdoor running path.	2/7/2025 2:24 PM
232	Well done. It’s about time for recreation spaces in east Winnipeg.	2/7/2025 2:23 PM
233	I think this is a great option only thing maybe if there is land add some outdoor ice rinks.	2/7/2025 1:45 PM
234	Timeliness should be faster considering no other facilities like it in mb especially for the aquatics. With everything going on would be nice for kids now to be able to enjoy. By the time families completing the survey now the kids will be top old to take part	2/7/2025 1:23 PM
235	Exterior pickleball courts? A city of winipeg services booth for enquires and info	2/7/2025 1:15 PM
236	looking forward to something on the east side.	2/7/2025 12:40 PM
237	Great addition to Transcona! Many sports will be played & swimming for my kids & birthday parties!	2/7/2025 12:39 PM
238	it's crazy that it took so long	2/7/2025 11:59 AM
239	No	2/7/2025 11:33 AM
240	Like the hospital, the tracing of coloured lanes on the floor will be appreciated as some seniors will be using the facility.	2/7/2025 10:53 AM
241	Truly hoping this project receives the necessary funding from Council and these plans don't just sit on a shelf. The community needs something like this.	2/7/2025 10:39 AM
242	Childcare center is huge four our family. We need more of them as the wait lists are currently years long. My 2 year old has been on every list since he was born and no spaces have popped up yet	2/7/2025 10:38 AM
243	I am in agreement of this facility moving forward and I hope it moves quickly to Be completed as this faculty is needed in this area !	2/7/2025 8:39 AM
244	Please make the complex fully Accessible and Inclusive.	2/7/2025 8:30 AM
245	I would like to see this built asap. This is despartly need in the east end of the city	2/7/2025 8:27 AM
246	While I am excited that this project is getting the go-ahead (for now), it has been on the back burner for so long that by the time it is completed, I will be in my late 70s. But still good for many people. I thought the complex would be more of a "wellness centre" akin to the Wellness Institute, but I guess that is a pipe dream.	2/7/2025 8:25 AM
247	I would prefer a wave pool to a 8 lane pool.	2/7/2025 8:23 AM
248	I expected more for all the money spent on design. It's a tiny piece of land. We already have gathering spaces in the community centres. We need capital investments in spaces we don't already have. We need a large pool to hold multiple classes at a time with a lap track around and some dedicated spaces for seniors.	2/7/2025 8:09 AM

249	Make sure there is plenty of parking for library and the recreation space. We don't want recreation people taking up the library parking.	2/7/2025 8:00 AM
250	Please provide fitness classes with qualified instructors, such as ride/spin, yoga, zumba, power, stretching, etc	2/7/2025 7:54 AM
251	Transcona and the east side of the city really needs this	2/7/2025 7:52 AM
252	Please look into more waterslides. We need something here for families	2/7/2025 7:25 AM
253	This is a wonderful addition to the city however the prices/membership fees need to be a reasonable price for us to be able to enjoy it.	2/7/2025 7:13 AM
254	This looks amazing!	2/7/2025 7:01 AM
255	Plan for sound acoustics. Sometimes big open places can be way to loud due to noise.	2/7/2025 5:52 AM
256	Love it!	2/7/2025 2:57 AM
257	Build it please	2/6/2025 10:32 PM
258	I think all of these offerings are great as long as the fees to use the place are not too high to enjoy.	2/6/2025 10:08 PM
259	I'm very excited for this build, it is long over due. These amenities will enhance Transcona's desirability as the best part of Wpg to live. 31 years and counting for myself and family.	2/6/2025 9:57 PM
260	Look into adding a therapy pool with warmer water for people could use to improve mobility.	2/6/2025 9:48 PM
261	I don't like the idea of adding another building like this when there's a pool area literally right down the street. I live nearby as well and DO NOT welcome the added amount of traffic and bringing randoms into the area that could make it an unsafe place to live. When we have so many other issues going on in this city opening up yet ANOTHER pool is not the right financial decision and would show that this city continues to make the most pathetic retarded choices when it comes to spending tax payers dollars.	2/6/2025 9:43 PM
262	This is so needed in the Transcona area! My only thought is that we need more than 2 waterslides.	2/6/2025 9:38 PM
263	Must have family bathrooms/change rooms. I feel like this is too small for what the community is, and our community is only getting bigger. Houses are being build all over in many different areas of transcona. This is not big enough. I think location is great. Love that it's off the Transcona trail and on a main route for bus or car travel. I don't like that the entrance to the library is opposite side of the building where the parking is. Now you will have to go all the way around? Not safe for kids with heavy pleasis traffic.	2/6/2025 9:34 PM
264	I would just suggest that we keep the spending to only things that are necessary and not on a lot of stuff that is strictly about aestheics. It is important to not overspend or spend frivolous.	2/6/2025 9:25 PM
265	Large weight room. Lots of equipment and machines. Saunas or steam rooms.	2/6/2025 9:01 PM
266	Spaces for educational classes,clubs or hobbies. For example, robotics,coding classes,martial arts ...	2/6/2025 8:56 PM
267	Put in a wave pool	2/6/2025 8:43 PM
268	I hope they get busy and start on this complex. The sooner it’s built the better	2/6/2025 8:25 PM
269	Perhaps a kid area, play structure or something indoors.	2/6/2025 8:21 PM
270	This looks amazing and exactly what we need in Transcona	2/6/2025 8:16 PM
271	If we invest in an indoor pool area we need a lot more water slides and a wave pool. Do it once the right way!!	2/6/2025 8:06 PM
272	Lazy river is a must Locker rooms like thermea where you have a bracelet	2/6/2025 7:54 PM
273	Think opportunity for tourists and rural people coming to enjoy this space. Go big and add a wave pool!	2/6/2025 7:29 PM
274	Is there an option of racketball or squash courts?	2/6/2025 7:27 PM

275	When is the proposed opening & how much is this costing the taxpayers?	2/6/2025 7:00 PM
276	More waterslides! Put our tax dollars to something we will enjoy! The place will attract enough people and pay for it's self in no time with admission fees	2/6/2025 6:50 PM
277	I worry the parking lot won't be big enough to support the variety of amenities the rec plex will offer.	2/6/2025 6:14 PM
278	So excited!! Have lived in Transcona for over 30 years... can't wait!! Plan to be at meetings!! Thank you to all who have persevered with project!!	2/6/2025 5:38 PM
279	Again, me and many people of winnipeg would love for their to be more waterslides involved in this, thanks.	2/6/2025 5:05 PM
280	Traffic flow in the area should be carefully studies, especially with high density residential area and retail spaces directly south.	2/6/2025 4:09 PM
281	See earlier note	2/6/2025 3:53 PM
282	Ask Lifeguards for their opinion and feedback; they are going to be the ones watching the pool!!!!!!!	2/6/2025 3:39 PM
283	kilcona park needs upgrades.	2/6/2025 3:23 PM
284	looks wonderful can't wait until it's finished	2/6/2025 3:19 PM
285	All of this is very nice, but Winnipeg has hundreds of other needs for $$,$$$,$$$$. So many existing facilities are badly maintained, which is another problem with this proposed facility: it will suck another many hundreds of thousands of dollars of dollars out of the operating budget ... and probably also be under-maintained and fall into disrepair within a decade or two.	2/6/2025 2:34 PM
286	Please add BIG WATERSLIDES!!!	2/6/2025 2:02 PM
287	Another water slide	2/6/2025 1:54 PM
288	Our Transcona neighborhood is growing so beautifully! Having such a great place with so many great indoor activities is fantastic! We have so many months of winter- Transcona people and families deserve to have a great place to spend time with and enhance their health wellbeing!!!! Please don't disappoint us- build this beautiful space for us!!!!	2/6/2025 1:52 PM
289	I look forward to this plan, provided a few modifications are made. Building a new library to replace the old Transcona Library was long overdue. This rec. facility is needed to replace the aging indoor Transcona Pool on Kildare Avenue with larger indoor pool/s and larger up to day change rooms. Similar to Pan Am Pool, Cindy Klassen, etc. - please make sure this facility has rooms for Drop-in weights classes, Zumba, deep and shallow aqua fitness classes (the walk in pool would be great for those with mobility issues) and Muscles in Motion classes, etc. Accommodating these drop-in programs are very important for active living for all age groups. If space is lacking, the perhaps install one gymnasium for sports (i.e. volleyball/basketball) and instead of a second gymnasium, create space for several workout rooms for the active living programs I mentioned earlier. Pan Am Pool has wonderful programs but they are limited with space and could easily offer more if they had the space. Please don't limit or overlook the importance of various active Living space Don't sacrifice active living programs that are only available in a few city run facilities for child care which can be located anywhere and run by private organizations.	2/6/2025 1:29 PM
290	This project should be delivered through a collaborative delivery model to leverage experience of a builder to help stay on budget and schedule.	2/6/2025 1:07 PM
291	I do work in the construction industry and would hope that this planning model is looking at population to be served (including increased use as we get away from dated old buildings) and looking forward for growth. I'm not sure this plan has the capacity for the population it it trying to serve.	2/6/2025 12:46 PM
292	See previous comments	2/6/2025 12:27 PM
293	Put it somewhere besides transcona - Charleswood or central wpg	2/6/2025 11:44 AM
294	My family and I are very excided to have such a nice recreation center in our area. Everything looks very nice. Looking forward to see it in the real life!	2/6/2025 11:29 AM
295	I strongly feel that this city needs more pools with large adult hot tub areas.	2/6/2025 11:18 AM

296	Thanks thanks!	2/6/2025 11:00 AM
297	Considering its proximity to a transit line, why can you have a fare booth for transit users? Somewhere you can purchase tickets, recharge Peggo cards, etc.	2/6/2025 10:32 AM
298	Winnipeg has limited spaces to rent for cheerleading and dance completions, The auctions that are available are quite expensive such as the RBC centre or the universities which have limited available days to book. The city needs a space where 1000+ Spectators can assemble to watch performances such as cheerleading or dance. At the moment, the city of Winnipeg does Not have any venues that support cheer cheerleading as a sport.	2/6/2025 10:28 AM
299	Great opportunity for family's to have something to do with their kids locally. Hopefully consideration was taken regarding the impact of our already existing water facility. And when this facility does get created, I hope that there will be times slotted for adults only time.	2/6/2025 10:21 AM
300	Can't wait for this to be open...	2/6/2025 10:09 AM
301	you closed pools in St, Boniface. and left them with 0. you built a pool in transcona. time to build in St. Boniface. and build underpasses to get under the trains at archibald, bishop grandon. and fermore.	2/6/2025 10:00 AM
302	Including an indoor splash pad like the Seven Oaks (Maples) city pool centre would be an amazing feature for us on this side of the city.	2/6/2025 9:42 AM
303	Please put the money towards building another pan am pool size center. Go big or go home. This is a very sad little design	2/6/2025 9:34 AM
304	Super excited for this	2/6/2025 9:21 AM
305	IMPROVE THE WATER 'PARK' area. A wave pool would draw people, a larger lazy river would entice visitors. And if you're claiming to have waterslides...make them exciting! (more than one that has turns in it)	2/6/2025 9:01 AM
306	this looks amazing and i hope all areas of the city get something this nice!	2/6/2025 8:55 AM
307	Please Transcona needs an improved pool and exercise room. I would prefer to walk inside on a track close to home.	2/6/2025 8:53 AM
308	Please have a spot for competitions in Cheerleading	2/6/2025 8:37 AM
309	A gymnasium large enough to host competitions with spectator seating. Cheerleading can’t use most gymnasiums because of height restrictions and seating for spectators	2/6/2025 8:06 AM
310	The parking lot itself will be hard to control in the sense you have someone using the recreation and parked in the library parking lot and visa versa. In addition in winter you may up losing a few stalls due to snow and where the snow bank is located is another consideration.	2/6/2025 7:58 AM
311	Don't forget bike racks and plug ins for E vehicles	2/6/2025 6:33 AM
312	A quicker line to construction would be great! Otherwise I might be bringing grandchildren to the facility instead of my school age children.	2/6/2025 6:16 AM
313	This is a really great project and much needed in our area. Hope this will be developed soon so we can all start to use this space. Thanks	2/6/2025 6:15 AM
314	Add a wall climbing area Skate boarding feature outside	2/6/2025 6:01 AM
315	Add more water slides, as Winnipeg doesn’t have a place that can both keep children and teens active and occupied and offer adults things to do. As well as the water slides are great for both kids and adults	2/6/2025 2:44 AM
316	Too much parking. Needs more trees for hot summer days. Include a community garden or flower boxes.	2/6/2025 1:56 AM
317	It would be great to see if you can squeeze in a few outdoor courts for pickleball & shuffleboard - sports that even the 'aging' can enjoy. And they can even be flooded/iced & used for outdoor curling during the winter! If you're willing to sacrifice a few parking spots, there's a great spot for it next to the outdoor bball half-court & the start of the drop off zone. Other than that, think this looks great and can't wait to see it built!	2/6/2025 1:44 AM
318	It is tremendously disappointing that the Waverly area will get a recreation facility prior to	2/5/2025 11:43 PM

	Transcona. The waverly area has many options within minutes. (Dakota Fieldhouse, U of M, Altea, Reh-Fit). Transcona has?? Who in city Hall had the bright idea to build in waverly first? There was talk of a rec facility in north east wpg for years. There was talk of building near 59 and Concordia. I guess we know where stand with city hall as blue collar workers in Transcona. I guess we cross our fingers and hope that we have a facility to use by 2035.	
319	Overall project looks great. Should just be built out to fill the whole northside of Transcona Blvd, as it will be underbuilt the day it opens. There is a ton of families on this side of Winnipeg/surrounding communities.	2/5/2025 11:35 PM
320	Yall need more waterslides!? Like a minimum of 5 different types	2/5/2025 11:04 PM
321	See pools in Canberra Australia. They are recently built and exceptionally designed.	2/5/2025 10:52 PM
322	This needs to be affordable. Membership for the pool could be separate from the gym.	2/5/2025 10:34 PM
323	Be nice to have some rock climbing or place to make those skills.	2/5/2025 10:22 PM
324	Add more area for more waterslides bigger lazy river there is a real need	2/5/2025 10:17 PM
325	Please consult with parents of children with higher needs and/or health care professionals like Physiotherapists that work with this population for any further suggestions.	2/5/2025 10:08 PM
326	Add an exterior rock climbing wall.	2/5/2025 10:07 PM
327	Please add more water slides!! Big kids wanna have fun too! (I'm 22)	2/5/2025 9:45 PM
328	More waterslides. Track for clubs to run track clubs out of. Spectator area for competitions. Walking area on track	2/5/2025 9:44 PM
329	The name is terrible for something in that location. It would be natural to assume it would be closer to the red river than the perimeter.....	2/5/2025 9:21 PM
330	I feel like the slides should be next to the walk in pool and lazy river. I have been to a pool like this and that's where kids will mostly be going back a forth from and it would just make sense for them to be side by side instead of having to walk past the lap pool.	2/5/2025 9:12 PM
331	Winnipegers have been waiting for something like this for a long time. Looking forward for more like this with a fun waterpark recreation theme to be build in the city similar to West Edmonton Mall indoor recreation and indoor waterpark to make it as a destination place for neighbouring provinces like Saskatchewan and Ontario. Having this kind of leisure in Manitoba will keep us away from travelling to Edmonton or Minneapolis. Our family usually goes yearly to either both to have fun, it will be good to just stay in Winnipeg and help our economy if we can get similar fun and experience. Please please make this happen, Winnipeg is a great city many families are settling here and a lot of young family that will surely enjoy this kind of leisure fun activities, in lieu to long cold winter months, at least we can still have fun indoor during extreme cold days.	2/5/2025 9:02 PM
332	More waterslides	2/5/2025 8:52 PM
333	The community would thrive with this new addition	2/5/2025 8:51 PM
334	What a waste of money. Largest tax increase by Gillingham's non-transparent council and we are instead funding this massive project. Read the room. This isn't the time when people are overtaxed and we could lose jobs with the incoming tariff war.	2/5/2025 8:51 PM
335	Build it now and they will come…	2/5/2025 8:43 PM
336	Please make a wave pool and more water slides!	2/5/2025 8:39 PM
337	Get it done!	2/5/2025 8:37 PM
338	If you build it; they will come ! Fantastic complex, excited to see it come to fruition.	2/5/2025 7:27 PM
339	More water slides	2/5/2025 7:14 PM
340	This is a great idea!!!	2/5/2025 7:12 PM
341	Yes, make sure it doesn't go over budget like every other city development	2/5/2025 6:55 PM
342	This is the most pointless waste of money our city can spend, we need a new school you are going to ruin children's mental health by taking them away from all their friends who they have	2/5/2025 6:47 PM

	made for multiple years this is idiotic and needs to be looked at my the government	
343	Put more waterslides and add more basketball courts	2/5/2025 6:42 PM
344	Please make sure this is fully accessible for adults and children with disabilities. Wheelchair accessible into facility, as well as into the pool areas kids areas & adults. Also please consider the visually impaired community as well, with enough handles, railings, braille etc around the facility. As well as braille on the gym equipment for the visually impaired to know what they are using and so they can use it safely.	2/5/2025 6:38 PM
345	Transcona is currently lacking in the sports and recreation area. Specifically workout facilities east of lag. A large workout gym to accommodate the lack of facilities in the area would be a huge asset. The proposed design is similar to the sport for life building and wellness centre that has the workout areas around the track. These facilities can often feel cramped with runners and workout facility users in the same space. A large dedicated workout space would be beneficial to the facility and design. The pool area is a great. There should be a separate exit pool for the water slides or a reallocation of the water slide to create a family recreation zone with the fun amenities and a separate lap pool for fitness and swimming lessons. Additional outdoor facilities (basketball courts, pickleball courts, tennis courts, etc.) may be benefit on the property.	2/5/2025 6:24 PM
346	Would love to see tennis courts instead of pickle ball. Pickle ball is a fad and people will lose interest. Tennis is a sport that has been around and stood the test of time. It’s easy to add pickle ball lines to a tennis court but impossible to turn a pickle ball court into a tennis court. Having tennis courts also just allows more options for play.	2/5/2025 6:09 PM
347	Well meaning effort but I'm sceptical that it will be easy for infrequent or first time users or those without a high level of cognition, hearing and visual acuity.	2/5/2025 6:06 PM
348	Wish this was happening in my neighborhood.	2/5/2025 6:01 PM
349	Think it's a great idea. Especially in winter when it's too cold to go outside! Something for everyone.	2/5/2025 5:51 PM
350	This looks like it will be super fun!	2/5/2025 5:32 PM
351	More watersides.	2/5/2025 4:57 PM
352	Seperating the water slides, beach area, and leisure pool from the lap swim area. Are aquatic sports going to be able to use this facility?	2/5/2025 4:36 PM
353	Have Homes for Heroes been consulted about this project? Will the facility be made available for private events? Socials, banquets, etc.,.	2/5/2025 4:36 PM
354	Pickleball courts and a climbing wall. Soccer centre and baseball fields also required Also need a better ice plex facility too . Maples area has it all and the East end needs it to !!!!! We have been taking about this for 20 yrs . Spend the money and stop throwing it away on individual groups and give us something that is inclusive to all. No more funds to groups to segregate them . We are one people so let’s start being together	2/5/2025 4:28 PM
355	This is a great project and long overdue for health and recreation.	2/5/2025 4:16 PM
356	The city doesn't have the funds to build this project. Money better spent on rapid transit lines in our city.	2/5/2025 4:11 PM
357	You should build a lazy river or A wave pool watersides you should build a hotel attached to that building You should have hot tubs	2/5/2025 3:20 PM
358	More water slides, and or put this more in a better spot in Winnipeg why does transcona get everything.	2/5/2025 3:12 PM
359	Build more in all parts of Winnipeg please.	2/5/2025 3:07 PM
360	Thank you for this opportunity, I feel like this is a needed service for the growing area	2/5/2025 2:49 PM
361	Is there a security in place? How is the cleanliness going to be maintained? Is there a max number of people per area to avoid over crowding and to maintain the purpose of the facility? What is the hours of operation? It would be nice to be able to go there late at night and hopefully the cafe will have variety of foods being offered with some healthy options	2/5/2025 2:37 PM
362	I think this is a great option for the east end of the city. There has been significant growth in	2/5/2025 2:36 PM

	that area and it would be nice to have a facility like the one suggested to help support community and healthy living options.	
363	Would be great to have a place to lift weights, run and swim. Can't afford the gym. This would be amazing!	2/5/2025 2:30 PM
364	Wish there was more greenery, both inside & outside	2/5/2025 2:30 PM
365	Input from a designated organization such as Lifesaving Society of MB where the sightlines of lifeguards are strongly considered since there was a DROWNING in 2024 at a City of Winnipeg facility	2/5/2025 2:15 PM
366	Please consider a wave pool along with the lazy river and watersides.	2/5/2025 1:59 PM
367	Please add spaces to create art, theater room, dance room.	2/5/2025 1:50 PM
368	Add next to Trail a picnic area with outdoor water fountain like they have on Wellington Crescent. No to daycare. Add public art. Make sure it is comparable to the existing and future proposed rec complexes in the city. The east side always gets less than the rest. If they got a rock wall, so do we. If they get a lazy river, don't cut it from our plan because it will cost a million dollars alone. Equality. Instead of a daycare that 6000+ sqft would serve the entire community better if it was an indoor playground for all. Imagine a parent supervised freeplay playground like the modern junglegyms in outdoor parks. With slides, swings, climb-ables, or crawl through tube systems. This way the kids can play on equipment all through the winter or on rainy days.	2/5/2025 1:32 PM
369	Better water park	2/5/2025 1:29 PM
370	It looks fantastic and will make a great addition to the Transcona area. I do fear the parking for the library will be taken over by visitors of the rec plex.	2/5/2025 1:28 PM
371	Unlike the south and west ends of the city, we get next to nothing here in Transcona. This was planned many years ago and should be built.	2/5/2025 1:14 PM
372	Transcona needs a big descent gym with lots if machines and free weights	2/5/2025 1:13 PM
373	Would like to see more info on the outdoor play/rec spaces. After covid we learned how important outdoor public spaces are. Also good for kids to be outside for mental health etc. Would be nice to have a destination playground here. Also a separate fenced play area for childcare centre use only, with direct access from inside.	2/5/2025 12:52 PM
374	The water slides need to be improved, it does not look welcoming with those slides, more people will come if those look inviting for kids make it more of a theme with color and shapes.	2/5/2025 12:50 PM
375	The residential components that were to be part of the plan, and now dropped, were to be a source of revenue for the facility. Dropping them may make this unaffordable if the cost will now be passed on to users. This has been in the works for so long, and so many iterations, it’s frustrating that it seems to be back to almost square one with this redesign! I think the lazy river is a bad use of a significant amount of space and should be reconsidered.	2/5/2025 12:45 PM
376	Will there be interior window shades, particularly on the south-facing, pool area windows?	2/5/2025 12:40 PM
377	Please please please make it affordable and honestly, we need 2 more of these in the city. We live in city where we need more indoor options like this for kids. Other cities have the size have at least 1 of 2 of these kinds of pools	2/5/2025 12:27 PM
378	a skateboard park should be built adjacent to this facility	2/5/2025 12:24 PM
379	Going to have subsidies for seniors?	2/5/2025 12:17 PM
380	Not at this time	2/5/2025 12:12 PM
381	Very excited for this project. Walking distance for my family!	2/5/2025 11:54 AM
382	I'm worried that this will be catering mostly towards people who are well off, and if it removes our existing pool, people will not have an affordable swimming option	2/5/2025 11:40 AM
383	It would be great if we can also have a prayer room available in the facility.	2/5/2025 11:39 AM
384	This area needs a complex like this	2/5/2025 11:31 AM
385	It would be great if the city could focus on putting community services in recreation centers,	2/5/2025 11:30 AM

	so that people in need have additional access points. Community centres are not actually very community focused when you zoom out and look at who is all included in "community" when the spaces are cost prohibitive or do not have resources for people in crisis. If we are going to build a new community centre it would be a great opportunity to make our first truly community oriented community centre where everyone can gain access to things that they need and where community services beyond recreation can be focused on, without asking people to go to an access centre.	
386	I think this is a great idea and would revolutionize Transcona and will help accommodate the number of kids in the area. After school programs could go a long way too	2/5/2025 11:23 AM
387	Build a ice rink	2/5/2025 11:18 AM
388	Consider incorporating an array of services all under one roof. For example, perhaps having a clinic for physiotherapy, occupational therapy, massage therapists, chiropractors and even mental health therapists. I believe that will encompass all areas of life needed to be ‘well’.	2/5/2025 11:16 AM
389	Consider adding a pottery studio like the fort rouge leisure center (allows more individuals to register for this through the leisure guide which is always fully booked and hard to get into and is also all on the other side of the City), a larger fitness exercise area and specialty classes like platies reformers to draw in more adult participants as this side of the City is lacking all of those options and can create more reasons for higher paying adults to attend the centre. Ensure there is sufficient parking for the centre as there is not many options near by and like Fort Rouge could be full at peak times. It is not clear if other facilities like the Elmwood Kildonan pool or others are closing once this opens but if there are you need to ensure this facility is large enough to support all those individuals plus the growing area it is going in. It seems like it will be undersized for the area.	2/5/2025 11:13 AM
390	You promised an aquatic facility to be built in St Boniface , that’s why you closed 2 pools in the area and a 3rd one closing in 2025	2/5/2025 11:07 AM
391	PLEASE LET THIS HAPPEN! Transcona (and the northeast side of the side) needs something like this. Stop putting everything in the south and west sides of the city.	2/5/2025 11:06 AM
392	Maybe an indoor turf pitch. Like the u of w has. This would be used all year and by multiple sports. We are in dire need for something like this in the east side of Winnipeg.	2/5/2025 11:01 AM
393	Please make it a pool with waves	2/5/2025 11:01 AM
394	Expand the gymnasium to accommodate large scale tournaments at least 1 more full size basketball courts.	2/5/2025 10:55 AM
395	Please make it disability friendly	2/5/2025 10:38 AM
396	Again just stating we would like to see more watersides incorporated and a wave pool. For the childcare center, there is a large demand for childcare so making it as large as possible would be nice to see.	2/5/2025 10:32 AM
397	why are we building this as our city needs to cut back on spending. We have enough recreation centers at this time. Once spending is under control can be considered.	2/5/2025 10:30 AM
398	The design elements look nice. So it is hard to disagree with any individual question contained here. However, all the windows, and cladding on the outside of this behemoth looks expensive and I wonder about the city being able to afford this. I think some value added architecture is required (as opposed to the usual value added engineering which keep the design looking nice but expensive to operate in the long run due to removing energy efficient lighting and HVAC choices). Also why the heck are you closing cheap pools at Happyland and building massive destination centers. I disagree with the philosophy here.	2/5/2025 10:30 AM
399	Hope we can have this kind in north side of Winnipeg too!	2/5/2025 10:20 AM
400	Please incorporate toddler friendly water activities	2/5/2025 10:19 AM
401	In this economy please make it affordable for people as not all people can afford to live a healthy lifestyle due to how expensive it is.	2/5/2025 10:17 AM
402	Again unlikely, but could there not me an area for seniors. I can only imagine the noise level in this design!	2/5/2025 10:14 AM
403	Stick to the basics, reduce the "extras", reduce the cost, and maybe this rec facility will get	2/5/2025 10:10 AM

	built. We just need a gym, pool, exercise facilities etc. The addition of a child care program is a good idea.	
404	Waiting for it to open!!!	2/5/2025 10:09 AM
405	More watersides for all ages	2/5/2025 10:09 AM
406	Maintain what you have before making expensive plans to build new faciilties. There is no excuse for building a monster like this while also shuttering far less expensive facilities like Happyland.	2/5/2025 10:01 AM
407	I am a senior and I like water slides!	2/5/2025 10:00 AM
408	Love the idea! Don’t really like the name too many words. Perhaps a different name could be found.	2/5/2025 9:58 AM
409	We propose the addition of more waterslides to create a year-round destination for Winnipeg families during our long winter months. With proper execution, this facility has the potential to generate significant revenue. Key elements for success include: - Adequate parking facilities, including covered stalls and sheltered drop-off areas. - More than four waterslides, as the current number is insufficient. - On-site dining options, such as a restaurant and a coffee bar. - Designated seating areas near the pool, allowing parents to comfortably supervise their children. - Enclosed shower facilities for added privacy. - A child care center to enable parents to work out. - Background music to enhance the overall ambiance. Implementing these improvements will help ensure the center's success and appeal to a broad audience.	2/5/2025 9:57 AM
410	It looks incredible! My only comment is that I've seen in other cities where the operation of these kinds of facilities is contracted out. That makes a lot of sense, especially when you look at success stories like the Assiniboine Park Conservancy model. I think the city would be well-served to keep their focus on core services and work with community partners for things like recreation.	2/5/2025 9:46 AM
411	Although this is still in the planning stages, I didn't see anything about possible completion date. Would be nice to know a rough ballpark.	2/5/2025 9:39 AM
412	What is the proposed senior-specific programming. Winnipeg very much leaves their seniors in the dust when it comes to any programming (which, unfortunately isn't far behind the kids).	2/5/2025 9:38 AM
413	Looking forward to an indoor facility to use in the winter!!	2/5/2025 9:38 AM
414	Glad to see you allowed for lots of parking. Hopefully there will be enough. The bus stop may need a turn in loop as it could back up traffic on Transcona Blvd?	2/5/2025 9:30 AM
415	The pool area is too basic and will not attract the large quantities of people that it should. We live in an environment with 6 months of freezing temperatures... build up something extravagant and the revenue will flow. We need to really attract the children to want to come here and two waterslides won't do it. I strongly think that there needs to be more of a indoor playground water play area to really bring in families This pool is no different then the others in the city. Make it memorable, make it fresh.	2/5/2025 9:29 AM
416	Looks like a great plan. Should also include options to accommodate access from low income families.	2/5/2025 9:26 AM
417	A climbing wall would be a great addition! My 5/6 class also says this should be able to be rented out for field trips and other events.	2/5/2025 9:24 AM
418	I believe having the recreation centre is a great investment in the community	2/5/2025 9:19 AM
419	Is there space at the site for potential (future additions) of an indoor soccer pitch (similar to the North Leila facility) and or turf outdoor soccer pitch. Outdoor b-ball courts. One stop for MULTIPLE recreational activities	2/5/2025 9:11 AM
420	Please don’t make this “just another city pool”. We need a water park fun for the whole family. Teenagers and young adults will not enjoy just the two slides.	2/5/2025 9:06 AM
421	Child minding or programming while adult programming is happening. Overall the plan seems wonderful. I don't live in the area, but am considering it	2/5/2025 9:00 AM
422	Like I said, it needs activities dedicated to our senior population in East Winnipeg, which this looks as though it's over looked	2/5/2025 8:55 AM

423	Looks perfect. Hope we'll have it soon. I've been hearing talk about this center for a decade now.	2/5/2025 8:54 AM
424	This is a very very welcomed opportunity for the city. The Kimberly YMCA is on its last legs! Very old building.	2/5/2025 8:53 AM
425	I think this will be a great addition in Winnipeg to have.	2/5/2025 8:47 AM
426	Ice hockey arena is needed	2/5/2025 8:46 AM
427	Why has it taken so long for this project to get underway? It will be well over a decade by the time the facility opens.	2/5/2025 8:43 AM
428	Make prices affordable to be able to use the facilities	2/5/2025 8:40 AM
429	This is absolutely the right thing to do, but it has to done properly. I love the idea, but I am worried that we will not commit enough resources to make it a success. I'm worried that with the amount of crowding we already see in other facilities in the area that this one will be built under capacity from day one, and that most people won't be able to enjoy it. Finally, I think some part of this plan should also involve adding another floor or otherwise extending the library next door. The library is already pushed to its capacity at all hours and does not have enough commons work spaces. Also, the lack of separation between the childrens area and the rest of the library makes it a chaotic space.	2/5/2025 8:39 AM
430	Would be nice to have French programming given the location and lack of French programming elsewhere and important to make it accessible	2/5/2025 8:33 AM
431	Winnipegs winters are long and cold. We want spaces to make sense and be practical for regular use over it looking cool and modern. So many things have been build that prioritize “cool” architecture or focus extremely on “inclusivity.” All fine things but we are desperate for more every day functional spaces that are built with common sense in mind. Spaces that are as relevant in 50 years as they are today.	2/5/2025 8:32 AM
432	We NEED this facility in this area. I drive else where to enjoy these types of features. It would be a great opportunity for our community.	2/5/2025 8:31 AM
433	Please doing what is right for the city and moving the location to an area in the city that all can access. The only people that want to travel to Transcona are those that live in Transcona.	2/5/2025 8:22 AM
434	Make the waterpark an actual attraction!!!	2/5/2025 8:20 AM
435	How can our city afford this when you can't even manage snow clearing properly?	2/5/2025 8:18 AM
436	Pickle ball courts and program please	2/5/2025 8:16 AM
437	What a fortune this will cost to service only one area of the city. While it all looks great, I think it is too lavish and expensive at this time of economic uncertainty. We will already be paying much higher property taxes this year and I cannot imagine what we would have to pay if this goes ahead as planned.	2/5/2025 8:16 AM
438	We have waited far too long in our end of town for something like this. When the city approves housing developments it does a terrible job of ensuring services of all kinds are planned for and in place. You have massive housing and infill going on in our end of town and have left this so long that population size and area size we could use two of these	2/5/2025 8:13 AM
439	Yes. Stop this project. We can not afford it. And if you build it and then come for my inner city pool, it's gonna be ugly.	2/5/2025 8:09 AM
440	Earlier and later times for bus 89 down Transcona Blvd. Thank you :)	2/5/2025 8:01 AM
441	Move location to a better accessible location	2/5/2025 8:00 AM
442	Ensure site security is top notch.	2/5/2025 7:59 AM
443	Different nights for different families to meet. Communities, areas, etc. Hard to explain at the moment.	2/5/2025 7:58 AM
444	Looks GREAT	2/5/2025 7:57 AM
445	Security and a place where a woman can do her hair after swimming so it’s convenient to go to work after doing your laps.	2/5/2025 7:56 AM

446	Please consider an indoor soccer pitch. I promise you, it will be busy as so many soccer clubs rent time at the Winnipeg North (Leila) facility and elsewhere. You even have the Phoenix soccer club who is nearby on gateway and they are constantly renting space at Leila.	2/5/2025 7:55 AM
447	I am a resident of Transcona and feel this is a hugely important project. We are very behind in recreational/community spaces.	2/5/2025 7:50 AM
448	Actually do this. Dont drop the ball. MORE WATERSLIDES.	2/5/2025 7:40 AM
449	I hope it will be affordable. How about some pickle ball courts?	2/5/2025 7:39 AM
450	Sorry, not a convenient location for people without cars. And there are a lot of us.	2/5/2025 7:37 AM
451	I live at the other side of the city. It is way to far for me to ever go there.	2/5/2025 7:20 AM
452	Traffic concerns	2/5/2025 7:07 AM
453	A children center or play area would be really nice. Overall love the plan!	2/5/2025 7:06 AM
454	Love it!	2/5/2025 6:59 AM
455	Too far from the west side of the city	2/5/2025 6:55 AM
456	It's about time we're adding a new rec centre	2/5/2025 6:55 AM
457	I strongly believe the center would benefit from having a room which can accommodate 100 people that can be used to various events such as large birthday parties, wedding or baby showers or celebrations. It would be nice to be attached to the aquatic area view windows that can be viewed into it so parents can see kids while in the pool area as well as blinds that close so that the event is multipurpose if not being used in combination with the pool.	2/5/2025 6:48 AM
458	Typical meritless project by people who were hired for reasons other than merit.	2/5/2025 6:24 AM
459	A growing thriving city requires facilities like this one!!	2/5/2025 6:14 AM
460	The design looks great! It brings to mind a YMCA in Calgary- Shane Homes at Rocky Ridge. Love the lazy river and waterslide aspects, please consider having adult only hours in the evening or on weekdays to ensure everyone gets a chance to use the facilities.	2/5/2025 2:10 AM
461	Please clarify if the change rooms will have washrooms.	2/5/2025 12:18 AM
462	This needs to be in other locations as well. North of Bishop Grand in Sage Creek would be perfect, instead of the far east side. The west side of the city has been over served for years. We shouldn't fall into the trap of throwing things to the extreme end of the city. Even better would be a whole other rec Plex built in similar fashion in the north and south sides as well. Also, our arenas need huge upgrades. The city taxes the **** out of us. Time to upgrade and use for things that all Winnipeggers can enjoy, not just smaller regions. Why not have something like this downtown as well. Time to turn this dump around.	2/4/2025 10:49 PM
463	Please include childcare centre and aquatic park for sure. Our community needs more childcare options	2/4/2025 10:35 PM
464	much bigger waterpark.. Cut the childcare centre, rather more multipurpose rooms, ping pong areas, more waterslides.	2/4/2025 10:34 PM
465	This is much needed in the area and should be prioritized ASAP	2/4/2025 10:28 PM
466	There should be more of a focus on the fitness Center with large group exercise studios	2/4/2025 10:26 PM
467	Transcona needs a soccer complex it would be amazing to have soccer fields in there as well	2/4/2025 10:10 PM
468	I’m so happy and hope it will happen!	2/4/2025 9:53 PM
469	Space for children with complex needs is missing. A sensory room or calming room so family’s with diverse needs can enjoy the space. With safety/sensory/wellness needs being meet. So little is offered and many families are stuck at home who need to get out of the house to do activities/ enjoy there day.	2/4/2025 9:48 PM
470	I couldnt tell from the artist renderings, if the running track/cardio equip was on a raised/2nd floor or not ?? If its not, putting to the 2nd floor (like Jon Toews centre) would save space.	2/4/2025 9:43 PM
471	Looks like an amazing facility. So happy to hear that is actually going to happen!	2/4/2025 9:34 PM

472	It would be nice if the city could build a pool similar to Pan Am which could be used for multiple swimming/diving/synchro/water polo etc. events and competitions. Including an adequate amount of seated viewing area. Also an area for swimming lessons. I understand that there needs to be more daycare space but I'm not sure the effectiveness of attaching to a rec centre where pick up times might cause unnecessary traffic/parking issues. Daycares should be attached to schools, same with before and after care. If would be nice to see the city have another swimming pool not a glorified water park.	2/4/2025 9:28 PM
473	Thank you!	2/4/2025 9:24 PM
474	Planning for evening pickleball drop ins as the city is lacking to provide this.	2/4/2025 9:15 PM
475	Ensure it is accessible for all	2/4/2025 8:51 PM
476	Nothing so far.	2/4/2025 8:22 PM
477	Sounds absolutely amazing!	2/4/2025 8:18 PM
478	Please add clumbing wall for kids, indoor playground and indoor tennis.	2/4/2025 8:18 PM
479	A wave pool and tube rentals might want to be considered. Also, the slides shouldn't be by the deep end/lap swim if allowing children who can't swim to access them.	2/4/2025 8:10 PM
480	Wonderful! Please start building soon	2/4/2025 8:01 PM
481	It's a great plan	2/4/2025 8:00 PM
482	I love that idea. Just make it accessible as possible for those on foot, by bus and/or by car. Wonderful idea. Very exciting.	2/4/2025 7:59 PM
483	This end of the city is growing so fast. This will promote a much healthier lifestyle. I love it. My family would use it all the time.	2/4/2025 7:44 PM
484	Amazing plan! Can't wait to see it come to life and enjoy it! Parking looks good. And Indoor pool look really good with water slides!	2/4/2025 7:42 PM
485	No	2/4/2025 7:18 PM
486	I would like to see a pool in the south east area of the City. There is only 1 pool in this area.	2/4/2025 7:07 PM
487	I think this facility will be a great addition to our community. The community is evolving and growing and we need more facilities for this end of the city. Me and my family will be there every weekend!	2/4/2025 7:05 PM
488	Young kids rollerblade or skateboard, toddler area soft play, monkey bar and swings, some basic games like xox or chess on the ground	2/4/2025 7:00 PM
489	Built it. Transcona would have some of the greatest amenities!!!	2/4/2025 6:54 PM
490	Transcona needs this!!!	2/4/2025 6:43 PM
491	Should put a few outdoor ball courts	2/4/2025 6:40 PM
492	I am looking forward to the new recreational centre with a pool!!!!	2/4/2025 6:38 PM
493	Please have this built	2/4/2025 6:31 PM
494	This place should be built around polopark shopping mall when they build in all those apartments towers to maximize space capacity and profit from being sold out year round...	2/4/2025 6:31 PM
495	An outdoor seating/ picnic area would be nice	2/4/2025 6:27 PM
496	Please don't drag this out- let's get it built, we have a great community and it's about time we had something like this on this end of the city!	2/4/2025 6:26 PM
497	make it like the wellness institute in seven oaks area. that place is VERY popular and brings the whole community together from multiple age groups	2/4/2025 6:26 PM
498	The sooner the better,thankyou!	2/4/2025 6:25 PM
499	Paddle training	2/4/2025 6:23 PM
500	This needs to happen. Transconas been waiting for something like this for a long time.	2/4/2025 6:15 PM

501	Been waiting for this for a long time. Now we are seniors and have some issues.	2/4/2025 6:09 PM
502	We need this! Please proceed!	2/4/2025 6:08 PM
503	Water fountains	2/4/2025 5:52 PM
504	Parking lot is too small	2/4/2025 5:48 PM
505	Looks fantastic. Great location	2/4/2025 5:44 PM
506	Can’t wait for this to open	2/4/2025 5:38 PM
507	Indoor/ outdoor pickleball courts would be good .	2/4/2025 5:28 PM
508	I grew up in Transcona, there's no need for this, kids won't be allowed to cross Plessis to enjoy , to much traffic. Central Transcona would allow for more use by Transcona familues	2/4/2025 5:19 PM
509	Pickle ball courts	2/4/2025 5:07 PM
510	This is much needed and long overdue for East Winnipeg / Transcona! This facility should have been built a few years ago at the same time the city approved all the new housing developments in Devonshire etc. but better late than never, we are glad Transcona is finally becoming a city priority instead of a forgotten step-sibling. There are no large fitness centres / gyms / walking track like this nearby and the Transcona pool is tiny and outdated. However, the outdoor aquatic park is great and hopefully that can remain as is and the old pool building transformed into other community space or saved somehow. This would be a world-class destination and we are very excited about it! I don't think an indoor connection to the library is necessary - why cause unnecessary construction to open a wall? Having them next to each other on the same lot is sufficient.	2/4/2025 5:00 PM
511	If you build it, we will come	2/4/2025 4:58 PM
512	There is a large pool, it’s called the Pan Am pool. There is no need for an additional facility. Save $90 Million dollars and put it towards infrastructure. We don’t need another facility that will be run down (as most city run facilities are). Seek out a private investor(s) and build it only if you secure 100% financing. Taxpayers don’t need a larger burden than we already have….Arlington Bridge, Kenaston widening, Portage Place redevelopment, The Hudson Bay redevelopment, rail yard relocation, etc. Build a business/commercial tax base to generate tax dollars independent of citizens and get private sponsors for mega projects.	2/4/2025 4:58 PM
513	Again personal shower stalls would be appreciated.	2/4/2025 4:56 PM
514	boring plan, not very impressive. dated. confusing survey	2/4/2025 4:48 PM
515	I think this is a very long time coming and needed so very much in this end of the city.	2/4/2025 4:17 PM
516	We need this facility and I appreciate the time and effort put in to ensure that this is done properly.	2/4/2025 4:11 PM
517	Overall this looks like an amazing project for the area. Congratulations on the provided information and keep the up the good work! (Please ignore the over-the-top negative, unhelpful feedback from a select few; some people are always downers no matter what, such as the trolls online). Health and fitness, as well as access to, is extremely important for communities! :)	2/4/2025 4:08 PM
518	I'm just so glad this is happening. Transcona has been in dire need of a community center like this. It's pretty inconvenient having to drive all the way to the Y on Kimberly. Roland mitchner arena would have also been a good option for creating a center like this.	2/4/2025 4:05 PM
519	Please consider the wheelchair accessible parking spaces have room for side lift vehicles. Perhaps a drop off loop similar to Pan-Am.	2/4/2025 4:03 PM
520	I can hardly wait for the Rec Plex to be completed and opened . Long overdue.	2/4/2025 3:40 PM
521	Don't waste space on Cafe kitchen area if you can make childcare centre's or pool areas bigger.	2/4/2025 3:40 PM
522	Indoor soccer field would be great, or maybe batting cages for winter baseball programs	2/4/2025 3:38 PM
523	Is the complex connected to the existing library? If so, is there a safe and quiet pathway between?	2/4/2025 3:38 PM

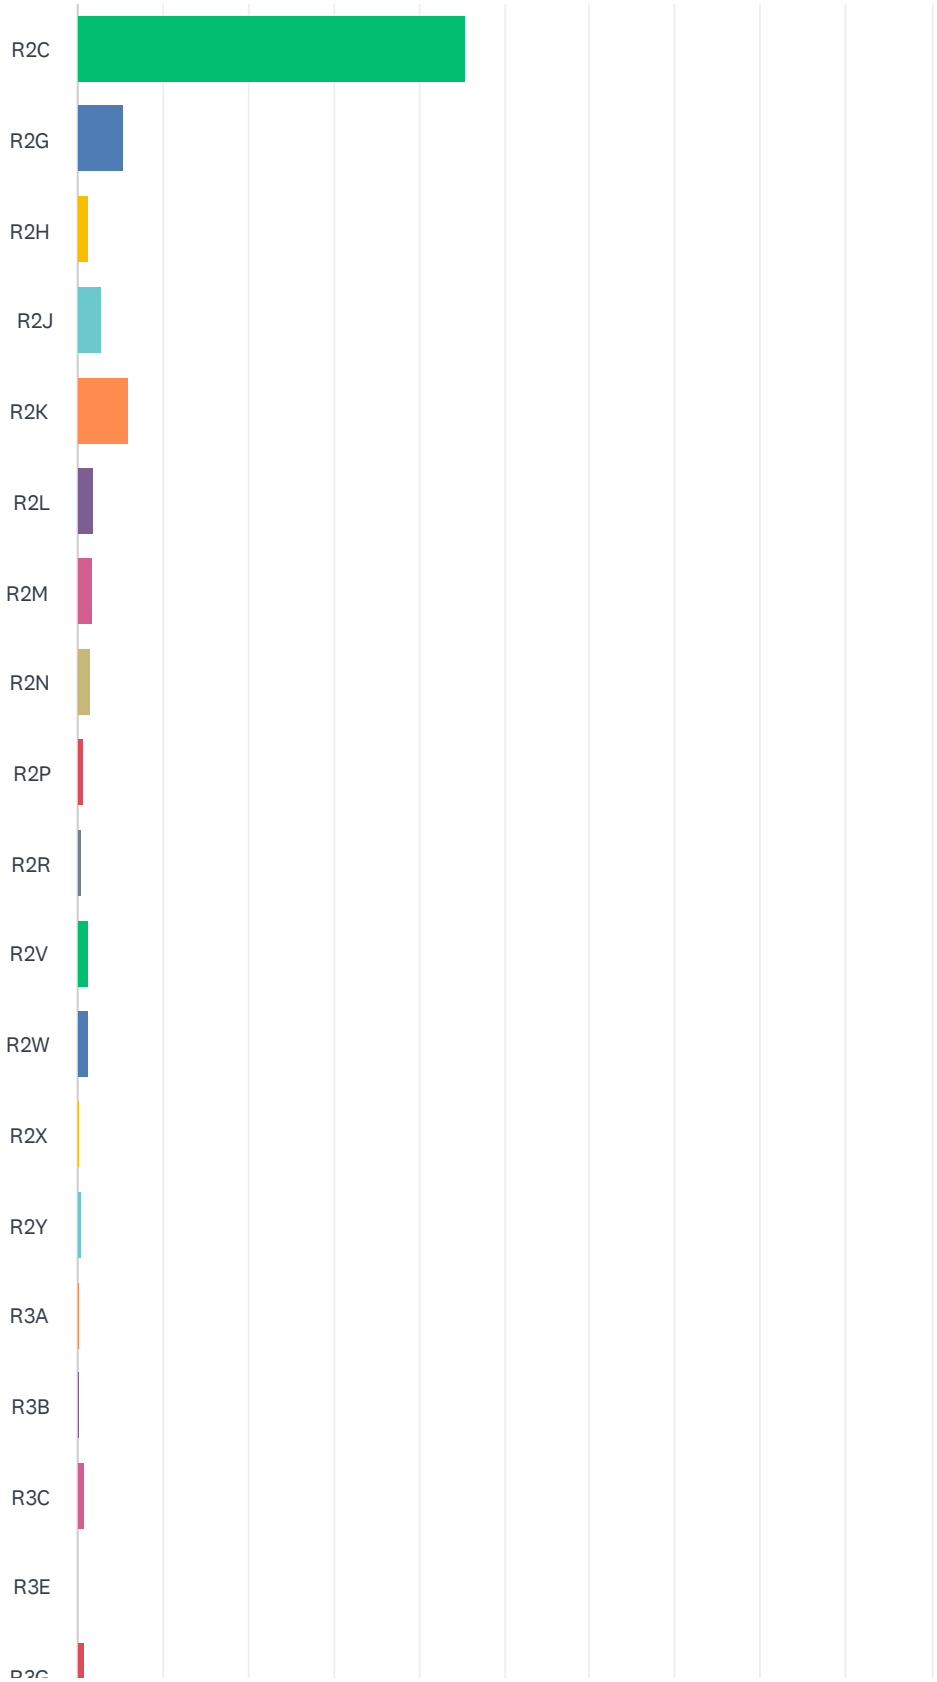

524	We are a family of 6 with 4 young children. I really hope to see this idea come to life sooner than later.	2/4/2025 3:38 PM
525	Transcona has been waiting for an updated recreation facility for a long time. I highly encourage the city to take swift action to meet the growing needs of this growing community.	2/4/2025 3:35 PM
526	Can’t wait for this to be built!!!!	2/4/2025 3:31 PM
527	This is OUTRAGEOUS given the financial strains currently on the city. There are a couple of existing pools in the city that have been shut down because of a lack of funding in low income areas that NEED their pools. Happyland comes to mind. You've taken away small community pools from the people who struggle with income/ transportation and you want to build this monstrosity. What is wrong with you people???	2/4/2025 3:26 PM
528	I hope this gets built sooner than later! Very exciting. Please consider upgrades to the intersection at Plessis and Transcona Blvd, already so many accidents there.	2/4/2025 3:16 PM
529	This area of the city needs something like this! Pan am is way too far.	2/4/2025 3:02 PM
530	A few indoor hockey rinks would have been a nice addition.	2/4/2025 3:00 PM
531	Excellent idea and concept.	2/4/2025 2:55 PM
532	Make the lazy river warm.	2/4/2025 2:46 PM
533	Would like to see an indoor water park instead of another city pool with a waterside.	2/4/2025 2:44 PM
534	Love that you’re finally making this a priority. Please consider security cameras and security workers to deter bike thefts	2/4/2025 2:43 PM
535	It would be amazing to have a fully accessible pool and rec centre in the city. For a variety of disabilities and wheelchair users. The more accessible options the better. Consulting people with disabilities and wheelchair users would be in your best interest.	2/4/2025 2:37 PM
536	This is an opportunity to build a fantastic water park which Winnipeg needs & should have Why does Edmonton get there indoor water park ? & Winnipeg has nothing Get it built & build it right Forget the additional stuff like gym .. fitness rooms & running tracks Stick with the Water park	2/4/2025 2:34 PM
537	What about gym section? Not a word of weight or sports programs? Is it a health center or no	2/4/2025 2:34 PM
538	I completed this survey twice before in previous years. The money spent on surveys would have been better spent on starting this project. Since it’s first proposal 3 of my kids have turned from children to young adults and would no longer benefit as much as they would have if it had been completed the first or even second time	2/4/2025 2:32 PM
539	Look all good here	2/4/2025 2:28 PM
540	Get this done. The city of Wpg is horrible. If this was the south end it would have been completed years ago. Do it now. Money approved in March 2023 and two years later consulting again. This is a joke	2/4/2025 2:27 PM
541	This is needed in Transcona more than people realize. Please work diligently and swiftly to make this happen sooner than 2030. We need an active space.	2/4/2025 2:21 PM
542	I wish the housing project that was included originally was continued, but even without it this would be a good addition to the area.	2/4/2025 2:15 PM
543	I am all yes to this proposal. If the city welcomes volunteers to help facilitate the approval and construction of the project, I would be happy to volunteer within my availabilities.	2/4/2025 2:11 PM
544	I think this looks like a great plan and cannot wait for it to be available to use.	2/4/2025 2:05 PM
545	Looks very nice, lets hope it actually happens.	2/4/2025 1:59 PM
546	Winnipeg does not have an indoor "park" play structure. There are lots of places like kid city, but no play structures like yould find at a park but indoors. A screen area where kids could move along to a dance with me or kids fitness follow a long area or an area that showed movies once in a while. Think of stuff the city doesn't have already. Innovation. Stuff that can be enjoyed all winter long	2/4/2025 1:54 PM
547	I would like to see this facility open daily 6am to 11pm. So many of the city of Winnipeg	2/4/2025 1:53 PM

	facilities are under used due to staffing and limited hours which is a shame as the building is there often only utilized a low percentage of the time, for example if we only have a facility open 9-6 3 days and 10-8 2 days that's a total of 47 hours where 7days at 6am to 11pm would be 119 hours so it would available 253% times or 72 hours more a week!	
548	Add an indoor dog park! So ma y people I've talked to wish Winnipeg had a place for this! Our winters are cold and not eveylry dog and person can be out in the cold weather	2/4/2025 1:51 PM
549	Yes, please start the build process ASAP. By the time it's completed the current families won't be able to use most of the features.	2/4/2025 1:48 PM
550	The wave pool would be a great thing to add to the lap pool/making the lap pool multi purpose	2/4/2025 1:44 PM
551	Please ensure this space is for all not just targeted to young families. Senior citizens like to go to these places if able to as well. Have different schedules for all 2-3 x a month and rotate	2/4/2025 1:37 PM
552	Happy with this proposal. Good luck	2/4/2025 1:24 PM
553	This project is absolutely fantastic. We love our Transcona Centennial pool but having a pool and centre like this would be huge for our area of the city. I would however ask that we have some sort of security measures to ensure that it's a safe space for working families to go to. The library has to lock its doors after hours due to the unhoused people loitering and that will absolutely stop me from bringing my toddler to use facilities.	2/4/2025 1:24 PM
554	Start building, by the time this gets built the current families that need services now will not be using it. This should have been developed sooner when the city approved a developers plan to develop and create all the housing. Schools are way over capacity. Swimming pools there are none. There are little to no city services on this end of the city	2/4/2025 1:23 PM
555	secured bicycle parking, patios	2/4/2025 1:22 PM
556	Please have decent change rooms. Other places we have been have awful change rooms for young kids	2/4/2025 1:20 PM
557	Much needed, I look forward to this facility proceeding.	2/4/2025 1:15 PM
558	Male the cost of this facility family oriented. Very good idea and easy access for the community and for those that want a unique modern facility	2/4/2025 1:10 PM
559	Please make this happen!!! Our end of the city needs something like this	2/4/2025 1:10 PM
560	How much is this gona cost?	2/4/2025 1:09 PM
561	Bad survey! Cool facility!	2/4/2025 1:05 PM
562	I think a more permanent designated racquet sport area is important whether indoor or outdoors. If swim lessons are offered I hope first registration wave is open to transcona residents as we have waited decades for this	2/4/2025 1:04 PM
563	Na	2/4/2025 1:00 PM
564	This centre would be an incredible addition to our neighborhood. I worry that the plan doesn't have enough parking or accessible entry, but otherwise I am blown away.	2/4/2025 12:57 PM
565	We need this yesterday - don't drag your feet and get it built ASAP. Great location.	2/4/2025 12:56 PM
566	This is something long overdue for transcona.	2/4/2025 12:56 PM
567	Build it and they will Come! And Sooner is Better!	2/4/2025 12:55 PM
568	This needs to be built sooner than later, the people filling out this survey would like their children to be able to use it before they are grown	2/4/2025 12:54 PM
569	As mentioned, please build it sooner than later. 2030 is too far away.	2/4/2025 12:52 PM
570	This is so long and overdue. This is what I've dreamed for a long while. We are members at the YMCA and feel they have neglected their site in East K and the other sites are always busy with families engaged. We would be nearly lifetime members for a facility like this.	2/4/2025 12:51 PM
571	My kids were supposed to be using these ammenities now as this should have been built years ago! Transcona is always the last on the city's list. We can't wait to have this built.	2/4/2025 12:47 PM

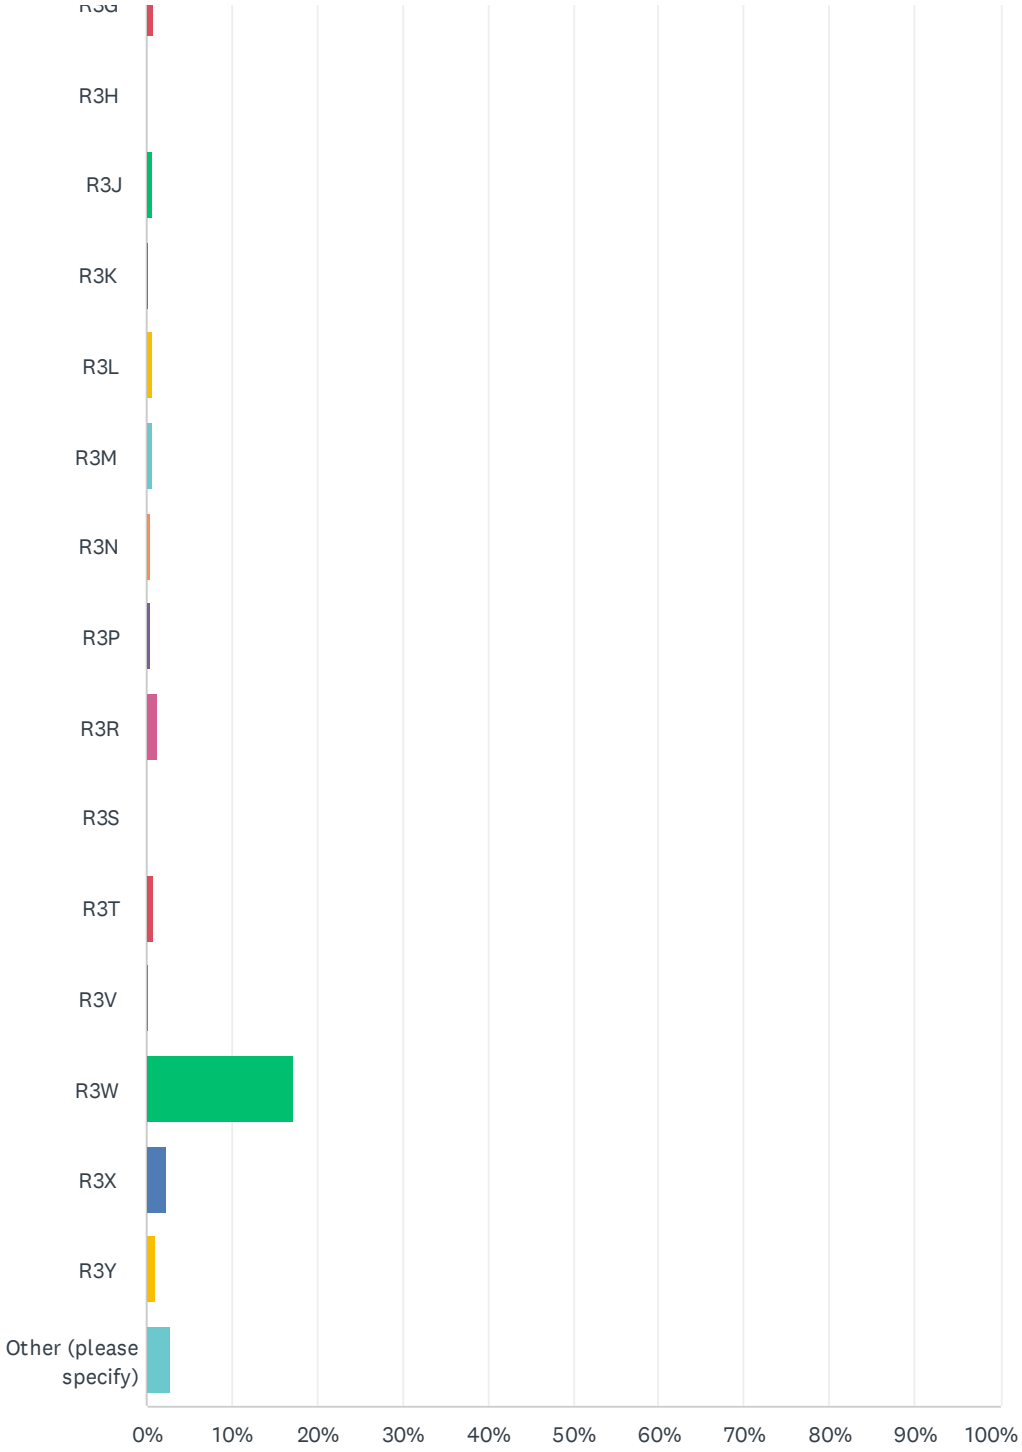

572	I may have missed it but is there going to be a basketball court? Badminton? Volleyball?	2/4/2025 12:46 PM
573	Please do not make the weight/cardio area an after thought	2/4/2025 12:43 PM
574	Will there be private rooms to rent for parties?	2/4/2025 12:41 PM
575	Just hurry up. Winnipeg has needed this forever. So people don't have to stay at hotels for this kind of entertainment.	2/4/2025 12:39 PM
576	being able to host bday parties to at aren’t very expensive~ as a mom of 4 the 18$ costs for a basic pool with no additions per kid kills, when you want the kids to have fun but can’t afford it	2/4/2025 12:36 PM
577	Removing living spaces for parking spaces is a strange decision considering our current housing crisis. Sends the signal we care more about housing cars than housing people.	2/4/2025 10:04 AM

Q11 Please provide the first three characters of your postal code.

#	OTHER	DATE
1	Indigenous women, parent of a dependent	3/2/2025 1:30 PM
2	A mother and part of the 2SLGBTQIA+ community	2/23/2025 5:16 PM
3	I check several boxes. Woman. I am partially deaf and neurodivergent, so I guess that's non-visible.	2/20/2025 5:57 PM
4	Don’t divide people	2/18/2025 4:36 PM
5	Im a man, a guardian to a dependent, and a POC	2/12/2025 11:38 AM
6	A Metis woman who is a parent to young children	2/12/2025 9:48 AM
7	A grand parent	2/11/2025 4:49 PM
8	Male, Metis, parent. Why can't we select multiple?	2/11/2025 1:49 PM
9	Parent, POC, woman, LGBTQ	2/11/2025 12:42 PM
10	A regular human with an understanding with what Winnipeg needs	2/10/2025 11:20 PM
11	Multiple of these options.	2/10/2025 11:11 PM
12	A woman/mother/wife	2/10/2025 8:58 PM
13	Not only with grandchildren to have a place to take them but as a place for me to workout close to my home	2/9/2025 5:49 PM
14	Parent, disabled, 2 spirit metis, woman	2/9/2025 10:52 AM
15	This should allow for multiple selections.	2/8/2025 8:19 PM
16	Yes I am older but also have grandchildren I would bribg	2/8/2025 1:40 PM
17	A metis woman with 2 children	2/8/2025 8:42 AM
18	You should be allow to select more than one box.	2/7/2025 10:40 AM
19	A parent of two kids, one with special needs	2/6/2025 9:36 PM
20	Why can I only select one of these? I am multiple	2/6/2025 5:10 PM
21	grandparent, cross country ski coach, member of a *very physically active living* retirees community	2/6/2025 2:36 PM

22	a human being	2/6/2025 1:30 PM
23	Alien, apparently I can be anything I want	2/6/2025 6:34 AM
24	For some reason this survey will only allow me to select one choice. I am a woman who has a disability.	2/5/2025 6:10 PM
25	Why can I choose only one self-identity item? More than one can apply.	2/5/2025 6:08 PM
26	Canadian	2/5/2025 4:37 PM
27	Why are we asking race and gender questions ? This has nothing to do with that! This must stop ! We are all the same	2/5/2025 4:31 PM
28	Parent, Indigenous,have a physical disability	2/5/2025 1:32 PM
29	I am many of these things. Should be allowed to pick more than one!	2/5/2025 12:48 PM
30	Woman. Won’t allow me to select multiple	2/5/2025 12:32 PM
31	These need to be multi-select options, not radio buttons! I am disabled, POC, queer, femme	2/5/2025 11:31 AM
32	older female human being, who still believes she's 25 (well. maybe 30) who tries not to peg herself by race, gender, sexuality, age,	2/5/2025 9:41 AM
33	a parent, a woman and early senior	2/5/2025 9:31 AM
34	A grade 5/6 class and their teacher	2/5/2025 9:25 AM
35	Since I can only pick one Iam a male, person of colour, and a parent	2/5/2025 9:13 AM
36	Metis female parent (should be able to select more then 1)	2/5/2025 9:07 AM
37	Older adult looking after someone with dissabilities	2/5/2025 8:56 AM
38	Man, father, husband, cyclist, technologist	2/5/2025 8:39 AM
39	Lifelong resident and community organizer in Transcona	2/5/2025 8:15 AM
40	A VOTER	2/5/2025 8:09 AM
41	I self identify as a person of merit who recognizes the stupidity of meritless dei hired retard bureaucrats.	2/5/2025 6:26 AM
42	Please allow multiple response	2/4/2025 7:54 PM
43	a citizen, stop the “woke” business.	2/4/2025 4:59 PM
44	2SLGBTQQIA+ / disabled / woman.	2/4/2025 1:10 PM
45	A single parent with special needs children	2/4/2025 1:10 PM
46	A Metis mom in the area	2/4/2025 1:03 PM
47	*	2/4/2025 1:02 PM
48	I am human like everyone else.	2/4/2025 12:53 PM

Appendix C – Open house story boards

East of the Red RecPlex

Open house

February 2025

Background

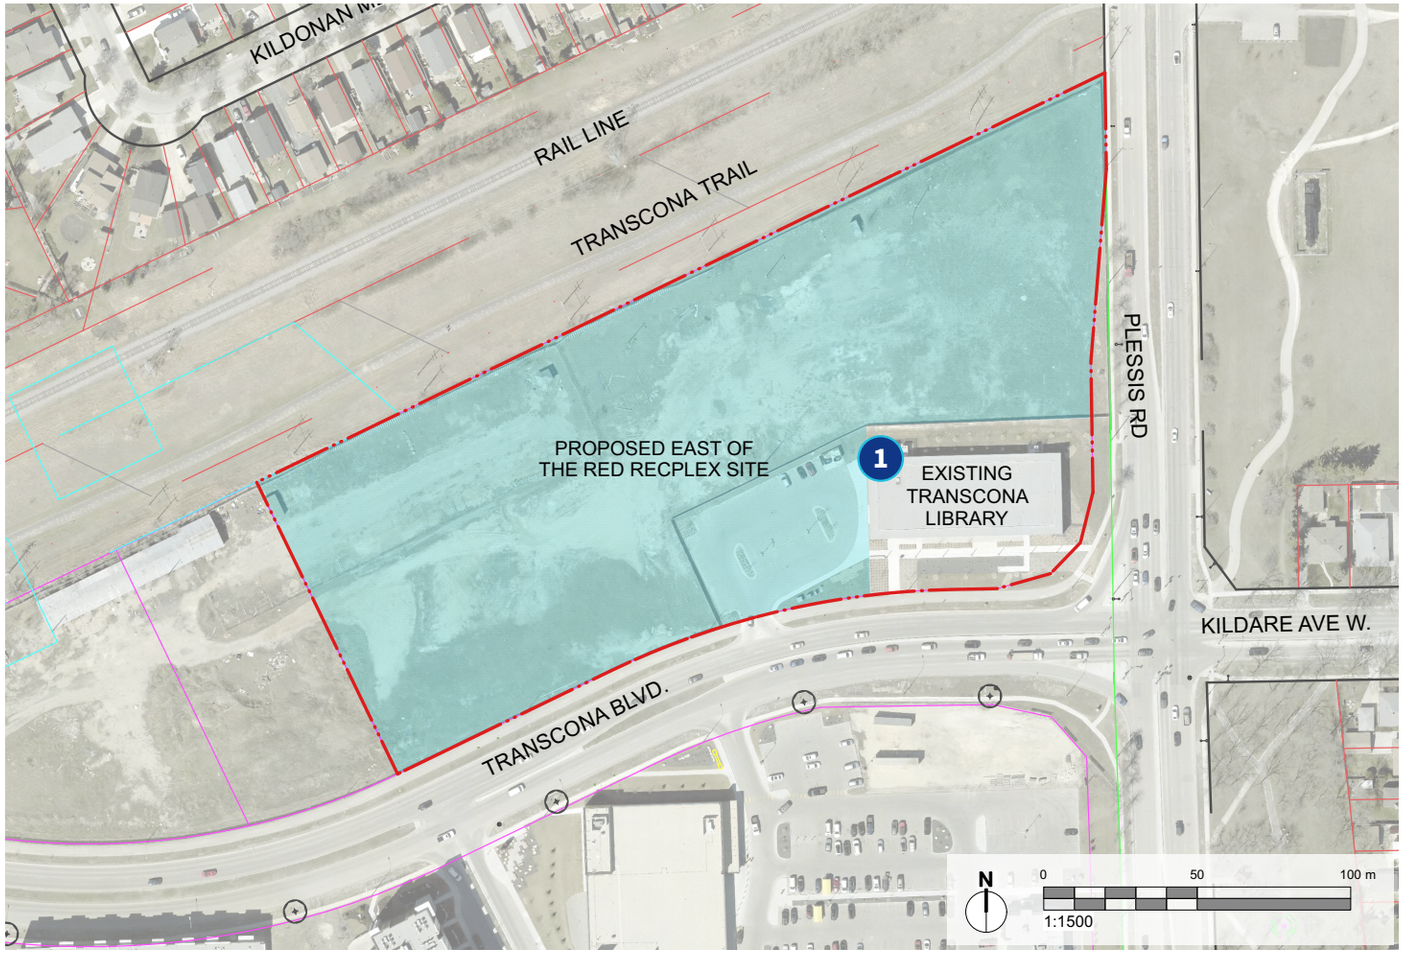

Preliminary design

The City of Winnipeg is designing a new recreation centre called the East of the Red RecPlex. This proposed centre will be a place where families and individuals can enjoy various activities all in one location. The proposed centre will be approximately 92,000 square feet and will be located at the northwest corner of Transcona Boulevard and Plessis Road, next to the Transcona Library.

A Feasibility Study completed in 2018 explored the need, early design, and estimated costs for the proposed project. The Feasibility Study was updated in 2023 with a revised design, cost estimate, and public engagement.

The City is now working on the next stage, which includes a preliminary design and Class 3 cost estimate (accuracy of -20% to +30%).

What's changed?

1. All spaces and amenities have been more thought out, including:

   - What the lazy river, water slides, lap pool, change rooms, and pool viewing area will look like
   - How people will access the building by car, bus, bike, and walking
   - How the building will be constructed including materials, structural, mechanical, and electrical
   - How the building will attach to the Transcona Library
   - What the outside of the building will look like, which was inspired by Transcona's railway history, Winnipeg's tree lined streets, and the prairie sky

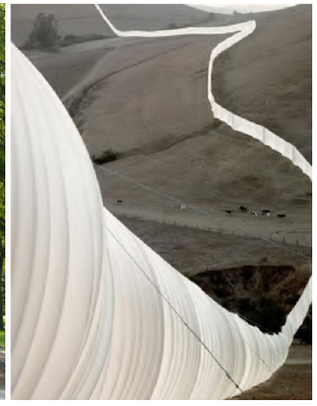

2. Based on what we heard from previous public engagement, an outdoor basketball half-court, and a proposed childcare centre with an outdoor play area were added to the site

3. The proposed residential buildings were removed from the site because of space, parking, and traffic concerns

Childcare centre

A childcare centre was added to the design based on public feedback. The proposed space is 6,850 sqft for approximately 74 children. The space includes infant and preschool areas with a fenced outdoor play area. The City will find an external childcare provider to run the proposed centre

Green Building

The East of the Red RecPlex will follow two green building certifications:
- Zero Carbon Building Design Standard
- LEED (silver level)

These programs will help reduce the building's impact on the environment. It will move us towards the council direction of net zero emissions by 2050.

Did you know?

A Net Zero Carbon building is highly energy efficient, emits little or no greenhouse gases directly from energy use, and offsets any emissions with the use of onsite renewable energy. It minimizes greenhouse gas emissions from building materials and operations. While it might still use some fossil fuels, like natrual gas, it offsets this by making or buying clean energy. If a building does use fossil fuels, it also has a plan to switch completely to electricity in the future.

Leadership in Energy and Environmental Design (LEED)

This program looks at how buildings are designed, built, and operated. The program makes sure they use less energy, create less waste, and are healthier for the people who use them

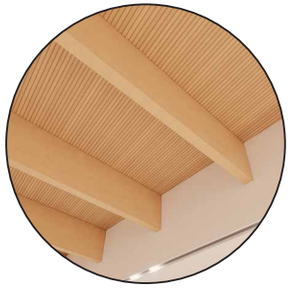

Zero Carbon Building Design Standard

This program helps design buildings and renovate old ones to use no more energy than they can produce. This cuts carbon emissions to zero.

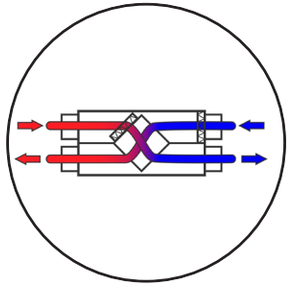

The City is exploring many environmentally-friendly features including:

Solar panels on the roof

Low-carbon materials, like wood

Heat reclaim and heat pump

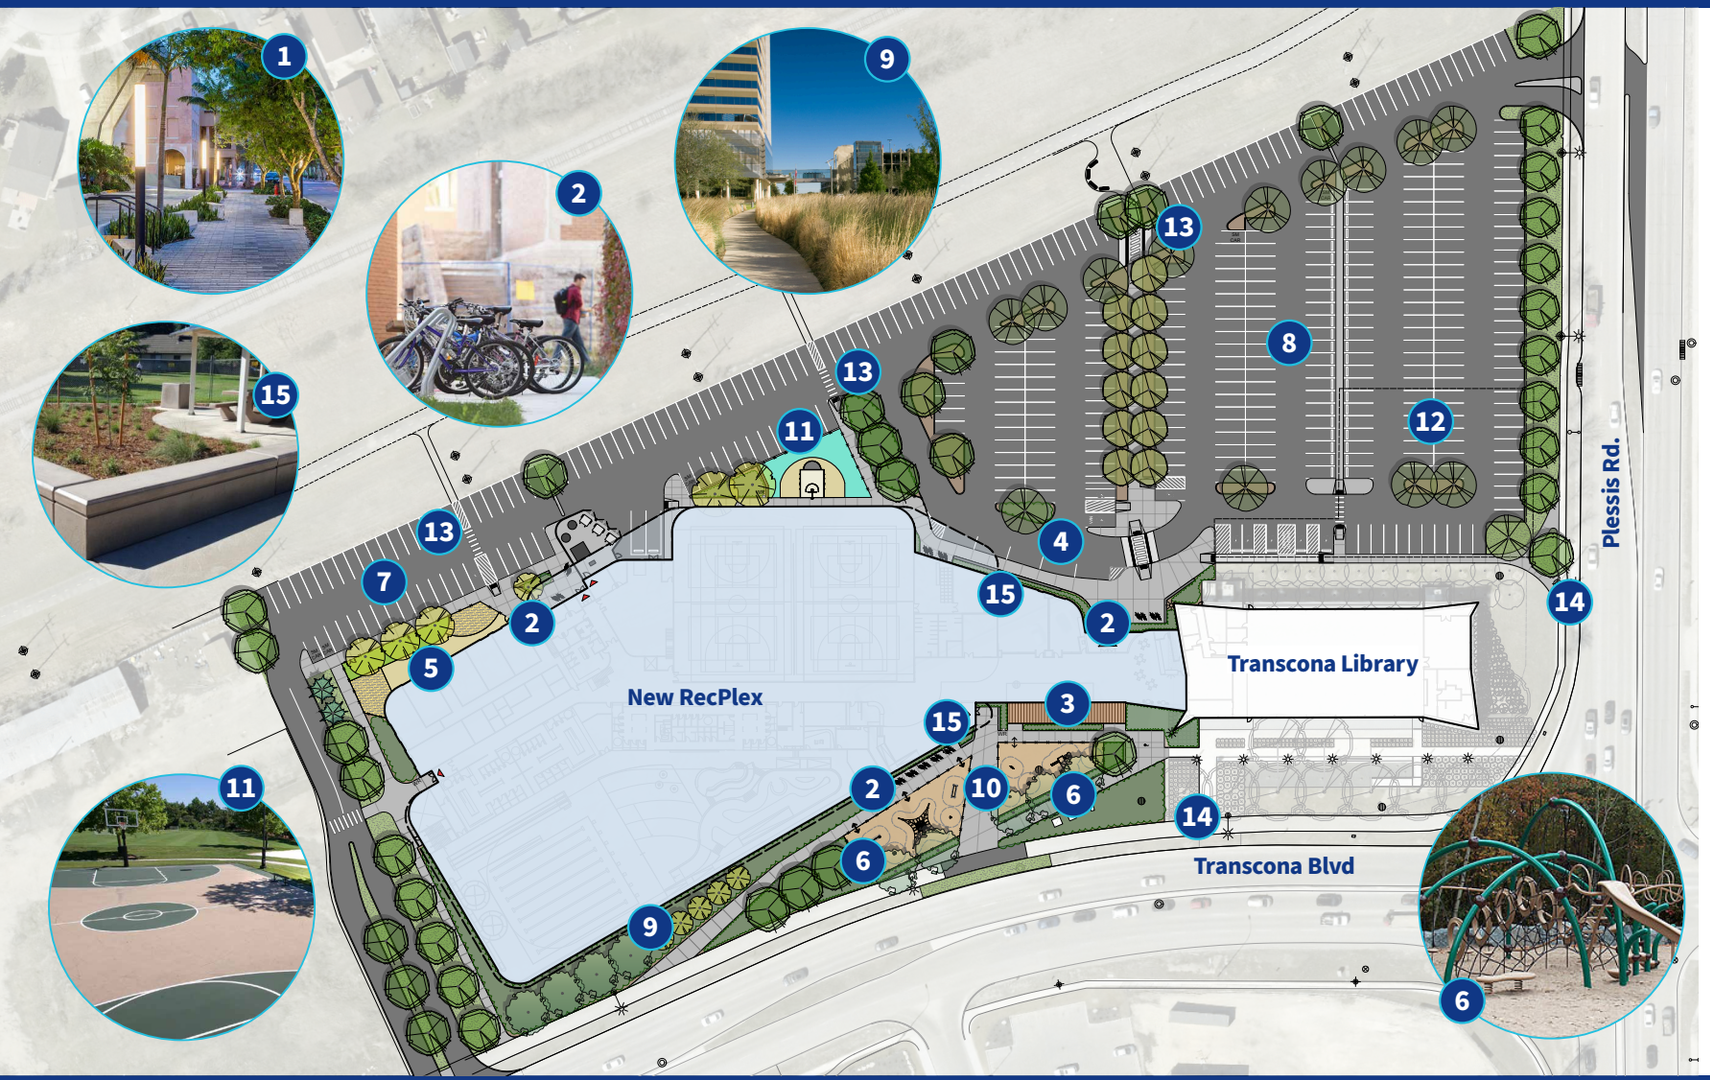

Shade screen to reduce direct sunlight

Drought resistant landscape design

Share your thoughts with the project team.

Next steps

- Feedback will help refine and finalize the preliminary design.
- The preliminary design will be presented to Council for review in 2025.
- Detailed design and construction need Council approval and funding before beginning, as well as participation from other levels of government.
